

The Return of the God of War [The Protector] Chapter 2386

Finally, free volunteers used it.

How could he let it go?

“Start!” The

Marshal Tiance stopped and shouted again and again.

The next moment, the laboratory directly starts the test.

“Buzzing...”

...

Soon, everyone heard a terrible boom, as if the whole world was shaking.

“Ka Ka Ka...”

Layers of armor appeared outside the laboratory, protecting the laboratory to death.

...

This is a double guarantee!

Fear that everything will be destroyed by a powerful blow!

At this time, the huge hole in front of Levi Garrison burst into flames, making a terrible sound of sonic boom.

There are super-high-grade energy materials converging inside, which will finally be transformed into super energy beams!

Basically, it can simulate the blow of the second and third strongest in the god list!

This is the power of modern technology!

It can simulate such a strong energy beam!

This was impossible before!

In the past, it was Xu Zhengjie's killer weapon at most!

It's too much stronger now!

It's not a level at all!

...

Feeling the shaking of the earth and the mountains, everyone is trembling.

This makes everyone fearful!

That was a blow that made the soul tremble!

For them, it is completely crushing level!

Plum dyeing won't work!

Kirin (Qilin) Xiaofeng can't do it!

Not even the others!

Even the marshal Tiance met this terrible power, only to bow down!

This is unimaginable!

Suddenly everyone lost confidence!

To this suit!

"Buzzing..." The

trembling voice grew louder and louder.

In the final device, the energy has been converted and converged into an energy beam!

“Boom!!!”

Finally this energy beam shot towards Levi Garrison! ! !

As soon as this energy beam came out, it was as dazzling as the scorching sun, making it impossible to look directly at it.

Even more afraid of confrontation...

Everyone closed their eyes at this moment!

But Levi Garrison smiled, this energy beam was too weak for him.

Not enough tickling!

Not even a blow from the dead Dark God!

But the young master Tiance and Zoey were scared like that.

A group of people who have never seen the world!

Levi Garrison shook his head helplessly.

Now he mainly wants to directly test the defensive power of this suit?

Can it be carried?

“Boom!!!”

Soon, the energy beam hit him.

“Bang bang bang...” A

series of explosions sounded, and the laboratory was almost torn apart. If it weren't for the laboratory's location deep underground, I am afraid that this movement would have attracted Quan Daxia's attention.

The terrible sun shines like a radiant, so that everyone can't open their eyes.

The power is really terrifying!

Wait until everything stops.

Everyone looked at the laboratory in surprise, only to see where Levi Garrison was standing safe and sound.

The special suit on his body is also nothing.

“Successful! We succeeded!”

Seeing this scene, everyone was surprised and delighted.

Laughing!

This special uniform can hold the third and second powerful blow on the God List!

This may trigger a major turning point...a

new chapter!

Tiance Young Marshal's strength is very strong, but according to the gods, there is still a gap between the top five and the top three.

But if he had this suit, he could break his wrists with them.

With this level of battle clothes, the future sentence of Kunlun Industry has become different.

This thing has become a bargaining chip!

Will bring many unexpected benefits!

The future pattern depends on who has more chips!

This will undoubtedly become a major winning weapon for Tiance Young Marshal!

Zoey and they were also very excited.

Levi Garrison is fine.

Did not suffer any damage!

You can also get a special suit for nothing!

“Marshal, we have to say what we say! The boss has tested, then give him a battle suit!”

Azure Dragon (Qinglong) said humanely.

“No problem, I’m the one who speaks!” At

this moment, Levi Garrison took off his battle clothes and walked out. “Is it awesome? Do you want me to test it?”

The Return of the God of War [The Protector] Chapter 2387

Looking at a group of people who have never seen the world.

Levi Garrison couldn’t help it anymore.

I want to test them in person.

Let them know that this battle suit is as weak as paper!

It splits as soon as it is torn!

Marshal Tiance sneered, “How do you test it?”

...

“Of course you just tore it in half!”

Levi Garrison said.

“Hahahaha...”

...

Only when these words came out, the marshal of Tiance and the people from Kunlun Industry all laughed.

Looked at Levi Garrison like a fool.

Only idiots would say such things, right?

Normal people can never say this.

Don't look at the lightness of this battle suit, but the material is the top, the rarest and most rare!

This material alone exceeds the aerospace level.

What kind of high temperature and low temperature can withstand.

The sharp matter and the attack of the strong man of the gods can all withstand it.

Especially the use of modern science and technology and ancient secret techniques are combined to create, becoming more and more invincible.

