

## Pure Girl 631

### Episode 631

In the coming days, yaoyao took over most of the company with feng xiao. But for very important things can only temporarily shelved, such as the wind Chen yi back in processing.

Conference room.

"Mr. President and Mrs. Wind, about our resort with United States. The chairman of United States group has been urging, hope the wind can always personally go to the resort to see. In addition, there are several companies are also after the resort, if the wind does not show up, we are afraid that the case will be difficult to get handed over.

"Yes, I see. Get out first." After sending everyone away, feng xiao sighed feebly: "yaoyao... I know what I'm going to say is a little hard for you. But, I hope you can try to contact Chen yi. Maybe..... He will... Answer your phone."

Will it?

Since the affair was exposed, she has not contacted the wind Chen yi. Of course, the wind Chen yi also did not take the initiative to contact her. The two fell into the cold war.

Now, she also does not ensure that the wind Chen yi will answer his phone. After all, no matter how much love between men and women, only one side will forget the past.....

"Father-in-law, I will...Try to contact Chen yi."

"Thank you, yaoyao..."

During the lunch break, Gong Xiaoman specially came to the wind about Yaoyao to go out for lunch. They settled on a western restaurant. On the full table dishes, Yaoyao is basically the grain silk did not move.

"Honey, if you're in a bad mood, don't go to work. What are you up to?"

"Ha ha, I also don't want to go. But Chen yi has disappeared these days, no one to manage the wind. My father-in-law is old, too, and I am ashamed to refute him." Yaoyao holds a fork in her hand and inserts the food gently into the plate.

"What's wrong with you? Your grandfather? That's his father, ok? He does not love his father, you tube a fart; He doesn't care about his own company, and you show up for him? Is your heart too good?" Gong Xiaoman knew before that Yaoyao was born to be a dutiful Lord, who was always responsive to the requests of his elders.

"Ha ha, although is Chen yi's father, but now my father-in-law is also my father..."

"Yeah, well. You see, can not be prepared for the wind Chen yi that bastard is with that small third outside on vacation, you are like a fool, to his hard management company. Others are out enjoying themselves. In the end, they come back and kick you away. Holding the small three to enjoy the glory of riches and honour, you are particularly cheap ah?"

Gong xiaoman has always been outspoken, sometimes, in fact, yaoyao very enjoy gong xiaoman can scold to wake up.

"Hey, I say, yaoyao, if that bastard feng Chen yi comes back. You're going to divorce him, aren't you?"

She feebly raise eyelid, saw small man on see, hang down again: "perhaps."

"Perhaps?! Also perhaps? He wind Chen yi derailed once, you forgive him; If you forgive him for cheating on you again; He dares the third time, the fourth time, the fifth time of the affair, do you believe it? Wait for you in the future, the wind Chen yi is still in the same year. By that time, you'll be a total outcast! I'm not leaving right now. What are you waiting for?!"

Is.

This truth she knows, with the wind Chen yi divorce, is certain.

She just said, "maybe." "Ha ha, small man, I know how to do. Don't worry."

"Listen, yaoyao, I can tell from your attitude two years ago that you are a decisive person! It's just that you might be stuck on the marriage thing right now. I know that once women get married, they don't want to get divorced. So, this time, no matter he feng Chen yi how to come back to beg you, or how to please you, you must not be 'marriage' word bound, so soft. Understand?"

It seems that small man is really do not understand the wind Chen yi. With the style of the wind Chen yi, derailed, but also exposed, how to seek their own reconciliation?

This is also before she likes the place of the wind Chen yi, free and easy, not muddle along, not like the general man, wrong, also do not admit; Or, constantly kneel to his wife for mercy.

She hated this kind of man. There was a moment to beg for mercy, in the first place you do not cheat things ah!

"I see..."

With gong xiaoman said goodbye, yaoyao returned to the office.

I hope you can try to contact Chen yi. Maybe..... He will... Take your call.'

'maybe... He will... Take your call.'

Maybe...

She took a deep breath, picked up the landline heavy press the wind Chen yi's mobile phone number. But.....

Hello, the subscriber you dialed is power off.'

Shut down.

Put down the phone.

She knows, perhaps there is a person can contact the wind Chen yi, but if that person really connected with the wind Chen yi, then...Her heart, it is tantamount to completely dead.

Try it or not, so at least he won't wind Chen yi left any thought.

"Du...Du....."Hello?"

On the phone, came the voice of xie zhiqing, yaoyao breathed a breath, coldly: "miss xie, Chen yi with you?"

"Well.Miss law?Chen yi is with me, you seek him occupy?"

The last straw in her heart was crushed, and the brightness of her eyes suddenly darkened.

"Ah?We are on holiday in New Zealand.It may take a few days.Just a moment. I'll call Chen yi...Husband, husband.Your phone."

O...Ha ha ha...

The husband...

Yaoyao sat in her office chair with the phone in her hand, smiling blankly, looking desperate.

Finally...

"Hello?"The telephone, came the wind Chen yi cold voice.

Now...

She wants to accuse what family xie zhi fine to engage in means, trick, trick, also can not be accused.Because her husband, really with others xie zhiqing together!

Without any response, yaoyao hung up the phone slowly.

In fact, she really do not need the wind Chen yi to answer the phone, just, think with what method can put the heart of the wind Chen yi to give his kindness thoroughly dig away.

Now is the best medicine. Once, feng Chen yi gave himself all the kindness and love, in the moment he picked up the phone, has no...

"Father-in-law, I have contacted Chen yi. He and miss xie are on holiday in New Zealand. Probably not for a while. Another....."

"He's following?! A holiday?!" Hear the news of the wind immediately blocked the yao yao words. "That rascal! Angrily, he swept everything off his desk.

"Father, father, don't be angry... Don't be angry....." Yaoyao anxiously discouraged the wind.

He waved his hand painfully. "yaoyao, I'm sorry for what Chen yi did today. No voice." Because he had done the same thing and how could he blame his son? "But... This united American resort is something I've been longing for since I was in office. Because that is my wife, also be the former residence of Chen yi's own mother. So, I always wanted to buy it as a souvenir. But the government has not opened the authorization, now finally ready to issue the authorization. So... This resort is very important to me."

.

Oh, the original resort is the mother-in-law's former residence.

It seems that it should be important not only for father-in-law, but also for feng Chen yi.

He clearly so care about her, so love her, but actually.....Can we let this go?!It was...

"Yaoyao, you know the situation. It's impossible for me to leave the company.I hope you can win the holiday resort for Chen yi and me!"

"Public..."Looking at the pleading eyes of the wind, yaoyao smiled helplessly: "I...Try my best to..."

On the high-speed train to the resort, yaoyao sits by the window, gazing out the window at the passing scenery...

