

The Return of the God of War [The Protector] Chapter 2445

What?" The

words are not surprising and endless.

When Xuanyuan Qingya's words came out, everyone went crazy.

died?

Is Takiya Kuroki and Peacei Musashi dead?

Or are there no bones?

impossible!

Absolutely impossible!

How could these two die?

This is something they can't believe!

Dealing with a Xuanyuan Qingya, these two people died?

Xuanyuan Qingya was so injured, it was obviously defeated by one move.

She can't kill people!

How can it be?

No one will believe this!

But...

if they are not dead, where are they?

The whole world is staring at Jiangbei, staring at Levi Garrison's villa.

From the beginning to the end, Takiya Kuroki master and apprentice never left.

Where did they go?

"Find someone! Hurry up!"

Everyone started looking in Levi Garrison's villa, turning upside down inside and out.

Zoey even turned some hidden areas in the villa inside and out.

No one at all!

There is no trace of the two of Takiya Kuroki!

“The brothers waiting outside didn’t find any trace of the two! They didn’t leave at all! They are here!”

Azure Dragon (Qinglong) said.

“How is this possible? Where did the people go? It’s impossible to disappear out of thin air, right?”

Everyone looked puzzled.

There were only four people in the field, Levi Garrison.

The other two are still in retreat.

Did Takiya Kuroki disappear out of thin air?

“Sister, where are the people? Where are they?”

Tiance Marshal asked frantically.

“It’s here, you don’t believe it until I say it several times?”

Xuanyuan Qingya said helplessly.

“Ah? Is it real?”

“Yes! They are dead! Really dead! They were beaten to death by two punches!”

Xuanyuan Qingya said.

Hearing this, everyone had to believe it.

The only traces in front of me were large patches of blood and a little debris, such as clothes.

“This scum! This clothes pattern, and this broken samurai sword... It belongs to Master Takiya Kuroki!”

Everyone began to judge the blood stains and debris on the ground.

It is still vaguely judged that it is the teacher and apprentice of Takitani Kuroki!

It means they are really dead!!!

“Boom!!!” After

knowing this fact, everyone was struck by lightning and almost fainted one by one.

I feel like I’m still dreaming.

So powerful master and apprentice are all dead?

Not to mention Takitani Kuroki, if Hirai Musashi used the Vajra Indestructible Power to reach the fourth floor, he would definitely be able to leave in Erudiaa safely.

No one can stop it!

Not to mention Takitani Kuroki who can reach the seventh floor.

His King Kong indestructible body can't be broken at all...

even if the gods of the sky will not be able to!

Not to mention killing him... But

now that the bloody facts are in front of us, the two of them are really dead.

This is the truth!

No matter how powerful the King Kong was or how badly the magical powers were boasted, they were all dead.

A question also appeared immediately-who killed the teacher and apprentice Takiya Kuroki?

Could it be Xuanyuan Qingya?

impossible!

Although Xuanyuan Qingya was in the top ten of the gods list, how could she have the ability to kill these two.

“Who? Who killed Takitani Kuroki?” I

couldn't imagine.

Even the marshal of Tiance couldn't think of anyone with such skills.

Everyone looked at Xuanyuan Qingya.

She must have seen the scene where the two were killed!

I must know who it was...

“Yes, who killed them, Miss Qingya? You still suffered such a serious injury!”

Everyone is eager to know who killed them.

Hundreds of eyes swept over, Xuanyuan Qingya smiled, she looked at Levi Garrison not far away and said, “It's him!”

“Huh? He? Levi Garrison?”

Everyone looked at Levi Garrison in surprise.

“Yes, I killed it!”

Levi Garrison admitted.

“Boom!!!” It

exploded!

The whole audience exploded.

Everyone “...”.

Silent!
