

## Pure Girl 351

### Episode 351

"Aiya, Xiao Meng Li, just by coincidence I will be passing your school when driving my girlfriend, how about I help you to send your classmate."

Yao Yao glances at Gong Xiao Man, waiting for her answer. Gong Xiao Man is nodding her head weak and following Long Ye then left.

"Get into car."

Sitting in Yu Ao Tian's car, she is absent-minded for whole time, her head is filled with Gong Xiao Man's matter. For long time she realized.... "Didn't you say to drive me home? This way, doesn't this the way to your home?"

"My home, does it also yours?" after Yu Ao Tian said this, he smiles.

Ugh....

Listen to this, does not know what to do, strangely Yao Yao feels her heart warm. "I want to go to my own house."

"Just accompany me for one night." When Yu Ao Tian said this he is not using forcing tone, but he is so gentle, and even so calm.

She really rare to hear Yu Ao Tian talking with this kind of speaking tone, he makes her really does not know how to reject him: "I...."

"Later I will be so busy."

Yu Ao Tian stills need to manage Berson Group, moreover secretly lead the Yu Long group, and now he also shoulder the responsible this mission as congress man, he absolutely will be busy.

So he means, will he be busy to the point both of them difficult to meet each other?

Woah! Doesn't this is so good!

"Well, if you won't do strange thing to me, I, today I will follow you and accompany you at your home."

"Hah, what kind of strange thing?" Yu Ao Tian rolled his eyes, smiles when looking at her.

This brat, here he comes again! "You know it!"

"I don't know."

"You know it!"

"I don't know."

Both of them are keep bantering, without they realized the car has driven until Yu Ao Tian's apartment.

The car is slowly stopped, waiting her to get down from the car, Yu Ao Tian has rounded her, grabbed her hand. "This present for you." after said, he pulled the red cover which covered another car.

As seen, A range Rover car is spotted her eyes: "Give me this... As present?"

"Hm." Yu Ao Tian smiles while taking out key from his pocket, tossed it to her hand: "This, you deserve it, later it belongs to you."

"Deserve?" Yao Yao is curiously blinking her eyes, this car is costed about 300 millions, how can he send her this expensive car as present? "Is it a 'good bye' present?"

"What 'good bye present'? Little Thing, you think too beautifully.

" Yu Ao Tian is knocked her forehead with affection: "Didn't I have tell you, although there is no contract agreement, but you must stay beside me for three years."

Gezz...

She even thought this is separation gift from Yu Ao Tian for her, three years! Three years! Damn, thinking of it, feels alike type of torment.

"This car, is because you help me during the election, so that I give it to you. While your salary, it going to be counted separately!"

Listened to Yu Ao Tian, immediately her face turned to be dimmer: "Your election succeed is none of my business." After said, she hand over back the key to Yu Ao Tian.

He had guessed this Little Thing still brood on the failure: "Silly girl, if not because of you who helped me to drag sometime during the election time, do you think no matter how many preparation I did, would it mean?"

Yu Ao Tian is a man who differ clear between reward and punishment, in his world there is not such failure should exist and being accepted. Whatever that Yao Yao did from the beginning actually were so perfect, but he realized that she didn't think about his background this part, so that at first he took flight to Japan to make up a loophole.

This, isn't Yao Yao fault.

If she was representing someone who does not have any mafia background, she actually does not need to consider many things, many complicated things.

But now she is Yu Ao Tian's representative lawyer, a man who has such complicated background, so that, could not consider to the perfect, whole thing was something normal.

This is the reason why he does not want this world class lawyer talent to stay beside him, if he lets her to stay, her days will be absolutely! Absolutely bitter!

"Yu Ao Tian, you better send this car to other person."

"Send it to other person?" Yu Ao Tian is pretending to smile, he is pointing at the car plat number: "Bao Bei, it is hanging your birthday. You ask me to send to whom?"

.....

.....really it is hanging the number of her birthday, but as she can recall this kind of birthday number plat must get from auction, isn't it? "Did it get from an auction?"

Ha, it seems that this Little Thing stayed with Feng Chen Yi did learn not less thing. "That's right. Get from auction."

"How... Much money did you spend for it?"

If he told her, this number is costed almost one villa, she will refuse to have this car, won't her?

"Not much. Little Thing, I feel sleepy, let we take rest."

"Oh..." Yao Yao is feeling difficulty to see the key on her hands, she feels the key is so heavy.

Back to house, both of them are simply really go to bed and sleep.

There is such thing as interaction, also there is no such 'something shouldn't happen' this thing, this night, both of them are appeared alike husband and wife who are each showed respect and affection for the other, although both of them are sleeping on the same big bed but there is no such intimate gesture.

Yao Yao is sleeping so soundly, this is also one of the most steady and secure feeling, does not know why, since she ended her contract as Yu Ao Tian's lover, this is can be said as her first time sleeping together with Yu Ao Tian on same bed.

At beginning, there will be something knot in her heart, but Yu Ao Tian indeed so well-behaved so she rest assured.

While he.

...

This type of mighty man, from the beginning felt annoy this strange way of sleeping from this Little Thing, slowly he is getting used with her gritting teeth, her restless, until, he has already gotten used to have her beside him.

Hence, as long as this Little Thing sleeps beside him, he can sleep soundly, he can have one good, steady and secure sleep, still it is really strange feeling.....

Half month later.

☞Today, the parliament house is chosen Mr. Yu Ao Tian to be the representative congress man to speak the sympathy toward the fire victims.'

☞Three days ago, the parliament congress man Mr. Yu Ao Tian was attending the negotiations with EU border, the main topic was orientated about the current Financial situation.'

☞The Yugoslavia President is visiting our country this morning, The Parliament House is in charge, the Yugoslavia president is keep on praising the congressmen, that showing China as great country.'

Yu Ao Tian has been congress man for more than half month, every day if not accommodate foreign guests, he will responsible for the media or visit overseas, simply to say he is awfully busy.

As long as Yao Yao turned on Television she would be able to spot Yu Ao Tian.

The two years ago of cold and charming underworld big boss who ever shown in front of her; two years later the domineering and also forceful man who barging into her life, now his progressing to be someone kindly in the Television, filled with dignity aura, this image, speak honestly, she really cannot make herself to get used of him.

Perhaps, because the distance between she with this man is getting further and further, the gap between both of them aren't as simple as more than one world.

"My beloved, every day he is so busy, what both of you use in order to communicate each other?" Gong Xiao Man is curiously asked Yao Yao who stayed at the dorm.

☞Ding' the mobile phone notification showing up a message.

She opened her message, it is only a simple two words ☞have slept'. Close her mobile phone, shaking it off in front of Gong Xiao Man: "Well, sometimes using short message."

Episode 352

This half month, both of them are rare to meet up, but Yu Ao Tian always send her short message once at three or five days, if not ☞have slept' it would be ☞wake up', although it only a single word, but invincibly it has already drawn the gap line between both of them. Yao Yao is clearly can understand, so that she actually know that person who keeps on showing up on television.

"Ugh, It seems that Big Boss Yu really thoughtful."

"Sst, Xiao Man, now he is congressman, politician, stop addressing him as Big Boss Yu."

"Oh, oh, oh, that's right, now he is congress man, a politician, must be careful. Say, Yao Yao, do both of your relationship aren't completely a couple?"

Not completely a couple? This is still kind of vague way of addressing.

Yao Yao is helplessly smiled: "I just know, the current relationship between both of us are something vague within these three years, so that only can enduring until three years, perhaps, there will be a day he will have a girlfriend and then get married, when it comes both of our relationship might completely done."

After all Yu Ao Tian has already 28 years old, perhaps marriage in his eyes are something not important.

But now his status is politician, if not get married, does not have stable family, it hard to break through.

