

The Return of the God of War [The Protector] Chapter 2958

There are also no large laboratories or bases.

They did not produce anything, similar to Leviathan and the like.

So it seems.

They are really not ready.

Little did they know that their revenge did not create anything.

It is a hidden danger inherent in the world, but now they are going to pierce this hidden danger.

But Levi Garrison didn't know all this.

After all, there is nothing around these two people.

And all their secret bases and the like were all discovered by the Sky Shield Bureau.

There is no chance at all.

Therefore, Levi Garrison didn't care much.

After Levi Garrison left.

God's brain was a little nervous and said, "Are we doing it too early? It seems that other methods are also possible!"

Doctor Dark nodded: "It's a bit early, but the automatic program has started! What can I do? I can only wait for it to be destroyed!"

...

the other side.

The Sky Shield Bureau looked like crazy.

Even if the matter was concealed, Smith knew it soon.

While condemning the Black Hawk agent, he also sent additional manpower to find the Dark Doctor.

The Guardians of the Galaxy Alliance's search efforts are very large.

In just one hour, twenty-eight large forces that have tried to find the Dark Doctor have been wiped out.

All parties are at stake for a while.

This is their determination!

Because the Eagle Nation knew too much about the laboratories of the gods.

Knowing how much things would happen if the remnants of Doctor Darkness were left behind.

So they are as crazy as they are.

It must be found in the shortest time, or it will be over!

In that old castle in Western Continent.

All around the big round table are members of the organization, either sitting or standing.

“In fact, the Dark Doctor himself has research value, especially for us, his research value is even greater!
He is obviously an ordinary doctor, but he has entered the main priest!
