### Episode 491

Even though there is no Feng Chen Yi, no Yu Ao Tian, impossible for her to stay beside this man, perhaps not carefully one day she could be executed by him!

"So that the case, well forget it..." There was a sorrow gleam in Bing Ye's eyes, turned, slowly walking to the pond side.

Yao Yao rolled her eyes, could it be today count as good opportunity? It was not easy to see Bing Ye smile, moreover his speaking tone was such flat. Should she take this opportunity? "General!"

"En?" Bing Ye turned back his body, no expression looking at her.

"That... the match did I win?"

"Yes, you won it."

Woah! Heaven really helped me. "Really. Then you don't have to be Majestic Lan Nuo's personal guard."

"En."

Is it only an En? At least he must praise her few words, or said thank you to her? Of course... she could win this match because of Bing Ye. "General.

.. General, actually... actually I want to ask a small favor from you."

"What?"

So the case is... I have a friend. He is also missing in Ya Si Lan's ocean territory and also one of the victims can you ask your man to search for him? Of course, you also can call Japanese government to

search for him." That's right! Call Japanese Government also will do, after all due to Yu Ao Tian status, the entire world will try hard to search for him.

"Yours friend?" Bing Ye is asking Yao Yao in front of her: "Man?"

Yes, yes."

"Yu! Ao! Tian?"

"Yes, yes, yes!" at moment Yao Yao felt something off, just realized at the moment when Bing Ye said 'your friend', he has already changed the language to Chinese!

Dead... dead meat.

Episode 492

She is panicking looked at Bing Ye's pair of cold eyes, she nervously step backward.

In short time, Bing Ye's hand stretched out, grabbed pinching her neck: "Luo Yao Yao, wife of Feng Chen Yi Second Young Master of Chinese number one Financial Group. She was went missing after flight together with Mr. Bartholomew."

After she listened Bing Ye who spoke fluent Chinese when said out her background, Yao Yao knew, this cunning man has known everything, perhaps... since the beginning he has know everything!

Such scheming... man!

"You are lying to me!" Bing Ye put more strength at his hand which squeezing Yao Yao's neck, the cold aura from body as if has turned the warm temperature of spring water into an ice at the moment touched Yao Yao.

"You, didn't you... also... lie... to me?" Yao Yao painstaking tried to speak.

"En?" Bing Ye loosens slightly his hand.

"Huk, huk huk" Yao Yao painfully letting out rough breath, faster said: "You said that you have informed the Japanese Government to pick me, logically they should have arrived by now, but why until now they haven't come, because you are not even informed Japanese Government, am I right?" since Bing Ye could clearly tell about her background, then it can be said that the Chinese government has been issuing out rescue message to Ya Si Lan country. Since the first time they met he must have absolutely known her!

"It indeed was true that I didn't contact Japanese Government to pick you. Because I hate Chinese! Now..." He repeated: "Let me ask you for once again the first question I asked you when we met."

"No need, I can and definitely with a certain to tell you that I born in China!" Yao Yao gave him a firm answer.

"Very good!" suddenly Bing Ye loosens his hand, turned his body and walked to the pond side, picking up his clothes: "Men!"

Listen to the sound group of men's footstep coming over, Yao Yao didn't care whether she is walking naked or not, faster she walked to the pond side and then wore her clothes.

"General!" at the moment when Yao Yao has done wearing her clothes, the soldiers have already arrived.

Bing Ye's eyes dimmed, paid of his hand put at his back, coldly said: "Prison this woman, and then release the news of her death to all countries!"

Did Bing Ye do real? He has already known who she is, after all he still has heart to kill? "Bing Ye, what reason do you have to execute me? This is a serious matter!"

"Indeed, due to Feng Family status, moreover the status of Madam Feng and also Big Young Madam in Ya Si Lan country, if I do execute you there will be arouse little bit troublesome. But... you are just an attempt to murder my country, you are a secret agent, I... don't know what is your surname, or name!"

Such poisonous trick! Could it be said that Bing Ye 'to act first then report'? Pretending not to know who she is, after he kills then report it as mistake. As additional the influence of Ya Si Lan country, furthermore with his high status, even though China knew it they also could not do anything toward him!

