

Pure Girl 361

Episode 361

And then the next moment, the Dean and the few of board directors together with Yao Yao are taking Yu Ao Tian and other few of officials touring at First University to do inspection, taking a look.

The whole process, Yao Yao and Yu Ao Tian keep a distance of themselves with sort of stranger distance, this perhaps is the first time both of them meet after the election.

"Alright, Student Luo Yao Yao, today you have worked hard." seeing it almost dinner time, the Dean is taking a lead to end the inspection.

"En, Well I take my leave first." She smiles, politely giving a respect bowing to each and every official: "All official, good bye."

Haha, she knows, once Yu Ao Tian is taking path in political circle, it means both of their relationship actually has already near the end.

The today politic isn't something alike Palace politic, what wives and concubines, Magnificent clothes delicious food (splendid life), but the today politician are those image of the government.

Although now she and Yu Ao Tian are normal couple, at political and government side both of them won't allow Yu Ao Tian to date university student, moreover she just 19 years old.

So that, during Yu Ao Tian election process, no matter what Yao Yao must help him, because she wants to end their relationship soon, does not want to owe him any debt. Although, she has made vital mistake, but inside her heart there stills any deep debt.

On the way she backs to dorm, Yao Yao is showing helpless smile on her face.

Staring at stars, staring at the moon, finally the have reached the point she had looked forward for it before, but the past memories and laughter aren't something easy to forget, when meeting once again as stranger, really cannot get used on it.

"Fiuh, actually this also.... Uh!" When Yao Yao is using her key to open her dorm room, that moment, there is one cold big hand suddenly covering her mouth, and then pushing her inside the room.

Who?

This smell....

Although she cannot see the person who covered her mouth, but from the smell that spread from the body, it is special made cologne, this person must be Yu Ao Tian!

☒Bam' a sound, the room door is shut. Inside the room is dark.

Not yet turn on the light, Yu Ao Tian has already turned her body, pair of lips with domineering aura pressed down.

"Uh." Yao Yao is completely does not think of it, Yu Ao Tian can suddenly kiss her, her brain is on blank state. Tightly pressing on her lips, his tongue even prying to get inside her mouth.

"Bao Bei, open your mouth!!" that is type of order that not easy to refuse and also mixed up with rushed breathing.

Although still in the darkness, she stills can feel, this moment Yu Ao Tian is so impulsive, or else how can his breathing this rough.

But she...

.

Actually today she does not want to play this vague game!

"Yu... Uh..." when she wants to open her mouth, Yu Ao Tian hurries covered her lips.

His skillful and also domineering tongue keeps on intertwined with her small tongue.

The tall body is suddenly pressed her body onto the cold-iced wall, followed by his big hand that stroking inch by inch her clothes.

No.....

She still hasn't accepted her mother passed away yesterday, and now today she is playing vague with this man, she cannot accept it! "Uh uh!!" using her strength to protest Yu Ao Tian teasing.

He can feel that, the way of Little Thing protest is so different than usual, perhaps there is little bit anger.

"Bao Bei, I have told them that I go to restroom for while, taking this opportunity to look for you, do you really want to treat me this way?"

"You taking an opportunity to come, I really thank you, but your coming at here looking for me, is this what you want to do with me?"

"This thing? Ha, are you such missed me?" Yu Ao Tian coldly loosen up her body, 'pa' a sound, turn on the light inside the room.

At instant the darkness replace by the light, Yao Yao from this man's eyes can see cold gleam, it can be seen, Yu Ao Tian must be angry.

Indeed, since the day she became his lover, until today both of them are still keeping this vague relationship, while he never forced her to progress until the last stage. This is one of her most grateful to Yu Ao Tian!

Perhaps, because Yao Yao still cannot accept her mother death, so that she throwing a tantrum. "Sorry, today I don't want..

.." said, she is expressionless sitting on her bed.

Yu Ao Tian coldly glance at her. Another second, as heard, 'bam' a sound, the door has shut, when she raised her head, Yu Ao Tian has already left.

Ha....

Still thought after went through many things, both of them can have normal interaction.

As long as today he randomly asking her.... 'What's matter with you?'

She could feel have know this man for such long time, this man perhaps far from her image about cold blood man, fickle.

At least she might think him as someone who can considerate about someone, or not that impatient toward woman.

But now, she only refused his kiss, he didn't ask but only slam the door and then left. At the moment when she heard the sound of closed door, she can feel her heart already cold.....

Yao Yao isn't type of girl who have many begging, she also not over-confident woman (too proud with herself in controlling 'love' in this case), since she knows Yu Ao Tian that moment, she never begging him, to treat herself very good.

But after her mom death, for Yao Yao it is big hit, moreover Feng Chen Yi companion, his gentle accompanying her, but this way if compare both of them, Yu Ao Tian performance today actually is so worst.

But....

Yu Ao Tian, a man with this type of character, he does not like to put his concerns on his lips, he does not like to put his thought on his lips, for him, the best way to express his passion and his longing toward her is by kissed her.

But Yao Yao is choosing heartlessly to refuse him, and she response him with cold attitude.

As for domineering man alike Yu Ao Tian this must be not a small wound for him!

"Congress Yu, tonight we...."

"I feel little bit uncomfortable, I go back first for taking a rest." Since leaving from Yao Yao's place, Yu Ao Tian's face is expressionless when refusing The Dean invitation, the driver and and the secretary are accompanying him left and get into the car.

Slowly the car is moving, he staring out through the glass window that gradually leaving school, slowly he curled his hand into fist.

Heaven knows, these days how busy he was, if he didn't make any excuse to make inspection to First university, how could he come here, perhaps more than months he won't be able to see that Little Thing.

Who knows, he has planned so well in order to meet her, but those hard work exchanged with that Little Thing coldness? Damn it!

Yu Ao Tian is fiercely gritting his teeth, but not long after that, he takes his mobile phone and dial Long Qi's number. After all, more or less he stills can read Yao Yao's moods.

"Long Qi, she, what happen to her recently?" now, the secretary and assistant that stay beside Yu Ao Tian's side, all of them are government's men, they are placed in order to spy him, when he and Han Li Shang them having a phone call, when talking he must be extremely careful.

"Don't you know anything?"

Listened to the powerless Long Qi when speaking on the phone, Yu Ao Tian unhappily creasing his forehead: "These days quite busy, if you are also don't know impossible I know what happen to her?"

"Ng, Her mother is murdered, didn't you do it?".

Episode 362

☒Her mother is murdered, didn't you do it?'

Long Qi's words keeps on echoing at his ears, at sudden when he heard this, he felt his head is going to explode!

☒Ring...ring....' immediately right after hung up Long Qi phone call, Long Ye is calling him.

"Hello?"

"Ao Tian, can I have word with you now?"

"You say, I listen."

"Yesterday, last night Long Qi told me that, Xiao Meng Li's mother murdered, right after I got the news, the first thing that I did, immediately I went to Police Station to check, the time of Xiao Meng Li's mother death, with you...."

"Stopped the car!" When Long Ye has spoken half, All of Yu Ao Tian attention is at the piece of news which displayed on electronic big screen.

The car is stopped at the street side, staring through the glass window, his eyes keep on looking at the electronic big screen.