Let me put it this way!

In Kunlun Industry, no one can tear it apart.

Even if we exhaust all the methods, we can't destroy any weapons installed by Kunlun Industry.

Throw this battle jersey here and let you destroy it, and the people present can't do anything about it.

The test just now proves this point.

There is nothing to do with a powerful blow.

Let alone rely on manpower.

That's a joke!

Therefore, when Levi Garrison's words came out, everyone laughed like this...

This sounds very mentally retarded... But

that is for them...

Levi Garrison is a godlike existence!

“I don’t believe it?”

Levi Garrison was about to tear, and Zoey and others hurriedly stopped him.

“It’s okay, let’s leave! Marshal, we have taken the battle clothes away, thank you!”

Zoey was afraid that Marshal Tiance would regret it.

Limara took Levi Garrison and left with his battle clothes.

Others followed and left.

Marshal Tiance is now focused on the results of the special battle clothes, so where is Levi Garrison?

It doesn’t matter to him wherever he goes!

“Why don’t you give this uniform? Anyway, I don’t need it!”

Levi Garrison intends to give it to his apprentices, brothers.

Who needs who to wear.

It’s really useful for them!

At least the people on the list of gods can't hurt them, except for themselves!

"No! You should keep the boss yourself!"

"Yes, everyone has spent so much effort to make you safe, Master!"

...

Everyone naturally refused.

Zoey smiled, "Let's do it! Let's give this suit to the person who needs it most?"

"Huh?"

Everyone was taken aback.

I don't quite understand the meaning of plum dye.

"Sister-in-law, what do you mean? Who is the person who needs the battle clothes the most?"

Xuanwu urn asked in an angry voice.

"Of course it is the weakest person in the room! Let's just follow the rankings of the gods and quasi gods? Whoever ranks the lowest, then who is the person who needs the battle clothes the most! How?"

Zoey said.

“Agree! So convinced! Everyone doesn’t have to fight!”

Everyone understands Zoey’s intention.

First, I want Levi Garrison’s men to make a special uniform.

Second, continue to stimulate Levi Garrison.

“Okay, let’s compare...”

Everyone said their rankings.

In the end, everyone’s eyes fell on Levi Garrison’s body.

“The boss is ranked more than 7,000 on the quasi god list, and is the lowest ranking! Give the boss!”

Everyone was convinced.

Levi Garrison had no choice but to accept the battle clothes.

Take it back.

After arriving at his residence, Levi Garrison took up his battle clothes and observed.

“It seems that it can be stronger! It’s not in a perfect state now...”

Levi Garrison exerted force with both hands.

“Shhhh...” The

special battle suit instantly fell apart and turned into ragged pieces...

He just tried it, but he didn’t expect it to be more fragile than he thought. At this moment, Zoey walked in and just saw this scene...

The Return of the God of War [The Protector] Chapter 2388

“Boom!!!”

Zoey was dumbfounded.

Seeing the special battle suit turned into pieces, she almost staggered to the ground.

Was it shattered like this?

What’s going on?

“This...what’s going on?”

...

Zoey asked tremblingly.

“I tore it off!”

Levi Garrison said.

...

“Really? I don’t believe it!”

Zoey shook his head directly.

If she came in a little earlier, she would be able to see the scene where Levi Garrison was tearing his battle clothes apart.

But she was a little slower.

When I came in, I only saw a scene where the battle clothes had been broken into pieces...

so she would never believe that Levi Garrison tore it to pieces .

“I understand!”

Suddenly, Zoey exclaimed.

“What do you understand?”

Levi Garrison was curious.

“The reason why the suit is torn apart is that it has been damaged to a great extent in the previous test. At that time, it was actually broken, but it was almost! The surface is intact, and the inside has been completely destroyed!”

“If it is You tore it by yourself with brute force, it can only be in two! How could it be torn apart?”

Zoey analyzed.

Levi Garrison smiled, “That’s because I have great strength! I can tear it easily!”

“No! It must be that the suit can’t bear this strength! It’s broken long ago!”

Zoey thought of something more, and looked in astonishment. He asked Levi Garrison, “Did you know that the battle suit was broken? So I deliberately said that I have to test it by myself and tear it apart!”

Zoey suddenly thought that Levi Garrison had to test his suit in front of everyone, and he would tear it by himself.

At that time, everyone didn’t take it seriously.

Now it seems that Levi Garrison knew that the battle suit was shattered a long time ago, so he could take advantage of this opportunity to show off and pretend to everyone.

Just before it started, I was pulled away by myself.