Constantly spoon by spoon, very fast all the dish in the plate has been wiped clean by Yao Yao, she seemed completely unaware being fed by Yu Ao Tian actually was something uncomfortable and awkward, on contrary all the process was done with faint smiles.

"Aiya, Ya Si Lan country prison is so stingy, didn't you tell them that, you can eat five portions by yourself?"

"Who would say something like this?" for these two days she has been so boring, she just not believe, Yu Ao Tian still can have mood to eat with her before he being executed, if that happened he must be such ignorant, mustn't he?

"Haha." Yu Ao Tian stroke her nose with pampering, turned his back walking to the head of warden: "I will bring her to the execution place."

"En? Only you?"

"Yes!" Yu Ao Tian took out an execution book, handed it over to the head of warden. This was a book that he got after he dealing with a dozen of soldiers.

"Alright, bring her out." The warden head opened the prison.

Yu Ao Tian turned and smile, Yu Ao Tian winked his left eye, which kind of different charm.

She acted and pretended to be serious, followed at Yu Ao Tian back, getting out from the inner cell.

Along the way, thing has an unexpected smooth, every soldiers that saw them were gladly opened the iron bars for them.

It wasn't a short time for them before they reached the last iron bar.

☒creak'

The thick iron bar is opened, fore way is the cell exit.

"What's up, Bao Bei?" Yu Ao Tian showed his devilish smile when turned.

She creasing her forehead, seeing layer of the soldiers beside the iron bars, they are passed too easy.

"Haha, isn't smooth a good thing?" Yu Ao Tian smiled devilish, at the moment when he turned his back, his eyes showed dim gleam...

Since Yu Ao Tian felt nothing was wrong, then it must be okay. Yao Yao drove away the doubts in her heart, kept on following at Yu Ao Tian back until they went outside.

At the time, the sunlight pierce into Yao Yao's eyes, Yao Yao who has been staying for two days in cell cannot adapt to the dazzling of the sun light.

" You finally show up."

Suddenly, there is a cold voice flown, quickly Yao Yao rubbing her eyes, just realized...

Outside the cell, it filled with soldiers. While Bing Ye is coldly sitting on a chair, expressionless looking at them.

She has predicted it! She has known it was such impossible everything went so smoothly, how could a powerful military country alike Ya Si Lan let a soldier to bring out someone who has death sentence?

What to do? Bing Ye hates Chinese, alike Yu Ao Tian who is having such important official post, impossible for Bing Ye to let him go, right?

Her body is restless quivering, Yao Yao subconsciously pulling Yu Ao Tian's sleeves, her face shown terrifying expression while looking at Bing Ye who is sitting not far.

"Haha, it's okay." Yu Ao Tian exposed his smile to her in order to comfort her, and then that pair of bottomless eyes are slowly looking at Bing Ye: "You are taking such great fanfare only to lure me out, how could I not show up?"

To lure... Yu Ao Tian?

After Yao Yao heard this, enquiringly looked at Yu Ao Tian who showed devilish smile, so actually he has already aware about that kind sign of unease smoothly? So he didn't expose because he wanted to get into the trap?

"Three days ago, I got news, there was a witness who saw you coming in to Ya Si Lan's territory, I was asking one of my soldiers to search you but could not find you, so only by used this trick."

Used this trick?

The thing that Bing Ye pointed out, he was making such great fanfare by sentenced her death penalty because he wanted to lure Yu Ao Tian to appear?

This man's shrewdness.... Is really as equal as Yu Ao Tian's!

Can't help herself not to show that fear gleam in her eyesight when seeing these two men, at this moment, Yao Yao could feel that Yu Ao Tian has encountered a strong opponent.

Episode 494

wife. How about you tell her to ask her husband to bring you to meet Zeng Kai Rui, her husband is someone awesome."

"Due to yours identity as Director Yu taking me to the State of Council is reasonable enough. Moreover..." his amber color eyes flashed: "If you are really not care about her, at the time when I announced her execution news, why did you show up and help her out?"

Bing Ye spoke to this point, pair of his hand fold at back: "You exposed yourself in order to save other's wife, others..." his eyes swept Yao Yao who at beside: "You in order to save Director Yu, regardless of the danger you were staying beside me while trying to flatter me. The relationship between both of you... I don't want to speculate, now, I just want the answer from you, Director Yu!"

Bing Ye!

