

The Return of the God of War [The Protector] Chapter 2568

They want to see it even more.

“I hope that Master will not be defeated! But the opponent is too strong! Not necessarily!”

“His Gong Gong Dafa is theoretically invincible! Unless the Dark God is much higher than him. Otherwise, he will be sucked clean!”

“So This battle is very difficult, even if there are three people!”

...

Everyone is in sorrow.

Especially plum dye.

“Chen Kong? What is it?” Levi Garrison’s voice came out at this time.

Listen to this.

Everyone laughed.

In today’s world, if you dare to say what Chen Kong is, Levi Garrison is the only one, right?

He is as mad as ever!

He is still living in his own time!

This is also good.

“Boss, you haven’t paid attention recently! Since the new god list came out, strong people have emerged from all over the world! And Chen Kong is the strongest one! He is the successor of the Dafa of Absorbing Gong... Not bad magical skills with King Kong...”

Everyone immediately explained Chen Kong’s experience to Levi Garrison.

I thought Levi Garrison would look shocked after listening.

As a result, he was calm, “Oh, the fourth place on the gods list. Let me just say, why would I not know if I rush to the front?”

Levi Garrison meant that the top three are all him. If one of the identities is broken, he is sure Will know.

But to everyone’s ears, Levi Garrison seemed to despise Chen Kong.

“The boss is the fourth in the god list! This is different from the fourth in the past god list! The past ten thousand and ten thousand may not be as good as the current one!

And the Dafa he practiced is uncertain! So His strength may be the first in the gods list! This time he will not necessarily lose in a one-to-three match!”

Everyone began to argue.

Many people are optimistic about Chen Kong!

“Pick three at once?”

Levi Garrison was happy.

Shouldn't he be the one who picks three, and one picks 30,000?

Now it's the other way around.

Let the family choose three... the

top three on the god list are all self!

Does this Chen Kong still want to challenge three himself at once?

What a laugh!

Chen Kong, this will be the most daring thing you can do!

But Levi Garrison was not angry, but smiled.

He is interested!

In addition to the forbidden area No. 76, there is finally one that can play a little bit.

Is it as famous as King Kong is not bad?

And about to reach the highest level?

interesting!

interesting!

After sucking so many people's skills, I hope not to let me down!

Let me get a punch!

Don't ask for two punches!

Levi Garrison just wanted to punch out heartily!

"Okay, I promised..."

Levi Garrison shouted excitedly.

He was talking about agreeing with Chen Kong's challenge.

This surprised everyone else.

“Ah? You agree? What do you agree with?”

Zoey Lopez asked puzzled.

“I agree to go to the top of the world with you! Go and see what Chen Kong does?”

Levi Garrison said.

“Huh!”

“I almost thought Chen Kong challenged you in your tone just now. Did you agree?”

Zoey Lopez said.

Everyone feels this way.

“Okay, then let’s go together!”

Everyone prepared and immediately headed to the top of the world.

Soon there will be news from all over the world.

The Dark God, the master of Yizhi and the Lord of the ancient Garrison Clan accepted Chen Kong’s challenge...