'what's wrong with you?Your grandfather?That's his father, ok?He does not love his father, you tube a fart;He doesn't care about his own company, and you show up?Is your heart too good?'

'you run the company like a fool.Others are out enjoying themselves.In the end, they come back and kick you away.Holding the small three to enjoy the glory of riches and honour, you special yao cheap ah?'

Oh, really all by small man said.

She ran to the wind xiao report that thing, the original is to tell the father-in-law those, resigned to leave the wind, after waiting for the wind Chen yi back in divorce.

Unexpectedly, she still can not bear the elder's entreaty, a while agreed.

This, perhaps is cheap?

But...

In fact, think carefully, Chen yi for himself to do those things, now for him to do one or two, is not too much.

It is not that lovers will become enemies after breaking up;Nor does it mean that after a divorce, couples can stay away from each other.

When did it start?

Gradually in the heart of such a change?How can you be friends even if you break up?!

After being betrayed by the wind two years ago, her first reaction was never to have anything to do with this guy, never want to meet him again, as long as see, just want to slap him.

But this time, she did not hate the wind Chen yi's heart, even did not have that kind of with him not to see the impulse, just said more sad than two years ago.

Is it because you've grown up?

Or because there is no love, just sad sad betrayed by their most trusted relatives?

"Hi."

Beside, suddenly came a familiar voice, yaoyao subconsciously turned his head, looked to the side of the position, immediately pupil dilate: "black total?!"

See, black fire dragon is holding a magazine, is reading. See beside the yao yao that surprised eyes, his ink-colored eyes slowly turned to her face: "woman, need to be so surprised?"

"What a coincidence! How come you're on this train and you're sitting next to me?!"

"Smart? We're both booked by your Veblen. I'm not next to you. Next to whom?"

Such as...

Wait a minute!

Veblen booked a spot for the black dragon, too?"You seat high - speed train, why should our feng shi's assistant give you book a position?"The big eyes of watery water a turn: "oh!! see. You're dating Veblen, aren't you?"

Veblen is feng Chen yi's male assistant!

And the look...

If he really likes men, it's impossible for him to like Veblen. Is he so tasteless in this woman's heart?

Now, the black dragon has strangled her heart!"Veblen is not my type. I prefer things like...General yu, with Chen yi that kind of successful male."

Wow...Wow...Wow...

It was as if yaoyao had discovered some great secret. Her big eyes were full of excitement."Really, black total, your ex-girlfriend, oh, no, also may be your ex-boyfriend, be royal proud day or Chen yi that kind of?"

"Yes.Woman, you guessed it."

"No wonder the last few times I called you, you always talk so cold, you must like your ex very much, right?"Yaoyao said tentatively.

Black dragon heart can not help but a sneer, this woman.....The sense of smell is really strong, actually felt his indifference to her a few days ago.

But.....Guess she'll never know why he was so cold to her for the rest of her life?"HMM...I love it."

"Well, that's a pity..."

"Woman, don't you think you've gone too far now?"Black fire dragon one hand on the table, a look of contempt at her.

"What's the matter?"

"But I just brokenhearted, you have been asking ah ask, not afraid of my sad sad?"

Of course she knew she was asking, asking, the black dragon will be sad sad. But... "Hey, black total, listen to the tone that you talk with me now, I know, you probably already walked out from the shadow of brokenhearted!"

"Ah..." He shook his head helplessly. Yes, he had really gone from... Come out of the shadow of lovelorn!

They talked all the way, and yaoyao was much more cheerful than she had been a few days before. Maybe, she had given up completely.

"Mrs. Wind, Mr. Black.

Our chairman's car is waiting for you at the door." At the exit, a man in a suit respectfully took their luggage and put them into a limousine to greet them.

Yaoyao stared at the dragon with curious eyes the whole time.

He coldly rolled up a white eye, fierce question way: "woman, you always use this kind of look at me, have what intention?!"

"PSST... We chatted all the way, I even forgot to ask you, why we feng hui will give you a high-speed train ticket, and... Why are you riding in this car with me?"

Looking at her lovely face, the black dragon clenched his fist and said, "woman, are you born a fool? Can't feel, I was entrusted by the wind uncle, come to assist you to take down the resort together?!"

"Ah! I see..." Yaoyao suddenly understood everything...

The resort, located on the back of the mountain near the sea, has been included in the category of national key protection sites. It can be said that the land location of the mountain resort is the world's top 10 best land location, and the size of the mountain resort has been listed in the world's top 10 places of interest, luxury resorts. The impact is comparable to the Burj al Arab hotel in Dubai.

Therefore, the government has been reluctant to authorize and open to the outside world. This is not easy to external authorization, but also must be operated by the two groups together.

Feng Shi, found the most famous resort to operate the United States group to cooperate.

"Mrs. Black, Mrs. Wind, though it's a pity that the wind didn't come this time. But it's a surprise that you two are here. Especially just in the chamber of commerce federation ranked second black total you, can for the wind's escort, I have more confidence to win the authorization." United States group chairman and black dragon kept in communication.

.

Episode 633

Yaoyao walked beside them, looking out over a small section of the village.

It is so beautiful here, the sky is so blue, the clouds are so clear, even the natural lake is turquoise, no wonder will be protected by the country.

The moment she entered the resort she seemed to have forgotten all her troubles.

Perhaps the purpose of my father-in-law's sending me here is not to hope that I can seize the authorization this time, but purely to call me to come here for relaxation? Otherwise, why did my father-in-law send the black dragon?

Ha ha...

The father-in-law, really...

The surface always gives a person a kind of serious feeling, actually the heart is warmer than anyone. I have to say, Chen yi's character with father-in-law is really like!

"Mrs. Wind, black total, these days the staff of the villa temporarily arrange us to live in this place." The chairman of the United States group pointed to a wooden villa in front of him.

Open the door, there are four houses inside, and in the center of the courtyard is a huge infinity pool. And across the pool is the endless blue sea.

Yaoyao wishes she could live here for the rest of her life. She expects to live at least ten years longer than the average person.

"Here, these two rooms are for you and Mr. Black." United States group chairman of the two keys to the black dragon and yaoyao.

Then they opened the door of one of the houses, sat down in the drawing-room, and talked business.

"Black total, this time, our competitor altogether only four groups. Among them, the strongest competitors are trands group and decca group."

"Trands?" Yaoyao no doubt tilted his head: "is this the chamber of commerce alliance, the newly ranked fourth trands group?"

"Yes. Mrs Wind. This time the representative they sent was the department manager of their company. However, trands group was formerly the hanshi group, so we should not underestimate the capabilities of our rivals."

"Hanshi group?" Yaoyao has never heard of hanshi group.

"Hanshi group, 15 years ago, was a very influential multinational enterprise, with the status of my bolai group, wind group group and ouyang group, and known as the 'four leading groups'!"