Yao Yao pair of hand curled into fist, so it was the case within two days she staying beside Bing Ye actually she has already exposed, this man really hide so deep! Simply to say he is another Yu Ao Tian, but their characters just far too different.

"Worst Bao Bei, ours affair is being found out, what to do then?" Yu Ao Tian pretending to show fear in his expression after said.

Yao Yao small face 'swish' at moment turned pale: "Don't... speak nonsense!"

"Hah." Yu Ao Tian showed his devilish smile again, after his deep and bottomless pair of eyes meets Bing Ye cold eyes, he nodding his head slightly: "Deal!"

Bing Ye turned, faster walked to in front of one officer: "Notice Colonel Sa Er, released all the Chinese ships that has stopped."

"Yes!"

Episode 495

After listened to Bing Ye's words, Yao Yao finally understood the reason why within these three days after Yu Ao Tian arrived in Ya Si Lan country but could not leave.

If, three days ago he has succeeded to leave, she has believed that must have rescued earlier.

This Bing Ye, was completely using to please someone into the boiling pot (give someone a taste of his own medicine) this scheme, intentionally to make Yu Ao Tian staying in Ya Si Lan country, and then lurking him out so that he could make deal with him. Quite wicked!

Ya Si Lan's port, there are more than 10,000 soldiers lining in square, welcoming the Chinese warship in the port.

Gradually seeing dozens of ship coming closer to herself, Yao Yao strangely getting nervous, does not know whether Feng Chen Yi is in one of the ship or not?

When warship finally entered the port inside, the person who responsible on behalf of the Chinese side slowly walking down from the warship: "Director Yu!" a man who wearing military uniform is bowing respectfully in military: "I am 45th Chief Sergeant, in command to bring you back to China!"

"Trouble you."

The Chinese Chief Sergeant is walking to the Ya Si Lan's representative: "On behalf of Chinese Government we are so thankful to Ya Si Lan country. Thank you to fellow country which has helped us to do the rescuing."

The representative from Ya Si Lan country is one of famous Colonel, he smiled: "It is only a small effort. Believe this time, it will make our countries friendship progressing and growing deeper."

Both country representatives are exchanging their courtesy greeting.

After Yu Ao Tian and Yao Yao showed their gratitude to Ya Si Lan's Colonel then they went into Chinese Government warship.

"Ao Tian!" Han Li Shang has been waiting him for long time in warship, after saw Yu Ao Tian, not to mention how excited he was.

Followed by the official leaders of Chinese government who came to rescue, obviously, he got many congratulations from everywhere.

Seeing the crowded scenery, gradually Yao Yao retreated from the place that not belonged to her.

Slowly walking to the deck, her body is leaning to rail, Ya Si Lan from her vision line gradually getting smaller.

Hehe, finally can leave this place, too good!

This place, she would never want to come back anymore for her rest of life.

Ha....

After back, what is waiting her, she knows it very well.

Raised her head, staring at the above blue sky, slowly the sea breeze blowing her long black hair, how long should she use in order to forget this time 'trip'?

One day? One year? Perhaps it is for her rest of life...

But no matter what, even though she could not forget it, the things that should have done had already done; the thing that should have carried out had already carried out.

"Don't you feel cold?"

Suddenly Yu Ao Tian's voice is flown from her back, followed by a suit that put on her body in order to warm her.

Tilted aside, staring at Yu Ao Tian who walking to her beside, she forced herself to give him a smile: "You have been disappearing for sometimes, don't you gather with those people who coming to pick you up, drinks few glasses to celebrate it?"

"I afraid to have a drinking disorder (causing trouble after drinking)." Yu Ao Tian said coyly.

Her little face 'swoosh' for moment and then changed gloomy: "I take my leave first!"

"Hey..." suddenly, Yu Ao Tian grabbed her arm.

"What's matter?"

"Feng Chen Yi doesn't come to pick you, don't you feel down?"

Down, if not because she felt down why must she have hid herself in deck when she seen everyone welcoming him? There is time after leaving for long time sometimes she also has a desires for family warmness. But... "Why must feel down. He is so busy, there is no necessary for him to welcome me? It just same when I return home, I still can see him."

"Hah, you are quite thoughtful for him.

"

"Of course, because he is my hus...uh."