☒Last night, there was a reporter who got picture of the Feng's Group second young master with mysterious girl came out from poor apartment building, after that both of them were heading to five stars restaurant to have dinner, after had dinner, for once again both of them got back to that poor apartment building, after few hours later, Feng's group second young master hurried going out from that mysterious girl's place.'

The electronic screen keeps on emphasizing regarding about mysterious girl whom together with the Feng's group second young master, at one glance Yu Ao Tian has seen who that person is, moreover, the poor apartment that being emphasized, Yu Ao Tian knows whose house it belongs to!

Hah, for half month both of them are not seeing each other, when both of them are met, she even use such cold attitude treated him, is because.... For this time, she is always with Feng Chen Yi?

"Hello? Ao Tian, are you still listening?" It is Long Ye from the other side of phone, waiting for sometime there is no response of Yu Ao Tian, he even more panic calling him.

He drawn back his bleak eyesight, coldly said: "Say!"

"Do you need me to explain to Xiao Meng Li, you think?"

"It does not need now. Thing has be at this point now."

"But, due to Xiao Meng Li's IQ, soon or later she will look for her uncle, right? When time..."

"So just take step ahead before her!" Coldly Yu Ao Tian cut off Long Ye's phone call, the next moment, his bottomless eyes dimmed: "If after she investigate it was me who did it, just let her thought like that. Long Ye, this matter, you don't need to interfere!!"

"Understand...."

Hung up the phone call, Yu Ao Tian for once again stares at that electronic big screen that displaying Feng Chen Yi and Yao Yao's picture, slowly, he tighten his fist until his vein shown, his eyes gleaming dangerous. "Start the car!" he said coldly.

The car is moving and gradually disappearing from the electronic big monitor.

But, the two persons which shown at the big electronic screen are piercing on his eyes, or precisely, it piercing into his heart.....

First night back to her dorm, Yao Yao even had passed it with nightmare.

She dreamt has afflicted with her grandpa that torment with sickness, in her dream she seen her mother bitter expression before she died, dreaming about her father who has already at heaven, and then dreamt many things after she was at 6 years.

"St.... Headache." it only six o'clock in the morning, she cannot sleep back. In her brain there are many memories regarding her childhood, flowing inside her little head.

Father, mother.... Now only left her grandpa, the only family she has, she hopes everything that arranged by Feng Chen Yi would be going smooth.

Actually who murdered her mother, and even hunted down her Grandpa? She believes that good persons like her mother and grandpa would not do crime, moreover for this time grandpa always at hospital, and how could mother has thought to crash with others?

Robbery is absolutely not possible; revengeful murder? Seems less likely. Those men why they wanted to kill mom?

☒Uncle, are you coming from Italy.'

☒Ha, Yao Yao has grown this big already. I still have thing to do, I take my leave first. Sis, if you know something you must quickly inform me, if not..... You will make all us get killed!'

☒If not.... You make us get killed!

☒Get killed!

Her brain suddenly recalled the memories, in hospital, the words before uncle leaving.

"Uncle knows it!! Uncle must know what is going on! Or else impossible for him to say that kind of words.

"And also.... And also, that day, two mysterious persons who were coming to Uncle's place, actually who were they?

Suddenly Yao Yao's face turned to be dim, rolled her body get down from bed, dressed, directly leaving a school, hailed car and heading to uncle's house. But for very long time, the abandoned villa had no one open the door.

Waiting for whole afternoon, she hasn't seen her uncle not even a shadow.

What to do? Regarding someone like her uncle, she does not know anything about him, but deep in memory, he types of person, after her father passed away, he took all her father assets and disappeared without any news.

Now how she contacts this uncle?

She standing in front of the villa by showing her difficulties expression.

Go and look for Yu Ao Tian? If now she looking for Yu Ao Tian with his current status, if he wanted to investigate and search all information regarding of her uncle this is such easy. But yesterday, the thing that happened between them, moreover now he is such busy, after all she has decided not to disturb him, and also there is no reason to make him to get involved in this matter.

"Ss... Perhaps.... There stills a way to find uncle!" thinking to this point, at sudden Yao Yao's face is showing such strange smiles.

"Lawyer Luo, hello. Because the person you wanted to bring a suit against is Australian citizenship, in addition the plaintiff has died, so that you need to show a more favorable evidence, to prove, Mr. Deng Zu Ye misappropriation of yours mother's possession." The thing that thought by Yao Yao, actually to use her Lawyer status to sue her own uncle who misappropriation her family assets 13 years ago.

First her uncle loves money so much, he will absolutely come to join the court; second if the suing is not success, she still can check her uncle's data.

"Prosecutor Zhang, 13 years ago that villa was bought and registered with Luo Tian Ming's name, if there is no mishap, until today it stills not yet changed the ownership name.

Thus with my mother Deng Hui Hong's status as legal wife, although she has passed away, it should be entitled to the identity of the first heir, doesn't this not enough to use as strong evidence?"

Yao Yao who has the world class lawyer status, most of the court prosecutor are treating her well.

After listened to Yao Yao reason, helplessly Prosecutor Zhang gives her a smile: "Lawyer Luo, that villa indeed registered with Luo Tian Ming's name, but.... Your mother, wasn't his....legal wife."

"What?" Mother wasn't father's legal wife?

"Lawyer Luo, you take a look at this." after said, that Prosecutor Zhang shown Yao Yao pieces of document copy.

She hurries take a look....

In her father's spouse column there isn't her mother's name?

So who is her mother? Did she her father's lover?

My Comment:

Finally Yao Yao found out one truth about her mother. Deng Hui Hong isn't legal wife of Luo Tian Ming, but she has made her guess, her mother might her father's lover.

The others truth will be revealed one by one, darker and more thrilling.....

From my translation source, we are almost at the end of book two, only left few chapters before we starting the third book..

Episode 363

"Zhang....Prosecutor Zhang, about me.... Me...." Yao Yao does not know how to say anything.

Fortunately very fast prosecutor Zhang understood her meaning: "Lawyer Luo, in your relationship column, you are register under your father's name."

Actually what all thing happened? If mother is father's mistress, logically it said that father would not dare to register her under his name, right?

"Prosecutor Zhang, can you give me my father's legal wife contact? And also, the contact of Deng Zu Ye."

"Due to the procedure this is against the rule, but if the person is you, it is not a problem!"

This is one of the best part to be world class lawyer, go to anywhere always have green light. Very fast prosecutor Zhang has done checking about Luo Tian Ming's legal wife contact and also her uncle contact and given it to her.

Although she knows her purpose and her mission is investigating the killer who murdered her mother, but beforewards, she really wants to clear up (understand) the relationship between her father and her mother.

According to the contact which is given, Yao Yao is coming to the relatively old-ancient building, this old-ancient building perhaps have few decades history, although it's old, but during that time this building could be said as type of wealthy people's houses.

☒Knock knock knock'

The door is opened, the person who opened the door is a woman who at her forties: "Miss, may I help you?"

"Hello, I am looking for Madam Sang Rou, you...."

"Oh, I am the maid who working with Madam, please come with me."

Under the guidance of the maid, Yao Yao is walking inside this old-ancient building heading to the second floor, a gray haired old lady is sitting on the chair while reading a book, although the years have obscured her original beauty, but looking at her facial features, this old lady must be someone beautiful when she was at her youth.

"Madam, this Miss is looking for you."

"Oh?" Sang Rou smiles graciously, slowly looking at Yao Yao: "There has been quite long time no one coming to pay visit, little girl, why are you looking for me?"