< / p > < p > black dragon patient explanation, the inks eyes slowly turned to the yao yao: "the former chairman of the cold group, is the current bosen group President cold war father!"

The original...

Hanshi group in the past so influential? And still be the company that cold total father opens?

Vaguely remembered that they had mentioned these people's past when they had dined with them. It seems to have said, cold general family, and with royal pride day play small know, just late in the family.

If so, it is not surprising that the son of prime minister qilian is a friend of the sons of the leaders of the past four major groups.

O...

Presumably, the cold total should inherit many good genes on the father? I have to say, stay in the royal proud day of the people around is really a background, a story of the people!

"Yes, as hei zong said, trands group is the predecessor of hanshi group, and I have received news that hanzong of bosen has been intending to buy back his father's company.

So, regarding this resort, we do not know whether the bosen group is behind the creation group. Another....." The chairman of lianmei opened a document in his hand: "the decca group, which works with trands, is also an experienced operator of resort resorts. It can be said that they are also strong alliance. So, we just have to beat that combination this time, and basically nobody is going to be our opponent."

"Yes..."At this moment, yaoyao curiously pointed to the two houses across the room. "do you live across from us?"

"Ha ha, originally, this hit four family villa is to the wind, and my United States and trands, decca live.But now that Mr. Black is here, I can't arrange Mr. Black to follow suit.So, I live in another courtyard."

Oh...So the people who live across the street from them are representatives of trands and decca?

"Good.Mr. Black, Mrs. Wind, it's almost time for dinner.This time the government leaders who are in charge of approving the project will stay here with us for a few days.

Let's not be late, or we'll make a bad impression on our leaders."

"Well..."And together they went out of the room...

The location of the lunch was chosen in the outdoor resort, near the mountains and waters, birds and flowers.A long rectangular table was placed on the green lawn.

Competitors to the competition had already arrived at the luncheon venue early, so the good spots had been snapped up, leaving only the furthest from the main table.

"Well, it seems to be late after all."The chairman of the United States group looked at the two seats near the main seat, which could be said to be the best position.

First, closer to the government leaders in charge of delegating power;Second, also facilitate communication at the table.It's a great opportunity.

"It doesn't matter, where you sit is the same. This authorization is more about strength than flattery."Yaoyao smiled unconcernedly, pulled out the last chair and sat down.

"It is?In addition, it is not necessarily the first to really can get."The black dragon sat down beside her.

Huh?What does he mean by that?For his ambiguous remarks, yaoyao just frowned blankly, without asking what the real meaning meant.

"Mrs. Wind, did I expect to see you again here?"Then suddenly a woman at the table began.

Looking down at the source of the sound, I saw a woman across the table smiling at her.

This woman is...

Ah!She is gong xiaoman's deadly enemy!

Yaoyao immediately recognized this woman is in the club was gong xiaoman hit the girl.

"Mrs. Wind, she is the daughter of the head of decca group. Do you know her?"On the side of the United States group chairman whispered up.

So this woman is the daughter of their greatest competitor?!Oh, what a narrow road."Once."After answering in a low voice, yaoyao smiled to the woman sitting nearby and said, "hello, miss xi."

"Ha ha, so the wind still know me.Did not expect this just a few days didn't see, the wind always unexpectedly happened so big thing.I really admire you, Mrs. Wind, in the face of such a big change, but still in the mood for Mr. Business.Really admire, admire!"As the woman's sarcasm fell, almost everyone at the table chuckled.

Yaoyao's small face suddenly fell down, the woman is deliberately called ugly right?Her little hands clenched their fists and she hung her head in silence.

Just then...

"Come!Coming!"There was a nervous noise at the table, and everyone rose respectfully.

Yaoyao was also pulled from her position by the chairman of United States group before she realized what was happening.

"Royal director..."The people at the table bent forward respectfully..

Episode 634

See, not far away, royal proud day with two men, is walking slowly to them, the aura quite a deputy senior leaders to the wind.

Not.....The original responsible for the mountain village authorization of the government senior leadership, is, is...A proud imperial days?!

Yaoyao stayed in the same place, looking at gradually sitting in the main seat of the royal proud day.

"Sit down, all of you."Royal proud day indifferent to the people with a wave of hands.

Then everyone sat back down.

"Royal director, this week you live hard, should be very hard?"

"Yes, Sir, when did you come to the heights?Ha ha, early know I send car to pick up you."

"By the way, chairman yu, I heard that you are in the habit of drinking tea. I brought a lot of good tea this time. If you have time, I will send the tea to your room for you to taste." Everyone you a language, I a language to the royal pride of heaven offered up the gallantry.

He just sat there, listening with a poker face, neither answering nor giving any response.

At this moment, sitting in the furthest position from him, yaoyao suddenly felt how big the gap between them is. He was at the end of the table, as they sit now; She was at the other end of the table, at the poles.

If he was the leader of the business world, now he is the one who stands on top of the business world.

Obviously participate in the authorization of the competitors have a number of business elites, but they still want to go to royal proud day of flattery, see his face, it can be seen that royal proud day's status is now beyond the reach of the people.

Head, slowly hanging down. Compared with her constant flattery competitors, yaoyao is so quiet that she doesn't even look at yu ao tian.

"Miss law, miss black. Please, you two, sit down beside me!"

When we are still in the patting royal proud day, heard his words, everyone suddenly shut up. Like dominoes, face one after another, one after another to see the yao yao and black dragon...

What do you want to do?! Unconsciously, she looked up into the eyes of the dragon.

See, black inflammation dragon of a refined smile, picked up the table plate: "good, royal director." He walked slowly to his royal pride in the past.

Even if she is reluctant, she has to follow him.

That sat the royal pride day distance from the nearest two people unwilling to give up the position, and they made a switch.

Until this moment, she did not understand, the black dragon's sentence... 'is? In addition, it is not necessarily the first to really can get.' stands for something.

Feeling, black always early know who is the government leader that participates in examination and approval this time?

Into the seat, yaoyao still hang a head, do not make any eye contact with the royal proud day.

Do not know who on the table, suddenly said: "it seems that the royal director is really very valued the wind group ah."

"Alas..

....Lao wang, you are wrong. The royal director just valued the wind wife, don't you know the wind wife was the royal director of the love general?"

"Oh? That's what happened. I've heard that Mrs. Wind used to be the attorney for the royal director. It seems that this time, we really can't compete against the wind group." We you a language, I language jokingly said.

But how could yaoyao not understand the purpose of these people's words?

No more than want to royal proud day out of a problem, if the final result of the approval really fell on the head of the wind, then we can say royal proud day favoritism, deliberately gave the project approval to their own people.

He really shouldn't have been made to stand beside him in front of so many people...

All the dishes on the table have been served, we eat while talking to start.

Yaoyao painstakingly cut the steak on the plate, as if it could not be cut for a long time.