"This is also not bad. At the beginning, Yu Ao Tian attitudes toward you were so disappointed, but later on, I think his performance is beyond the responsibility of the relationship between you."

It can be said that Gong Xiao Man is one of the person who knew very well about their relationship progress, at the beginning she hatred Yu Ao Tian so much, felt that his attitudes were more ruthless than treating normal lover toward Yao Yao, so ruthless. But then, later and later, his attitudes toward Yao Yao is much better compare to lover, simply to say he treats her much better alike treating girlfriend. "No sweet without sweat (after the bitter comes the sweet), really make jealous...."

No sweet without sweat, Gong Xiao Man is talking about this four words. She gives faint smile, Yao Yao is lying powerless on her bed, absent minded staring at ceiling.

"Xiao Man, thing between you and Vice CEO Han..."

"Don't mention about him!" Gong Xiao Man snapped to stop Yao Yao, expressionless she changed her position into sit: "I have decided to give up on him, even a heartless man alike Yu Ao Tian can bloom with you, simply to say Han Li Shang is one metal tree, this life time impossible to bloom flowers!"

No, Xiao Man mistaken....

Cannot to use Yu Ao Tian character to compare with Vice CEO Han, Vice CEO Han is type of cold man who is impossible to make first move, but once he makes his move, there won't be any turning point."

While Yu Ao Tian is different, someone clever who have good ability to understand things and also make good judgment, someone mentally deep, unstable man, really he is someone who at one moment can spoil you alike little kid, but at another moment he can heartlessly toss you and make your life severe as hell.

Actually what is called as sweet after sweat, apparently Xiao Man hasn't.... Found it out!

"Fiu!" Yao Yao heave a sigh, seems as someone who has thought about love lying beside Gong Xiao Man...

The weather in November, it has entered the winter, on the street there are lot of people who have changed their summer outfit to winter outfit.

Mother Luo is in hospital taking care her father in law, hurrying to go home.

꠆bam' (sound of something falling down with loud sound)

The basket that held by her hand is falling on the ground, the eggs inside are cracking mess on the ground.

Mother Luo is shocked when she sees the place in mess situation, it seems that something has happened before. When she was at hospital, her eyelids kept on twitching, constantly twitching.

"Aiya." heave a sigh, Mother Luo bent down her body and pick up those eggs that cannot be used anymore.

At the moment when she raised, suddenly there are two men in black suit showing up in front of her:

"Madam Deng Hui Hong?"

"You.... Are?"

☞Bam' for once again the basket filled with vegetable falling on the ground, Mother Luo is kidnapped by those two men in black suit disappeared when the sun gradually set.....

"Uh uh." inside the dim big hall, Mother Luo is being tied on the chair, her mouth is being covered with cloth so she only let out hu uh this sound.

Not long after that, there is footstep sound.

Inside the big hall the subordinate bow down with respect: "Big Boss Yu."

"All leave." said Long Ye who is coming together and stay beside Yu Ao Tian.

Inside the big hall those little scoundrels☞" other than darkness the big hall is filled with strange atmosphere.

"Aunty, it hard for you." Yu Ao Tian is walking in front of Deng Hui Hong, he uncovered the cloth on her mouth.

"You...." Mother Luo is dumbstruck staring at that extremely good looking face, the incomparable devil charm from this man, her eyes beaming: "Yu Ao Tian."

"Haha, never thought we just met one time on hospital before, you still can recognize me."

Mother Luo keeps silent, although she cannot recognize the look of this man, but she won't be able to forget a pair of bottomless eyes of this man, the eyes which has countless stories, that pair of eyes are really scary, it able to make one's self could not forget at one glance.

"Aunty, today my purpose to invite you coming here, I believe you have already guessed it, right?"  
Expressionlessly Yu Ao Tian asked.

Mother Luo is silent for while, slowly raise her head, facing and looking at that eyes which intimidate her: "Does it about the fire happened in Hua Mei Villa, that matter? My younger brother had ever asked it from me? And also that Miss Mo Xue Tong, she isn't your girlfriend and furthermore she wasn't the person who helped by Luo Tian Ming, right?"

"Hahahaha, Sister Hong, you really smart." Yu Ao Tian gives faint smiles, bend down in front of her, carefully untied the rope that tied her body.

"Sister...Hong?" Mother Luo open wide her eyes, deathly staring at his face.

Not long after that, the rope that tied her is untied, Yu Ao Tian silent for moment, slowly pulled mother Luo's hand that wrinkle: "After years of severe tests, and also living in tormenting, you are really aged so much. When I was at hospital meeting you, I didn't recognized you not even a bit. But, I won't be able to forget, 20 years ago, you were one of the most beautiful woman in politic circle."

When Deng Hui Hong listened it, gradually her body is trembling, her old eyes are keep on looking ups and down on Yu Ao Tian, one second, two seconds, three seconds.... "Xiao..

.. Xiao Tian! You.... Are Xiao Tian?"

Yu Ao Tian titled his head, giving a charming smile: "It's me, Sister Hong."

"How, how can be like this, I have thought you had.... Had...." Suddenly mother Luo chest feels stuffy, she hard to breathe.

Recalled the memory of 20 years ago, the domestic demand for workers is not so high. When Deng Hui Hong 16 years old she has joined work force, at 18 years old she entered political circle.

Also at the big Yard of political Bureu, first time she met Yu Ao Tian!

During that time he was 7, it also his the first step entered primary school as little boy. Although that time he also had such astonished good looking, but that pair of eyes still clear, compare to today this pair of eyes seems to be filled with countless stories, deep to the point bottomless, this pair of completely different eyes.

This perhaps what called as after years of severe tests.

The today she is only 40 years old, but wind and frost (hardships of a journey or of one's life), worries, and also the suffering of the trip, from her face she looked at someone who near to her 50 included her experienced toward hardship if life..

Episode 353

"You thought I had died?" Yu Ao Tian gives faint smile reminiscence old days, but he is using such gentle speaking tone.

But somewhat Deng Hui Hong sees killing intention inside pair of Yu Ao Tian's eyes. She shakes her head, heave a sigh: "Perhaps this is what called as fate!"

"En, it's fate. I really never thought Sister Hong, you can go and followed Uncle Luo, I still remember...."  
Yu Ao Tian's eyes rolled: "It seems that time Uncle Luo has already had wife, am I right?"

"Thump"

Deng Hui Hong's heart sink, there's time she almost forget about this matter, but this is the truth, it is not something you say forget and then you forget it. "En, until today I am still not.... Legal wife and husband with Tian Ming."

That time the 18 years old Deng Hui Hong just entered political circle, she was pretty and slim alike jade, there was not less politician who bowed on her feet.

But somewhat she has feeling toward Luo Tian Ming who was only a secretary. Although she knew he has already had a wife, had his own family, but she really could not control herself not to love him. At last she became his lover which there was no turning back.

Political Bureau itself is strictly place which managed the conduct of corrupt this kind of bad atmosphere, Luo Tian Ming because afraid being investigated, so that he sacrificed Deng Hui Hong to be his lover.

This is also a reason why, Deng Hui Hong let her younger brother to take all the assets which left by Luo Tian Ming such as house, she didn't dare to fight with him, all for this as the reason. Because until today she still his lover, with what kind of status she can ask his asset and make it belong to hers?

While the Elder Luo (Luo Lao Ye) although he is Luo Tian Ming's father, but he does not know, this what so-called as daughter in law actually being changed by his son whom actually his lover!

"Ha, I really never expected, Yao Yao could walk as the same path like me." when Deng Hong Hui thought of the possibility Yao Yao perhaps becomes other person's lover, she others than helpless does not know what to say anything. But, she never regretted to be Luo Tian Ming's lover, but at same time she does not know whether Yao Yao also has a fortune alike hers!

"Sister Hong, Yao Yao does not walk at the same path as you, because I never took her as my lover!" although at the beginning he had this thought but he never really took Yao Yao or see her as his lover.

