

The Return of the God of War [The Protector] Chapter 2948

The dark doctor counts, the hospital is too perfect, and instead of doing such a dirty transaction, he exposes himself.

If you are not gregarious, you will expose yourself.

This is what no one thought of.

It is also one of the important factors in determining this hospital!

Levi Garrison watched the hospital with a smile: "It should be here if no accident! And I preliminarily infer that there is a problem with the building of this hospital! It is estimated that there is a new building under the hospital or inside the hospital! That is the private domain of Doctor Dark! Check in this direction!"

"As for the goal, it's in these few!"

Levi Garrison has made a list.

Among them is the name of Dr. Payton.

The third day.

That is the last day.

All parties are still actively making inquiries.

Levi Garrison is here too.

Make an earth-shaking secret inquiry into this hospital.

People like Payton also checked carefully...

The third day passed quietly.

The Sky Shield Bureau eliminated the other two targets!

“No! These four targets are not Doctor Dark! This may be the smoke bomb that Doctor Dark discovered us and released! It also proves that we are very close to him! Change direction to inquire!”

The Tiandeng Bureau quickly changed its direction and continued to investigate.

Agent Black Hawk also didn't doubt Levi Garrison at this time.

After all, he felt that Levi Garrison went to Dark Doctor for safety.

But wherever he can think of it, Levi Garrison, like those forces, wants Doctor Darkness to use it for himself.

He also took the initiative to remind Levi Garrison: “Mr. Ye is a smoke bomb. We were all deceived! But we are very close to Doctor Dark! We will find out soon!”

Levi Garrison also pretended to be surprised.

Realize that I have been “lied”.

And told Agent Black Hawk that he wanted to help him continue to search.

But where does he not know?

He was all operating at the beginning!

The speed of other major forces was a little slower, but they were also sure that these four targets were not Doctor Dark.

Finally reacted.

Restart the query.

But it was delayed for three days.

“Hahaha, it worked!”

At this moment, the joyous voice of God’s brain came from below the Cancer Treatment Center of New Jincheng General Hospital.

They have created a means of transportation that can go to the location of the “Lingmai”.

Able to go immediately.

Dark doctors burst into ecstasy on their faces.

“Our chance to retaliate against them is finally here! Hahaha...”excited!

The whole secret research center was filled with joy.

They finally succeeded.

In this research center, all equipment is temporarily set up.

After all, the base research center left behind by the Lab of the Gods, or the future science and technology country, was controlled by the Eagle Nation.

They can't use the technology or equipment of the Gods Laboratory.

Can't even pick up a piece of it!

The research center of Doctor Darkness is only related to biological technologies.

There are no materials and equipment for manufacturing vehicles.

And this vehicle is definitely the most advanced level!

The road to Lingmai is too complicated, and you must get the best tools.

All aspects must be the best.

Therefore, we can only rely on God's brain to temporarily build equipment and then manufacture vehicles.

In this way, the time is greatly increased.

If there is equipment at the beginning, it may be three or four days for the brain of God.

This time it took so long, mainly because of the temporary construction of equipment.

The brain of God is already a genius among geniuses.

To be able to design and manufacture such a vehicle in a short period of time must be amazing to the world.

Looking at the aircraft in front of him, God's Brain smiled and said, "For double protection! I have set up an automatic program for it!

That is to say, even if we are caught, as long as I activate the automatic program, it can reach the position of the spiritual vein on its own, and then activate the weapon system to achieve the effect of destroying the spiritual vein..."

The faces of the Dark God are already beaming with joy.

Sure enough, it's very reliable.

The brain of God added: "I even set the route map to the Lingmai in the self-destructing program! Once it is attacked or destroyed to a certain extent, the self-destructing program will be opened, and directly follow the roadmap to go to the Lingmai. Self-destruct explosion at the location! It's a triple guarantee!"

Hearing this, Doctor Dark smiled in satisfaction.