Without waiting for Yao Yao to say the whole name, suddenly Yu Ao Tian has sealed her mouth, gulping that name which piercing to his ears.

The panicking eyes gradually cover with coldness, Yao Yao was using her strength to free herself from man in front of her eyes.

But the man's arm is like pair of claw that held her tightly in his embrace.

Soft lips obsessively kissing her.....

Episode 496

Gradually, she stopped to struggle, let the man kissed her. It just a hatred that slowly penetrated in her pair of eyes.

As if Yu Ao Tian has felt her changes, slowly opened his eyes, at the moment when his eyes saw the hatred gleam in her eyes, finally he gave her such domineering kiss!

'plak' the next second, Yao Yao raised up her hand, she gave him one heavy slap on his face. "Yu Ao Tian, since we have entered this warship, you must have know that our point of view have changed already!"

"Ha." Yu Ao Tian gently touched his face that being slapped, this is his first time being slapped by woman! Turned his back, he facing the boundless sea, devilishly he smiled: "Actually since both of us were missing, Feng Chen Yi has contacted US government and kept on searching for you."

"You... how did you know it?"

"Li Shang told me just now."

That's right! Han Li Shang stayed in China, so that it was so easy for him to know everyone movement. copy right hot novel pub

"Then... Where is he?"

Lean on one side, seeing the excitement that showed by Yao Yao, Yu Ao Tian coldly humped: "You knew that he was searching for you, is it such happy thing?"

"Yu Ao Tian! I don't want to play puzzle with you. If you are really knowing about Feng Chen Yi please tell me directly!"

"Just few days ago, Feng Chen Yi and Long Ye had a chance to find the village that we have stayed before. But when they arrived, we had already left. Hence, they have gone to the Elder's place to search for us, asked about us."

Then it meant... Chen Yi knew... the things between she and Yu Ao Tian for this time... with what kind of the relationship?

How was Feng Chen Yi moods when he knew it?

But that... that was in helpless situation! Even though Yao Yao feared Feng Chen Yi knew that thing about her during in the island but she even wanted to know where is Feng Chen Yi now.

"Then? What after then?"

"Then, Elder's two sons told them, We were caught to the military secret base. Because of that time the US military officers who came accompanying them, in order to avoid being questioned by UN. Feng Chen Yi followed Long Ye by brought few of Yu Long's men came to the military secret base to search us."

"Yu Long's men?" After Yao Yao heard this, her reaction even stronger more: "If that secret military based was really as what you said, it belonged to Zeng Kai Rui 'secret militar', then weren't that bad for them?"

"Fiuh..." Yu Ao Tian heaved a sigh, his bottomless black eyes gradually dimmed, he silent for while, slowly drawn back his sight that seeing ocean. "At the time when they arrived at the secret military base there was... an explosion!"

An invincible big stone heavily pressed on her heart: "This Zeng Kai Rui in order to destroy corpses so that he did this thing! Then... who about Feng Chen Yi and Long Ye Ge Ge? How were they?" emotionally she grabbed Yu Ao Tian's arms, she asked him with high pitch.

Episode 497

"No, this is impossible! Impossible!" She disbelief it, she could not believe that Feng Chen Yi has gone without considering about her; she didn't believe, not believing that fate toying with her, she just has accepted about this marriage, how could her husband leave her?

"Huhuhu.... Hiks.. hiks..." The painful sobbing followed by her tears that wet her pair of cheek, she lost her strength just sat on the deck: "Why? Why one by one my family member leaving me. When I was six years old I didn't know who was my family, I also didn't want to know, and then after six years old..."

"At the time when I had my first memory, there was a man who begging me to call him father, I knew, he was my family, but... immediately he left me."

"It's okay, father has gone, I still have mother. But..." she biting hard her lips, she angrily and immediately she stood up in front of Yu Ao Tian and glared him with hatred, hesitantly said. "Grandpa is in overseas. I thought, perhaps I can't have my own family anymore. But Feng Chen Yi just at this time, at the time when I have needed a help the most he stretched out his hand, that time I have told myself..

. he... is my last family member my rest of life, but... but now he has left me not care me anymore! Why! Why! Why?" Her small weaken hitting ground.

As Yu Ao Tian seen, he afraid she would harm herself, hurried he pulling her onto his embrace: "How about you consider, consider to remarry. Let me to become your family."

