

The Return of the God of War [The Protector] Chapter 2839

Where are the little ordinary people qualified to let the gods kill them?

impossible!

“God? Hahaha... I have never seen such a weak god!”

“You guys are really shameless too! Where do you call yourself a god when you lick your face!”

Levi Garrison smiled directly.

Why are people professing gods everywhere?

With a little bit of power, you feel lawless, above this world, and claiming to be a god?

Who recognized it?

So are the guys in Forbidden Area No. 76!

So is the Lab of the Gods now!

It's hilarious!

“Levi Garrison, do you know that you are blasphemy?”

“God is inviolable and blasphemy for human beings!”

“Soon our kingdom of God will level the whole world! Everyone is crawling on the ground, enshrining us as gods!”

“We will kill you personally. It will be the most glorious thing in your life! You can die in the hands of God!”

...

Levi Garrison’s words seemed to hit their weakness.

One by one began to get excited.

He started roaring at Levi Garrison.

“Ha ha ha ha.....”

Levi Garrison smiled happily.

This group of people seems to have that phantasy.

One by one thinks of themselves as gods all day long, where are they showing off.

Seeing where Levi Garrison was smiling.

The Great Clown felt they were insulted.

One by one became more and more angry.

He was so angry that he had a red face and a thick neck.

“Levi Garrison gives you a chance! Suicide yourself! Don’t force us to do it!”

Lucifer threw a knife to Levi Garrison.

Because in their fancy, Levi Garrison, an ordinary person, is not worthy of letting them take the initiative.

Only by letting Levi Garrison commit suicide can they reveal their godly identity.

“Just you? You want me to commit suicide, are you worthy?”

Levi Garrison said coldly.

The variants No. 3 and King Kong No. 4 next to them have already felt Levi Garrison’s powerful anger.

I’m going to do it right away...

Levi Garrison stopped them: “If it’s the other ants, come and do it! But I’ll do it myself for the few ants in front of me! I will draw a successful conclusion to a few years ago!”

Seeing Levi Garrison so arrogant.

The clown emperor was stunned.

He wants to fight by himself?

sure?

Ordinary humans want to fight with gods?

Are you crazy?

They couldn't know Levi Garrison's strength any more.

Is this looking for death?

“boom!”

Levi Garrison's eyes suddenly locked on Lucifer: “Last time I let someone save you! But this time I won't give you any chance!”

At this moment, Lucifer felt the overwhelming coercion...

One can only struggle with pain!

Incompetent barking!

Levi Garrison loosened his hands slightly, and the two of them were able to talk.

“How dare you Levi Garrison?”

“Do you know the fate of your shot against God?”

...

The two shouted frantically.

“Not only will I shoot you, I will kill you!”

Levi Garrison sneered.

“Kill the gods? Do you dare to kill the gods? Do you have the courage? Do you have the strength?”

The two were in a hurry.

Feeling that Levi Garrison now kills them again, it is against the law!

Ordinary humans kill gods?

How can this be?
