

The Return of the God of War [The Protector] Chapter 2425

This is the first time in history that someone ran to Tiance Mansion and clamored!

This is Tiance Mansion!

The strongest Furutake institution!

The strong inside is like a cloud!

Now, the Tiance god commander has returned, and the twelve gods will all retreat and gather together.

The real core power of Tiance Mansion is there.

Why would anyone come to provoke?

Is this disgusting with one's own life?

Soon all parties shook and came out one by one.

Thousands of powerful people surrounded Levi Garrison to death.

The anger value soared one by one!

Those who provoke Tiance Mansion, die!

“Damn, Levi Garrison really thought I didn’t dare to touch you, did you? Kill!” The

Tiance Marshal heard Levi Garrison provoke his father, and he was completely angry.

I have endured it several times before, but now I am provoking again and again.

He can’t stand it.

Xuanyuan Qingya also sneered: “Levi Garrison, after being rejected by me, you were furious? Did you come to Tiance Mansion to make trouble?”

In Xuanyuan Qingya’s view, Levi Garrison wanted to marry her, but she refused, so helpless. Use this method to make trouble.

“You make me look down on it even more! Provoking Tiance Mansion is looking for death!”

Xuanyuan Qingya also followed out.

Levi Garrison became more and more angry as he watched more and more powerful people gather.

If today, Tiance Shenshuai would not give him a good explanation.

He doesn’t mind showing a wave of force to suppress Tiance Mansion!

Let them know who is the king of this world!

After the Marshal Tiance rushed out, he directed at Levi Garrison to kill.

“I don’t know what I can do!”

Just as Levi Garrison was about to do something, the superintendent Tiance suddenly appeared and stopped his son.

“Everyone goes back! There is a misunderstanding about this matter!”

Tiance Shenshuai said.

“Father, what’s the misunderstanding? It’s not like Levi Garrison provokes my Tiance Mansion once or twice. Let me kill it!”

Tiance Young Master said coldly.

Tiance Shenshuai looked at his son strangely.

Those eyes seemed to say-just you?

Even your Lao Tzu was hanged and beaten by others.

Do you still want to kill him?

Don’t you eat the rice?

It's just to make you eat too full to have this kind of unconstrained idea.

"Yes, Levi Garrison is no longer provoking once or twice..."

Others also said one after another.

They also couldn't understand Levi Garrison a long time ago.

"Hurry up and get me back! I am a superb commander in Tiance Mansion, or are you a superb commander? Do you want to rebel?"

he said.

Everyone went back one by one.

Tiance Shenshuai also wiped cold sweat.

I'm all for your good.

If you push this one in a hurry.

Once he shot, how could you guys stop him?

Isn't all of them looking for death?

I saved you guys!!!

“All go back!!! Hurry up!”

Tiance Shenshuai drove away.

Finally, Major Tiance and Xuanyuan Qingya also left.

In an instant, only Levi Garrison and Tiance Shenshuai were left in the field.

The god of Tiance waved his hand, and an invisible wall of air current formed behind him.

This is to prevent others from hearing his speech with Levi Garrison.

“Why are you the king of the word side by side... why are you here?”

Tiance Shenshuai asked tremblingly.

“Are you embarrassed to ask? Do you still have a face? Just talk nonsense if there is no thing! Now it makes me almost break with my family! Let me lose everyone in front of my apprentice brothers!”

Levi Garrison roared angrily.

“I’m just unintentional, and I said more! In fact, it’s because my little daughter can marry you! I have no other ideas!”

“Please forgive me!”

Tiance, the superintendent, began to apologize to Levi Garrison. .

“One word side by side, you will marry the little girl, right? I beg you!”

Tiance Shenshuai even bowed, begging Levi Garrison to agree.

“Didn’t your daughter refuse it? Didn’t you say that I am not worthy of her?”

Levi Garrison sneered.

“Bah! Don’t you want to listen to her nonsense? But the word side by side king do you mean to agree?”