"Is it. But both of you are not match, not match at all. If I still have a chance to see Yao Yao brings her boyfriend to meet me, as long as she does bring you, although I must die, I won't be agreed both of you together." It isn't because Deng Hui Hong hates Yu Ao Tian, on contrary she so affirm that Yu Ao Tian is someone so awesome, everything about him, everything, but due her point of view as elder, Yao Yao is too naive, her naive is so similar alike little child, so she does not suitable to have someone deep alike Yu Ao Tian as her boyfriend.

"Sister Hong, that is afterwards."

"That's right, it is afterwards matter..." Mother Luo helplessly smiles, slowly lowering her head, silent for moment, slowly standing up: "Xiao Tian, the answer that you want, I will tell you. But I want you to promise me one thing, can I?"

"Say.

"

"Please don't harm my father in law and Yao Yao. Can you?"

Yu Ao Tian pair of hand envelop his front, his mouth curved upward but slowly it turned to be unruly smile: "Why?"

"Xiao Tian, you must know! That matter didn't have any relation with my father in law and also Yao Yao!!!" Deng Hui Hong flaming rushed in front of Yu Ao Tian.

Long Ye who is standing at side just want to stop, but soon being stopped by Yu Ao Tian.

She is begging by kneeling in front of Yu Ao Tian, her white pale hands are grabbing at Yu Ao Tian's trouser: "Sister Hong begging you, begging you, let off my father in law and Yao Yao!"

"Ah, sister Hong." Yu Ao Tian is helplessly smiles, slowly bend down, that pair bottomless eyes are showing dangerous gleam, and followed the last one question, said: "That matter, with my... Mother! And then my younger brother, what was the relationship?"

②thump'

The heavy stone that pressed on Mother Luo's heart slightly sink down, she even speechless when asked by Yu Ao Tian, anyway she feels her begging such buffoonery, doesn't have any persuasiveness, that's right, that matter really tangled too many people.

Since had made big mistake, and then just let it continue to be wrong.

Think to this point, Mother Luo powerless loosen her grab toward Yu Ao Tian's trouser.

"But Sister Hong, you rest assured. I won't harm Yao Yao. If want to say, the person who has the most 'no relation' with this matter must be her, really is Yao Yao."

Deng Hui Hong open wide her eyes, the next second, she helplessly smiles: "You... Have found out?"

"En! When I saw the photo of you and uncle Luo, I have made my guess."

"Haha...." Yu Ao Tian is too clever! He has strong observation capability! Deng Hui Hong is more affirm, Yao Yao absolutely shouldn't stay together with this type of man who able to control everything.

"Sister Hong, before you answer me the question, I still have another personal question, want to ask you."

"What?"

Yu Ao Tian silent for while, slowly said: "How the scar on Yao Yao's left shoulder happened, you must know about it right?"

Scar?

Deng Hui Hong is careful trying to recall her memory, after while, she helplessly shaking her head: "I am sorry, Xiao Tian, I also don't know. That time, when I got the phone call, they said Luo Tian Ming and Yao Yao were having car crashed, when I arrived at hospital, Doctor told me that Luo Tian Ming had gone, while Yao Yao was in emergency. But doctor said, Yao Yao in critical-stated was not caused by the car accident, but because the left shoulder scar, so that, I also don't know how that scar happened."

After heard from Mother Luo who trying to recall her memory, Yu Ao Tian is taking deep breathe, the expectation expression at sudden disappeared from his face.

Mother Luo raised her body, her mouth curved upward and show faint smiles: "Xiao Tian, thus the matter about Hua Mei Villa, both of Luo Tian Ming and I,we were took a part, I am sorry...." before she finished her words, she slowly close pair of her eyes.

Awaiting, she must have her ending.

Tian Ming,...

I have said before, my feeling has been a very good. Just alike the moment when you left me, I had this kind of feeling before.

You knew, those years when we were still together, the things that you most said to me was sorry, must give me a legal status.

But I never expected about that so-called legal status.

So what, if I able to be your legal wife?

I had gotten all your love it was more than enough, actually you never did any mistake toward me, I also didn't have any complain to stay beside you.

Heh, but there was one thing, which made me hate you most!

I don't understand, not understand, why before you gone you left father in law and Yao Yao in my care.

That time when I heard about your death, the first thing that flashed in my mind was together leaving this world with you. But because our father and Yao Yao, I just can live bitterly in this world, having a taste of the days, living without you.

And then now.....

Finally I can left, finally I can go to heaven to accompany you. But sorry, I cannot keep my promise, cannot keep on taking care our father.

Tian Ming, please you waiting me at heaven, will you?

13 years of lone, missing finally will be ended. Deng Hui Hong makes this 13 years of suffering into a dying whisper. She really not fear of death, perhaps this dying moment is something she has awaited for such long time, too long to end.

There is time, love, that is, if you leave, I will only leave the body.

☞Bam' a deafening sound comes from dim big hall, will it to be the ending or the beginning of the hatred, this, still mystery.....

Episode 354

"Beloved, after this period of time our school will be holding winter dance, accompany me to take part on it, okay!" does not know from where Gong Xiao Man got this information, now she is almost becoming Yao Yao's detective.

"Forget it, Xiao Man, you know the last case just died down, at this time if I join this kind of public event not too good." just as Yao Yao expected, rumor this kind of thing will die down as time passes, when Yu Ao Tian election ended, she back to school, everyone is gradually forgetting those shocking poster news, this matter.

At same time, when the rumor disappearing there still.... Shang Yun Yin. Hence the reason, at least she can make her guess, one or two.

"This time by joining the public event such as dancing it can prove your innocent, you think, you had disappeared for sometime not showing up your face, although no one bring this topic up, but suddenly you are coming back to school, more or less, people will still bring it up. You better to bravely showing up, happily, give those big mouths a good face, would be good."

"Xiao Man! I really admire you, don't you think that the excuse you give..... To forceful?"

"Hihihihihihhi, go or not?"

"Go! Go! Okay?"

"Hi hi."

"Where to go?" at this time, Long Qi who is also at class like little follower keeps on following at Yao Yao's back.

Since that day, he has been arranging by Yu Ao Tian to keep on studying as student at school, so he never stepped his foot to company anymore, so that his occupation is a student now.

"Participating on our school winter dance. Are you joining or not, Long Qi?"

"If flat chest joins, I also join."

"Are you Yao Yao follower, aren't you? Where she goes? You are also following?" Gong Xiao Man showed such cold-shoulder expression looked at him.

Long Qi on contrary not take thing seriously, rolled his eyes: "What follower? I just asked by Yu Ao Tian to be Flat chest bodyguard so she won't have affair."

"Cut it off, Yao Yao be unfaithful? I see CEO Yu perhaps the one who has overstepped the bound, the change is bigger?"

"That's I don't know. Anyway Ao Tian this person is 'carnivore' perhaps during these days in political circle he had 'holding back' too much and be at worst."

Ha!

Wouldn't it be better? If Yao Yao have an evidence, having an evidence that Yu Ao Tian perhaps have other woman, then both of their relationship can be ended?

"Hey, Long Qi, Long Qi, if you are finding out that Yu Ao Tian has another woman, on the very first time you must let me know, okay?"

Long Qi looked at Yao Yao with despised look: "Are you dummy? Ao Tian is my sworn brother, why must I sold him out?"

"....."

...." geez, she has guessed it! At least she has seen few of Yu Ao Tian's good buddies sworn brothers that stay beside him, perhaps if Yu Ao Tian said coal ball is white, his few good buddies because the behalf of loyalty, must say exactly same with him, it is white!

☎ring, ring, ring...'

The phone suddenly ringing.

Yao Yao looks at her display monitor, unknown number? "I accept the phone call."