"Madam.... Sang, Madam Sang, I am... I am a reporter from Legal Times, this is almost Grand Celebration of an important election for the politician, our news paper headquarter asked me to do an interview with relatives who used to work for the government." For this old lady who live peacefully, she is showing her respect, although she does not know what kind of animosity among the previous generation. But she does not want to directly expose herself, hence hurt this old Madam.

"Oh? Are you coming to do interview?" Sang Rou looking ups and downs, measuring Yao Yao, her face is showing up generous smile.

"Yes... Yes. Your husband..

.. Luo Tian Ming?"

"That's right, haha." the old lady is pointing at the long sofa: "Little Girl, you have a seat while interviewing me."

"Oh, alright." Yao Yao is pulling the sofa, wanting to get closer with this old Madam.

"Tian Ming is my husband, he really kind man, career-minded person, also was someone progressing, he was ever worked as secretary for our Vice Prime Minister."

Vice Minister? Father ever worked as Zeng Kai Rui's secretary?

This name, Yao Yao had heard it hundred thousand times, but all were coming from Yu Ao Tian's mouth.

She knew that her father was working in political circle, she also knew that her father was having prestigious occupation as High level secretary, but never thought....

Father was Zeng Kai Rui's secretary!

Mother never brought up the topic before! Moreover her memory that lost before she was 6, whenever mother brought about father, she would have a look being hurt, so she also not dared to ask.

"You.... Are sure that.... Dad.... Your husband ever worked as Vice Prime Minister Zeng's secretary?"

"Of course."

Does not know why, when the old Madam gave her such affirmed answered, Yao Yao can feel her heart uneasy. "Ha, and how about your relationship with your husband? Where your children?"

"The relationship between Tian Ming and me,,,, always alike best friend, perhaps! Perhaps only a friend, we don't have any child."

"Friend? This really.

... Strange relationship. But your husband had daughter, do you know this matter?"

"I knew it. I knew." Sang Rou nodding her head, she putting down the book slowly on the tea table, smiles at Yao Yao: "Little Girl, you are Tian Ming's daughter right?"

"....."

Ugh, does her disguise as reporter not that good? Or... Did she say something wrong, how could at one moment the old Madam could find her out? Yao Yao awkwardly give her smiles.

Sang Rou helplessly shaking her head: "You this little girl, are you still wanting to lie to elder? Haha, Tian Ming had passed away for many years, how could there still a reporter who coming here to do interview? Said, Little Girl, what do you want to know?"

Cold sweat...

. Just as expected ginger must be old one that hot. "Madam Sang, actually, actually I just found out that you are my father's legal wife."

"Very normal, in this world there is no parent who willing to let their children know that they are someone's Mistress." this words said by Sang Rou quite piercing to ears.

But from her generous expression, it seems she does not have an evil purpose.

Moreover, this words are indeed logical, that time, Yao Yao ever thought, if there is a day her relationship and Yu Ao Tian ended, although she has married and had her own children, she also would not tell her children if she ever became someone's lover.

"You, have you known about my mother?"

"En, I have known it for long time, it was your mother who avoiding me. Actually she didn't need to do so, I don't care not even little bit between her relationship with Tian Ming...."

Listen to the story which backwards almost 40 years ago.

That time Luo Tian Ming and Sang Rou were at same age, they were so young, 20 years old, they were soldier at same army, and both of them were introduced through the matchmaker and shortly both of them just ended to stay together.

But after they stayed together, two of them realized they weren't match, so that everyday both of them always quarrel.

About Sang Rou, at the beginning she had boyfriend that she dated for 3 years, but because the other party didn't have good health, so that she forced to separate from her boyfriend.

But after she married Luo Tian Ming, she realized her ex-boyfriend was better, while Luo Tian Ming was not treating her well.

But, because both of them were coming from soldier background in order to do divorce process was more difficult than reaching a sky, in addition that time was semi-feudal era, divorce was something not good.

So that Luo Tian Ming and Sang Rou were spending days like that. Both of them were even had thought that, if they had child perhaps their relationship would be better.

Who knows, no one knows whom between two of them who could have child, so waiting for long time there was still no child.

Every day quarreling, troubles kept coming, then, because of arguing and quarrel, this two persons had spent such days for twenty years.

Until when 18 years old Deng Hui Hong appeared, Luo Tian Ming has already at his forty!

As a woman, Sang Rou's instinct could feel that her husband cheated on her, but because there was no love between her and her husband, but the forty years old Sang Rou didn't young anymore, absolutely she could not gulp this anger, so they were quarreling fiercer than before, even pointing out who was the third wheel.

Just like this, the fight were even getting fiercer, until Sang Rou found out who was the third wheel, she was checking out so many data.

Toward the Deng Hui Hong who came from ordinary family, and Sang Rou who comes from extraordinary family, if wanted to kill her, simply to say as easy as step on an ant.

After Luo Tian Ming knew, he was begging Sang Rou to let off Deng Hui Hong, he even said, whatever she wanted, he would fulfill, money, house, everything, as long as she didn't harm Deng Hui Hong, everything he would do. Even divorce!.

Episode 364

"I heard from Vice CEO Long. My deep condolences, Yao Yao." Wang Han gives her a faint of smile, he extends his hand and stroking her hair and then looking for an empty seat.

"Yao Yao, just now who is that man?"

"There is guest arrived!" before Gong Xiao Man finished her words, the Master of Ceremony for once again said with loud voice.

"How can there still other guest coming?" as seen the funeral hall that only can accommodate 20 persons seems not fit anymore, perhaps if there few people keeps coming there won't be any seat left?

This time, the person who is walking inside the funeral hall not any stranger, they are Yu Ao Tian and Long Ye!

Beyond doubt, their arrival pushed the quiet funeral into the***

Sitting on the left side is Hei Yan Long, Ou Yang Zi Xuan who are whispering each other: "This woman hasn't she broke up with Yu Ao Tian?"

Feng Chen Yi with his cold expression swept on Yu Ao Tian who is walking in, coldly said: "This is their matter."

"What is called as their matter?" They had thought that Feng Chen Yi busy for these days to settle Yao Yao's matter, because they thought Yao Yao had already broken up with Yu Ao Tian, never thought....

Feng Chen Yi by all this time acted as altruism?

"Yao Yao, my deep condolences." Long Ye's face is shown bitter expression in front Yao Yao before he gives his respect, extend his hand and stroking her head.

She almost forget, in her life, actually there still someone alike Long Ye who taking role as her Big Brother, isn't it? "Thank you, Long Ye Ge Ge."

"Haha, you are really, if I was not heard it from Long Qi's mouth the news about your mother passed away, perhaps in this life time you won't tell me right?"

It is not that she does not want to say, the most important she afraid this matter will disturb Yu Ao Tian's time. If she told Long Ye Ge Ge, then Long Ye Ge Ge will surely let Yu Ao Tian know. "I am sorry." Yao Yao feels guilty nodding her head, at the moment when she raises her head, her moist eyes are keep looking at Yu Ao Tian who showing expressionless face.

"Ahem, Ao Tian!" Long Ye can feel the atmosphere turned to be strange, stretch out his hand and then pulling Yu Ao Tian's cloth.

Immediately he shown his elegant smiles: "My deep condolences." turned his back, he takes a seat on right way.