“You are kind of naive in Levi Garrison! You have this kind of idea!”

“However, it is also good. At least I helped Kunlun Industry to measure the limit of this battle suit! I immediately told them to go!”

Zoey ran away, Lian Levi Garrison No opportunity to explain was given.

“I...”

Levi Garrison was helpless.

The suit was good, but he just disliked it and tore it a bit.

“Let her go!”

Levi Garrison shook his head helplessly.

Zoey will definitely pass the wrong information to Kunlun Industry, making them think that the defense of the suit is not good enough, and they can't stand the limit!

But this may also be a good thing!

Because in the future, Kunlun Industry will continue to strengthen the quality of battle clothes and improve defense.

Make something better.

It's not necessarily a good thing...

Yes.

As Levi Garrison thought, Zoey shattered his battle clothes in time and passed the news that he had not endured the limit to Kunlun Industry.

Marshal Tiance and everyone else believed it.

After all, the materials and all aspects of the suit are too precious.

Too rare!

It's a loss for experimentation!

Secondly, there are no volunteers to test again, especially in the case of this failure.

They can't test it!

I can only bury my head and continue to raise the limit of the battle suit...

But in order to thank Zoey, the marshal Tiance gave her another battle suit.

Had it not been for Zoey's news, he would probably be wearing a battle suit to challenge the top of the gods.

In that case, it is likely to be lost!

As everyone knows, what Zoey delivered was the wrong message.

Zoey returned with another battle suit.

Levi Garrison was completely helpless.

No way.

He can only wear it!

The next step is to discuss the meeting with the head of Maya Industry.

Levi Garrison thought about it and asked the people from Maya Industry to come to Daxia to meet.

The news came out.

Many people were shocked.

When the Dark God meets the senior leaders of Maya Industry, how could the place be chosen in Daxia? The reason Levi Garrison gave them to the Underworld God is very simple-I don't bother to run! Let them come to see me!

The Return of the God of War [The Protector] Chapter 2389

This is definitely not an eight-stroke thing!

A leader of the Mayan industry, a leader of the Bible organization.

The meeting was chosen in Daxia...

No one understands this!

No one in Maya Industry understands it.

Even many people in the Bible organization don't understand it.

...

Why choose Daxia?

Moreover, many confidants of the dark gods in the Bible organization know that the dark gods dare not enter Daxia in a short time.

But now you are going to Daxia?

...

But everyone can understand this a little bit.

After all, the Dark God is too strong now.

Suppress the god list!

It even pressured Maya Industry to negotiate... The

two sides chose Jiangbei for the position of the Daxia negotiations.

This makes everyone focus on Jiangbei.

Zoey was very excited.

Master must have chosen Jiangbei for the negotiation location because of her.

“It’s a pity, if Master can accept you as a disciple! In the future, you must be the second existence on the gods list!”

Zoey looked at Levi Garrison and exclaimed.

“But she is not willing to accept you as an apprentice anyway! You still have to rely on yourself! Practice! Your daughter Levilia has already walked out of her own way!”

Zoey still has confidence in Levi Garrison.

As the period of March is getting closer and closer.

Zoey believes that Levi Garrison will realize...

Levi Garrison sneered, "I have only one master, and no one else is qualified to be my master!"

What's more, the God of Darkness is himself!

The meeting between the Dark God and the head of Mayan Industry in Daxia is definitely an unprecedented event.

After receiving the news, Tiance Mansion was also lost in thought.

Such a big event is held in Daxia, and it is mainly at the juncture, which may be more sensitive, and

secondly, it is the God of Darkness.

The young commander of Tiance and several great generals have vaguely heard of the legend of the dark god.

It seems that the Tiance Mansion has explicitly forbidden-the dark god shall not enter the half-step of the great summer.

But what is going on is still not clear to everyone.

Now the problem arises-is it to stop the Dark God? Or should he not stop him and let him enter Daxia?

But if you want to stop it, can you really stop it?

The God of Darkness is the number one combat power on the gods list, if you want to stop it, you may not be able to stop it!

So they are struggling with this problem.

Soon, the negotiated date agreed by both parties arrived.

The leader of Maya industry came to Jiangbei under the escort of a large number of masters.

Their aircraft carrier is waiting on the open sea.

Almost all the masters that can be brought.

After all, Daxia and the others were most afraid...On the

Bible organization side, Levi Garrison was the only one.

Just the night before the meeting, the Underworld God came to Jiangbei in a hurry.

“What are you guys looking for me for?”

Levi Garrison asked curiously.