"En." seeing Yao Yao leaving, Gong Xiao Man and Long Qi these two people are stayed quiet alone.

But seeing time, the class is going to start, but Yao Yao hasn't come back.

Gong Xiao Man and Long Qi are exchanging glance: "Her phone call, where she is? Go, Long Qi, follow me to find her."

"Oh...." both of them are walking out from the class.

But at another side of corner, they spotted Yao Yao's back, squat on the floor.

That two of people are exchanging their glance once again. "Beloved, what are you doing? After receiving the phone call why don't you heading back to class, are you having stomachache?"

But when both of them are walking beside Yao Yao, they realized..... She stirred up the body and sobbing voice.

"Yao Yao? What is going on?" Gong Xiao Man panic bend down her body, grabbed her shoulder.

She keeps on crying, crying, even she cannot speak clearly: "I, I, I, Mother, Mother, Mother.... Gone, she gone...."

thump'

As if one heavy stone pressed, Gong Xiao Man expressionless stayed.

Beside them is Long Qi who has heavy expression, in his eyes showed the surge of unease as if he has already known this moment would be coming.

Curled his hand into fist, Long Qi is disappearing from these two girls side, he goes to the place where there is no one, he made a fist and hit his hand on the wall: "Sorry....Yao Yao."

He murmured with regret, he really does not know the lie he had made up until today whether has helped Yao Yao or not, or he has harmed Yao Yao. If due to her cleverness, perhaps.... She would be able to stop everything that happened now, wouldn't her?

For the moment Mother Luo's body is in Funeral Home, the police found the body at the seashore, there was a bullet shoot into Mother Luo's heart, killed at one attack, while all the things on her body disappeared. The police affirmed she is murdered.

"Yao Yao, I accompany you to eat something." at the entrance of funeral home, Gong Xiao Man sees Yao Yao's face is white pale, simply to say it ache her heart to the point she does not know what to say.

Just now was identified the body, she clearly could see there still tear trace in Yao Yao's eyes, perhaps, Yao Yao holding back her tears and perhaps she does not want to let her mother who has already in heaven to see her grief right this moment.

"Xiao Man, you go by yourself. I think.

... I want to... Go home to have rest a moment, okay?" actually she has pair of bright big eyes, but at this moment her eyes looked empty, speak frankly it little bit scare people.

Gong Xiao Man pouted her mouth: "Well... I go to accompany you. Okay! You go home."

"En. Today, thank you, Xiao Man." Yao Yao is forcing herself to give a smile.

Gong Xiao Man who sees it feeling her heart aching more, she frowned: "I take my leave! Something happen! Remember to make phone call to me."

"En." slowly nodding her head, her eyes are looking at Gong Xiao Man's back, her forcibly smile gradually disappeared from her face.

That pair of shoes, it more than enough to feed them one family for one week. Mother didn't blame her, but secretly took that pair of shoes to the store. But the storekeeper said because the shoes were dirty, had worn so could not do return.

Hence, Mother Luo in front of the storekeeper, carry a bucket of water, inside there clean the pair of shoes until it shine and bright.

If not because Yao Yao had seen that scenery by coincidence when she on her way home from school, perhaps she forever never known how bitter her mom; perhaps she won't be matured!

Really does not want to recall the memory, there are too much, and more painful, she not even can accept her mom had gone, this reality.

Standing inside the small house, taking out one by one the present that gave by her mom to her, feeling sour tears are flowing down from her eyes.

"Mom, Why don't you wait for me? Why don't you wait for me until I really enter into society, officially earn money, repay all your kindness raising me!"

There is nothing more helpless that children cannot support their parent.

Since she was a little kid her mother always be the person who taking care of her, day by day she is expecting to have capability, let her mom to enjoy good life. But this one day, it hasn't arrived, mother has already gone, how can she repay all her mom affection toward her?

☞ Bam' a sound, the tight closed door is being push open from outside.

Yao Yao slowly turning back, looking at the entrance.... "You?"

This person isn't a stranger who barging inside, he is Feng Chen Yi, he is breathing roughly standing in front of the door, solemnly he looked at her. But another moment..... He dashed faster in front of her, hugging onto her tightly into his embrace!

This, perhaps like magic spell, the tears that she held back for so long, gulping too much bitterness, but at the moment she being hugged by Feng Chen Yi. The tears are bursting out from her eyes, bursting out the bitterness in her heart, burst.

...

"Hu!!!!!" very long hu, bringing endless bitterness. The sadness air filling inside this not too big room.

But, the most strange thing is.....

Because of his appearance, because of his embrace, after all she does not feel that helpless and lonely because of her mother leaving, that moment.

Feng Chen Yi is hugging her tightly, more and more tightly, his face show imposing expression of endless pain.

He really can't see her in tears, he really can't hear any grief from her, but at same time he really does not know how to help her to get rid all her bitterness, other than this embrace, other than to become first person who coming here, he really powerless.....

Does not know for how long, sun is gradually hide behind the mountain (sunset), she finally can control herself. "You, You, how can you come here?" choking sound expressed her difficulties.

"Because I know, the current you, need... Someone to accompany." when Feng Chen Yi said this, his face is showing faint smiles.

He after all not dare to say 'need my accompany', since when he changed to be someone who lack of confident? But, perhaps just by this, he can slowly, getting into her heart for once again.

Half month, since the matter related to Hei Yan Long, both of them never contacting each other.

He also knows that Yu Ao Tian could not come to accompany her, but actually he only looking for an excuse to meet her, face to face.

Until this thing happened!

He has thought before, although Yu Ao Tian accompany beside her, he will still coming here, because, he could not to recall what had happened two years ago for once again!

But, there is a time, Feng Chen Yi really not dare to think of, that moment for the first time when Yao Yao was looking for him asking a bank notes, every times he thought about that, he feels as if he was the person who pushed her to other man side.

So that, he swears to himself, later, no matter what, although she will be other man's wife, mother of her children, at the most painful of her, he will be the first person who showing up in front of her!

As old folks said, love for such long time, interacting for such long time, that love can be slowly disappearing, naturally it will change to be family affection.

And at this moment, when Feng Chen Yi hugging onto her this seconds, the first thing that flowing in her mind is, so that.... In this world other than her grandpa as her family, she still have.... Feng Chen Yi a man who she loved and slowly turned become her part of family!

"My Mom...."

"I knew it." Quickly Feng Chen Yi stopped her, he does not want to hear any news regarding her mom death from her, the woman that he ever love so deeply.

"Did Xiao Man tell you?"

"No. It was police who looked for me."

"Police.... Looking for you?" Yao Yao frowning, slowly she breaks free pair of her hand from Feng Chen Yi's embrace: "Why police looking for you?"

"Because I was the latest person who had interaction via mobile phone with your mother."

"You.

... The latest, had phoned call with my mother?"

Feng Chen Yi has thought to let her mood stable and then telling her about this matter, since she has suspicious, so he better....

From his pocket he takes out his mobile phone, showing her the short message: "This is a message that left by your mother for me before she being murdered."

After Yao Yao heard it, at sudden her face changed, hurry she takes the mobile phone from Feng Chen Yi.....

☑Chen Yi, Aunty has something impertinent to ask from you. Aunty knew, perhaps this kind of asking is little bit bold for you. But just thought Aunty as someone shameless, using your love toward Yao Yao, but Aunty really does not know whom to ask for help.

Aunty hopes, you, now, immediately, using all your utmost to take my father in law and Yao Yao to go to overseas, somewhere a safe place, don't ask me about the reason. Just thought it as something that Aunty owed you, on the next life Aunty will be worked for you alike horse and cow.

Others....

There is word, perhaps I could not tell Yao Yao, as they said kids feeling shouldn't being interfered by mother, but, Yao Yao is too naive, I really afraid that Yao Yao would be lost herself of the illusion when dealing with feeling.