This scenery, it makes Gong Xiao Man who still in kneeling position feels unsatisfied: "What does Yu Ao Tian mean? Even that someone who called as Regional Director Wang, Long Ye, they are saying few of comforting words, but Yu Ao Tian is looking as if coming to stranger funeral ceremony, at least you are his girlfriend, right? His reaction, is he still a human or not?"

"Xiao Man, I am not his girlfriend. Moreover, his reaction is normal, you must have realized now he is member of congress, government official, if he comes closer to me, it will not good for him."

"Yao Yao, are you sick? He because of protecting his own position, can't he understand you? That also need to separate the occasion, he MF, this time still pretending as stranger, simply to say not a human!"

Yu Ao Tian image is slowly turning bad on Gong Xiao Man's eyes, today she is raging in fume.

Regarding to this matter, Yao Yao is showing calm expression, it's okay, if she really needs Yu Ao Tian comforting, she wouldn't not inform him for all this time.

And then....

This two girls are mistaken to understand the reason why Yu Ao Tian shown such cold expression.

As mature man who has many experiences, he is so clear when he must flare up, when he must suppress himself. Few days ago the news and rumors about Yao Yao and Feng Chen Yi hasn't forgotten by him.

But today when he walking into the funeral hall that moment, the first thing that caught by his eyes are Feng Chen Yi. Although he stills thinking to suppress his anger, but he stills not able to control it perfectly!

The bottomless unreadable eyes are looking at Feng Chen Yi.

Feng Chen Yi's pair of cold eyes are also looking at him too.

When both of these two men are looking each other, at the same time both of them are showing strange smiles, but at the moment they drawn back their eyesight, the smiles that shown on their faces also disappeared without any trace.

"There is guest arrived!"

Will the person uncle? This time must be uncle? Yao Yao quickly dashed to the funeral entrance to take a look.

As seen, Xia Ren Liang who dressed in black holding Xiao Qiao walking inside, giving respect bow three times, hurried he crouch in front of Yao Yao: "Are you okay?"

"You.... How can you come?" she didn't inform Xia Ren Liang.

"I have read the announcement on the news, I have feeling it must be you, so that I ordered people to ask around. I just found out that today is your mother funeral ceremony. I am sorry, for coming late."

No, the person who must be apologized isn't Xia Ren Liang but her.

"Thank you, Xia Ren Liang."

"How can Lan Du Group Xia Ren Liang also coming?" sitting at the left side, Hei Yan Long curiously asked.

Ou Yang Zi Xuan quickly looking at him, whispering: "Ever pursuing Chen Yi's Ex-girlfriend before."

".....

....." after Hei Yan Long heard it, simply to say he does not know what to say. "This woman seem quite popular.

"

Look at the huge crowds of people, the people who sitting here only few who are ordinary people? Can be said, those who are business tycoons are gathering at here.

If counted Yu Ao Tian who just entered the political circle; the person who has underworld background Long Ye, Ou Yang Zi Xuan.

This time funeral ceremony can be said that, the black, the white, three world people are mixed into.

Bugatti Veyron, Bentley, Ferrari, Porsche, BMW, Land Rover, Lamborghini, Rolls-Royce, all of these luxury cars brand are gathered today.

One by one the reporter after receiving the news are coming to dig out the mystery.

"Since not long ago seeing those who are entered the funeral ceremony, Two top management of Berson Group, The CEO and Chairman of Bao Lai's Group, and also the government official Congress Yu, The CEO of Lan Du Group, General Manager of Feng' Group, The sole heir of Ou Yang Group, until now those business tycoons who lead the China business are completely arrived. Really does not know who

the person holding this funeral ceremony." this is the scenery, undoubtedly this becomes the headline news for today's.

After all, it is something that won't be seen within 100 years.

But Yao Yao doesn't think this way, she does not inform anyone, because she hopes her mom can rest in peacefully, just alike her life, ordinary.

The funeral hall is crowded by people, everyone is very hard to squeeze to fit in.

"There is a guest!" once again the Master of Ceremony said.

Yao Yao is emotionally looking at the funeral hall entrance: "Uncle!" and next her eyes are glancing at Feng Chen Yi.

Feng Chen Yi understands her signal by nodding his head, and then he

exchanges his sights with Ou Yang Zi Xuan who beside him.

"My men are prepared." Ou Yang Zi Xuan confidently showed OK gesture with his hand.

The other side, Long Ye's face turned to be dim, just when he is taking out his phone, Yu Ao Tian pressed down his hand: "The deceased is important. Just wait until the funeral ceremony ended and we make moves."

"Understand."

Episode 365

Yao Yao is hurrying to dash in front but when she wants to open her mouth, she forgets what she wanted to say.

To solve the misunderstanding?

Or should she ask him why he acts this way toward her?

Perhaps, asking him whether he know or not about those killer groups?

Does not know what to say, now her head is in chaos, it was only half month not seeing each others, see him face to face, everything has changed as if stranger, as if both of them never meet before.

It looks alike, each time when both of them are apart, they would like a stranger, this really confused her whether she..... And him ever had interaction!

"What do you want to say?" Yu Ao Tian is coldly looking at her small face.

Yao Yao smiles, shaking her head weakly: "Thank you, today you can come here."

Perhaps, after long time, there is no need to make an explanation anymore, actually it also not bad to have some misunderstanding with Yu Ao Tian for this time.

After all, if she keeps on staying beside him, she could not do anything more for him, better, just like this slowly being forgotten.

He must go to the path that belongs to his; while her just stays here to become that wood bridge.

"Do you only want to say this?" Yu Ao Tian asked.

She is forcing herself to give a smile, with empty eyes she nodding her head. "En...."

"Ha." so that what he waiting for this time only for a thank you word! Just like an ordinary thank you word given by the family. There is cannot be any ordinary than ordinary of Thank You word. "You and Feng...."

"Ao Tian!" Long Ye's face tense, with little bit panic speaking tone he has interrupted them.

It can be seen, Long Ye must have something urgent to tell Yu Ao Tian, Yao Yao answered him with smile: "I won't disturb both of you, I take my leave first."

Turned, and then she slowly disappeared from their in front.

"What's matter, Long Ye?"

"Just now the killer group made a report, there are another killer group on the highway."

"There are another killer group showing up?" Yu Ao Tian is narrowing his eyes, coldly said: "The target of the other side!"

"Seeing from the killer skill, they were those men who escorting Deng Zu Ye but absolutely not Xuan Wu group's men!"

After listened to Long Ye's report, at sudden pair of Yu Ao Tian's eyes are gleaming brightly, but very fast it replaced by the black cloud (gloomy).

"Ao Tian, can you analyze the other party's intentions?"

"From the surface they wanted Deng Zu Ye to say something toward Yao Yao, but...."

"But, due to the today's Xiao Meng Li whether her background or her capability she stills not someone who can compete with you, so those men didn't have any reason to use Yao Yao!"

That's right, just like as what Long Ye elaborate, due to today's Yao Yao background and her capability she cannot compete to the today's Yu Ao Tian who is such stronger, so that she does not have any use-value.

But another moment, every times Yu Ao Tian who able to control any situation with his head but at same time he is showing his difficult expression. "What's matter seem off?"

This is the first time for Long Ye to see Yu Ao Tian showing this problematic expression, as seen, this matter must be serious one. "Now what to do?"

