

The Return of the God of War [The Protector] Chapter 2429

Levi Garrison said helplessly.

He really wanted to pull everyone over and take a look.

“Okay, let’s go and see how you wounded the god of Tiance!”

Everyone agreed.

Everyone wanted to expose Levi Garrison’s lies on the spot.

No one will believe it.

At this time, Mia suddenly ran back.

“My sister-in-law is real! My brother really hurt Tiance, the handsome! I saw it with my own eyes!”

Mia said breathlessly.

Mia immediately ran to look for him after Levi Garrison left in front.

Just when he caught up with Tiance Mansion, Levi Garrison had already started.

And he also discovered her coming, but he just ignored it.

Therefore, she happened to see the scene where Levi Garrison injured Tiance’s superintendent...

“Sister-in-law must not divorce! My brother did not lie! Everything must be controlled by Tiance superintendent! It has nothing to do with my brother!”

...

Mia’s crazy defense Then, express everything she saw.

But no one here believed her!

Everyone would speak to Levi Garrison only to prevent her brother and sister-in-law from getting divorced.

After all, what she said is completely impossible!

Even if you say that Levi Garrison is currently in the top ten of the gods list, no one will believe it.

Not to mention hurting Tiance Shenshuai.

This is absolutely impossible.

“Nan Yan, don’t look at him! We all think my sister-in-law is doing this right!”

Everyone didn’t want to listen to Mia.

Even Zoey felt that Mia was helping her brother to speak.

“Okay, if you don’t believe me, then go!”

Levi Garrison was about to go out.

A cold voice came, “No need to go!”

“Huh?”

Everyone looked intently, and it turned out that Xuanyuan Qingya was here.

Everyone looked at her puzzled.

“My father was not injured at all! His aura swept across the entire Tiance Mansion! More terrifying than the peak! I just saw it with my own eyes!”

Xuanyuan Qingya explained.

“Haha, sure enough! Levi Garrison, what else do you want to say?” When

everyone heard Xuanyuan Qingya’s explanation, they all laughed.

For them, Xuanyuan Qingya’s words are facts.

What’s more, what Xuanyuan Qingya said was really true.

Where is Tiance Shenshuai a little bit injured?

“Huh?” Now

it was Levi Garrison’s turn to be surprised.

And Mia.

She saw Levi Garrison’s punch with her own eyes.

How could Tiance Shenshuai be okay?

It must be impossible!

“Impossible? He just took that punch from me, and his death is also a serious injury, how could it be okay??”

Levi Garrison was also very surprised.

It suddenly occurred to him that the first time he met him, the superintendent Tiance was seriously injured.

But when he came to Jiangbei to look for himself just now, he was all right.

It didn’t look like he was seriously injured at all.

Judging from what Xuanyuan Qingya just said, Tiance Superintendent is fine at all, and his aura is stronger than before?

Mostly there is some kind of help.

Let him erase his injury instantly and restore his peak state.

Not to mention the helm of Tiance Mansion, this thing is easy to do.

It's even more unexplainable now.

But Levi Garrison didn't bother to explain.

There are too many explanations, no one believes, why bother?

Mia was anxious beside him.

It's just that she said Po Tian, no one would believe it.

"Levi Garrison, you have nothing to say, right? You have to be bragging? You can't brag about everything!"

"The princesses of Tiance Mansion have said that the gods are okay, what reason do you have?"

...

everyone Laughed one after another.

In their opinion, Levi Garrison's lie was self-defeating.

Xuanyuan Qingya sneered at Levi Garrison and said, "I really didn't expect you to tell such a lie? I'm speechless! How did you think about hurting my father?" Levi Garrison looked at her and asked, "Why are you again? coming?"
