

## The Return of the God of War [The Protector] Chapter 2926

The head of the game, Smith, shouted: "Welcome to God's Forbidden Zone! This is a great gift specially prepared for you!"

This exaggerated and shocking device is called "God's Forbidden Zone"!

It is a device that was developed by the War Eagle Nation after many years of time, and is specifically used to target the laboratories of the gods and even the main gods!

God's forbidden zone, the meaning is obvious-control this area and become a forbidden zone where it is difficult for gods to move!

Even the gods are completely controlled by the Eagle Nation!

This is used to deal with "God"!

The Black Hawk agents on the side saw this scene and fully understood it!

God's forbidden zone, this is used to deal with the Lord God!

horrible!

too frightening!

In the past, Black Hawk agents thought the Lab of the Gods was terrible, and Levi Garrison was terrible! !

But now it seems that the real horror is the War Eagle Nation! ! !

The others are younger brothers!

And the Black Hawk agent instinctively told him-this is only part of the Warhawk Nation, not all.

Behind this behemoth, there is no idea what is standing...

Horrible!!

No wonder this group of senior executives such as Smith are so calm, it turns out that they have the cards, and they are so sure!

Agents Black Hawk they stopped talking, they just stared

See the device in front of you and the battlefield situation.

...

At this moment, everyone was shocked.

Everyone's body changes more and more drastically!

Although I don't know what this device is.

To be sure, this must be extremely threatening.

It was used to deal with them!

In particular, the chief priest also felt the physical changes, which seemed to be restricted to a certain extent, although the feeling was not particularly strong.

But it will start slowly.

“Boom it!”

“Hurry up!”

...

The device in front of me resembled hundreds of millions of lenses refracting light, making every strong master of the chief priest extremely annoyed.

The few true gods of the main divine division were about to smash subconsciously.

The sacred artifact in his hand was immediately bombarded!

But the power is greatly reduced.

In this area.

Not only are there restrictions on them, but the power of weapons is greatly weakened!

After all, the most powerful weapons are made of various materials such as metal. In the area controlled by the Eagle Nation, it is simply too easy to restrict materials such as metals.

A slight influence on the magnetic field can achieve the goal.

However, their weapons are already strong, and they are still powerful!

I thought it was nothing to penetrate this device.

“Boom...”

When their sacred weapon hit the device in front of them, only a strange ripple was produced on the surface of the panel, without any damage.

Then the ripple disappeared and everything returned to normal!

this.....

All the eighteen members of the chief priest were dumbfounded.

“Is this material...”

“This, this...”

Suddenly, they seemed to have discovered something.

One by one, his face changed drastically.

Listening to the tone, it seems to recognize the material of this device.

Know what this panel is made of.

It was a great shock to them!

Every eyeball is about to fly out.

unimaginable!

What is it that makes these eighteen true gods of the main gods shocked to such a degree...

unimaginable!

What else are they shocked!

“Could it be... Behind them is...”

Seems to understand something, the eighteen chief divine divisions are already incoherent.

Looking at each other, the eyes are full of shock!

Immediately every one of them furrowed their brows tightly, their faces were solemn, and they looked like they were facing an enemy.

Even two of them regard death as home.

The rest of the kingdom of God rushed up.

“Leave it to us here! We immediately smashed the wall in front of us!”

This group of powerful people simply ignored the device in front of them.

I want to break it easily.

It’s just that the true god of the main gods said coldly: “You can’t open it! Even if you are not restricted, it is impossible!”

“Don’t talk about you, we can’t open it in a short time!”

...

“hiss!”

Everyone gasped.

They all felt that all this was incredible.

There is no way for the main priest?

What to do then?

...

No one knows.