“We forgot to tell you one thing! The God of Darkness was afraid of Daxia before and didn’t dare to come to Daxia! Especially before the fusion of Heavenly Sword and Earth Sword, she would not dare to appear in Daxia! Said she was afraid of being alone! “

Now that you appear in Daxia in the image of a dark god, you are afraid that you will attract this person, even a big power!”

Underworld gods are humane.

“Even though we know that your strength is not afraid of everything! But after all, it is better to be careful!”

Levi Garrison smiled, “Well, okay, I know it all. It’s okay, just let me see who it is? Maybe it can help me uncover a lot. Secret!”

“That’s good! But be careful!”

everyone said.

“I just want to see who the head of Maya Industry is...”

This is the purpose of Levi Garrison’s promise to negotiate.

If the leader of Maya Industry is one of the gods’ laboratories, then it proves that his idea is right!

The laboratory of the gods still exists in the world.

“Levi Garrison...Levi Garrison...” At

this moment, Zoey’s voice came.

She walked straight to Levi Garrison's villa. "Huh? Why are you here???"

The Return of the God of War [The Protector] Chapter 2390

Zoey saw a few people from the Underworld God, which was extremely different.

After all, I had never received any news from them before.

"Huh? Master? Why are you here?"

Zoey saw another figure wearing a mask.

Just now, Levi Garrison knew that he couldn't hide, so he put on the mask.

"It turns out that you arrived early, Master, and I thought you would come tomorrow!"

...

Zoey was surprised and delighted.

"I have something to discuss with them, you go out first!"

Zoey left.

...

Levi Garrison instructed the Underworld God to stare at the situation outside.

Let them leave quickly.

After a while.

Plum dye returns.

“Huh? What about people?”

Zoey looked puzzled.

Levi Garrison was stunned. “Who is it?”

“Master had a meeting with you just now...”

Zoey said bluntly.

“Then why didn’t I see it?”

Levi Garrison asked deliberately.

“With the master’s cultivation, she doesn’t want you to see it, you absolutely can’t see it!”

Zoey was proud of his face.

Zoey looked at Levi Garrison again and said, "Believe it or not, Master is definitely still here, but we can't find out."

"I believe it!"

Levi Garrison didn't believe it.

He is indeed here...

"Hey! What if the master stayed in our house forever? In that case, no one in this world would dare to provoke us?"

Zoey sighed.

"It's okay, it's the same with me! No one dares to mess with our family!"

Levi Garrison smiled.

"You... I'm waiting for this day... I hope to hurry..." When the

two people were walking in the villa courtyard, they suddenly heard noises outside.

The two went out to take a look.

Many people came outside the villa.

Levi Garrison and Zoey knew many of them.

For example, Fan Shengnan, Shura God of War and his seven kills, broken army, greedy wolf and others.

There are also many familiarities before.

They now seem to be the Daxia Alliance, one of the top ten forces in Daxia, right?

It is the powerful forces from all sides in Daxia gathered together to form a super powerful force that was used to fight against some ancient tribes.

It can even be said to be the first of the top ten forces in Daxia.

There is no fixed leader, there are six heads.

Fan Shengnan and Shura are two of them.

“Why are you here?”

Zoey asked immediately.

Watching everyone vigilantly.

“If there is no accident, it should have come to me!”

Levi Garrison smiled.

He had already guessed the reason why Daxia League came here.

Not only that.

There are still many forces that rank behind.

Should have come with the Great Xia League.

“You guessed wrong this time, we really didn’t come to you! We even said that it has nothing to do with you!”

Asura War God said with a proud face.

They are now the top powerhouses in the gods’ list, even a little better than Kirin (Qilin).

Shura God of War and Fan Yanan didn’t put anyone in their eyes.

Saying hello to Levi Garrison is purely for the sake of face.

“Kunlun God of War, let’s just call you like this! Now your era is completely gone! It’s no longer where everyone calls you!”

“In the past, our boss regarded you as the goal of our life.”

” But now, for you, we have not even any interest! let alone other people. ” “

because, according to the strength of the qualifications you even do not have a dialogue with us! “

Qisha, breaking the military greedy wolf trio mercilessly road.

These three are also on the list of gods.

Although behind!

But that is also a god list!

Fan Shengnan looked at Levi Garrison with a complicated expression, “I heard about you! You have to work hard to seize the opportunities of this era!

There are more than 7,000 on the quasi god list, which is indeed a bit too low!” “What’s the need? Help, even though, for example, exercises, I will give it to you!” Asura War God also nodded, “I am willing to help too!”
