

Pure Girl 261

Episode 261

Legal Division.

The appearance of Yao Yao in Legal Division has aroused curiosity among the employees, her coming is too hasty, she even does not give proper basic introduction such as self-introduction, the Supervision of legal division is in charge to arrange an office room for her.

"Do you know the little girl who is coming just now?"

"Don't know, didn't Supervisor Xu arrange office room for her? All of you asking supervisor Xu will know it."

The lower management in Berson group, normally it is started from Team Leader, and then Supervisor and then Vice Manager from any division and then Manager from any division, this hasn't including the Manager Assistants, Secretaries and others special positions. Usually only above of General Manager position who will have own office room.

And then, Legal Division is an exception division. The division has ten lawyers, every lawyer responsible with one secret case, having one assistant, the person who manage them is one supervisor, every lawyer has their own office room.

Until Yao Yao coming, those lawyers who are usually staying inside their office room, they are gathering in meeting room, taking their secretary, assistants all of them are discussing about her.

"Old Xu (Lao Xu), Lao Xu, who is that little girl?" those gossipers who are gossiping, called out supervisor Xu.

This supervisor Xu, his age hasn't reached forty, he has good looking appearance and also valiant, especially his deep pair of black eyes, there is no slightest shown him in forties. As additional his energetic temperament and good looking aura. "Haha, the main reason I don't know what is going on, I just know she is a lawyer who is especially invited by CEO Yu, moreover she is the person who responsible for CEO Yu."

"Hah, isn't it mean she replacing Lao Sun position?" this Lao Sun is the lawyer who run away to South Africa, his position is responsible for Yu Ao Tian.

"En, it seems it is true."

"Faint, that little girl at least only at her twenty, will she be able to?" the colleagues are show their disdain eyesight.

Supervisor Xu smiles: "Though she cannot, all of you must have faith in CEO Yu's eyesight, right?"

"This indeed true, due to CEO Yu ability to find talented person, I believe something important alike this position won't be simply look for others.

" having Yu Ao Tian affirmed, these few colleagues has little bit certainty toward Yao Yao.

After all, those talented persons in company are found by Yu Ao Tian, the example is Regional Director Wang.

"Long Qi, are all of these the data between our company with 3X group?" inside the office room, Yao Yao is reading one of the document with curiosity asked.

"Yes, I have taken all of these from the filing room (data storage room)."

"Woah, it really recorded very carefully and in detail, it is absolutely clear. Your Berson Group Management System are too awesome, it even archived this kind of things?"

"Of course, all of these are especially created by Ao Tian, he asked whether working with or partnership with any company must be recorded in detail, including the process of conversation, the contains, even the other parties character, expenses, earning, and so on and so on."

Reading the contained of well-organized archives, Yao Yao really admires Yu Ao Tian to the highest level: "Yu Ao Tian really awesome, no wonder Berson Group can develop this big and strong, with all these things, although the important employee resigned at sudden, the new employee can immediately take over the job.

"Huh? So is this the purpose of Yu Ao Tian to prepare all of these things?" Actually until now, Long Qi not really understands the reason why there is an achieve room (storage).

"Isn't it? The most important for one company is the management system and also the human resources (employees), there is no doubt of Yu Ao Tian capability, but not all the subordinates can have an equal ability alike him. Moreover the business within the country is so competitive, perhaps the talent who are not easily being 'grow/teach' by him, might been taken by others company, so that preparing all these things must be quite useful. So that, Berson won't be in chaos because of the leaving of someone."

Yao Yao really admires Yu Ao Tian who has this vision, foresight for further, it is so rare for the leader of one company to think about this matter, under the normal circumstances, one talented person might led the nose of the entire company when leaving, while Yu Ao Tian used this method in order not to be led by any talent but also not afraid his talented people being dug by others company, if this is not foresight what should it be called?

"Cold sweat, these kinds of thing I don't understand and also don't have any interesting on it. You take look these things,

I want to go to ICAC office to see my big brother."

When looking Long Qi is going to leave, Yao Yao gives a weary smiles: "You don't need to see General Manager Long."

"Why?"

"Hehe, Tomorrow I will take your older brother out!"

"Ah?" Long Qi is excitedly dashing to in front the desk, his face is filled with curiosity: "Didn't you say three days?"