One side of the royal proud day to see her that stupid look, helpless shook his head, a took the plate in front of her.

Er...

What was he trying to do?

Yaoyao leng leng blinked his eyes, I saw, royal proud day elegant with the hands of the knife and fork cutting the plate of steak.

After a while, he cut the steak evenly into small pieces."There you go."Put the plate back in yaoyao's eyes.

She looked at the royal proud day that hang on the face of the charming smile, and quickly looked at the surprise in the eyes of other eyes.

What do you want to do?Is there not enough gossip?Why couldn't he avoid it?

"Why, the royal director is a real gentleman.Really good at taking care of people."

"Yes, good envy wind wife you, be so taken seriously by royal director."

"Ha..."

Ha ha..."Yaoyao pulled the corners of her mouth awkwardly and ate with a embarrassed face.

I thought this might be the end of it, but...

"I only look after miss law."Royal proud day of a word fell.

The whole table atmosphere suddenly became extremely awkward.

This time, even if we don't want to think that way all can not, royal proud day to show the attitude is too eye-catching.

The hands holding the knife and fork were trembling slightly, and she wanted to end the meal now, if she could.

"Well, Mrs. Wind really needs some comfort now that her husband has made so much trouble.I think the royal director of the care of Mrs. Wind, is also...Out of pity?"

Xiyanli's sarcastic words are like a silver needle stuck in the heart of yaoyao, making her unable to get up and down.

On the one hand, she should be thanked for saving herself; On the other hand, xi yan li just want to give yourself a little ugly.

"Well, Mrs. Wind, it's no big deal that the wind cheaters. As for men, they must all be a little dirty. Don't take it to heart. Just get used to it." Those who still do not understand so 'the audience' along xi yan li's words to go on.

Yuanxianli see this secretly smile, pretending to be puzzled way: "rightness, wind wife, see this meaning, the wind always should have no intention to divorce with you?"

Silence.

Yaoyao continued to eat as if she hadn't heard the question.

"Just don't get divorced. At least you can keep the title of Mrs.

Wind, can't you?!" Xi yan li continued to say.

Yaoyao's small face gradually becomes gloomy, this woman is almost also over? Is last time small man didn't give dozen she dozen dress? When yaoyao first hit back...

Listen to...

There was a sharp crack as the knives and forks fell on the plate. Royal proud day elegant dining cloth wiped the corners of the mouth, face gloomy way: "eat full!"

Immediately, all the people immediately put down their knives and forks, echoed: "I.....We're done, too, royal director."

"Well, get ready to go to the conference room and submit your proposal." The words fall, he cold stand up, take two subordinates turn around to leave.

"Call..." Parents relieved, a head of confusion you look at me, I look at you. "Does the royal highness seem...A little upset?"

"It seems so. It was just fine. Why all of a sudden? I wonder if he will vent his anger on us."

.

Episode 635

"Woman, the emperor has always protected you. It seems that there is no need for uncle feng to call me this time." Black fire dragon face full of strange smile close to her side.

Yaoyao cold a small face, dissatisfied stare at him one eye, this black dragon is really, well down stone?

Various people gathered in the conference room with their own plans.

Oblong desk, the two positions beside the main seat has been empty, no matter how early people are not in to rob the two important positions next to the royal proud day.

"Wind wife, black total, here, here!" See yaoyao and black dragon appear, they smile pointing to the two important positions.

Er...She smiled awkwardly at them and sat down with an embarrassed face.

After a while, royal proud day finally entered the conference room.

"Royal director..." We all stood up to greet him.

He gave them a cold wave of his hand, as he had done when he appeared at dinner, and motioned for them to sit down.

"Go ahead." A word fell.

All in turn began to report the general content of the program, mainly around once the mountain resort, how to manage and operate.

Royal proud day side sitting there, face expressionless listening, the aura of the big leader is self-evident.

Gradually, yaoyao couldn't help looking at him.

Looking at his stern face, see some obsession.

I have to say, royal proud day serious appearance, really very!It's very attractive.

Every time he had a meeting, he would not say much, but he would listen quietly, but he could tell at a glance who was at the center of the meeting.

If the reporter's report is not to his liking, he will not like other bosses or leaders, such as the temper tantrums, constantly abusive subordinates.

Just a very calm word, hit the nail on the head can find out the root of the problem.This is far more powerful than anyone throwing a tantrum.Perhaps, this call not angry from wei.

Suddenly, the royal proud day that deep eyes turned to yaoyao slowly.

Her heart tight, quickly stagger with his eyes.

But the next second...

Under the desk, a large, warm hand yanked at her cold little hand.

After a slight jolt, yaoyao quickly looked down at the table. Look at his face nervously, royal proud day want to do ah?! Nervously trying to shake off the hand he was holding tight to his own.

But the royal proud day did not mean to let go for a moment, but more and more tightly, more and more tightly. In the end, I directly changed it to the appearance of holding hands with interlocking fingers.

For fear of attracting others' attention, she had to give up her resistance and let him hold her hand under the table.

Clearly...

When they were still together, he seldom took the initiative to hold her hand. No matter when they were out and about, they always kept a distance. Even if they held hands occasionally, they would not hold hands like lovers.

Strange...

Strange...What do you want now?

Perhaps, as Yueyanli said, he just saw that he was about to become an abandoned woman, so he comforted himself out of a sympathetic heart, right?!

What was even stranger, however, was the knowledge that he might have done all this out of pity. But at the moment he took his hand, his heart...

Unexpectedly as the strings of the general, unable to control the throbbing.

Stop trying to seduce me! Royal proud day! Enough is enough!

Little face flushed down her head, her expression at the moment seems to be so suffering...

"Sir, I have finished my report. What do you think of my plan?"

"The management arrangements are not reasonable. There is no physical arrangement for three thousand people to manage one estate. Go on next..."

To tell you the truth, because of the sudden hand-holding, yaoyao's whole mind already did not know where to fly, what the person reported, she heard a few words at most.

But royal proud day can be such as sitting on mount tai, pointedly pointed out the other side of the loophole, he really, very strong.

Of course...It seems that only he will be disturbed the mind.....

Gradually, everyone's plans have been reported almost completely.It can be said that royal pride day in each scheme more or less found some loopholes.

"Let's call it a day. You're revising your plan a little bit.At the next meeting, I will formally decide which group to delegate the manor to.The meeting....."Words fall, royal proud day finally released the hand that tightly pulls the small hand of yao yao.

She just breathed a sigh of relief.Who knows...

Royal proud day of evil evil smile, bent down, in her ear ambiguous whisper way: "baby, tonight...Wait for me..."

Falling heart, once again to the throat.

She leng leng looked at the royal proud day to leave the figure, the eyes of the panic.

"It is true that we are the head of the group. Our report covers so many aspects of hotel management, but the director general of the royal family seems to be more familiar than we are. I really admire it."

