

# The Return of the God of War [The Protector] Chapter 2433

Major Tiance's men accused Levi Garrison one after another.

"Yes, but for him, it does not break the magic is the big summer! Add at least one God of the top three large strong summer!"

"Is Ye monarchs, King Kong is not bad not only lost the magic, it also In the hands of our enemies! Soon the enemy will use it to kill us!"

"Levi Garrison will soon become a sinner! Erudiaa will suffer because of you!"

...

Everyone looked at Levi Garrison, really I'm going to hate it to death.

Why is everything going horizontally?

The key is still wrong.

Especially plums dye them.

When everyone had to go to the ruins, Levi Garrison had to stop it.

Then the lie...

does it make any sense?

Will you be a clown?

“This is indeed a mistake in my prediction, I’m sorry to everyone! But if there is any problem, I will be responsible for it!”

Levi Garrison said.

“We also don’t want to hear you explain Levi Garrison! Tell me what should I do now?”

Xuanyuan Qingya asked.

Others are also aggressive. “Yes, what do you want to do?”

” What should I do? Isn’t it just that King Kong is not bad for magical skills? If you dare to make trouble in Erudiaa, I will kill it!”

Levi Garrison looked calm.

What King Kong is not bad for magic?

It’s all f\*cking blowing!

Can you stop me from punching?

I will give you the truly supreme magical technique, and I won’t practice it!

I think it's useless!

On the contrary, he is so obsessed with these various things!

A group of guys who have never seen the world!

"Don't blame your brother, although my brother made a mistake in this wave of judgments. The consequences will not be serious! Once Erudiaa is threatened, my brother will definitely kill him!"

Mia said next to him.

"Hehe, does he kill King Kong to destroy the great master of magic? Wishful thinking! He is the thousandth on the god list! Not the first on the god list! It's impossible to be the first on the god list!"

Tiance young marshal roared.

"Okay, brother, something has happened! It's useless to say more! It has something to do with us! We must actively prepare! If that person practiced the King Kong not bad magical skills, he will definitely come to Erudiaa to show off his power!"

Xuanyuan Qingya said .

Marshal Tiance and the others nodded, "Well, that's right! I want to send more people to observe, if there is a change, everyone will act together!"

Everyone left.

Zoey and Azure Dragon (Qinglong) gave Levi Garrison a desperate look.

It was because of his eloquent words that forced Erudiaa to face such a big threat, and even lost her peerless magic.

...

Xuanyuan Qingya didn't leave.

She has her own plan.

Her first inspection of Levi Garrison has failed.

If it fails again, she will be able to deal with her father.

At that time, in front of the facts, my father wouldn't say anything.

"Sometimes I don't know where your self-confidence comes from. My father's invincible world is not as confident as you!"

Xuanyuan Qingya sneered.

"That's because he was scared by me! How can I be confident!"

Levi Garrison said lightly.

Mia was afraid of the conflict between the two, and quickly pulled Levi Garrison away.

“Okay, sister, you can practice hard too! Wait for you to practice for a while! It is estimated that you can also punch through the incorruptible body of the King Kong!”

Levi Garrison touched his sister’s head.

Mia believed in this.

Now she specializes in the basic exercises taught by Levi Garrison.

Xuanyuan Qingya saw that she and Huoyun Cthulhu were practicing, and she sneered, “Two fools!”

...

Levi Garrison was not busy.

Continue to analyze with Underworld God and them.

“I seem to know something. Didn’t you say that there were mysterious people in the ruins? And the biggest thing about the ruins this time is the magical power of King Kong... then it might be...”

Levi Garrison suddenly flashed an idea in his mind. .

“What?” The Underworld God and the others asked.