Chen Yi, if you are really love Yao Yao, don't ever give up on her, okay? I really hope, hoping that you can be together with Yao Yao, perhaps in the future there will be a man who more suitable for Yao Yao, but compare to now, Aunty just acknowledge you!!!

If, both of you can get married, just think as Aunty may rest in peace!'

Episode 356

This is a short message that sent by Deng Hui Hong before she got killed.

But this lethality information is really too powerful, it also enough to prove that she is a very clever woman.

The content of short message, there is not mentioned about Yu Ao Tian, not even a word, but every word more enough to 'control future result'. After all, Yao Yao is filial daughter....

When Yao Yao read the short message, have no choice but suspicious the words that her mom left behind, because during that time, the most important....

"Due to the time when the short message being sent out, it also can be said that the message is being sent out not long before my mother death, it seems she had known about her death. But asking Grandpa to be taken to overseas.... It meant...."

"Your mom must be murdered!" Feng Chen Yi is so certain when continuing Yao Yao's words. "Right after I got the short message, immediately I made a phone call to your mother, but, the mobile phone didn't pick up by anyone."

"Since Mom has already made her guessed about all of these, why didn't she directly send me the short message, telling me, actually what was going on, or perhaps.... Who killed her?" Yao Yao really does not know, after all her mother had time to send out short message, it clear enough to say what exactly happened, beside who was the killer!

"There is a possibility, the person who killed your mother is someone powerful. Your mother didn't want you to get involved with the matter. Yao Yao, this is also my wish." Feng Chen Yi kept back his mobile phone, his expression is gradually change to be serious, slowly he pulling her cold ice hands: "This matter, just let me to investigate it, you don't get involved. If you must get involved, before you take any action, you must let me know!"

If can, Feng Chen Yi really does not want her to read this short message, but he understands very well Yao Yao's character, if not using this thing to turn her focus, she will continue to be sad.

Yao Yao is type of girl who dealing thing hard with hard, in order to find the killer who killed her mother, she will be living stronger than currently.

"En, I understand. Thank you, Chen Yi. Where is grandpa?"

"I have arranged your grandpa to go to New Zealand, waiting until he arrived at New Zealand, I will transfer him to other country. Now he must have been in Airport."

Feng Chen Yi really arranging everything very well, using New Zealand as transit, and then transferring grandpa to other country, by this way it is guaranteeing completely success. She really does not know how to thank this man....

"Oh yeah!! You, how you said to my grandpa?"

"I told your grandpa, his sickness is getting worse so that he must take medication in overseas in order to be better."

Good, Feng Chen Yi didn't tell Grandpa about mother's matter.

But.... "Did my grandpa really listen to you?"

"You must be more understand about your grandpa compare to me, how could he deliberately promise me to go overseas?"

That's right! Grandpa is absolutely stubborn, he must be more willingly to wait until die rather than go overseas to get medication, he most afraid to take flight.

"Ahem..." Feng Chen Yi looked absolutely awkward, helplessly said: "Acting alike spoiled child."

"....."

Acting...

. Alike spoiled child? Acting alike a spoiled child! Feng Chen Yi..... Acting spoiled? Simply to say she is not daring to think about it, the scenery when Feng Chen Yi acted alike spoiled child in front of grandpa.

But it can be said that Grandpa must be liked Feng Chen Yi very much, or else how could he being persuaded with this such thing?

"Yao Yao, you rest assured, I had doctor and also nurse who getting along with your Grandpa, inside the plane there is also emergency equipment. So that, you don't need to worry about your grandpa."

Haha, Feng Chen Yi had thought for everything, what's more she needs to be worry about? But, this debt, she really does not know how to repay it to him!

☒Let void about yesterday, now you are in front of my eyes....'

This ring tone? Didn't she have change the mobile phone ring tone? Why still this ring tone? When Yao Yao wanted to take out her mobile phone, she realized it is Feng Chen Yi's mobile phone that actually ringing.

So that, he always using this ring tone.

☒Give you this mobile phone, but the ring tone shouldn't change!' that was the first time when Yao Yao gave Feng Chen Yi new mobile phone, she didn't only give him a new mobile phone, but she also forced him not to change the mobile phone ring tone.

☒Why can change it? It is such awful song.'

☒This is my favorite! So that, you are not allowed to change it! If you change it, I will kill you!'

☒You this woman!' Feng Chen Yi just helplessly accepting to use this ring tone, and he has been using it until now....

But she now she has changed her mobile phone ring tone.

"What? No matter how much it take the cost, must be protecting Elder Luo safe and soundly until the airport!"

Thump' when listened to Feng Chen Yi stern commanding, Yao Yao paused for moment and she can feel heavy atmosphere suppressing on her: "What is going on?"

"When sending your Grandpa to airport, encounter with some attackers."

Just as expected! It seems this is serious matter! The death of mom, Grandpa being attacked? Actually who the people, dare to do this kind of thing on day time? Aren't mother and grandpa only ordinary citizens? Actually which powerful people they had provoked?

"Yao Yao, you rest assured, the people that I asked to protect and send your grandpa to the airport, all of them are those body guard who are being strictly trained by Feng's family, your grandpa must be arrived safe and soundly to the destination, believe on me!" Feng Chen Yi is so certain when said.

She is nervous curled up her hand into fist, now, she only can wait patiently to hear her grandpa news....

The small room is filled with cold and silent. Yao Yao is sitting on sofa, there is no any expression on her face. While Feng Chen Yi is constantly walking to and fro, waiting for his subordinate to make report.

Let void.....'

The mobile phone just ring, hurry Feng Chen Yi accept the phone call: "Hello?"

"General Manager Feng, Elder Luo has safe and soundly get into plane."

He can feel the heavy feeling of him falling down to ground, just now he still afraid, if something bad happened to Elder Luo, after all today Yao Yao has been losing one of her most important family, if now she also losing.....

Ha, he really cannot bear to see the woman that he loves so much in great pain.

He signed to Yao Yao 'OK' hand gesture.

Yao Yao heave a sigh, her whole body is almost slump on the sofa.....

"Know who are the people attacking Elder Luo?"

"General Manager Feng, the attacker skill are so clean, neatly, moreover the shooting skill are professional, they must be have professional killer background."

"According to you guys capability, what is your guessing about the killer?" alike Feng's household which has high status, all the body guard they used must be come from professional killer group, so that, all the body guard that stay beside Feng Chen Yi are those high skill professional killer..

Episode 357

"General Manager Feng, if they are those who coming from killer group, at one glance we must be able to identified it. But from their skill, they must be 'personal' or 'mafia' the professional killer who are being trained."

"Alright, I understood." Feng Chen Yi hung up the phone call, if the killer are coming from personal or mafia group, Personal is quite large but if mafia..... Having Ou Yang Zi Xuan is more simple!

"What kind of people who are attacking Grandpa?"

"Killer. And about the background, I still need to go and ask Zi Xuan, see whether he knows it or not."

"Asked him?"

"Haha, Xi Zuan's Mother is Chinese first rank Mafia group Big Boss from Xuan Wu group, so that, regarding to the underworld matter, still needs his help."

Recalling the memory, Ou Yang Zi Xuan's father is a businessman who having rank fifth in China, Ou Yang Group chairman, never thought that, after all his mother is big boss of first rank mafia in China?

If including Bai Lai group's Hei Yan Long.....

Feng Chen Yi's friends indeed are.... Awesome!

Wait! If talking about underworld matter, just go to find Yu Ao Tian will it more helpful?

Forget it, now Yu Ao Tian must be extremely busy, she has already owed Feng Chen Yi this 'debt', if dragging Yu Ao Tian, this 'debt' perhaps won't be able repay until this life time ended!

'Let void yesterday, now you....'

'Thump' once listened to Feng Chen Yi's mobile phone ringing, Yao Yao's eyes is cover with mist, nervous and feels intense.