She is smiling devilish, swaying the document which is in her hand: "Having boss a like Yu Ao Tian, it making my work more efficiency, you say?".

Episode 262

The next day...

Early in the morning Yao Yao goes to ICAC's office, after a simple rebuttal to the several top executives, not only Long Ye being released without charging with any crime, the ICAC prosecutors are not able to prosecute him.

"Xiao Meng Li, your speed really shocking at one's self, yesterday afternoon I was brought, today before afternoon you have taken me out? To be honest, I never tasted coffee made in ICAC's office." Long Ye is walking out from the temporary detention room, his face is filled with excited expression.

Standing in front the entrance, welcoming Long Ye is Yao Yao who smiling with pouting mouth: "General Manager Long, if you really like this place, I can go back to inside, saying few words with Officer Chen there is some detail that I missed out, I will let them to prison you few days."

"Uh...Forget it." Long Ye is acting, pretending that he is afraid by shrugging his shoulder and slowly bend down little bit his body, whispering to her ear: "How could we having such reckless conversation and care for nobody? As if we see government divisions as nothing?"

"Well, both of us must go low-profile. Come on! Ao Tian and others are waiting you at outside." Yao Yao stroke her head, quickly taking Long Ye rushing in front of ICAC's building.

But when they are in front of main entrance door, Chen Hong Sheng has waited for them, slowly walking in front of them, stopping them: "Miss Luo you are really awesome, only by yours few words, you have made our hard work completely look a like trash!"

She lowers her head, takes a deep breathe, her innocent face an instant changed become so cold: "Superintendent Police Officer Chen, didn't all of you are also awesome, a day ago realized something odd, yesterday morning you had already caught our manager from sales division, and then at the afternoon you even brought out our General Manager. There is something don't do it too over, other

people does not know what is going on, but can't I don't know anything too?" after said, there is a slightly cunning beam in her eyes.

At sudden Chen Hong Sheng keeps silent.

"Ah, Superintendent Office Chen, can both of us take our leave?"

"Please." after said, Chen Hong Sheng moves a side give them way.

Yao Yao is bringing Long Ye out with puffed up her chest, walking with vain manner.

"Superintendent Officer Chen, doesn't this Luo Yao Yao too arrogant?" seeing their back when leaving, those few ICAC employees talking with dissatisfaction.

"Nonsense! If all of you have her capability, all of you also can be this arrogant!" He is pissed off frowning, quickly he takes out his phone: "Tell the head, Berson commercial bribery case is settled without any problem."

"Ah? What situation is going on?" the person who accepted the phone call surprised asked.

Chen Hong Sheng clenched his hand and make into fist: "At sudden the world class lawyer showing up to protect Berson, we are also cannot do anything!"

"Ah? World class lawyer? Do I hear wrong, after all this kind of high class lawyer is showing up in China? Really scary." talking to this point, that person has continued his words: "Alright, understood, I will tell Lao Da (Big Brother / Big boss)."

Michelin Restaurant

"Hahaha, is it really?"

"It true, why must I lie to you." inside the luxurious private room, there are happy and bundle of laugh sounds flowing.

When Yu Ao Tian received the news Long Ye is safe and soundly, he is especially book this place for treating him welcoming-back dinner.

"This time really thank to Xiao Meng Li, so that I can get out this quickly. Let's, Xiao Meng Li, let me cheers you one glass." Said Long Ye, raised his hand high which is holding wine.

She is looking at her wine glass: "Must I drink all of it?"

"I drink it all, you do as you please." Long Ye is happily gulping his red wine in his hand at one shoot.

Yao Yao seems to take a sip of it, the most important she is clearly her alcohol tolerance.

"Well, I also want to cheers Flat Chest one glass, you took out my older brother so quickly, really thank you." Long Qi is type of person who seldom said courtesy words, perhaps this time he is too worries about Long Ye being caught.

This group of people, other than Han Li Shang and Yu Ao Tian, basically all of them were related or being victim of criminal before, even Mo Xue Tong when she was in Japan she ever related to criminality, all of them were too tired (bored) with those days went in and out from police station, so that, this time when Long Ye facing this difficulties, all of them are recalled back those days when they were in Japan, this feeling.