"Yeah, if someone else in charge thought we could just write a plan and get it passed. It seems that these two days we really need to modify the plan. The royal director is too difficult to fool, no wonder bosson will be so strong in two years."

"Alas.....Now, I can see why the state has put the royal director in charge of the project. This one meeting down, all people to royal proud day simply admire the five body to the ground, have no way to shake the head."

"Rightness, the wind wife, just royal director before leaving, with you say what whisper?" I don't know whose word it is. All eyes are on yaoyao.

She nervously back to god: "ah? No, nothing."

"Huh?! I don't think I've given you special directions, have I?"

"No, no. The royal director just told me... Tell me not to let my mind wander at the next meeting."

"Oh...I see."Everyone seemed reassured and left the room one by one.

'cried.

....Yaoyao heaved a sigh of relief and lay limp on the table.How to do?Tonight if the royal proud naive to find, how to deal with ah?!

"Woman, I'll go back to my room and rest. What about you?"The black dragon trotted up to her.

"I want to walk, walk outside, you go back, black."

"Well..."

Seeing off the back of the black dragon, not for a moment yaoyao also out of the meeting room.

Walking in this quiet manor, she once again appreciated the magic and magic appeal here, that messy heart seemed to be cured at once, inexplicably become relaxed and happy.

"Ha ha...It's so beautiful.It would be nice to live here all my life."Her watery eyes were full of longing and fantasy for the future, and she even imagined the children running around the farm and her white hair.Can only cherish..."This is going to become a public place, it seems impossible to live here...Alas.....But it would be nice to have the money to come here for an occasional holiday."

Episode 636

When she turned around, she saw a fat man of about fifty smiling at her.

"Er..."Yaoyao was so scared that she stepped back a few steps and smiled awkwardly. "hello, what's up?"

"Hello, Mrs. Wind.I didn't bother you when I saw you so entranced in the view, did I frighten you?"

Oh, it's more than being scared. It's almost being scared to death."No, no."

"Oh, that's good.I'd like to have a cup of coffee with you. By the way, I'd like to talk with you about something. Do you have time?"

"Oh?"Talk to her about things?Talk about what?"There is..."

"That's good.Please....."

Led by the middle-aged fat man, they went to the outdoor cafe on the estate. When we arrived, it was nearly evening, and the whole estate was ablaze with lights, which was even more beautiful.

The man first introduced himself to yaoyao. She just knew, originally this middle-aged man also is one of this manor competitor.

"Mr. Money, I don't know what you want to talk about."

"Well, it's nothing." Money always stirring in the hands of the spoon, his eyes do not stop looking at yaoyao's face.

There was always something in his eyes. She looks a little hairy.

"As a matter of fact, I feel very sad when I know what happened to you, Mrs. Wind. A young and pretty lady like you, the wind is not to be cherished, is it?"

Is the man calling himself to comfort himself? But what difference does salt make in this wound? She smiled awkwardly and hung her head in silence.

"Anyway, if it were me, I wouldn't treat you like that. I've been married to my wife for more than thirty years, and in all conscience, I've had my share of other women, but I've managed to keep them in check."

"That.....Mr. Qian, you are very devoted to your wife."Yaoyao smiled ingratiatingly.

Hearing this, qian immediately continued, "however, there are times when I can't keep up.Is not?Especially in the face of the woman I love.By the way, Mrs. Wind, you always get divorced when you follow suit, don't you?"

"Oh?"Would anyone ask such a personal question?Isn't it rude to ask about the money?They're just meeting for the first time, aren't they?"This..

....Ha....."

"I know, I know it's presumptuous.But you are still so young, if the divorce, the way of the future?If...I'm just saying that if, Mrs. Wind, you don't mind...I.....For the rest of your life."

Yaoyao suddenly leng a god, looking at the man hanging on the face of the obscene smile, she suddenly understand the man's purpose!

Feelings, he foreshadowed before so much, what to say he is very single-minded;To say that he sympathized with himself was to wait for that, to be his mistress?!

O...This is her most disgusting type of man, both pretending to force, and no kind!

"Mr. Money, I see what you mean.I wish you would respect yourself a little!"

Seeing yaoyao's expression suddenly sank down, the man stopped putting on airs. "Mrs. Wind, forget it. I saw it all!"

"See?! See what?" Money total, what do you say, I don't understand?"

"Don't understand? Oh, just in the meeting, you and the royal director have been holding hands under the table, right?!"

Suddenly, yaoyao's angry face turned white.

"Well, don't think I haven't heard of you and the royal board of directors hearsay, the news has reported, your origin is the royal board of directors of a lover.

From that scene just now, it proves that you have indeed maintained an improper relationship with the royal director."

Listening to the man's insulting words, yaoyao's small hands clenched into a fist: "do you want to threaten me?!"

"Threats, not to speak of! I know your hearts when lovers, is not money? But you should know, with the conditions of the royal director, there are many better women around him than you. Now the royal director to keep you, is nothing more than a fresh. Before long, when he has had enough of you, he will desert you!"

The man said to this, the obscene smile, the fat hands slowly hold the small hands of yaoyao: "but I am different, I am this age, longer love. If you had gone with me, I wouldn't have left you. I can give you anything you want, except that I can't give you a name!"

Enough is enough! Enough is enough!

She's sick of hearing the word 'lover' now!" Mr. Money! A shake off the man's fat hand, she angrily stood up: "or that sentence, please self-respect!"

"Oh, madam wind, what are you wearing? You become the lover of royal director first, after again calculated to get married into a rich family, is nothing but money, because the wind always knows your purpose is not pure, just derailed? I've seen a lot of women like you. Even if you don't promise me, you'll promise someone else. But you know, I give you the condition, not everyone can give!"

Listening to the man's sarcastic voice, yaoyao's eyes flashed and she picked up the coffee on the table and poured it on the man's face.

"Shit, bitch! The man looked at his coffee angrily and cursed loudly: "you are only human in this life!"

Ignoring the man's insults, yaoyao turned and ran away...

"Special, broken woman pack what lofty!" The man sat on the seat angrily and angrily.

At this moment...

Outdoor cafe of the second floor of the terrace, royal proud day slowly put down his hands in the newspaper, looking at the first floor of the fat man.

There was a snap and he rubbed his fingers.

Two men in black quickly arrived at his side. "what are your orders, Sir?"

"Bring me that man!" His bottomless eyes glistened with a fearful sheen.

The two men in black quickly disappeared in front of his eyes after receiving the order...

"The royal director...Royal director...What are you doing?" Under the darkness of night, the fat man who had just bullied yaoyao was pushed to a natural lake by two men in black.

Here, far away from where people live, is also very quiet. When men speak as if with echo, it is very empty.

