

## The Return of the God of War [The Protector] Chapter 2804

Why did so many dead men suddenly disappear...

The army led by Jiang Ye didn't have time to think about it, and was eager to support it south!

No, it's already here!

When I saw that the undercover army appeared behind, it was Daxia's supporting army.

The Lab of the Gods is completely dumbfounded...

what's the situation?

Didn't they send so many dead men to harass?How can they come here?

This is incredible.

"Where is the problem? What is the situation? What's the matter?"

Mr. X kept asking questions.

It's just that no one responded.

Everyone is in silence.

Da Xia actually has the momentum of the reverse!

“Even if their reinforcements arrive? Can they stop Leviathan? Launch all the Leviathan and attack me crazy!”

shouted Mr. X.

“Yes! Understand!”

The Leviathans immediately launched the strongest attack.

Some attacks that have never been used are all used.

Although Daxia reinforcements have arrived.

But the loss is quite tragic!

Such an unprecedented attack method made Daxia unable to defend at all.

Leviathans are advancing quickly.

On the contrary, it is faster than before.

This is also the strategy of the Gods Lab.

In the absence of a large army, Leviathan is absolutely not required to be truly powerful.

Now I have encountered a large force.

Immediately use Leviathan's devastating means!

Perform a terrible blow.

So that Leviathan pressed up across the board.

Xiao Liejun's tribe and Jiang Ye's tribe converged, but they were beaten into an army.

unimaginable.....

"Right! What about Langya Mountain? What happened?"

Mr. X sees the effect of the attack here.

Immediately asked about the battle situation in Langya Mountain.

"There is still no message! But it should have been a match! I guess there is no time to respond to us!"

"Yes, there is a high probability!"

...

The battle at Langya Mountain was quite fierce.

In addition to the dead men, there are also strong men from the major bases of the Gods Laboratory to participate.

But they were made dumplings.

Numerous casualties.

A few hours later.

The whole army was overthrown.

However, Tiance Mansion and the ancient Garrison Clan were also badly injured.

Despite the attack again, the opponent is the powerhouse of the Gods Lab, although not the main force, it is also super strong.

This battle was fought down.

Even Ye Qingtian, Ye Zhantian and others were injured.

Let alone other.

Even the students of Kunlun College were a little depressed.

I thought that after a few months of tempering, their strength has greatly increased, and then they will definitely kill the Quartet when they come outside!

However, everyone who encountered the powerhouses in the laboratory of the gods was injured, even struggling.

If it weren't for the top powerhouses in Tiance Mansion, they are here.

I'm afraid they will have to explain all of them here.

But they are still useful and contributed a lot.

After the injury, everyone looked depressed.

Your own strength is so weak?

How did they know that as soon as they came out, they encountered the most difficult enemy!

They have performed very well...

It can even be said that they can survive in the hands of this group of people.

It is already something worth showing off.

Yin Zhengping and the others were frightened.

They watched as the ambushing army was killed...

“Well, now we support to the front line! Hurry, hurry!”

After counting the casualties, everyone rushed to the front without stopping.

Here is the laboratory of the gods.

Soon I received a message from Langya Mountain.

“The big thing is bad! A message comes from Langya Mountain! Ask for support!”

“They were attacked from both sides by the army of the Tiance Mansion and the ancient Garrison Clan! There were heavy casualties!”

“The Langya Mountain army is about to be overthrown...”

...

Only then did they receive an urgent message.

However, this is at least half an hour ago.

That means that at this moment, the army ambushing in Langya Mountain has been completely overthrown.

Everyone's faces are as deep as water.

I didn't expect such a thing to happen.

I was actually under the control of others...

What a shame!

More and more bad news...

Mr. X is going crazy.