"Haha, don't be so courtesy, this is my work." Yao Yao is laughing courtesy.

Sitting beside her who keeps silent this time is Yu Ao Tian, he lets out sighed, raises his wine glass and slowly stands up..

She glances: "Are you also wanted to cheers me?" she really cannot drink anymore.

Yu Ao Tian is replying her with his elegant smiles, his dark eyes are flashing to Long Ye: "I didn't fulfill last time promise, I will punish myself 3 glasses!" after said, when he wanted to raise his wine glass...

Hurried Long Ye stopped in front him: "Ao Tian! This time matter is accidental, you do not need to blame yourself."

"That's right, Ao Tian, this is an avoidable matter. You have brought all of us from Japan back to China, moreover with today accomplishment, all of us, all of us are really thank you!" Han Li Shang said this words, his expression is showing how grateful he is.

Yao Yao who is sitting beside Yu Ao Tian, she is looking at everyone expression, at sudden inside her heart there are very complicated feeling.

Either Han Li Shang or Mo Xue Tong, included the Long's brothers, for all these time all of them are so loyal and faithfully toward Yu Ao Tian, this bonds are stronger than family feeling...

Episode 263

"Long Qi, Long Qi." She is softly calling Long Qi by pulling his sleeves: "What was Ao Tian's promise to all of you before?"

"Haha, I have forgotten to tell you, all of us except Li Shang, before we met Ao Tian, all of us were little scoundrels in the street, it is Ao Tian who had changed our lives!"

Yu Ao Tian and Han Li Shang has known each other when they were young, it could be said as old acquaintance. Han Li Shang is young Master who born from wealthy family, he was staying at overseas, so that both of them were rare meeting, during that time, both of them were not counted as friend.

And almost 13 years ago, when Yu Ao Tian was 15 years old and Han Li Shang was 17 years old, because of certain reasons, Han Li Shang went bankrupt, straying at street in China and encountered Yu Ao Tian.

Since Yu Ao Tian was little boy he had already admired Han Li Shang, hence, he brought up his wishes to work together with him, this topic. But Han Li Shang this person is born naturally arrogant, he always bear cold attitudes, it was Yu Ao Tian who melting him slowly by slowly, then he agreed to develop together with Yu Ao Tian.

After one year passed, Yu Ao Tian is 16 years old, once he was hunted down, could not help he must hide inside one of fishing boat, that time the person who was responsible to taking care the fish boat was 16 Years old Long Ye. Don't be underestimated his young age, during that time he could be considered as little scoundrel, so that people still gave him face.

As the name of brotherhood, Long Ye was bringing Yu Ao Tian to hide inside his own fishing boat, but without he realized he was offending the people who intended to kill Yu Ao Tian, for the coming days, Long Ye was suffering from many ways to get revenge.

Hence, Yu Ao Tian gave ideas, he wanted to go to Japan for developed, he also wanted Long Ye to go with him, after considering, Long Ye was bringing his younger brother Long Qi, also his fish boat, with Yu Ao Tian and Han Li Shang, they were going to Japan.

When they were arriving in Japan, relying on Yu Ao Tian genius brain, also his merciless characters, very quick he had made his own territory.

Two years later, Yu Ao Tian is 18 years old, one night he went to nightclub together with Long Ye by coincidence they encountered icy princess, Mo Xue Tong.

Mo Xue Tong is born naturally beautiful, she has superior looks, there were lot clients who mouth watering with her appearance, there was one Big Boss (mafia) who wanted to dominate her. Although Mo Xue Tong was going deeper in underworld, but it not influence her character, between death and

life, she really wanted to kill that Mafia boss, this angered the men of the mafia's boss, all of them were intending to ** Mo Xue Tong.

At that time, Yu Ao Tian helped her, and brought her to Yu Long group, being taken care. While Mo Xue Tong naturally has good skill, her ability to learn is also very fast, she is highly looked by Yu Ao Tian.

As time passes, this few men are becoming the key figures in Yu Long group.

It took almost two years, Yu Ao Tian gave them three promises.

..

The first, he won't let them to stray in the street anymore, also won't let them to enter police station randomly, being bullied by other people.