"Make dream! You are the person who took my family, I can remarry to anyone but never to you Still, at this time I don't have strength to play with you!"

"Heh? Bao Bei, do you think I am joking with you?" Yu Ao Tian pretended to act innocently creased his forehead.

She pissed off, glared at him: "Other people perhaps don't know about you Yu Ao Tian, but how can't I not know about you? If you Yu Ao Tian really wants to marry, your kids might be tons!"

That's right, Yao Yao indeed understood very well about the way Yu Ao Tian treating women and also his point of view about marriage.

In the past he hated marriage so much, he hated children; but since he knew Yao Yao, secretly he has changed his point of view about children. But about marriage?

Up to this point, he still such in hesitation state. No matter who the woman is, he never had thought about marriage.

Without doubt, what he said before was joking!

"Let me off!" Yao Yao angered restless moving her body.

Yu Ao Tian devilish tilted side his head: "Where are you going?"

"I want to calm down myself alone!"

"Bao Bei, impossible you will be short-minded, won't you?" Yu Ao Tian worrying asked, and at same time let her off to ground back.

Yao Yao coldly glared at him: "You rest assure! Before you Yu Ao Tian go to hell, I will not search for death!" turned, she disappeared from his vision line.

Hah....

This is really not bad, the hatred between them turned to be her strength to live on. Seeing her fast steps disappeared in front of his eyes, Yu Ao Tian helplessly shaking his head, and then turned back and kept staring to the ocean direction.

"But Feng Chen Yi just at this time, at the time when I have needed a help the most he stretched out his hand, that time I've told myself..

. he... is my last family member my rest of life, but... but now he has left me not care me anymore! Why! Why! Why?"

"Family... ah~" Yu Ao Tian didn't understand and smile. Perhaps, until this moment Yu Ao Tian just can see clearly the expectation of Yao Yao toward Yu Ao Tian even the loneliness and helpless in her heart...

China 12 o'clock afternoon.

In front of the largest port entrance, outside has surrounded by numerous reporters.

"Audience, today at 6 o'clock morning, our spokesman announced that the Chinese team has successfully brought back Director State of Council that went missing not long ago from Ya Si Lan country. Now, behind me the warship that slowly coming near is the ship that bring Director Yu with 45 military officers and also the captain."

"Woo..." the sound that issued out from the warships, finally the warship stopped, the reporters blocked the warships position, waiting to see Yu Ao Tian showed up...

Episode 498

"Miss Luo, please follow me to go out from B exit way."

"En, alright. Trouble you." One of the army personnel asked Yao Yao to go out from the B exit section of the port.

The main excuse was to make Yu Ao Tian and others important people to leave the place, in order to avoid the trouble, they must separate when leaving.

Quietly leaving the port, Yao Yao lonely stood in front of the hall big door.

Although, she dislikes Ya Si Lan country, but if she really could make her choice, she was willingly to return back to Ya Si Lan country, or else returned back to that deserted island.

Of course, the best was... before she got inside Bartholomew's airplane.

By this way...

Feng Chen Yi would not leave this world.

By this way, she also would not know the news about Feng Chen Yi has passed away.

Since she knew Feng Chen Yi has left this world, Yao Yao felt her heart as if being dug out. There was times she thought, the revenge no need to pay, as long as Feng Chen Yi living, just by this way living peacefully with him.

Or perhaps, using her life to exchange with Feng Chen Yi's life also do. Whatever is okay, as long as Feng Chen Yi alive! As long as him alive!

The future suddenly changed to be so blurred, didn't know how to carry on.

It is so obvious world is a big place, how could there is no place for her, but should know, people... if there is no home, then there will be no place for the soul.

Now she finally understood the feeling Bing Ye has been experiencing, that man kept on showing his cold face, alike someone soulless. Perhaps, because of he does not have any 'important' family anymore then he changed to that, right?

While Bing Ye and 'that she' it seemed the relationship between them were subtle too; really similar with her situation with Feng Chen Yi, from love to very love, slowly and slowly this love turned to be and replaced with trust, which worth to be family that be able to rely on.

"Fuh! I don't even see you for the last time, at least, you let me to have a talk with you for the last time." Heaved a sigh, the moment cheerless Yao Yao wanted to leave...

