

## The Return of the God of War [The Protector] Chapter 2440

Hearing the sound, Takitani Kuroki and Helai Musashi stunned.

Anyone else? ? ?

They didn't notice Levi Garrison's existence from beginning to end...

only Xuanyuan Qingya was in their eyes.

Even the retreat Huoyun Cthulhu and Mia didn't even notice.

The breath on them is too weak and weak, no different from ordinary people.

Since they are ordinary people, they are just like reptiles and ants on the ground.

I definitely won't go take another look.

Therefore, from the beginning, the teacher and apprentice Takitani Kuroki didn't regard Levi Garrison as a person at all, and simply ignored it as if it were air.

Such people do not even have the qualifications to make them ridicule!

That's the case with the smallest person-people don't even have the qualifications to look at you.

But hearing the sound at this time made the two of them very surprised.

“Huh? There are still people?”

Hirai Musashi asked suspiciously.

Takitani Kuroki also began to observe Levi Garrison’s arrival.

Xuanyuan Qingya lying on the ground also looked at Levi Garrison in surprise.

At this time, he stood up, didn’t he look for death?

It could have been safe and sound.

Stupid waste!

“Master, I remember! He is Levi Garrison! In the past, I drove in and out of Dongdao, so that my Dongdao warriors couldn’t lift their heads and suffered humiliation!”

“But when the new era comes, he is completely rubbish! Now! It seems to be ranked seventeenth on the quasi god list!”

Hirai Musashi looked at Levi Garrison and said his identity.

As the first-class enemy of the East Island countries, Levi Garrison is unforgettable by many people!

It can even be said that it is engraved on the genealogy!

Future generations must kill this person!

“It’s him! They all call him the king of the past! But the quasi god list is just like the ants! I am not qualified to kill me!”

Takiya Kuroki didn’t put Levi Garrison in his eyes at all.

“Hey, what do you mean?”

Hirai Musashi looked at Levi Garrison and asked.

“This place is my home! Did you come and go with my consent? You still wounded someone at my home and just left?”

Levi Garrison asked coldly.

Hirai Musashi’s eyes lit up.

He heard that Levi Garrison was questioning.

“What are you doing?”

“According to my rules, you have to leave something...”

Levi Garrison said.

“What’s left?”

Takitani Kuroki was also interested, wondering what this ant was going to do.

“Leave your dog’s life!!!” The

words came out.

Except for Levi Garrison, all three people present were all stunned.

Want to save Takiya Kuroki’s life? ? ?

How dare you? ? ?

What’s in your head?

Xuanyuan Qingya is going crazy!

idiot!

Complete idiot!

What has become of Takitani Kuroki’s strength, swept Erudiala’s god list, and became Erudiala’s nightmare.

Is Levi Garrison going to provoke?

Isn't this going to die?

Father always said that he was extraordinary, Xuanyuan Qingya didn't notice it at all.

There are many stupid things.

The behavior now is super stupid!

"Hahaha... want our lives?" It is

estimated that neither Takiya Kuroki nor Levi Garrison would be able to say this.

Can't help being surprised.

"Well, trespass into my residence! Just die! This is my rule!"

Levi Garrison thought about this reason for a long time!

"Which one will die first?"

Levi Garrison stared at the two.

“Looking for death!!!”

Hirai Musashi rushed forward without saying a word.

To kill the powerhouse of the gods, he didn't even want to use the magical power of King Kong not bad.

After all, it's just ants!

Hirai Musashi used the identity of a Samurai Higashishima, fast as lightning, and his body is as ghostly as a demon.

To kill Levi Garrison with one blow!

It's just that Levi Garrison's mouth is smiling.

At the moment when Hirai Musashi's thrust came, he blasted out with a punch.

“Kacha!”

“Bang!”

Hirai Musashi's body exploded in front of Takiya Kuroki and Xuanyuan Qingya, spraying blood mist.

Nobody!

Hirai Musashi was gone on the spot!