The second, within four years he would make Yu Long Group as the most powerful mafia group in Japan. Within six years, will help them to 'wash', getting back to China proudly. Within 8 years, will let them to live days without worries for food or clothes (primary and secondary necessity).

The third, within ten years, will let them to be known in entire China, moreover they don't need to live in stormy days (worries), only live with peace of mind.

Listened to Long Qi brief narrative, simply to say Yao Yao can't imagine, what kind of life they had gone through before, what kind of complicated stories and bitter life they had before, no wonder the bonds among them are stronger than family member, perhaps because, all of them are depending each others more than ten years?

This is really such precious friendship, at same time it makes people become passionate due to the inspirational story.

The story about people who starting from empty-handed, Yao Yao had heard it often, but it happened right-beside her, witness it by herself, there is slightest hope to be impulsive to join them.

Ha, counting carefully, three promises of Yu Ao Tian had been fulfilled, all of them from hunted down to stand firm, this first promised had fulfilled.

Within four years, it also when Yu Ao Tian was 24 years old, Yu Long group has transformed to be first mafia group in Japan, during that time whenever she heard about Yu Long Group, these three words, her legs would weaken.

Hence within 6 years, which mean 2 years ago, didn't it the time when Yu Ao Tian acquire Berson Group? He really succeed to brought all of them from underworld (black path) to business world (white path), proudly come back to China.

Haha, within 8 years, just in time, it is now....

Episode 264

Yao Yao looking at them, she does not need to ask, all of them are having no worries about primary and secondary needs of days. Yu Ao Tian is really having awesome leadership, too bold, each commitment he had made one by one is fulfilled and happened.

Believing within this two years, he can fulfill all his promises? Or else, why must he want to be politician?

"Hey, Yu Ao Tian." When Yao Yao opened her mouth, several people broke into stiffness.

Yu Ao Tian is putting down his wine glass, curiously asked her: "What?"

"If both of us meet earlier, will you let me to join the group?"

"Ha, do you feel that both of us aren't meeting earlier?" Said Yu Ao tian, who is sitting back to beside her.

Long Ye is waiting everyone to sit back at their seat. "That's right, Xiao Meng Li, didn't you have meet Ao Tian two years ago? You even thought him... Thought him as... Host."

After everyone heard it, without lowering their head, they laughing.

No wonder two years ago Yu Ao Tian could be so furious, during that time he has already become Big Boss, how could he turned be Host? Simply to say it was too embarrassing.

"Cold sweat, I said not that time, earlier, earlier." awkwardly Yao Yao trying to explain, she really wanted to forget whatever had happened two years ago, perhaps it not because herself who put herself into trouble, perhaps she won't have any relation with Yu Ao Tian today? That time she was so regret with what she did two years ago.

But this moment, seeing Han Li Shang, Mo Xue Tong and others, together with Yu Ao Tian wrapped by this atmosphere, she really can feel, encountered Yu Ao Tian two years ago actually not really something bad from start until now.

"Ha, didn't I have tell you that, don't you feel that we have meet not enough early?" Yu Ao Tian lowers his eyes suddenly looked at her.

"Uh..." Yao Yao at the moment could not react what does he mean, once more she explained: "I mean, earlier than two years ago."

"Earlier than two years ago..." suddenly Yu Ao Tian stopped, he really wants to know whether today he is little bit drunk or nor, after all he almost say it out, didn't he only drink one glass of wine? His good looking face is turned to other side, then his lips curved upwards and smiles a like sinister: "Though it earlier, I won't to let you join in group."

"

"Why?"

"Because... You are not belong to ours world!"

That's right! Either Han Li Shang or Mo Xue Tong or the Long's brothers, few of them perhaps have large family background, come to final analysis, they and Yu Ao Tian might one world people.

But Yao Yao is different, her thought, she has naive and pure shiny glowing eyes, she has destined not to belong as one world with them.

"Huh." to speak frankly, when Yao Yao listened to Yu Ao Tian's words, deep inside her heart she strangely feels lost, she has known that herself and they are not come from same world.

"Oh yeah, Xiao Meng Li, when we were at ICAC office, you had said few words to superintended officer Chen ²here is something don't do it too over, other people does not know what is going on, but can't I don't know anything too'? What does it means?" Long Ye sees her expression kinda odd so he tried to change the topic.

