

## The Return of the God of War [The Protector] Chapter 2632

Yin Zhengping and several people suddenly thought that people like Jiao Tianyu might have witnessed it with their own eyes, and their expressions changed drastically.

“So it can be seen here! This angle is completely possible!”

“My God, they can really see it here! So lucky, aren’t they?”

At this moment, everyone is a little envious of this group of people.

At least I saw how the Kunlun Mountains were faulted...

Seeing this scene, I have no regrets in my life!

“Jiao Tianyu, say it! Did you see it? You must have seen it...”

Yin Zhengping couldn’t help but shouted.

Others also looked over.

Urgently want to know what the result is.

“Of course I saw it! We saw clearly...”

Jiao Tianyu and the others laughed.

And a look of pride.

The demeanor of Levi Garrison's punch was still deeply imprinted in their minds!

They are proud of their mentors!

This look of them fell into everyone's eyes, as if they had really seen them before.

"How many people are they???"

Zhu Shaoyuan asked nervously.

"Are there three people?"

Even Kirin ( Qilin ) couldn't help asking.

"Of course not! It's a person!"

Jiao Tianyu said.

"hiss!"

one person?

This sentence completely pierced everyone's psychology.

Isn't it shocking?

Can one person make such a big movement?

How strong is he?

unimaginable!

"Who is it? Who is it?"

Yin Zhengping grabbed Jiao Tianyu's shoulder and shook it vigorously.

"Have you seen the true face of the person who shot it? Which one?"

Everyone is excited.

Hurriedly shouted.

They all wanted to know which of the three of the Dark Gods was.

"I won't tell you!"

Jiao Tianyu and others refused.

This makes everyone angry.

But I was worried.

I really want to know who it is...

Especially Yin Zhengping seemed extremely anxious.

The task of these spies is to find out the identities of the three dark gods.

They didn't want to let go of any clues.

Very few spies seem to be more anxious than anyone else!

Even they themselves don't even realize...

In addition to Yin Zhengping, there are others...

There is a pair of eyes in the dark to write all this down!

"Please leave, we are going to start training!"

Jiao Tianyu didn't want to cause too many changes to let everyone retreat.

“Okay, let’s go! Didn’t you just see it? What’s the use?”

“Can you still worship someone’s door?”