Silent for moment, Yu Ao Tian drawn back his problematic expression, coldly said: "Deng Zu Ye must be killed, and regarding to the mysterious killer group.... Just leave one to stay alive."

"Understand!"

"Yao Yao, here." on the cemetery entrance, Hei Yan Long with big strides from inside to Yao Yao in front while waving his hand.

She is looking around, looking for Feng Chen Yi: "CEO Hei, where is Chen Yi?"

"He is going with Zi Xuan and also their body guards to protect your uncle leaving this place. Now you get to the car, let's we gather with them."

"En, alright." at glimpse her eyes catch few cars that parked on the street: "CEO Hei, you wait me for moment.

" she hurries running to the opposite of the street: "Long Qi, Qi Lian sunbae, is everyone safe?"

"En, everyone is safe. The killers target aren't them, so that all of them are safe and soundly." said Qi Lian Ao Yun.

Yao Yao is secretly heave a sigh, too great! If because participating mom's funeral ceremony, and make these fellow friends get into trouble, for her life she will cannot live in peaceful.

Really never thought, this time the funeral ceremony could be turned into this chaotic??-apologizing to everyone.

"Today matter, thank to all of you. Shocking all of you, I am apologizing." Yao Yao back one step, give deep bow toward Long Qi and Qi Lian Ao Yun.

Long Qi who used to be mischievous love to laugh but today obviously Long Qi is looked so different as his usual, because.....

At the first time when heard the firing sound, he had already made his guess, those men were Yu Long's men! "You don't have to apologize, Yao Yao, this kind of matter no one wants it, that.... I take my leave first."

"I also leave."

"En, Long Qi, Qi Lian sunbae good bye." her eyes are seeing them until they get into cars, Yao Yao hurries get in into Hei Yan Long's car.

Not long after that, they arrive at their location, one luxurious place.

"Where is this?" Yao Yao is pointing at the luxurious house in front of her eyes, cannot help herself to think about those in Television, those underworlds big boss who lived in such place, aura, also the majestic-feeling, also revealed slightest mystery feel.

"Xi Zuan's house." After said, Hei Yan Long faster gets down from the car, very gentleman he opened the car door for Yao Yao.

This person who always act almighty and arrogant like big Young Master, today is rare to see him to drive the car by himself, the one of the most never thought is, he even understands politeness to open door for woman, not long ago this man was bringing ten men with him, followed at his back. It is difficult to think that the arrogant big young master and her in front gentleman are same person.

Get down from the car, Yao Yao can't wait to hurry get inside.

Looking at the empty Big Hall...

"No one?" doubted she is looking at Hei Yan Long.

"Please wait." Hei Yan Long turned his back, takes out his mobile phone: "Where are you? We have arrived."

"....."

..."

"Understand." within short communication, the expressionless Hei Yan Long hung up the phone call.

From his serious expression, Yao Yao can feel slightly bad premonition: "What's happen? Where Chen Yi and others?"

Hei Yan Long silent for while, one of his hands inserted on his pocket, forcing himself to give a dry-smile:

"Your... Uncle.... Being killed!"

☒Thump'

Although Yao Yao and her bad wicked evil uncle does not have any feeling, but heard the news about his death, cannot avoid it gloomy her feeling little bit.

The ghastly demolish building, the one and only a fairly well kept room was shining bright.

"It is only here, you see, are you satisfied with it?" Feng Chen Yi is pointing at the room which shining brightly.

Yao Yao glances a moment, satisfied she nodding her head: "Satisfied, thank you."

This is the last favor that she asked from Feng Chen Yi!

'Please help me to choose one secluded place, moreover it has sole IP address internet access, and then prepare one computer.'

This place is located in a very remote area, everything just fit as Yao Yao wanted. "Chen Yi, immediately leave."

"What do you want to do?"

She silent for moment, expressionless she said: "Can I explain everything about my matter later after I done with it? You leave first okay, also don't guard the door and wait for me. Okay?" she is using heavy begging speaking tone, now the thing that she wants to do, absolutely 'dangerous', she just does not want to make Feng Chen Yi to get involved.

"Okay, I understand." although little bit worry, but Feng Chen Yi still chooses to respect Yao Yao, leaving this place.

She slowly walking inside the secluded room, sitting in front of the computer, faster she hacked the operator system.

Episode 367

'Oh yeah, there is also Yu Long Group! Although, in China Yu Long Group always keeps on being low profile, but due to their position in Japan they must have their own killer group.'

'One of them are Berson Group CEO Han Li Shang, When he was young he had award-wining on overseas, his shooting skill is so accurate'

'Don't kill me! Don't kill me!!'

Her eyes is gazing at the computer program code, but early Yao Yao's mind has thought about another thing.

Yu Long group has it's own killer group, Han Li Shang has awesome sniper skill. Perhaps, this cannot be any evidence those killers were coming from Yu Long Group.

But when uncle being taken by Feng Chen Yi, why he showed fear expression when looking at Yu Ao Tian?

Could it be another possibilities, he was not begging Yu Ao Tian to safe him; but..... He was begging Yu Ao Tian not to kill him?

Could it be the two mysterious persons who were coming over uncle's house, why they hiding from her when she entered to inside?

Did they afraid she see Yu Ao Tian as one of them?

Does not want!

She really does not want to make a guess that person as Yu Ao Tian, but why this matter is pointing to him?

It is okay, Yu Ao Tian, I believe you are not the person who killed my mother, aren't you? Must not you, right?

Very soon, very soon it will give the result!!!

'brush' at sudden, an encoding program on computer screen.....

A web page that regarding government secret files (internal section of country file) appears in front of Yao Yao's eyes.

The fire case of Hua Mei Villa.....

When she is typing the words her hand keeps on trembling.

Remembered that time, when she was checking about this case in internet, she didn't get anything; when browsing on overseas internet, she also didn't get anything. It seems as if a secret case, since the case seems to be secret case, then it must be kept on the nation international confidential section.

But not long after that, Long Qi said it was only misunderstanding, so she stopped to continue check on it.

But this time, her feeling tells her.....

. If the fire case of Hua Mei villa didn't have any relationship with her father, then the killers who killed her mother must not Yu Ao Tian, absolutely not! Absolutely not!

☞Shua La' (a swishing sound)

The new web page is showing up, but Yao Yao's eyes are avoiding to see it.

Why does not dare to look at it? Is it because afraid of the evidence, that Yu Ao Tian was the person who killed her mother?

Hasn't she told herself, must believe on him! Must believe on him! It absolutely not did by him! Must not him!

Her eyes once again look at the computer screen, Yao Yao's hand is slightly trembling when moving the mouse.....

The Case of Hua Mei Villa.

Victim : The Ex-Prime Minister Qi Lian Hao and Yu Yi Ting; Prime Minister First Son.... Qi Lian Ao Tian, The Second Son is Qi Lian Ao Yun.....

☞woosh'

At the moment, when she read that few words those victims, At sudden Yao Yao's small face is changed white pale, paler!

Qi Lian Ao Tian? Yu Yi Ting?

Yu..

.. Ao Tian?

He..... He is Ex-Prime Minister's..... Son?

No wonder, there is no trace of the man as some who born from ordinary background, he has elegant manner, even when talking he is bringing such elegant aura, even when he smiles he as king's attitude with him. So how could he as someone who come from an ordinary background alike little scoundrel?

☒Ao Tian, Do your goal only want to be congress member?'