"Oh, that. Actually normally the commercial (business) bribery case, as long as not taking too much sum of money, the ICAC will close one eyes. Moreover Berson group this big company, all of them most of time will ignore it. I had investigated you and 3X company transaction, it only involving few of millions, the ICAC isn't necessary to go and investigated it by themselves, but still took so much effort by calling superintended officer to personally investigated it, this is such not normal."

Regarding to this point, Yu Ao Tian who has mingled in business world within two years has very clear about it, after all when they did this everything is going well, before.

"Well, Xiao Meng Li, you say why did they want to investigate the commercial bribery case?"

"This is so simple, you guys must be offended someone who has high position in government so that they did it. Or perhaps, there politician who held high post who does not want Yu Ao Tian to join this time politician election, especially, to give negative news about him before the election." This speculation of Yao Yao is similar with Yu Ao Tian, there is no doubt.

Now Long Ye is more convincing that both of these persons are genius equally. "Well, perhaps we are really offended the entire government?"

"Cut it off, if you guys really offended the entire government, though I have three heads and six arms I won't be able to help you, except I really make report to the united countries, using the international court, investigated the country."

"HaHa. Say, your world class lawyer license is quite awesome, I could see that Superintendent Officer Chen quite afraid of you."

"Absolutely!" Yao Yao doesn't go low-profile, after she heard what Long Ye said, she patted her chest, confidently said:

"Not long ago Ao Tian ever said, society is describe as food chain, the mafias can be controlled by the business world, while the business world must give face to the government. But no matter what country it is, they only fear with World class attorney, after all the one who able to control us only the united nations, so that, I particularly go for the world class lawyer license."

"Awesome, awesome." Long Ye replied her with clapping his hands, his cunning eyes gleaming glances at Yu Ao Tian:

"According to your statement, you are not afraid of heaven and earth, are you?"

"I..." She still wants to say that she isn't afraid of anyone, but once she sees Yu Ao Tian who besides her, hurried she lowers her head, shaking her head: "I do also have my fear.

"

"Oh? Even the government fears of you, who are you afraid of?"

"Older brother, can't you see? Of course Flat Chest afraid of Ao Tian!"

That's right, she really really afraid... Afraid of Yu Ao Tian, from all the food chain, the last part is, she as the world class lawyer also afraid of the mafias, okay? If she really makes Yu Ao Tian angry, perhaps she could disappear from this world quietly without trace.

"Oh, so that's all, it seems if later your wings go firm, we will ask Yu Ao Tian to deal with you!"

After listened to Long Ye teasing, Yu Ao Tian lets out cold humph, his cold pair of eyes are sweeping over his shoulder to look at Yao Yao who lowering her head, sneered: "This little thing if her wings spread firmly, do you think looking for me still useful? The best way is... Never let her to have chance making her wings go firm!"

"....." Geez. Yao Yao unhappily rolled her eyes, Yu Ao Tian this man really not a good thing, he only can use this kind of word to put her into 'ice house'. Humph, eat the food! She takes her chopstick, nonstop eating all the food in the table.....

Episode 265

The food is eaten and the dinner is ended.

"Ao Tian, where are you going?" when all the people are going to leaving the main hall of the restaurant, they are heading to same one luxurious car, the person who is responsible to drive is Han Li Shang asking with curiosity.

"Go home."

"I know, which home?"

"Our apartment."

"How..." Han Li Shang cold eyes are glancing at Yao Yao: "How about her?"

"Li Shang Ge (brother Li Shang), don't you know that, Yao Yao has already lived in ours home for such long time."

After Long Qi said, at sudden Han Li Shang expression darken: "Ao Tian, is it true what Long Qi said?"

Listened the way of Han Li Shang speaking, Yao Yao could feel the tense by take deep breathe.

Yu Ao Tian is giving her a reassuring smiles, warm big hand is pulling and held her small hand tightly: "Haha, recently there are lots of work in the company, I forgot to tell all of you guys that, I have prepared Yao Yao to stay with me in..."

"I understood." Han Li Shang said these words, 'bang' sound, he used his strength to shut the car door when he gets out from car, takes big strides he left.

But this hasn't ended, Mo Xue Tong who sits at back seat not even say anything, open the car door followed Han Li Shang, together both of them are leaving.