"Yao Yao!"

Other side...

"Director Yu has gone out." The reporters followed the a sound that shouted, the flash lights starting to flash.

As seen, Yu Ao Tian slowly getting out from warship, smiled toward all the reporters by waving his hand, there was an aura of nation's leader.

"Director Yu, Director Yu, can ask, you have been disappearing for about half month, what have you experienced, can you share with us?"

"Director Yu, toward your missing, we have gathered about 12 countries who joined this time rescuing, what do you want to say to them?"

"Director Yu, regarding to yours disappearing, Berson Group stock has fallen about 3 percent within this half month, do you think, your return will be able to increase the stock price?" The reporters were asking questions by questions.

Yu Ao Tian's face is bright as light, elegantly smiled: "Every reporters my apology, I just returned, my body is little bit tired, regarding everyone questions, when I hold a press conference I will tell everyone."

After he done speaking, the soldiers that accompanying him hurried become guards, helped Yu Ao Tian to block all the reporters who surrounded him.

"Director Yu, how about I send you off?" The General who took a duty to welcome Yu Ao Tian arrival friendly said.

He smiled waving his hand: "I will join CEO Han's car. I may troublesome General Fang to bring words to Vice Minister, tomorrow I will go to report to state council office."

"En, don't in rush, you must be tired, take you rest." General Fang shaking hand with Yu Ao Tian and then brought his men left.

As followed, Han Li Shang hurried to call the car, they quickly got into the car.

Just avoided the reporters would follow, the car windows are closed, Han Li Shang glanced at the man who followed and stayed by Yu Ao Tian side..

"Hah?" Hei Yan Long was sensing something off, at the time he saw her looked so sad hurrying he comforting her: "It is okay, immediately you will be able to see him."

"CEO Hei, CEO Hei, trouble you, please be quickly! Faster bring me to Chen Yi."

Seeing Yao Yao rushing expression, Hei Yan Long smiled: "No need to bring you...that brat when he knew you arrived safely, he has recovered as if nothing happened, directly coming over here to pick you, unluckily, he isn't as fast as I am, so that I win over him one step." After said, his body moved to right side, moved his body to uncover Yao Yao's vision line....

At that moment...

Feng Chen Yi figure has entered Yao Yao's eyes. That cold face was glowing with faint smile, alike a ray of sunshine that warm her heart during a winter...

That time when knowing Feng Chen Yi had gone, although she kept on telling herself, must live well, must live well, but heart has died down. At the moment when she knew that he still alive, her death heart recovered, even lively more than before!

Perhaps, this fit words, if not losing, then forever won't be understood the precious value...

"En, welcome... back." Feng Chen Yi smiled, slowly spreading his pair of hand.

At this moment, Yao Yao tears fell down, quickly she rushed to that person who is her family, giving a hug, a safe haven for family, so that able to secure a heart.

This simply to say its happiness, having a family who waiting is a blessed. Toward Yao Yao this is so precious.

Simply to say, even only a word 'you are coming back, welcome back' since mother passed away, she thought she would not have this chance to say. So that....

It was a short nightmare.

After woke up.....

There is unlimited happiness...

"Woman, have you cried enough? Your that little tears, wait until Chen Yi really die it won't be too late to cry." Since went out from port, to car, Yao Yao was crying.

Hei Yan Long really could not withstand with woman's tears.

"Pei, pei. Yao Yao wiped her tears, unhappily glared at Hei Yan Long: "CEO Hei, can you speak properly? Why didn't you wait until Chen Yi really die, then you sent me that chrysanthemum flower?"

Listened to those two conversation, Feng Chen Yi helplessly shaking his head: "Didn't both of you, saying me like that, isn't it too much?"

"Ugh, I... I don't have any intention, Chen Yi." Yao Yao just realized, her mouth actually uncontrolled, all was because Hei Yan Long taught her.

"Yao Yao, Yan Long... has sent you...Chrysanthemum flower before?" Feng Chen Yi curiously asked.

At sudden Hei Yan Long's face darken.

As seen, Yao Yao smiled naughtily, whispered: "That time when you went to Turkey, I even went to auction together with CEO Hei, CEO Hei in order to thank me, he specially sent me a trunk of... chrysanthemum flower."