☒My goal is Prime Minister position!'

That time, Yao Yao was doubting whether this man was joking or serious with her, but now she is absolutely affirmed that Yu Ao Tian must be serious, because his father was the person who ever rule this country before!

☒Actually the Deputy Prime Minister this position is still available, as long as Yu Ao Tian can prove that he has relationship with three generation government officials, he can go for the election.'

☒Oh, Then Yu Ao Tian already had it. Haha, I just joking.'

It wasn't, it seems that time Long Ye Ge Ge wasn't joking, it was he slipped when said it.

☒Ao Tian, since the Japanese side such value and weighing you, why don't you go for the Japanese election?'

☒I don't like Japan, this reason, can I?''

Ha, so that time when he gave her an answer, he actually prevaricated her, of course he must to be this country high official, because this country is belonging to his Qi Lian family, isn't it?

Still..

.. Still, the burn waist scar on his back, remember the first time when taking bath together, Yao Yao didn't have any intention to look at it but because had seen it she asked him. But she won't ever forget, that time he used such cold eyes staring at her.

Not recalling the memory, that kind of painful memory being opened, he must only have hatred! And then about the burn scar on Yu Ao Tian's waist, it must be something that related to the Hua Mei Villa fire case, that scar must from that incident, right?

Everything, all the mysteries seem to be revealed the truth.

When both of them know not long before, Yu Ao Tian has obviously showed his intention to engage in political, this purpose, his reason is, as long as he goes for the highest political position and then he can have everything he wanted.

Perhaps, this is only one side, while the other sides.....

Does Yu Ao Tian only want to take all the things back which belong to Qi Lian's, doesn't he?

Yao Yao is laughing bitterly, while she does not understand why she can feel this bitter, she only feels that her heart is so hurt, does it because she never understand not even little bit about this man, even until today?

Perhaps, if that time she knew about Yu Ao Tian's background, he in her heart could his image become blurred, become more stranger.

The mouse keeps moving, scrolling down.....

Episode 368

Handling affairs: Zeng Kai Rui, Luo Tian Ming, Zhao Zhi Cheng.....

In the name list they are six names!

While one by one of the six names, those names even wider Yao Yao's eyes!

She remembered Zhao Zhi Cheng, he was Ao Mei Group's chairman, that time when she realized Ao Mei Group's working contract had problem she even reminded Yu Ao Tian about it.

But who knows, at blink of eyes Zhao Zhi Cheng had died, because this matter she had quarreled with Yu Ao Tian for sometime. Anger herself, wasn't it because of her so busy doing so that she made Zhao Zhi Cheng's death.

Now think it carefully.... Hahahaha, although she didn't realize that working contract had problem, didn't Zhao Zhi Cheng still die?

Of course, Zhao Qing Kong, this name still fresh in her memory, in her memory Zhao Qing Kong was Zhao Zhi Cheng's daughter, because she pregnant, she came to find Yu Ao Tian, Her womb even being taken by Yu Ao Tian. Yao Yao was frighten to the point she pee on her pant, so ridiculous.

Now after she thinks it carefully, Yu Ao Tian is really heartless toward this woman, simply.....

Because Zhao Qing Kong was Zhao Zhi Cheng's daughter!

Others there still one name, she really had deep impression, this person was Jiang Cheng Group's chairman, his company had acquisition by Yu Ao Tian, his employees even jumped down from building and then died, while the Chairman disappeared without any trace. Perhaps, he had killed by Yu Ao Tian, right?

Regarding the other two names, she is also not stranger for their names, they are two chairmen whose company recently being acquisition by Berson Group.

While one of them who is most familiarized that she could not be any familiarized is Zeng Kai Rui, this name has been countless times being brought by Yu Ao Tian, at same time countless time being said with same hatred eyesight whenever talked about Vice Prime Minister. So that, because he was one of the person who responsible to investigate about Hua Mei Villa case!

And the last, the person was father!

13 years ago father died because of car incident so that his death was nothing with Yu Ao Tian, because during that time Hua Mei Villa case just happened, that year Yu Ao Tian must be about 15 years old, during that time he was no capability to kill anyone.

So that....

So that....

After 13 years later, because her father had died, Yu Ao Tian killed her mother to vent his anger, wanted to kill her grandpa to vent his anger, come to kill her family only to vent his anger, is it his purpose?

But why, Yu Ao Tian doesn't touch her? Is it because time not yet arrived, or...

. He has not been playing enough?

Tick, tick,' the big bead of tears flowing down from Yao Yao's eyes, and slowly down to her keyboard, she feels as if her heart being digging out by something and it feels so hurt.

She thought, she thought slowly by slowly she and he would be familiarized, both of them can be friend, an even both of their relationship can beyond friend.

But the fact proven, she staying beside Yu Ao Tian is only taking role as little clown, that's all.

As if a stupid little pig, every day the owner feed her food, also not asking her to do anything, other than eat, sleep, hardly realized, waiting until the time is arrived, the owner will be coming to slaughter her!

Such ridiculous comparison, but isn't it a fact?

Now she is little bit envy with Zhao Qing Kong, at least she could have cleared break up with Yu Ao Tian. Why didn't Yu Ao Tian treat her alike Zhao Qing Kong, killed her earlier at one time.

Oh..... Perhaps..... Isn't it because she not enough being suffered? Does he want to see Luo Tian Ming's daughter slowly by slowly suffering alike living in the hell?

He is such merciless man!

Well, why Yu Ao Tian could still treat her good and sincere before? That kind of kindness, it not mixed with any profit driven, it simply only a naive kindness toward her.

Or perhaps, this is only the thing that she willingly to think that way?

Heart, gradually becoming sour, Yao Yao does not understand, why at this moment, when all the evidence is pointing at Yu Ao Tian's, this moment, she does not have any impulsiveness to kill him right now, but why only a heartache? Her heart hurt as if being pierce countless times!

If being replaced by other person, a stranger, her heart must be hatred, impossible to feel aching!

The pain alike, as if her heart being torn, she keeps scrolling down the computer screen, scroll down the mouse.....

Qi Lian Hao has greedy heart compare to ordinary people, repeating to overthrow of the public interest into political meeting, has intention to restore constitutional monarchy, wanted to rule the country, therefore purposely on behalf country name to provoke war between two countries by kidnapped other country's heir, to take benefit from this in order to accomplish his own ambitions. Just then founded out

by other officials, diplomat negotiations, Qi Lian Hao wicked attitude brought to surface, to appease the war between other country and our country (China).

Between the influence and political status of Qi Lian Hao, the state key officials unanimously decided to adopt a low profile approach, given the task to be settled by Vice Prime Minister Zeng Kai Rui, Official Zhao Zhi Cheng and others to do!

When Yao Yao read until the reason of Qi Lian Hao death, on surface it is abnormal calm, but more or less she knows the internal conflict of political matters. Someone alike Qi Lian Hao who had high political status, can only be executed in the form of an accidental death, and then, silently disappearing from this earth.

There are common in the news reported, that, and that officials are having incident, that, and that official unfortunately died because of severe sickness, aren't they?

Some the contents are real, but some..... Only political approach that done by the insider.

Just never thought, Zhao Zhi Cheng and others were politician before, and then later they resigned from their post in the government, escape to the business world?

Yao Yao takes deep breath from her runny nose, when she wanted to shut down the internet, she found out there still another file.....