An instantaneous, the atmosphere inside the car turned to be awkward, Yao Yao feels little bit in trouble, pouting her mouth: "I, I will try to move out faster."

"Rest assured, Xiao Meng Li, you don't need to take Han Li Shang and Xue Tong attitude into heart, when first time we met them, that time, both of them also showing same attitude, dealing with people like them (cold character), we must have thick skin."

"That's right, Flat Chest, Li Shang Ge and Xue Tong Jie are sharp-mouth but tofu heart people, on outside they are cold but inside there are so passionate, when you are getting closer to them, knowing them better, you will find out, no need to think too much about what they said."

"Cut your nonsense, Long Qi, go, drive the car."

"Oh.

.."

The car engine is starting and moves slowly, Yao Yao is looking outside the window...

Perhaps just a like what General Manager Long said, Vice CEO Han, Secretary Mo are people who cold from outside and warm inside, but she also can feel the strong rejection from them.

She feels alike an intruders who caught getting into their home, this kind of feeling she has aware of it since long time ago, this kind of feeling isn't something can be erased as time flies, it seems their world, is it a place that she should not step into?

Kind of strange and empty feeling hanging in Yao Yao's heart, only by this time, at sudden one pair of big hand is embracing her shoulders, giving her a warm also security feeling in his hug.

Raises her eyes, she only sees Yu Ao Tian's chin, ha, since the first day she met this man, she really could not hear any comforting words let out from his mouth, but he always in most appropriate time to give her warm hug that able to comfort her heart.

It stills one mystical changing, since the first time she refused to hold his hand, being hugged by him, and slowly she becoming more familiar and accustomed with this kind of feeling, she is starting to depend on him.

What kind of feeling is this? Older brother? Senior? Friend? It cannot be describe, anyway it isn't love feeling, because she could not feel that fast heart beat or blushing face because of embarrassed, that gestures...

"Ao Tian, arrived..."when the car is stopped in front of the apartment, Long Ye who is sitting in the front seat just wanted to speak.

Yu Ao Tian stopped him with ʘsst' gestures, while his finger is pointing at little brat in his embraces.

"Fall asleep?" Long Ye spoke softly asked.

He smiles, nodding, gently picks her up, get down from car.

"Haha, this Xiao Meng Li is really darn sweet and cute.

" all of them are together getting into elevator, Long Ye is carefully take a look at her sleeping face, more he sees her more he can feel this small face really similar with little girl.

"Ao Tian, you are really dears her, after all you even take her to stay in here."

"Is it?" Yu Ao Tian is curiously creased his forehead, using the most foolish eyesight to look at small person in his held, looking at her, without he realized he showing one charming smiles.

Long Ye who besides looking at him, helplessly he shaking his head: "You see your current expression, simply to say more similar to parent who looks at own child. Ao Tian, what do you see she as?"

"En? What do you think I see she as?" Ao Tian is creasing his forehead looking at Long Ye.

"You don't tell me you see her as your lover. As what I see, she doesn't do any lover task at all, you even doesn't look alike having / supporting a lover. From my point of view as outsider, you are raising her as little sister or daughter, or perhaps as pet."

"To be honest, Brother Ao Tian, listened to my older brother said, I recalled, that time when you were asking me to keep an eye of her, the way you told me, it very similar alike father nervous when found out his daughter has puppy love. Just recalled the day when Ao Yun dating for the first time, you are also looked so nervous. Ao Tian, don't you also want to make flat chest as your daughter or little sister, seeing from the way you treat her?"

"En?" if not because the Long's brother said, or else Yu Ao Tian won't realize, since when this little thing has already been 'little fellow' who turned to be inseparable part in him?

Perhaps Yu Ao Tian not even clearly understands himself with what kind of attitude he deal with this little girl, but yesterday when she was confronting with Officer Chen, he was so clear with himself that he really saw her as woman, completely sees her as woman!

"Ha, perhaps, I thought having one younger brother is not enough, and wanted to have another younger sister?" said Yu Ao Tian faster walking inside the elevator.

When he back at his own room, he gently puts Yao Yao down in the bed, his pair of dark eyes are focusing at her tender small face, he is extending his finger poking her chubby little face. "Ha." there is hint of faint smile that hang in his mouth.