"It's Yan Long, you don't need to be so tense." Feng Chen Yi comforted Yao Yao by patting gently her shoulders, turned, accept the phone call: "What's matter?"

"Just now I was coming to your company, looking for you, your secretary said that you have gone out, where are you?"

"Now I am with...." paused for moment: "With a friend, what's?"

Friend....

Haha, finally she and he can be friend, right? Yao Yao really happy to hear the way Feng Chen Yi introduce herself.

But, she does not even see, the bitter expression that shown by Feng Chen Yi's face. Just now he almost to say together with girlfriend.

"WELL, right now I look for you."

"Do you have thing to settle?" seeing Feng Chen Yi hung up the phone call, she slowly opened her mouth asked.

"Yan Long has something to look for me, I have sent him your house address.

You should not mind, right?"

"Haha." she showed her forcing smile, powerless shaking her head: "Recently I have watched news, your company had gotten so many projects, you must be so busy right?"

"Still okay, not that busy." he speaking while walking closer to the sofa where Yao Yao sat on, sitting beside her.

The conversation stopped, the inner room is deathly silent to the point scared people, both of them are so awkward sitting at same room.

Feng Chen Yi is glancing Yao Yao for a moment, hand that inserted to his pocket slowly taking out, he extending his hand to Yao Yao's cold hand.

When he wanting to pull Yao Yao's hand, immediately he drawn back.

After all before there is nothing to talk between boy and girl friend, just alike now both of them are sitting quietly, this is really awkward.

But Yao Yao's mother just passed away, he does not want because of his 'greedy', he even more hurting her....

'knock knock knock'

There is knocking door sound in the middle of silent room, Yao Yao and Feng Chen Yi are exchanging glances.

"Perhaps Yan Long, I go to open the door." he standing up and open the door.

"I say, good brother, what kind of house your friend living in? After all living in such poor area? Refugee camp?" Hei Yan Long is showing such criticize expression when he is standing in front of the door, from time to time he is using his hand, alike fan as if get rid the dusty air.

"Yan Long, you shut up!" Feng Chen Yi roared, hurry signaling Hei Yan Long with his eyes.

"Ugh." perhaps Hei Yan Long feels something, moving a step enter the inner room, when he takes a look....

"Sorry, my house address is little bit desolate, and also little bit small. You don't take in heart." Yao Yao is standing up, forcibly to give a smile, but pair of her empty eyes are keep on staring to the floor.

"Don't you together with your friend? So that, the person is your EX-girlfriend!" Talked to this point, Hei Yan Long is giving strange laugh, one of his hand dragged to Feng Chen Yi's shoulder, whispered: "Not interrupt both of you right?"

"Sst." Feng Chen Yi coldly creased his forehead. "Yan Long, why are you looking for me?"

"Oh, nothing.

I just looking for you to going out and play." After said, Hei Yan Long is walking to the sofa, pointed at the sofa.

Yao Yao is nodding her head as signal you can have a seat.

Hei Yan Long patting twice the sofa and then he sits down. Pair of his hand is inserted into his pocket, as if a Big Boss he crossed his leg: "Woman, is your house this small? Simply to say it as big as my toilet at home."

"Sorry."

"Chen Yi, you are really, she at least is your Ex-girlfriend, you change another house for her. CEO Yu also, how can he let his own lover to live in such place? Ha, really stingy." Hei Yan Long shrugging his shoulder, does not know his words without he realized actually had stepped on few mines.

Perhaps because Yao Yao is having bad mood, so that she does not listen to whatever he said. "Sorry." by nodding her head as her apologized gesture.

"Eh?" Hei Yan Long creasing his forehead, his deep pair of black eyes are keep on looking at her, today this woman seems to be different compare to last two times he met before?

"Yan Long! Today I don't have any mood to play with you, if you don't have any serious matter, you go back first." Feng Chen Yi coldly said, his hand is already curled make into fist.

If he does not know Hei Yan Long character very well, perhaps one punch has been sending out for him!

"What is going on?" this time Hei Yan Long just realized something off.

"See, hahaha, looking both of you have been here for some time, I haven't served any drink. Let me go inside and bring out." Yao Yao pick up the electric pot from the tea table and then pouring the water.

The water has already over filled the tea cup, but she still pouring.

Hei Yan Long tilted his head and confused looking at Feng Chen Yi, raise his hand and pointing at Yao Yao who at his in front.

Feng Chen Yi frowned, shaking his head, signaling him don't say anything. "Haha, Yao Yao, don't busy yourself, we drink we pour by ourselves."

"It's okay, it's okay. It my job, my job." she served the glasses on the table, bringing one in front of Hei Yan Long: "Drink the water."

He deep black eyes are blinking, slowly extending his hand.

But without waiting him to take the glass, her hand has already loosen up, 'bam' one sound, the glass has hit on the floor and make crisp and loud sound inside the silent room.

"I am sorry, sorry." Yao Yao circle until right in front of Hei Yan Long and picking up the pieces of broken glass.

"Yao Yao, don't do anything more."

"It's okay, it's okay, I must I must."

"Yao Yao?"

"Hu....." the piece of broken glass injured Yao Yao's finger tip, she humped once, the fusion of blood and water form into beautiful flower pattern.

"Yao Yao! Are you okay." Feng Chen Yi quickly dashed beside her, nervously pulled her hand.

"Hu.... It because I am such useless, so that my mother lived in such place." tears, immediately wet her eyes.

At beside Hei Yan Long who sees this scenery, shocked to dumbstruck: "This is none of my business right? I just said the reality, the truth, this place is quite small."

### Episode 358

Once Yao Yao heard this word, she even feel herself more useless and powerless, her crying sound even louder.

Feng Chen Yi give strong glared to Hei Yan Long: "Will you die if stop talking?" with his gentle eyesight he looked at Yao Yao who is crying, he is gently caressing her cheek: "There is nothing wrong with you, now you are still studying in University, aren't you? I remembered when we were at school, you were always got scholarship, you have been working so hard already."

"All useless! Those money only enough to support myself. My mom, there was no day she able to enjoy happy life!"

"It's okay, days are still long, later you can give your mom unlimited happiness." Hei Yan Long perhaps thought he was the reason why Yao Yao cried to that point, so he is trying to make up.

But by no bad intention, his words simply to say as big mistake.

"Yan Long, you shut up!"

"Hey, Feng Chen Yi, I have made step back to this point? This woman unreasonable crying, don't you think she such annoying?" If not looking at Feng Chen Yi's face, he perhaps so lazy to coax Yao Yao, he really does not have any patience toward women.

"Yan Long!"

"Sorry." Yao Yao is forcibly to sniff, quickly she wipes her tears: "Chen Yi, what he said is right, tears are not useful, also little bit irritating! I, I won't cry again." Yao Yao wanted to investigate who killed her mother, she wanted to investigate who killed her mother and hunted down her grandpa.

"Hah." Hei Yan Long who is standing beside smiles.

But Feng Chen Yi's face still gloom, seeing from Hei Yan Long's eyes, he is raging in fume, the most important that Hei Yan Long does not know actually what happened, so that he could say something that relaxing!

He better to see Yao Yao keeps crying, but don't wish her to hold back her tears!

Feng Chen Yi is so careful when treating Yao Yao's finger tip that wounded because of the piece of broken glass.

"Thank you." she is forcing herself to show smiling face.

But in Feng Chen Yi's eyes it seen as something bitter.

"Chen Yi, I feel little bit hungry, let's we have something to eat." Perhaps Hei Yan Long feeling little bit bored, so he gives some ideas.

Feng Chen Yi looked at his watch, perhaps it would be good for Yao Yao to change an environment: "You must not have be eaten anything, let's go, I am going to treat both of you."

"No need, you go with CEO Hei, I feel little bit exhausted, I want to take a rest."