Royal proud day is so cold standing not far away from the face of expressionless staring at the man, moonlight on his body, he is like holding sickle of death as feared and trembling.

"Do you know whose that woman you were flirting with?!" One of the men in black spoke coldly.

The man's face suddenly changed: "royal, royal director.....You.....Have you seen them all? I know she is your lover...I didn't also...It doesn't mean anything else.I just really like...Like the wind wife, will.....Would..."

"She is not my lover." Has been silent royal proud day slowly opened the mouth, tone is so calm, but in this empty place sounds is so gloomy.

.

Episode 637

"No? So she is not your lover? Call.....That's good." The man breathed a sigh of relief.

But the next second...

"She's my girlfriend and she'll be my wife!"

'hum' of the moment, the man's skull will burst open. He really did not know the relationship between them, and thought it was simply the relationship between keeping and being kept. "Royal, royal director... I'm sorry. I'm sorry. I'm really sorry. If I knew how much you cared about Mrs. Wind, I would... I'm sorry. I'm sorry."

"Oh, don't say I'm sorry. As long as you... Just give me your life!" Not slow not urgent words down, royal proud day between the eyes suddenly covered with murderous gas.

The two men in black did not wait for the man to react. One pressed his body, the other pushed his head into the water.

"Well... Well..." The man is struggling desperately, estimate he also won't think in this life, can pay so big price for oneself lewd behavior. Just think, now the royal proud day offended, may be out of this mountain heights authorization.

But how could he know...

Royal proud day of the means of doing things will be so ruthless extremely hot? Of course, he will never know, royal proud day in the political and business background under the protection of, in fact, is a murder numerous Mafia boss!

After a while, the man stopped struggling completely.

"What will happen to the body, Sir?"

Royal proud day cold cold glance at the eyes of the man who fell to the ground can not afford, the smile of the dark way: "concern us what matter? Just slipped into the water." Words fall, he did not look back to leave.

Two people in black see this, a foot will kick the man's body into the green lake.....

'hubbub... In the small villa, yaoyao stands in the shower room, water dripping from her hair.

The drops of water trickled down from head to face...

She just stood there in the bathroom, letting the warm water wash her.

'what are you wearing, Mrs. Wind? You become the lover of royal director first, after again calculated to get married into a rich family, is nothing but money, because the wind always knows your purpose is not pure, just derailed? I've seen a lot of women like you. Even if you don't promise me, you'll promise someone else.'

'you are only human in this life!'

The man's words, like a nightmare, echoed in yaoyao's ears.

No longer a person said she was born to be a lover of life, this evaluation is actually the greatest insult to women.

A fly never bites an egg.

Just because he was once a lover to others, so, will be in a row of people to their own request.

Step by step, step by step.

From the age of 12, their most respected moment, are basically spent together with the wind Chen yi.

With him, no one thinks he is a lover; With him, no one would dare to make such a claim.

Of course, with the wind Chen yi together, the biggest trouble is... Will be said to be in love with the wind Chen yi money and his appearance.

O fear of men; Men are terrible.

At the end of the day, the reason why people cast so many questions is that they are not strong enough. If one day, when you stand out of the reach of others, then these questions will naturally disappear, right?

At least, if today for landuo stand in front of everyone, they, who dare to question her?

All the time, when yaoyao suspected that he was missing for many years after the royal highness landuo yaslán heir, has been in the heart of escape, but this moment, she is faint, faint.....Some want to find lando's identity...

"Oh, forget it. Really find, find landuo's past really kill countless, I.....Is that acceptable?" Stepping out of the bathroom, she stood staring at herself in the mirror. "Not bad now, actually. After the divorce... Find a lawyer and just say... Revenge, how to repay it? Alas!"

He picked up the bathrobe hanging on the wall and put it over him. Yaoyao walked slowly out of the bathroom.

"Finished?"

"HMM... Wash your..." Standing stiffly on the spot, she jerked up her head and looked at the bed.

"royal, royal, royal... You..... You you..... How to..." The frightened eyes kept looking at the Windows and doors.

She is afraid that the royal proud day will come at night, so before taking a bath specially all the Windows and doors are locked. How to royal proud day or? "How did you get in here?!"

"With the key, of course." Sitting on the head of the bed of the royal proud day evil evil smiled, and then in front of her shaking the hands of a large chain of keys.

After the...Finished.How could he forget that this fellow was now in charge of the house, and must have the keys to all the rooms.

Depressed!

Yaoyao a little...Step back step by step.

Yaoyao seized the moment and turned around to run.

Can royal proud day just take a big step, from after being tightly pulled her into the arms: "baby...Miss me?"

A demagogic voice came to her ears, like a glass of fragrant red wine, only to sniff the smell can not help but fall into it.Double crimson, she struggled: "royal proud day, you go, ok?"

"Where am I going?Your place is where I belong." Kiss her ear, bathrobe is attacked.

"Don't..."There was a faint murmur of resistance from her lips, and she lowered her eyes shyly.

'where shall I go?This is where I belong.

..'the royal pride of the day will always some things should not happen, said it is very natural.The relationship between them is so ambiguous.

This man is so bad!That's too much!A casual word will make others blush and beat their hearts.

"Honey, you smell good..."Royal proud day infatuated with smelling her bursts of body incense...

"Don't!"Nervous to stop the man.

May seem...

"You..."The pupil of royal proud day slightly dilate once, resemble to discover what new continent similar: "you this damned little thing, inside unexpectedly naked?!"

Yaoyao did not know the royal proud day will break in, after the bath, the clothes are in the suitcase, so only.....

"Don't look..."Her hands were firmly held by the man, she did not know what to use to cover, ashamed and angry face don't in the past.

"Honey, it wasn't just me looking at you...Feel something?"The man squinted his eyes with a smile that sounded like a seductive crime, demagogic.

Suddenly, royal proud day pushed her down.....

"No!

Know, tonight royal proud day come over, things will become this kind of result!Now what are they doing here?!

The royal proud day gazes at her that already painful and shy little face to see, that deep not bottom mou light gradually glance toward the position of the ring finger of her left hand.

The shining diamond ring, like a sword, jerked his eyes..

Episode 638

The face suddenly fell, and he quickly pulled out the diamond ring she was wearing on her ring finger.

"What are you doing?!" Yaoyao looked sideways at her empty fingers. "give it to me!" "Want it back.

But who knows, the man returned and threw the diamond ring.

"Why did you..." Before yaoyao could finish her question.

Royal proud day cold narrow narrow eyes, without any stop the meaning of the hand.

She reached the top again and again. Finally, the basic has been countless times, and the man as if not tired, but did not stop.

Finally, yaoyao fainted under the weakness and fatigue...

The man stopped, but he never let go.

Tight embrace the bosom can person, royal proud day's expression appears a little gloomy, from see the ring that she is wearing on the hand, he already lost all interest.