The mouse keeps on scrolling down.

Qi Lian Hao was kidnapping Ya Si Lan Guo (Aslan Country), Princess Lan Er Shan, Prince Ao Ni Ken and the country heir Lan.....

☞Shua La, Shua La..

..' (Swooshing sound)

When Yao Yao still wanted to read little bit more about all the case regarding to Hua Mei Villa case suddenly there are heavy footsteps of few people who getting into the building.

"Ha, come so fast!!!!" unhappily she creased her forehead, quickly she shut down the computer, and also wipe dried her tears, her expression is cold when looking at the door way.

"Miss, we are from the Nation Intelligence Service. Please you come with us!"

**

Nation Intelligence Service Office.

Yao Yao was hacking Government internal and also secret archives, likely to use unknown IP address to break into government IP address, instantly when the computer of the Nation Intelligence Service Officer got the report, then they are looked for the 'hacker' IP address and then come to arrest.

This is the reason why Yao Yao wanted Feng Chen Yi to find secluded place and also asked him to leave immediately.

"Are you Miss Luo, aren't you? Now we have reason to suspicious you as other country espionage!" inside the investigation room, two officers with no expression sitting in front of Yao Yao.

She sneered, she even asked them back: "You guys thought I am as espionage?"

"Miss Luo, impossible for you do not know what kind of web page you have browsed before?"

"Oh...." Yao Yao nodding her head, helplessly she shrugging her shoulder: "Just because of this, all of you suspect me as other country espionage?"

"Miss Luo, are you trying to deny?"

"It is not I wanted to make a denial. But it is the fact, I just too careless and without I realised, I have browsed to that web page, if all of you are suspected me because of this and then thought me as espionage, all of you are just treating me too unjustly." Yao Yao is pretending to make difficult expression and pouted her mouth, but her eyes are filled with provoking gleam.

"Then why you used such secluded place to do your business?"

"Huh? Don't you think that your question is little bit weird? Wherever the place I want to do my business it is my matter, not to mention regarding why I used such remote building do my business, even if I willingly to do my business at vast ocean, there is nothing of you guys business?" when she said this words, Yao Yao really wanted to give herself two slaps on her own face, why didn't she ask Feng Chen Yi to help her to get a boat, and doing this kind of matter in the vast of ocean? By that way she would not being arrested by them?

But..... Better to forget it, think it carefully, it is too expensive to do so.

"Miss Luo, our colleagues have investigated about your profile, you are the person who have IQ 200 above, one from the rare group person, right?"

Episode 369

"That's right, and so what?"

Seeing the way how Yao Yao provoke them, the officers who are in shift smiles with hatred: "Then you absolutely know that your action, the operation system can break into the web pages of our country's secret files! You are doing it by intentionally!"

"Aiya...." Yao Yao is smiling and also pointing her fingers to the investigators: "Words cannot be spoken that way. My IQ is above 200 which something that I could not control, an according to your meaning, our country's science and technology protection actually is not enough to withstand the invasion of people with IQ higher than 200? If really this is the case, don't you think that there is even no reason to

arrest me? Must go to Parliament House, ask them to make changes toward the science and technology for the Nation, also beware with people who have high IQ? Geez, really useless!!"

"You!!!!"

"Alright!" Yao Yao hurried changed her smile expression into cold, said: "You guys said that I am espionage, and also it begins with suspicious, so that, I have right to ask for protection!"

"Who is the person you want to be guarantor? Say out the contact person."

"I want...." when she said halfway, Pair of Yao Yao eyes are gleaming, coldly said: "Ask Congress Yu Ao Tian to come as my guarantor."

"MF her, this little girl is so outrageous!" two investigators who responsible to make investigation are going out from investigation room with face that fume in rage: "You say, both of our mouth cannot win over that little girl's mouth? Really so hateful!!"

"Huh, there is reason why she can such outrageous."

"What her reason to do so? Doesn't it because she has IQ above 200, that special right, that's all?"

"You read carefully, the below of her data." after said, that investigator helplessly handed over the profile data from his hand to the other investigator's hand.

This anger investigator took a glance: "World Class Lawyer, advance level? She is..... That world class lawyer? Just that little girl?"

"En, she is not only world class lawyer, but she also the person who had secure our congress Yu position in Parliament!"

"Ugh..... So she was that person being rumor in our department, the lawyer of last time, is she that person? Ha, really never thought, this little girl is someone so awesome."

"That's right, not expected right, dare to be such outrageous? Hurried, go and contact Congress Yu to guarantee her out.

"

"En."

Reckon also need more or less about an hour, waiting until Yu Ao Tian received the phone call and settle everything and then hurries he rushing to Nation Intelligence Service office.

"Congress Yu."

"Congress Yu." the investigators are giving respect bowing to Yu Ao Tian while greeting him.

He politely nodding toward them, coldly said: "where's she?"

"Immediately being bringing here." not long after that, the staffs are taking Yao Yao out from the investigation room.

Take a simple procedure, she and Yu Ao Tian are sitting on the same national intelligence service office room, for whole process these two persons are not having any communication, even there is no eye contact from both of them.

The car is stopped at the Government's office entrance, Yu Ao Tian directly walking to his car.

"Wait wait." Suddenly, Yao Yao stopped him by pulling his arm.

Turned his head, Yu Ao Tian bottomless pair of eyes are coldly looking at her, that kind of exuded expression able to freeze oneself.

"Bring me to your home."

"I don't have time. You go back to your home by yourself."

Hah, this kind of cold manner of Yu Ao Tian really out of her prediction, remembered not long ago after her mother passed away, this man even came to her school to look for her, right? Both of them were almost fight.

Why now, that sort of 'passionate' had disappeared? Is it because this public place? Or perhaps, there is not peace at his heart?

"It won't take much of your time, Ao Tian, just half an hour." Yao Yao is trying hard to stay alike usual speaking tone, but she cannot smile, not even the forceful smile, she also cannot do it.

Yu Ao Tian thinks for moment: "Get into car." this is because he forced himself to ask Yao Yao to get into his car.

"Congress Yu, where to go?" inside the car, other than the driver there is also a secretary. She only can take a seat beside the driver.

"Hua Mei road, number 308."

"Yes."

On the way, Yu Ao Tian mobile phone constantly ringing, it can be felt that the current him are especially busy! Super busy! Secretary who sits beside him constantly keeps on writing something, this cannot make Yao Yao not to think of, her father who was Prime Minister's secretary, could he also this busy?

The car arrived at the destination in a moment.

Both of them are getting down from the car one in front one at back.

When they are arrived at the Villa entrance, Yao Yao unconsciously paused her footstep.

Hua Mei road.... Hua Mei Villa....

☞'Brother, where are you?'

☞'At home!'

☞'Which one?'

☞'Our father and our mother's place they used to live before.'

Hah, this must be Hua Mei villa address, right? Yu Ao Tian must be bought this abandoned building?

No wonder he likes this place utmost, because this place has his childhood memory, has his past!

Really cannot understand, after all he hates so much those who killed his father and mother, but why he brought her to this place? Not understand, isn't her coming only to dirty the place belongs to his father and mother?

Walking inside to the place where Yu Ao Tian stays, carefully counting this place almost more than month Yao Yao never coming. But things still similar on the day she left, it seems that Yu Ao Tian also never come back to this place, right?