Really one cute little thing! His finger is lightly unbutton her clothes, take off her outer clothes.

At this time, Yao Yao who is sleeping soundly suddenly her eyelashes moving: Uh." hazily opened her eyes...

Episode 266

"Am I waking you up?" the good looking face is showing gentle faint smile.

She is dumbfounded, her eyes are looking lower, seeing herself only left with bra, naked half upper body, she hides herself with her hands: "Why you undress me?" her white smooth face is showing her unhappy expression.

Yu Ao Tian twitched, said: "Sleep, of course undress." flipping his body, lying down beside her, his big hands are caged her petite body, his fiery lips press onto her lips.

"Uh." sleeping must undress, now kissing, is it counted as good night kiss? This time, Yao Yao does not flounce, she only hoping this man quickly ended the kiss.

But this man having tasted the marrow, the longing for its savour grows (crappy) so there is no slightest thought to stop, his burn hot palm is touching her lower abdomen and slowly slides down to her white underwear.....

"Uh Uh." Sense of dangers, she catches and grabs tight that man big hand. "I am sleepy!" petite body is moving to the opposite direction of man.

"Well, you go sleep." Said Yu Ao Tian lightly, put aside her busy-doing hands away, up lift her underwear...

Her naked body is exposed to the air, the quivering rabbit is slightly tempting, makes her face blushing: "I, I said, I am sleepy." she want to cover her spring (lower part means) but the man has took one step a head to occupy the territory'.

"I know. You sleep yours." Yu Ao Tian raises his eyes, smiles devilish. This expression is showing, you sleep yours, I play mine, this meaning.

But the problem is, can she sleep comfortably? "Don't be like this, okay... Stop." without waiting for her to finish her words, suddenly the numb feeling is hit her.

Yu Ao Tian's fingers are playing in her sensitive parts, while his other fingers are playing with her mouth.

"Uh, don't! Stop..." double teased, she is restless, moving her body, her small hands are using all the strength to push him away from the head on his chest.

Yu Ao Tian raises, glancing at her panic expression, his lips are curved upwards, smiles: "Alright, go sleep."

At sudden all the teasing stopped, Yao Yao is dumbfounded looking at Yu Ao Tian who sleeps soundly lying beside her, this... Is it really ended?

Cold sweat, doesn't it good if it ended?

But, this is really not Yu Ao Tian's style, will he plan to do more exaggerating counter attack?

Yao Yao is trying to steady her breath, nervous cover her body with quilt, from time to time, taking glance at Yu Ao Tian, until she confirms that he won't do bad thing, then she dares to close her eyes.

While at this moment, Yu Ao Tian who is pretending to close his eyes, open his eyes...

Just now he teased Yao Yao to that far, actually he wanted to confirm whether he would lose control of himself due to impulsiveness or not. It seems that, just now the feeling was no different with before, it was simply only to tease her, longing her body scent that's all. It seems he could turn on only when he facing with 'her other side', he simply losing his rationality?

"Let me go, let me go now! Do you hear or not?"

"Xue Tong you listen to me!"

"I ask you to let me go!"

Halfway between sleeping and awake, Yao Yao heard man and woman quarrel sound, at sudden she opens her eyes, this two voices seems to be?

"Yu Ao Tian! Yu Ao Tian!"

"En?" Heartlessly Yu Ao Tian looked at her.

"Quarrel!"

"I heard it."

"You heard it? Why don't you go to mediate? It seems Miss Mo and General Manager Long are quarreling, they are your friend right, how if it distress the harmony, it will be bad."

Looking at Yao Yao worried face, Yu Ao Tian really not understand, is this little thing resident committee or what? Why she likes to middle other business? "You rest assured, Long Ye likes Xue Tong, he won't hurt her. Sleep."

"Ah? You said..

. General Manager Long likes Miss Mo?" this time how can Yao Yao go to sleep? Her eyes are wide awake as if the light bulb, how can she does not know General Manager Long likes Miss Mo this... "Are they dating? Or only General Manager Long sided love? You tell me."

Seeing the gossip her, Yu Ao Tian expression changed cold, suddenly he raised.

"Why are you going?"

"Go to be peacemaker!" if not because he is in good mood today, he really wants to strangle this gossip little thing.