"Ah..." Corner of the mouth, a touch of self-deprecating smile. "Obviously is nearly 30 years old person, unexpectedly still like a little boy... Jealous. I'm really... Failure!" Helplessly closed his eyes, he sighed a long breath.....

I do not know how long, yaoyao gradually woke up in the fatigue, in the moment she opened her eyes, the first time on the royal proud day that deep eyes.

No struggle, no resistance, what should have happened has already happened, she at this time in the choice of struggle, perhaps even her own will despise themselves.

"We...What is this now?"The gray eyes droop slowly.

"What do you mean?" Royal proud day evil evil smile, tight tight around her hands.

"Ha...What do I say?Even what?Don't even think about it!"Yaoyao raised her head with a wry smile, looked into his eyes and slowly said, "now, our relationship is officially upgraded to a playmate!That's not bad. I've been your valentine since...Become a playmate."

How ironic!How ironic!

Royal proud day is her rob, she is afraid this life will be with this "rob" entanglement.Thinking that maybe hatred would stop their relationship for a while, it seems...It's useless!

"Remember, little one, I told you so before.Now, you are the only woman around me!You think is the lover, that is the lover;What you think of as a bed mate is a bed mate.Anyway, when I'm with you, I'm not with any woman, okay?!"

'I won't be with any woman, understand?!' look at his evil, handsome face.

She really did not understand this sentence represents what, even want to ask, royal proud day you want to imply what?

However, the sixth sense told her that it would do her no good to really delve into it. That potential meaning, will only make her more sink.

She would rather interpret it as...

One day, the royal proud day to their own tired, tired, will let go of their own.

'you know, with the conditions of the royal director, there are many women around him who are better than you. Now the royal director to keep you, is nothing more than a fresh. Before long, when he gets tired of you, he'll desert you!'

Yes, she knew what everyone knew.

Since can't get rid of the entanglement of this man, so can she go diligently, quicken the speed that he can lose interest to oneself...

Only in this way, she can gradually get rid of this nightmare, not to sink into the mire, thus unable to extricate themselves, finally fell to pieces...

Yeah, right?

"Learned..."A faint word fell.

Royal proud day feel, this little thing does not know what he wants to express. But.....What promise could he, in his present situation, make to this little thing, if he really said it all, if he really said it all?

Oh, while everything was moving according to his plan, only to say...

In that detailed chess game, there unexpectedly appeared a period of emotion that should not appear in this period. In the face of this, he could only try to keep himself sane and sober, although it was...Very painful and tired!

'knock, knock, knock...A knock at the door broke the gloom of the room.

Yaoyao nervous on the royal proud eyes....."Who?"

'woman, it's me! Outside, came the voice of the black dragon.

Yaoyao sat up suddenly, picked up the bathrobe that fell to the ground and quickly put it on the ground. Then with the quilt covered the royal proud day's head: "SHH, don't make a sound..." He walked quickly towards the gate.

Under the quilt, royal proud day that very gloomy face, he now, really want to strangle this little thing!

"Black, black total, what matter?" Nervously, the door opened a crack.

Black fire dragon inky eyes flash: "be a thief? So nervous?"

"Ah? No..... No....." She hastened to open the door thoroughly: "oh, black total, you have what matter?"

"I saw you didn't go to the restaurant that night, so I brought you something to eat." The dragon took the tray and strode into the room.

Yaoyao nervous to intercept, but still a step late...

"Woman, put the food..." Black eyes straight leng leng looking at the figure sitting at the head of the bed.

Yaoyao noticed something was wrong, followed the sight of the black dragon saw the past..

....

See, royal proud day body only around a bath towel, good and evil smile to sit at the head of a bed, even in the silly people.....You know what they've just done!

'hum' of a sudden, yaoyao's brain suddenly fell into a blank, nervous grabbed his collar, ashamed of hanging his head.

"Master, are you there?"The black dragon smiled and laid his tray on the table.

"Well."The royal proud day nodded, walked slowly toward him to come over: "I also did not eat in the evening, what you take to eat, enough?"

"Should be enough."

"Thanks a lot."Saying, royal proud day sat on the sofa, with a snack to eat up.

The black eyes of the dragon turn, bend over the back of the sofa, patted the royal proud day's shoulder, bad smile way: "I can understand for, you this is in the hidden rules?"

"Black total, in your heart, I so wretched yao?"

"That's just the way it is."The black dragon straightened up and folded his hands in front of him. "I don't care. Anyway, if you don't grant us the authority of this estate, I'll take this to your state department!"

No doubt, this is just a joke of the black dragon.Royal proud day is very clear.But...

The face of his evil and handsome slowly sank down, that deep not bottom of the eye slowly to the black fire dragon: "the authorization of the manor...I won't give it to you!"

For a moment, the face of the sauroposeidon froze. He frowned coldly. "I won't bother you.Go back first."He walked quickly out of yaoyao's room.

Royal proud day, or black dragon, they are very mature businessmen, certainly will not rely on sideway to achieve success.

.

Episode 639

Black inflammation dragon clear know, since the royal proud day said that word, presumably.....Has a direct relationship with the program they offer!

In the room, royal proud day sitting on the sofa eating things; Yaoyao stood not far from him and stared at him angrily.

"The treats are good, my dear. Come and have some."

"Eat shit!"

"Huh? Can you eat shit?" Royal proud day's eye turn, evil smile crooked crooked head: "that you give me eat to see."

"Royal proud day! The little hand was clenched into a fist. Yaoyao rushed to him with a lunge. "why did you jump out of the quilt?"

"Why do you think?" "Shua" of the moment, royal proud day's face immediately sank down, he pulled her to his front: "we two are in love? Dare to cover my head with a quilt?! What do you take me for?!"

"You don't think we're having an affair?! You know, I'm still..." She wanted to raise her hand wearing the ring, just remembered, the ring was just when the royal proud day to throw away.

Eyes kept wandering around the room...

"What are you looking for, little thing?!" Royal proud day condensation after asking.

She said angrily, "where did you throw my ring?!"

Yaoyao did not mention the ring is good, mention, the royal proud day's anger rushed to the head, tightly hug her into the arms: "baby, if you like the ring, I will go to buy you a, buy a hundred.

"No, not the same! That ring has a different meaning!"

Hearing the little guy's voice of complaint, royal proud day tried to control the emotion of the moment outbreak, suddenly turned around her body, cold way: "different? O... Because of the ring... Is the wind Chen yi to give you?!" It was so grim, so cold, that one felt a trembling breath.

She know...

Royal proud day angry!

But.....

The significance of the ring is not that who gave it to him, but that the diamond was the only thing a mother had left for her son.

She can't call this ring with great significance lost in his hands, one day, she will put the ring intact back to the wind Chen yi, in his hand, to give him the woman he admired.

That's all...