Tea cups, plates, bowls and others. Everything just too familiar for her.

It can be said, this place, during the days she stayed together with Yu Ao Tian it so less to find any bad memory about them, furthermore it has many beautiful memories.

But so regretful.....

It was before she knew the truth!

"What's matter?" Yu Ao Tian is loosening his necktie on his neck, expressionless he sits down on the sofa.

Yao Yao is slowly walking in front of him, using a stranger eyesight to look at him: "Why you act such cold toward me?"

"Haven't you known it?"

She knows it? What must she know? Should she know that he is the person who killed her mother?

Endure! Endure! This is not the time to explode. She makes fist from her hand: "Why don't you ask me why I got arrested by the national intelligence officers?"

When Yao Yao asked this question, Yu Ao Tian's pair of eyes are only having cold gleam, and then he keeps silent.

Why don't ask!

Ask!

By this way she can keep on talking!

The hatred in her heart suddenly intensified, she dashed alike an arrow into Yu Ao Tian in front.

When he hasn't had any reaction, he only can feel nice fragrance overflowing from her lips that pressed down to his lips.

So obviously, dealing with this type of sudden kissed, Yu Ao Tian is little bit shocked, that bottomless pair of eyes wide-opened, in his memory, others than when this Little Thing drunk, this is her first time to take an initiative to kiss him first!

Finally, the emotion that being suppressed by Yu Ao Tian for this time, exploding, there is man's**, but at same time it also has angered feeling regarding Yao Yao and Feng Chen Yi!

But this moment, he just wanted to enjoy this kiss!

Episode 370

Slowly close pair of eyes. Although feel it is not enough, he moves and takes an initiative, one hands is holding her waist, using his tongue to pry-open her teeth, and then intertwine with her small tongue together.

Just at this time, Yao Yao opens her eyes, her bead tears just at this moment falling down to her cheeks.

Never thought, staying together with this man for such long time, although she never take any initiative to kiss him first, but her kissing skill has changed to be skillful.

From Yu Ao Tian steady breathe until his rough breathing, it can be an evidence, Yao Yao kissing is an aphrodisiac (addictive)!

One of the man's free hand is stroking to above her waist, Yao Yao creased her forehead, but there is no refusal gesture. Allowing him to do so, she stroking into the inside suit by her small hand.

An instantaneously, Yu Ao Tian has already could feel something!

His big hand is pressing down her small hand, faster open pair of his eyes.

When he facing that pair of eyes which filled with hatred, Yu Ao Tian pushed her away....

The petite figure stumbled backwards for few steps, hah, the man really has such strong observant capability, as if at the very short time can feel on something, but regretful....

She stills succeed to take a gun from him!

The hand that holding the gun slowly lifting up.

Yu Ao Tian does not have any panic expression, moreover he even showing his devilish smile: "Little Thing, do you know what are you doing?"

"You must know what I am intending to do."

"Is it about you hacking the government internal internet (intranet)?"

"That's right! You guess, What I have read?"

Looking at Yao Yao who smirking, Yu Ao Tian only gives a cold humphed, he crossed his leg freely: "So that, is this your answer?"

"This is because you force me to do, Yu Ao Tian! You force me! I have said, if you dare to harm my family, I will definitely not letting you off!!!" angrily she roared inside that warm room, listened to it really not suitable.

Even Yao Yao can feel that her roaring sound has already messed this house warmness and also her beautiful memory, but, she does not have any option!

"It seems that I must use same way to ask you, with what capability you won't let me off?"

what....

Capability.....

Talking about underworld, she cannot! Business world, she cannot! Now, Yu Ao Tian's position in government is weight highly, with what should she fight with him? With what must she take revenge for her mother.

Hah, that's right, Yu Ao Tian is giving good question. The today's he is someone who as strong as a big mountain, while her.... She is only a little stone, isn't she?

"Are you looking for Feng Chen Yi? No wonder, for this time you are getting so close with him." when Yu Ao Tian said this his face is showing provoke smile, but his heart is gloomy since that day, the scenery which displayed by the electronic screen.

"Hah, you are reminded me, Yu Ao Tian.

It seems that I can look for Feng Chen Yi's help!"

Suddenly, Yu Ao Tian is curled his hand into tight fists, his sexy lips is curved up, looked alike sinister:

"Just like become my lover, will you also go to be his lover too?"

"That is my freedom!!!"

"Freedom? Hah, Little Thing, don't forget, although our lover contract had torn, but the debt you owed me, there's still there."

That's right. That debt still there, always been there!

She cannot leave him, it is because she cannot pass the obstacle in her heart, because she stills owed him. But this moment! She really cannot keep calm herself down and using calm attitude to deal with this debt! "Money, I will think the way to pay you back. But people's life, when will you pay me back?"

"People's life? What's people's life?" Yu Ao Tian tilted his head aside, he laughed with disdain expression.

"Yu Ao Tian, you still pretending! Your father was someone ambitious! Your father was intending to change the government rules, being found out by the government, so being executed it was something served his right!! What right for you to revenge, all of that was served your father right! Served his right!!!"

When Yao Yao anger is roared, Yu Ao Tian's face that showing smile expression suddenly changed and replaced with gloomy expression. Alike, the reaper who is going to take any soul, it sent a chills up to the spine.

"Little Thing, you say it once more!!!"

"This is the fact, Yu Ao Tian! It was your father who deserved to die!!!"

Suddenly, Yu Ao Tian standing up in fast pace.

"Don't move!!!!!!!!!" pair of Yao Yao hands are holding the gun, simply pointed the gun right into his heart position.

"Hah." with a gloomy smile that shown, Yu Ao Tian slowly raised his hand....

☞'creak, creak'

One by one the gun bullet is falling from his hand, when it hits the floor it makes crisps sound.

Yao Yao cannot believe open her eyes wide, and then she takes a glance on the gun holding by her hands.....

Since when? Since when Yu Ao Tian has removed all the bullets from the gun?

Think it carefully, it seems on the moment when she took the gun, Yu Ao Tian pressed down her hand, just on that short time?

After all he able to remove the bullets, why didn't he take the gun away too?

He is really unreadable man, just at this moment, once again Yao Yao feels as if a monkey, she is fooled by this man until she injured for her whole body.

"Yu Ao Tian, although you are not removed all the bullets, today I will not kill you with this thing." Yao Yao expressionless tossing away that gun, this is effortless thing, she won't use this kind of dirty thing to kill this kind of man.

"Hah, so what will you do in order to take revenge?"

"I will use all my will and my utmost to take all yours! Yu Ao Tian, although the politician status is something you got by yourself. But.

... I will have way to pull you down from where you from!!! We, let see and wait!" after said, her face is dimmer and then leaving this place where filled with many of her good memories.

"Hah." when Yu Ao Tian is alone inside the room he is helplessly shaking his head, bend down his body and then pick up the gun, slowly walking to the window.

At the moment when that petite figure is walking out from the villa door.

His pair of eyes are dimmed, lifting his gun, he has accurately locked that figure.

But.....

Until Yao Yao disappeared from his vision line, there is no firing from the gun.

"Should I kill you, Bao Bei. But...." he kept the gun, turned his back, half of his body is leaning to the rail's veranda, lonely said: "Cannot do it. Hahahaha...."

"

One faint smile, as if showing his determination, the heartless man is weighing feeling (love), this lonely side.
