

## The Return of the God of War [The Protector] Chapter 2503

Zoey didn't want to see other people, because of Levi Garrison's reasons, he was hurt by the slightest.

So she has to face it alone!

Anyway, this situation is not once or twice.

"Parents, grandparents, you all go! Hurry up! Get out of here! The sooner the better!!! I won't be able to leave any more late!"

Zoey urged.

Li and Zhao heard the words and ran away immediately.

This matter has nothing to do with them, why are they waiting to die here.

Levi Garrison's own affairs ran away by himself.

Why are they waiting here?

Not stupid...

Li and Zhao's family listened very much to Zoey's words, and ran away one by one.

Next, Zoey looked at Azure Dragon (Qinglong) and the others and said, "You too, leave now? This matter has nothing to do with you! Once the Garrison family gets angry, none of you can leave!"

Azure Dragon (Qinglong), Xiao Feng and the others immediately stated, "It's okay! This is the boss's. It's our business!"

"Besides, we can make my sister-in-law in danger alone? We are with you!"

"Yes! We are together! Everyone advances and retreats together!"

...

everyone shouted.

Zoey was moved and sobbed quietly.

These brothers and apprentices of Levi Garrison were all good...at the

critical moment, no one was afraid to shrink back.

Knowing that the enemy is coming, but still facing with myself!

"I know what your character is! I am very grateful to you too! But this time he caused the disaster! There is no need for you to pay for his mistakes! Leave quickly! I don't allow you to stay here!"

“He ran away by himself, you don’t have to bear anything here for him! People don’t necessarily accept your love! Leave me quickly!”

Zoey said.

“No! Abandon him! If you, Master, are someone we respect! We won’t abandon you here alone!”

Xiao Feng said.

The others nodded.

“You call me sister-in-law, call me mother-in-law, you have to listen to me! Leave! Get out!”

Zoey was mad and forced everyone to leave.

Azure Dragon (Qinglong), Xiao Feng and the others had no choice but to leave.

“Want to run? No one can run away!!!” At

this moment, a humming sound came.

Ye Wudao was already standing on the height of the villa.

“I knew you were going to run away! I had already laid a net in Jiangbei!”

Ye Wudao laughed.

On the other side of the gate, I saw a group of people slowly retreating back.

It was the Li and Zhao family who ran away just now.

Unexpectedly, they didn't even leave, they were all driven back one by one.

I saw Ye Lingtian alone forced them back!

There is a strong momentum for a man to be invincible!

"Actually, Xiaozu and I have been in Jiangbei long ago! They just set off from the capital this morning just to kill the gods!"

Ye Lingtian explained.

"What to do? Do you want to kill it?"

Everyone looked at each other!

"Want to kill? Ha ha ha..."

Ye Wudao smiled.

Suddenly he fell from a height, half-kneeled on the ground, and shouted, "Welcome Uncle!!!!"

Outside the villa, a group of people came.

The Ye people have arrived.

Killing god Ye Zhantian, Ye Longtian and other masters are all in... The

terrible pressure is like the pressure of a mountain.

Everyone in Zoey felt the majestic pressure, his legs and feet couldn't move, and even breathing was difficult.

Especially after Ye Zhantian glanced at the audience.

Everyone feels that the scalp is numb, and a chill rushes from the soles of the feet to the sky!

The blood freezes like an ice cellar...

Is this the coercion to kill the gods?

Zoey swallowed fiercely!

so horrible!

Sure enough, it is the existence above the gods list!

too frightening!

Not what they can contend!

Ye Zhantian was frustrated and depressed these past few days, and he just needed to vent.

Therefore, his breath is full, covering the audience! It's so crushing that everyone is going to explode, and the bones are going to be broken...
