

The Return of the God of War [The Protector] Chapter 2805

what happened?

All his efforts have been abolished?

What happened to Langya Mountain?

How come the whole army is overthrown?

It shouldn't be!

impossible!

The spies have been reporting their whereabouts. They also sent the powerhouses in the laboratory of the gods, although they were all marginal.

But that is also quite powerful!

How come the whole army is overthrown?

Can't figure it out!

Can't figure it out at all.

“Now it seems that Daxia is prepared! Especially Tiance Mansion! They probably knew about this group of spies and deliberately used them to discover us! I guess the Langya Mountain ambush was exposed early! It was attacked!”

“By the way, didn’t the ancient Garrison Clan separated from them early? It stands to reason that they have come to support long ago! But there is no such thing!

That can only show one problem-the ancient Garrison Clan and Tiance Mansion are acting, they are deliberately separated, creating a false impression, in fact they are aiming at our ambush in Langya Mountain... Now this situation is definitely destroyed by these two parties. NS! “

...

Soon, everyone analyzed it.

This is probably the case.

Mr. X was furious: “Damn it!!! Daxia is actually prepared???”

All this was beyond their expectations.

Up to now.

The model made by the brain of God is completely wrong.

“Just received the message...The undercover army we arranged behind Xiao Liejun’s department has been overthrown...”

“A total of seven strongholds, all died tragically, and no one survived!”

“From the traces of the scene! Either Daxia used a destructive weapon to give a destructive blow, which caused the entire army to be overthrown! Or there was a super power to destroy everything! At present, it is more inclined to the latter situation! “

“After all, there is no trace of a destructive weapon being activated!”

...

Hear here.

Everyone was shocked in a cold sweat.

too frightening!

Another bad news!

“Could it be Daxia’s two types of existence?”

Lucifer asked.

“It shouldn’t be... but this possibility is not ruled out!”

Mr. X’s face was pale.

Cold sweat broke out, and his whole body was shaking.

Their layout in the rear has all been wiped out.

This is over.

How to do?

“It really doesn’t work, shall we come forward? Swallow Daxia in one bite!”

The clown emperor, Lucifer and others are eager to try.

They have long wanted to go out for a fight.

Just suffer from no chance.

“Yeah, we are in the capital now! How about directly taking the empty capital?”

Said the sea demon.

“No! The more so, the less we can go out! Da Xia feels a little unfathomable now! I don’t know what other cards they have!”

“What’s more, we won’t be able to use the capital! All firepower will be attracted to us at that time! The acquisition of the capital should be handed over to Forbidden Land No. 76! We only came out to harvest after they lost both sides!”

Mr. X killed everyone's thoughts.

Let them all stay honestly.

"So far, in our layout, only the Tiance superintendent has been led out to come in handy!"

Mr. X began to sigh.

Fortunately, the layout has been so long.

This turned out to be the end in the end.

"Fortunately, we have an invincible army of Leviathan! So far, Daxia has no way to do it!"

"Next let Leviathan go crazy! Launch an unprecedented attack!"

...

After receiving the order.

Leviathan released more and more hidden skills.

Daxia suffered heavy losses here.

Seeing that the base in the Southern Territory Theater could no longer be defended.

Almost everyone is desperately resisting...

Now the Leviathan they see is the real Leviathan, and the offensive methods are full.

Even the marshal of Tiance, who possessed the incorruptible body of King Kong, was beaten steadily.

The Leviathans are equipped with new weapons from the Lab of the Gods.

Terrifying!