"Yao Yao...." Feng Chen Yi heave a sigh, "Yan Long, you go by yourself, I don't feel hungry."

"Chen Yi, you have gotten any meal since you came here during afternoon, you go with CEO Hei."

This time if Feng Chen Yi leaves her alone, he really could not do it. "This, you accompany me to go out, although you are not eating anything, just think it as accompany me, can you?"

Yao Yao feels in difficulty creased her forehead, she only can force herself to nod, this time she really does not want to go out!

Going out from house, just realized if Hei Yan Long's body guard are guarding at the apartment floor.

At the lowest floor even more exaggerating, there are long-wheel car parked in front of it, it is not difficult to see, Hei Yan Long is type of stylish and extravagance person, no matter his body guards, or his expensive car.

"Chen Yi, as I remember you are not blacken person, but why since you are together with this woman, you becoming blacken person?" Sitting inside car, Hei Yan Long looking at Feng Chen Yi with despise eyesight, he recalled just now he being criticized so many times by him, he feels such disgusting.

Feng Chen Yi says nothing, coldly he leans his head to car's window.

"Does not know what Zi Xuan doing, should I call him out to have meal together with us?"

"Call him, I have something looking for him." after Feng Chen Yi said, his cold eyes are glancing at Yao Yao who is absent-minded.

Not long after that, the car is stopped at the five star restaurant not far from Yao Yao's house.

"You guys are so late." Ou Yang Zi Xuan has already booked a room while waiting for them. "Ugh, Chen Yi's ex-girlfriend also come."

"Hello." Yao Yao is forcing herself to smile, silently looking for a seat to sit down.

"I say, Yan Long, today you are so free, after all you even coming here during your working time?"

"Every day I do such leisure, company has so many things to settle, no matter how to settle there won't ended, better taking a fresh air."

"Do the employees at your company know that you are such irresponsible CEO?"

"Watch what you say. If someday you sit on my position, you will do same thing as me."

"Cut it off, my father keeps on asking me to come and help in the company, call me off, still dare to ask me exchange position with yours?" Ou Yang Zi Xuan said until this point, helplessly heave a sigh: "If my mother's group really needs a help, it would be better. Huh...."

Hei Yan Long and Ou Yang Zi Xuan are having good chat, very lively. Completely don't pay attention to the tension that surrounded Feng Chen Yi and Yao Yao.

"Eat this.

" Feng Chen Yi adding food to hers plate.

She is forcing herself to smile, forcibly nodding her head and eat one small mouth, but at the moment she swallow, her stomach feels so discomfort: "I, I go to rest room."

"I accompany you."

"No need." after said, Yao Yao stood up and then rushed out from the private room.

"What is going on? Chen Yi, are you reconciled with your ex-girlfriend? After all why suddenly you treating her so well?" Although Ou Yang Zi Xuan does not know what is going on between Feng Chen Yi and Yao Yao, but he never seen he treating her this well.

"You still dare to say, Zi Xuan, just now when went to that woman's house, it was more disgusting. Actually I really could not hold back anymore so that I got an idea to go out to have a meal."

"Uh? Chen Yi, she even let you to get inside her house, it seems soon there will be something." Ou Yang Zi Xuan showed devil smiles.

At beside Feng Chen Yi still with his cold expression: "Zi Xuan, can you use your mother connection, investigate about killer group movement recently?"

"This, can, too easy. But..." Ou Yang Zi Xuan just remembered: "You investigate about killer matter for what?"

Feng Chen Yi slowly putting down his chopstick, his cold eyes are gazing at Hei Yan Long who is still eating: "Today, Yao Yao's mother is being.... Killed!"

☒bam'

When Hei Yan Long heard this news, suddenly the bowl that holding by his hand dropped down to table, he is showing such unbelievable expression on his face, he really never thought, that woman's mother.

...

Standing up, Hei Yan Long turned and leaving.

"Ugh..." Ou Yang Zi Xuan dumbfounded looking at Hei Yan Long who is leaving, curiously he frowned:

"What happened to Yan Long?"

"Just now when he was at Yao Yao's house, Yan Long has said some hurting words to Yao Yao."

"So that was the matter. Chen Yi, you know, Yan Long's character. Now when he found out the truth, he must be in guilty right? You don't blame him anymore."

"Because I know what kind of person Yan Long is, so that I am enduring for this time!" if changed it to other person who said just hurtful words, earlier Feng Chen Yi would not let that person off.

"Uh, no wonder today you are treating your ex-girlfriend this well? Actually what happened? How can your ex-girlfriend's mother suddenly being killed.....".

Episode 359

☎Ring ring'

Ou Yang Zi Xuan talked half way, Feng Chen Yi's mobile phone message notification LED flashing, taking out to see, it is a short message sent by Yao Yao.

☎Chen Yi, I feel little bit uncomfortable, I take my leave first. You accompany CEO Hei and Ou Yang Zi Xuan eat, no need to look for me.'

He shut his mobile phone, Feng Chen Yi cold eyes are gleaming dangerously, coldly said: "The detail how thing happened I don't really know. But, Yao Yao's mom must be known something (get involved with) big matter."

Since walking out from the restaurant, Yao Yao takes a deep breathe, until now she still cannot suppressed her grievance her sadness, in front of others, seeing others laughing happily, she really feel uncomfortable.

☎tin...tin...' (horn sound)

At her back there is a long wheels luxurious car. Hei Yan Long is expressionless when getting down from his car: "Miss Luo, I want to have chat with you."

The quiet and secluded street, the sun is gradually hiding behind the mountain (sunset). Hei Yan Long and Yao Yao are walking side by side, his car and his body guards are slowly following at their back.

"CEO Hei, You stopped me, wouldn't this your reason to walk me home right?" still walking in the street, pair of Hei Yan Long's hand inserted into his pocket, along the way both of them are keep silent, it is Yao Yao who becomes the first person melt the atmosphere.

"I have a friend, he is always living in such well-off family, he has an easy life and everything had already provided for him, but never cherish everyone who in front of his eyes, bless in front of him. Regarding to the teaching taught by his parent he never took it as serious, even he ever thought it would be great if his parent just disappeared. Until my friend reached his 18 years old, just as he expected his parent really gone, when they went out for vacation, the airplane fell, both of them died. That moment, my friend, finally he realized, how idiot he was before!"

"He pretend to be strong, in front of other he acted didn't care of anything; at other back, he used his tears to wash his face, praying, if father, mother can live again it would be better. But if father and mother really could live once again, what could he do? Should he back to live as wealthy second generation who alike month? Or, everyday learn nothing and keep on spending money? Thinking the way how to anger father and mother?"

"Hence, he told himself...." talked to this point, Hei Yan Long suddenly stopped his footstep, his pitch black eyes are slowly looking at Yao Yao, faintly said: "There is nothing alike change only the appearance, but better live to the fullest in this limited life, better to fulfill father and mother expectations. Because, he always believes, in heaven his father and mother are keep on watching him, Yin and Yang being separated, both of them will be happy to see the today him. This, more than enough!"

That's right!

The death people would never come back, we just an ordinary person not a God, cannot to bring back the death to live. But although we are only an ordinary person, we can still change our current life.

The blindly strong desire of apathetic, crying until no tears, there is no way to bring back the death mother to live, if mother who has been at heaven seeing the current her, must be worried. Otherwise,

better for her to live well, live to the fullest, even they have separated, Mother who has been in heaven would feel happy for her.

The wind is blowing her black hair, that empty pair of eyes finally has slightest gleam.

And in front, this violence, arrogant and eccentric man's eyes, why there is a trace of sadness in his eyes?

Does she see wrongly? Or, does the fellow friend this man said actually himself?

"CEO Hei, today.... Thank you. I believe you, your friend's father and mother at heaven, seeing his changes might be very happy." walking until one of street section, Yao Yao is looking Hei Yan Long with grateful eyesight.

