

# The Return of the God of War [The Protector] Chapter 2819

Everyone is actively thinking of ways.

But at this point, what is a good way to do it? ? ?

Leviathan pressed up.

It's less than five kilometers from the coastline...At this distance, they can attack again.

Sure enough, the buzzing trembling sound came again.

They are going to attack the coastline once.

"Withdrawal..."

Everyone can only continue to retreat.

Where can there be other ways.

"Rumble..."

The coastline was hit by destruction.

lost heavily.

Looking at the unstoppable Leviathan, everyone in the Gods Lab showed a crazy look!

“This time you finally know how powerful Leviathan is?”

“Since tactics can’t work! Then we have to use absolute force to make you surrender!”

Seeing that it worked, Mr. X yelled frantically.

There are no hidden cards.

It’s better to come directly!

Up to now, all plans have failed.

It is inevitable that the Lab of the Gods will be exposed!

It’s better to fight directly in the name of the Gods’ Laboratory and fight directly...

Leviathan is too powerful now.

After this round of attacks, prepare to land directly.

Leviathan’s strength is beyond everyone’s expectations.

Even the Eagle Nation was a little confused.

They sent the real-time situation back to the Tianshield Bureau.

The Sky Shield and other institutions of the War Eagle Nation are also studying in depth.

Want to find the shortcomings of Leviathan.

I am also glad that they came to support...

It's better for the whole world to deal with it together than for the Eagle Nation to deal with it alone.

...

Seeing Leviathan attacked, everyone had nothing to do.

Ye Qingtian said, "It would be great if we could attract these giant creatures to the dark cage left by our ancestors!"

"But these guys are too big, and there are so many! Where can they be?"

Ye Zhantian, who had been locked in a dark cage, said.

If there is such a big dark prison.

Put all these Leviathans in, none of them can get out.

No one knows the dark cage better than they do!

“Let’s do it again!”

“Never let them land!”

...

The Underworld God and others as well as the major powerhouses of Tiance Mansion shouted.

“Let’s go assault! Let’s fight!”

...

They are also a little impatient and crazy.

The tasks that Levi Garrison gave them were not completed well.

What faces do they have? ? ?

“Okay! Let me keep up with the death squads! We can’t at sea! What about the sea! We attack from the sea!”

Xiao Liejun and the others also sent all of them out.

Even if all the sacrifices were made, Leviathan would be traumatized.

“Let’s rush forward too! At least we can understand the shortcomings of this group of creatures!”

Powerful reinforcement organizations and death squads from various countries also rushed up.

...

They are trying to win each other’s lives.

The leaders of Xiao Liejun got together and quickly thought of a plan to find a way.

If there is no plan within half an hour.

I am afraid that all these people who are going to charge will die!

“Find a way! Hurry up! Find a way quickly!”

Xiao Liejun shouted.

The more anxious, the more confused his mind.

The whole person is going crazy.

The others are not much better.

At this moment, Lu Xiong hurried over with his subordinates.

He is responsible for evacuation.

These safe islands are used.

But it's not enough.

Others can only say that temporary arrangements are secured.

He rushed to support him to see if there was any help.

“What situation has deteriorated again?”

Lu Xiong was dumbfounded.

I thought that after regaining the coastline.

An advantage has been formed.

Didn't expect this to get worse?

“What is the current situation...”

Lu Xiong asked.