Yu Ao Tian is being disturb by her until wide awake, dressed and left the room, enter the elevator and heading to Mo Xue Tong's house where she lives.

When the elevator door opened, Yu Ao Tian's eyes spotted Long Ye is pressing Mo Xue Tong in wall, is forcing to kiss her. It can be seen that Mo Xue Tong face is showing fear and also anger.

An instant, Yu Ao Tian face is changed to be stern: "Long Ye! You MF what are you doing?" dashing alike an arrow, Yu Ao Tian pulls Long Ye's hair and swaying him away.

"Ao Tian?" Long Ye is obviously at loss what to do, his eyes are filled with confusion, perhaps he didn't know what he had done.

"You go back first!"

Followed Yu Ao Tian order, Long Ye creased his forehead, stood up and walked toward the elevator, when his big steps entered elevator, he glanced at Mo Xue Tong who is bowing and leaning in the wall by lowering her head: "Damn it!

Just know what did I do?"

"Xue Tong, perhaps Long Ye has drank too much, you..."

"Hu...." Mo Xue Tong crying voice has stopped Yu Ao Tian.

He takes deep breathe: "Xue Tong..." the words hanging in the mouth, but cannot say anything. Because he clearly knows that Long Ye attitude just now had already revived Mo Xue Tong's minefield, or else due to her strong character impossible she cried.

Luckily Yao Yao asked him to mediate, he really not believe Long Ye able to do something like this!

"Geez." Yu Ao Tian takes deep breathe, one of his hand inserted in his pant, the other is patting Mo Xue Tong's shoulder: "I, leaving first."

Mo Xue Tong is quiet woman, her character is introvert, moreover Yu Ao Tian is type of man who does not know how to comfort woman, so this moment he is decided to leave, asking Mo Xue Tong to adjust her mood by herself.

But when he is going to leave, that moment...

At sudden Mo Xue Tong grabbed his wrist: "Stay! Accompany me!"

**

The next day...

"Strange, didn't Yu Ao Tian go to be peacemaker yesterday? Did he go to mediate for one night?" After Yao Yao washing her face, she is talking by herself and heading inside the elevator.

Yesterday when Yu Ao Tian left she had slept, even when she up from bed, she didn't see him, so he wasn't back all night.

☞Ding Dong' (bell sound)

Yu Ao Tian lives in fourth floor, the elevator is stopped at third floor.

As she could remember, the first floor no ones live, the second is Long's brother, well, the third floor if it isn't Miss Mo then will be Vice CEO Han?

Cold sweat, no matter which one of them, Yao Yao has a feeling as if being pressed by big mountain.

The elevator door opens slowly, Yao Yao subconsciously head down her head and stand in the corner..

How can the persons are Yu Ao Tian and Mo Xue Tong, getting into elevator together?

Although yesterday he was going as the peace marker, but mediating for the entire night, moreover he was staying alone with Miss Mo for the entire night, didn't it little bit strange?

Cold sweat, what does she think of, General Manager Long likes Miss Mo, Yu Ao Tian and General Manager Long are best friend, it is impossible Yu Ao Tian and Miss Mo having something beyond than friendship right?

Secretly Yao Yao reproaches herself, making blind and disorderly conjectures, and dashing out from the elevator, nodding her head to them: "Good Morning."

Mo Xue Tong is replied Yao Yao enthusiasm with cold, take big strides getting inside the elevator.

Sweat, why it feels as if Yao Yao has the feeling, being snubbed despite showing good intentions?

"Bao Bei, why are you still wearing Xue Tong's clothes?"

"Ugh? I don't have mature outfit, so that I could not have changed. Miss Mo, I am so sorry, Few days I am going to give it back to you."

"No need, just throw it directly!"

".....Oh..."

Not long after that, three of them have already gone out from the elevator.

"Little Thing, you go to company or school?"

"Company."

"En?" For a moment, Yu Ao Tian little bit doubts, but not directly speak something. "I drive you."

"No, I can go by myself."

He knows the reason why Yao Yao reacts on this way because she is afraid of being gossip topic by others, but now she is his personal lawyer, actually there is no need thing to have considered so much. "Get in car!" Yu Ao Tian is pulled her arm, pulled her into the driver seat.
