

The Return of the God of War [The Protector] Chapter 2962

Lian Zhan Xiong Country sent telegrams requesting Daxia to give an explanation.

After all, everyone was the original ally!

Now Daxia, an ally, has been found to be united with the Lab of the Gods!

It is tantamount to cheating all allies!

This way everyone won't agree!

No one can stand it!

All of them are talking about Daxia's betrayal, and they must give an explanation!

Yan Longwei is under great pressure now.

Don't know what to do?

And they understand that this is just the beginning.

The next pressure will be even greater.

The situation will be more difficult!

It is estimated that it will be out of control by then.

Levi Garrison also didn't expect this result.

I underestimate that group of people too much.

I found myself unexpectedly.

Everyone in Yan Longwei was watching Levi Garrison.

Waiting for his decision.

Doctor Dark is even more curious-how does Levi Garrison deal with this matter?

Everyone in Yanlongwei looked at Doctor Dark.

If you stand in their position, you must hand over Doctor Dark, or kill him in front of the whole world, to wash away your innocence.

In addition, there is no other way.

Either it is against the world and admits to colluding with the Lab of the Gods.

"In order not to involve Da Xia, I still take them away! If you are pressed in a hurry at that time, you will have nothing to do with me! Drive me out of Da Xia!"

Levi Garrison said.

He looked at the two Doctors of Darkness: “Since I have brought you both and promised you to stay here. Then I must not hand you over at this moment!”

“Go, and evacuate from Daxia first with me! It is estimated that many people have already arrived! If you want to fight, we will also go outside to fight!”

Levi Garrison’s resoluteness caused the two Doctor Darkness to be taken aback.

Not thinking of this critical moment, Levi Garrison wanted to take them away from Daxia to save their lives.

This moved them a bit.

I thought that at this moment, Levi Garrison would kill them to wash away his innocence!

But there is no one!