"That's right. Seeing the car is Director Yu's, then I just greet you. But... Director Yu, I really never knew that you are someone who likes play prank."

"Hah?" Yu Ao Tian pretended to not understand by wrinkled his forehead, his hand supported on the car frame: "Chen Yi what did you mean by your words?"

"Wasn't Director Yu told my wife, that I had passed away? You even made my wife cried for such long time, really." Feng Chen Yi helplessly shook his head, then pulled to hug Yao Yao who sat beside him, then smile such affection.

Strangely, it wasn't ordinary restless, Yao Yao could see the smile that showed by Feng Chen Yi was... so fake! Really fake!

Of course, included the smile that showed by Yu Ao Tian.

"Did I tell Mrs. Feng those words? Why can't I recall it?" Yu Ao Tian face looked strange.

Yao Yao surprised then frowned, titled to look at Yu Ao Tian: "Director Yu, didn't you was the person that told me?"

"Haha, Mrs.

Feng, you just nineteen year old, not 90 year old, can't you think carefully, did I personally tell you Chen Yi has passed away?"

Ugh...

Yu Ao Tian this brat! That's right! He didn't wrong, he indeed didn't tell her directly Feng Chen Yi has passed away, but the expression that he showed was so obvious as if Feng Chen Yi has passed away!

Yao Yao fiercely curled her hand into fist, pissed off drawn back her eyesight.

"Chen Yi, we are going to have meal, would you like to join?"

"No, Director Yu, my wife has been long time at outside she must be so tired, I want to bring her home and take a rest."

"That's right. Then next time."

"En."

The red light has turned to green light, the cars that stopped before has moved, the windows slowly closed.

Yao Yao took a peek at Feng Chen Yi facial expression, at the moment when he closed the window his reaction was so calm, on contrary it worried her.

It was impossible that he didn't know the matter that happened in deserted island when she with Yu Ao Tian? Why didn't Feng Chen Yi ask her?

"Yan Long, what's matter with you?" Suddenly, Feng Chen Yi curiously looked at Hei Yan Long, Yao Yao subconsciously looked over.

As seen, Hei Yan Long frowned: "S.... that man who was sitting beside Yu Ao Tian... he seemed an old friend that I haven't met for long time."

A man that sat beside Yu Ao Tian?

Just now Yao Yao was concentrating acted brashly toward Yu Ao Tian, so that she didn't see the others. This time who was picking up Yu Ao Tian only Han Li Shang, Hei Yan Long must know it. Could it be? "CEO Hei, did the person that you haven't met from long time called Bing Ye?"

"That's right! Did you meet him in Ya Si Lan Country?"

Hah, thing wasn't as simple as meeting him. Simply to say that Bing Ye perhaps is someone who has given one deep impression to her life.

"En, I have met him. CEO Hei, how can you know Bing Ye?"

"When he was little he has ever stayed next to my house, he is older 11 year than me, he was really taking good care of me. Later when he was about 13 years old he went to Ya Si Lan country, when I was studying in England every time I have semester holiday would go to visit him in Ya Si Lan country."

"Ah? Great General Bing Ye... was staying next at your house?"

Seeing Yao Yao shock expression, Hei Yan Long didn't understand narrowed his eyes: "What's matter?"

"Didn't he dislike Chinese so much? How could he stay next to your house?"

"Hah, actually he was a Chinese, at 13 year old when he went to Ya Si Lan country he still often came to visit China, everything was changed since 14 years ago..."

14 years ago, Bing Ye was accompanying Ya Si Lan Princess and also prince consort also the heirs of Ya Si Lan country together paid visit to China.

That time whenever Bing Ye didn't busy he would come to visit Hei Yan Long. Two of them have promised, after the visit in China ended, Hei Yan Long would go to airport to send Bing Ye. But...

Didn't know why Bing Ye not fulfill his promise, he went back to Ya Si Lan by himself secretly.

After that, few times Hei Yan Long was inviting Bing Ye to come to China, he expressed strong refusal. Furthermore Bing Ye character also changed to be so cold, also his words getting lessen.

Since that time, Hei Yan Long could feel, something serious must be happened between China and Ya Si Lan country due to the princess visit, so that there was huge changes in Bing Ye character, and also as a Chinese he also hate himself and also China.
