

## The Return of the God of War [The Protector] Chapter 2403

At this time, a different voice came out.

Everyone looked over.

It turned out that Xiao Feng made the noise.

“Huh? No?”

Levi Garrison asked.

“The boss gave you our exercises, we have no complaints! But we can expose our exercises cards to others, no! This is equivalent to giving all our strengths, weaknesses and lives to others! We are not at ease! Even if it is Kunlun Industry!”

Xiao Feng said frankly.

“Yes, we don’t worry about giving everything we have to others! We are insecure! Don’t worry!”

Other people also expressed their opinions.

Kunlun Industry is not owned by Azure Dragon (Qinglong).

They are naturally uneasy.

Upon seeing this, Azure Dragon (Qinglong) immediately said, “Let’s do it! I will collect some more exercises from a few of our brothers and sisters, about one to two hundred. It should be okay if it is transformed into data research?”

Levi Garrison nodded, "It should be okay! The base is small, but the effect is definitely the same!"

"Okay, then we will prepare! Other people don't have to worry!"

Azure Dragon (Qinglong) took Kirin ( Qilin ) and the others away.

Come outside.

Several people immediately asked, "Azure Dragon (Qinglong), do you really want to collect our exercises for research?"

"Do you really believe what the boss said?"

...

Azure Dragon (Qinglong) smiled and said, "Of course not! Only temporarily deceived." Boss! If I don't do this, everyone in the room will not agree. Where can I put the face of the boss?"

"So you first sacrificed to stand on the side of the boss, and then you agreed to the data analysis, all in order to stabilize the boss! "

Everyone exclaimed.

Azure Dragon (Qinglong) analyzes for everyone, "This is the case, we can't do data analysis and research! Because it is impossible at all! If there is a problem, with the strength of your god list, it must have been discovered early.

Not the boss. I found it! The boss has limited abilities now, how could he have penetrated to the end of thousands of exercises?

Otherwise, how could the boss only be ranked in the quasi god list more than a few thousand!!!”

Phoenix (Suzaku) asked worriedly, “Then if the boss knew We didn’t do it at all. What should he do if he blames it?”

“Now I have given up everything, and I will concentrate on practicing only the basic exercises that the boss gave me! I don’t care anymore. Once the boss is blamed, I will take everything. Take all responsibilities!”

Azure Dragon (Qinglong) said helplessly.

“Hey, it’s because of you, Azure Dragon (Qinglong)! Sacrificing you alone to save all of us!”

Kirin ( Qilin ) patted him on the shoulder.

“It’s okay! Among us, I have the lowest martial arts talent and the weakest strength. My sacrifice is worth it! You have to practice hard! Without me, you are still under a lot of pressure!”

Azure Dragon (Qinglong) smiled.

“Well, we will work hard! Practice our respective exercises to the limit! Let the boss see if the end of our exercises is perished!”

Everyone was very confident.

To prove it to Levi Garrison!

On the other side, Levi Garrison immediately began to give orders to the Bible organization in the name of the Dark God.

Let the one-third of the forces controlled by the Bible organization give up the exercises step by step.

But there are too many forces and numbers.

It's impossible to achieve it all at once.

You have to take it step by step.

Especially many people will doubt it.

For example, the Shura God of War of the Great Xia League and others would definitely not believe it.

And I have said this, if it is forced to come, it may make them suspicious.

Therefore, Levi Garrison did not give this order vigorously.

It was quietly letting the Underworld Gods implement it little by little.

It is also to prevent the "Laboratory of the Gods" or others from knowing.

Everyone gave up quietly, on the surface or externally, they said they were practicing.

As for the Daxia forces in the Daxia League, Levi Garrison thought for a while, but don't notify him for the time being. "What the hell are you doing?"
