The Return of the God of War [The Protector] Chapter 2971

At this moment of adding fuel to the fire, there was interference.
He was going to drive Levi Garrison crazy!
Now time is the most precious time.
There must be no obstruction!
Now someone appears in front of you!
"Swish swish"
Light arrows struck in mid-air, as if the Golden Eagle fighter jets were to be penetrated!
"Go away!!!"
Levi Garrison was angry.
I don't know who the person is, but the Golden Eagle fighter was temporarily blocked.
Time is also passing by one minute and one second.
On the other side, Agent Black Hawk after contacting Levi Garrison.

Just as it was about to activate the authority of the fastest aircraft of the Sky Shield, it was blocked by others.
"Wait! It's Levi Garrison's strategy to prevent the inconsistency! Look at it before saying that he will kill Doctor Dark and help us find it. The result? He deliberately disrupted our direction and took people away secretly!"
"Yeah, this Levi Garrison is too cunning. This time it is inevitable that it is another strategy! We have to figure it out later!"

Next, many people began to stop the Black Hawk agent.
Agent Black Hawk was actually very entangled.
It might really be Levi Garrison's conspiracy!
He is not sure!
It might really be a trick that Levi Garrison wanted to get rid of himself.
"I think we should lock Levi Garrison's position first to see where he went!"
Someone suggested.

But at this time they saw Yan Longwei's live conference!

Also saw the Dark Doctor.