He coldly smiled: "Perhaps." he is taking out his hand that inserted into his pocket, put in front of him, slowly he bends down his body.

"CEO Hei?"

"I want to express for whatever I have said to you today..

..my apology...." raised his body, Hei Yan Long's head does not turn back and just get into his car, left Yao Yao in front of her door.

Haha, how can this type of arrogant man apologized to her? This is something rare. Just as expected, Feng Chen Yi has friend like this really something cannot beg but only encounter by fate.

"Ha, I know Yan Long must be apologized to you."

Suddenly, there is familiar voice flowing from other side of street section, she turned her head, she looked at the intersection: "Chen Yi, you....."

"You say, you were at home, So that I came to your home but the result I found you were not at home, so that I waiting you at here. What did Yan Long tell you?"

"Nothing. Oh ya, Chen Yi, I ask you, did Hei Yan Long father and mother...."

"His father and mother were passed away when he was at his 18."

Just as expected, just now when Hei Yan Long told her about his friend's story, it was really him. No wonder, his eyes moisten.

18 years old.... Both of father and mother passed away, Hei Yan Long must be sadder thousand times compare to her?

Moreover, he stills need to shoulder the entire Bao Lai's group, he must get used with the politic in business world that early, deceive and blackmail each other, stills really bitter and complicated.

While her, as long as she able to find the truth regarding her mother death, the rest there won't be any changes in her life.

By this way comparing herself, she really much better off than Hei Yan Long.

"Today Thank you, Chen Yi."

"You have told me so many thank you today."

"Haha. This.... You don't need to accompany me anymore, better you go back now." in front of her room, Yao Yao awkwardly gives her smile, her eyes are avoiding him.

"Waiting until go fall sleep, I will go!" after said, Feng Chen Yi pulling her hand and walking inside the room.

"Huh, Chen...." she wanted to refuse, but seeing that pair of Feng Chen Yi's serious eyes looking at her, she gulped all her words.

Just alike this domineering man, today he could do this actually something seldom. Or else Hei Yan Long and Ou Yang Zi Xuan impossible looked so surprise.

If she keep on refusing, this domineering man will going to explode, right?

Lying on the bed, Feng Chen Yi helps to cover her with quilt, and then he moved the chair to bedside, sitting down and reading book.

Inside the room it is so quiet, perhaps if there is a needle fall down the sound will clear, in order to avoid awkwardness, Yao Yao does not dare to open her eyes to see what Feng Chen Yi doing, only asking herself to fall sleep, faster fall asleep.

The feeling being inside one room with Ex-boyfriend, really.... Really awkward. But..

After listened to the emergency broadcast, Yao Yao is hurrying to join student council. She thought it is only a temporary emergency meeting, but she realized there is Dean, most of them are school board of directors.

"What is going on?" Yao Yao is curiously asking the female Senior of student council.

"Don't know."

"Every student council member, just now we have received an urgent news, later the politician government representative will be coming here to do an inspection, at the appointed time, the student council members will help to introduce the school environment to the government representative, with expectation, the member of student council will be able to fulfill their duties to carry forward the glory of our school."

The Dean seriously, explaining everything in detail, and gave all the arrangement to Qi Lian Ao Yun:  
"Student President Council Qi Lian, the following section of detail all are given to you to arrange it, I am going out to welcome the representative."

"En, understood, Dean."

Seeing the Dean and all of the board chairmen leaving, Qi Lian Ao Yun expressionless waving his hand:  
"Others than Luo Yao Yao, everyone can go back to dorm and have rest."

"En? Student President Council Qi Lian, didn't Dean mention that all of us must take part to introduce our school to representative? Why you...."

"Only need Luo Yao Yao, more than enough, all of you leave!" Qi Lian Ao Yun spoke more serious.

As seen the members of student council, you see me, I see you, all of them are exchanging their glances, who does not know in order to get closer with politician this is one of the best opportunity? If being spotted by the government side, they can simply working in government (get into political circle) right after they graduate, for the next, basically they don't need to be worry about.

But they really don't understand, why Qi Lian Ao Yun wants to give this important job to this newbie Junior?

Helpless, everyone only can do as what he said, they back to dorm and take rest.

Qi Lian sunbae, you only let me alone with the representative, don't you afraid I won't do it well." when everyone has dismissed, Yao Yao is opened her mouth with difficulty.

Qi Lian Ao Yun gives a cold smile, half of his body is leaning on the table inside the room, pretending and said: "You can do it, and it's only you who can do it!!"

En?

What did Qi Lian sunbae mean, is the government representative who doing the inspection....

"Student Council President Qi Lian, Student Council President Qi Lian, the government representative, the Dean wants you to bring the student council members to welcome him."

"Understand!" Qi Lian Ao Yun is smiling, hurry taking Yao Yao to school entrance.

Not far from there, these two Audi A6 cars are used by the government representative, one at front and at back slowly stop in front of school.

When the cars just stop, Dean has already bowing with respect while opening the car door, constantly bowing: "Congressman Yu, Congressman Yu, welcome you."

This time the person who is doing inspection is Yu Ao Tian!

Yao Yao is secretly taking a peek to Qi Lian Ao Yun who standing beside her showing devilish smile, does not know what Student Council president Qi Lian plan?

"Dean, we are old acquaintances. Don't be such courteous toward me." Yu Ao Tian slowly getting down from car.

He is wearing deep black western suit, although he is not as stylish when wearing the western suit as before, but this is suitable with his status, position, and also very suitable with nation politician dignity.

"Aiya, Congress Yu, before, you are one of our school board director, now you are government official, although we are acquaintance, but I don't dare to treat you with cold-shoulder manner for someone who has great status alike you. Although you are our board of director before, I think it as position break through."

"Ha, really good at buttering." at beside Qi Lian Ao Yun is whispering, talking low voice with disgusting-stare when seeing the Dean spoke.

But Yao Yao feels this as normal thing.

Or else why Yu Ao Tian so desires to join the political circle? It is so obvious, in business world no matter how big it is, stills need to give the government official face, Yu Ao Tian is one of the evidence for this principle.

At the beginning he has million dollar car changed to be Audi A6 which is suitable for government official, at the beginning has many branded western suit but now change cannot more than an ordinary compare to the most ordinary brand.

It seems that, Yu Ao Tian lifestyle isn't as extravagant than before, but actually his status has increased hundred times.

"Student council President Qi Lian, call your student council member to glad-hand Congress Yu."

"Student Luo Yao Yao, this matter is given to you. I believe.... With your 'capability' you will be able to settle everything very well, can you?" When Qi Lian Ao Yun said 'capability' this word, he by intention bold it.

Not far from there, Yu Ao Tian can see Yao Yao's face changed to be nervous.

"Alright, then, I take my leave first...."

"Aiya, President Qi Lian, you are only asking one student council member who responsible to introduce our school to the government representative?" The Dean expression changed as if blaming and also questioning Qi Lian Ao Yun's arrangement.

He smiles, shrugging his shoulder: "So what Dean intending to say? Doesn't one person not enough? Dean, you rest assured, all the student council members cannot compare to one Luo Yao Yao capability! Isn't it, Junior Yao Yao."

Her tense face is dimmer, she lowering her head, keep on silent. She really wants to know, this time Qi Lian sunbae, does he on purpose to not giving face to Yu Ao Tian, or on purpose to shame both of them!

"Dean, one student to guide is more than enough, you know, my coming this time does not want to be such exaggerating."

"Oh, since Congressman Yu has voiced out, so just let it be." The Dean hurried rushed to Qi Lian Ao Yun side shook his head: "Student Council President Qi Lian, you may go back first."

"En,....." he smiled, but that melancholic eyes at moment glance at Yu Ao Tian, at moment it give such provoking eyesight.....