Silence. Yaoyao hung her head without saying a word.

Royal proud day cold narrow eyes, let go of her hand, walk back to the bedroom for clothes after the head also did not return to slam the door left.....

The next morning.

Black dragon early yaoyao with United States group chairman gathered in the room.

"Black total, you so anxious of shout us to come over, have what important matter want to explain?" Inside the room, the chairman of the United States group asked curiously.

"Now, we must submit a new plan immediately and give it to the director before tomorrow's final meeting, otherwise we will lose the competition this time!" The tone of the dragon was so serious that one felt the gravity of the situation at once.

"Black general, by virtue of your relationship with the royal director, did you receive any internal information?"

"No, the royal secretary is a very mature politician.

He doesn't take sides because of personal friends."As for the black dragon will suddenly change to submit the plan, but also because of yesterday's royal proud day said that sentence.

Obviously, because they are the wind with United States group to write the plan, not the heart of the royal proud day.

"That, black total, you suddenly say to want to change completely new plan, this simply too late, still have time of one day, where catch up."The chairman of the United States group showed an embarrassed expression.

The kurosaurs knew that the proposal was difficult, but they had to go for it if they wanted to succeed."Too late also have to change, today everyone works hard, each return to the room to consider a new plan.We'll meet here at eight o'clock tonight and work out the plan overnight!"

"All right then...I'll go to my room and think about it."With that, the chairman of the United States group got up and left.

When the black dragon was about to leave, the inky eyes inadvertently saw the absent-minded expression of yaoyao, and immediately sat down: "woman, what I just said, did you hear?!"

"Ah? Listen, I hear... Change the plan....." The large, watery eyes avoided the sight of the dragon.

"Alas....." He sighed heavily and patted yaoyao on the shoulder: "good, general. Is worth... Rely on." Just say, black fire dragon is clear to know, there seems to be irreconcilable hatred between them.

As for how to choose, it's all in yaoyao's hands!

Her large, flashing eyes snapped at the smile that hung over the face of the saurosaurus.

Black, black total really see, oneself because of guilty ability can not dare to say a word all the time?

Yes...

From yesterday by black fire dragon bump into her with royal proud day 'adulterous affair' after, she does not know how to face black fire dragon all the time, especially, he is a so speak loyalty man. But...

Now the word of the black dragon 'royal always good, worth relying on. It really took her by surprise. "Mr. Black, don't you think I... Am I out of line?"

"First of all, I know it wasn't you who went to see the master. I can almost imagine how you two ended up in that room with his strong methods. Second....." Handsome face gradually become expressionless,

he breathed a sigh of relief: "it is really Chen yi has failed you, you now make what kind of choice, is should."

"Black...Mr. Black, I'm surprised you can say that.I thought..."

"Think what?Think I am the person that cannot distinguish right from wrong, blindly incline to a friend?Besides.....

."

Hehe, from her first encounter with the black dragon, she has been aware of his loyalty.Only, this time she witnessed the man's right and wrong stance."And what?"

"And...I'm not friends with Chen yi anymore."The sauroposaurus put on an indifferent look and shrugged his shoulders with a smile.

But yaoyao saw a sad light in his dark eyes."What's the matter?You and Chen yi...What's going on?!How can you?"

"Alas, all is a woman to make bai..." Black dragon with xie zhiqing between the beginning and end of the simple narrative to yaoyao, then laughed: "this kind of thing to say, but shame..."

Losing face?

Yaoyao does not think black dragon where disgrace, just said...Xie zhi qing that cheap \* people really means too toxic, she mastered the essence of all the black dragon, to use, thus called Chen yi alienated the black dragon.But...

"Black always.Xie zhiqing has no reason to hurt you ah, you have no where to provoke..."In the middle of the sentence, yaoyao suddenly noticed something, and her face suddenly tightened. "you...Early know Chen yi derailed is not? So, stop stop Chen yi with xie zhi fine, will lead to xie zhi fine to frame you!"

Black inflammation dragon just said with yaoyao, he was xie zhi fine framed strong to just, but did not expect her to guess the original things.

.

Episode 640

He fell into silence and lowered his eyes slowly.

"Black always..."Yaoyao doesn't know how to express her gratitude or guilt to the black dragon.

If the black dragon did not help her, to exclude the small three words, may not be xie zhiqing framed, so that he lost the friend Chen yi."Thank...Thank you..."The SOB twitters down, her little hand clutches the black dragon's hand.

His face was full of gratitude and guilt. Heart, also inexplicable up sour.

Originally, in her invisible place, there are people for her silently doing such a thing, oh, if she had a little earlier to Chen yi doubt, may not have today's situation!

"Yaoyao, you don't have to say thank you to me. I tried so hard to slow down, and finally what should have happened didn't happen, and I ended up...Ha....."

There was a sudden silence in the room.

They were thoughtful and thoughtful.

Yaoyao clearly feel, even if the black dragon expressed how do not care, but the heart should still be very concerned about the passage of this friendship. Otherwise, after receiving the commission from my father-in-law, I would not drop all my work to help the wind family to seize the mountain.

And now she is in trouble, really do not know how to repair the friendship between their brothers, can only bear the wind Chen yi's last bit of trust, believe in him, never for a woman to give up so good friends for themselves.

Unless, all the time, is her blind eyes, see the wrong wind Chen yi!

Of course, the wind Chen yi's derailment, not has proved, oneself blind eye yao?O...

Just this once...

Chen yi, you don't hate black total is?It won't, will it?!

Please call me...

Trust you again!

All afternoon, yaoyao sat in her room thinking about a new plan to compete for the manors license.

'the authority of the estate...I won't give it to you!'the royal proud day said yesterday this sentence she also heard, with the royal proud day personality analysis, in addition to the black general affirmation, probably because their plan does not meet the royal proud day's mind, he will not give them the authorization of the manor is it?

But...

...

In the meeting of the plan report yesterday, yaoyao simply listened to the plans given by several other companies, which were basically similar ones. In addition, the royal pride day criticized the loopholes in the plans given by each group. That is to say, there were no plans in line with his mind, right?

It was impossible that the authority of the manor would last. He would not give it to anyone, would he? So, one way or another, there will be a winner.

So the winner would be...

'this time, our competitors are only four teams. Among them, the strongest competitors are trands group and decca group.'

'the former chairman of hanshi group is the father of han lieshang, President of bosen group.'

'yes, as hei zong said, trands group is the predecessor of hanshi group, and I have received information that hanzong of bosen has been intending to buy back his father's company. So, regarding this resort, we do not know whether the bosen group is behind the creation group. In addition... The decca group, which works with trands, is also an experienced operator specializing in holiday resorts. It can be said that they are also strong alliance. So, we just have to beat this combination this time, and basically no one is going to be our opponent.'

Ears, constantly reverberated just came to the first day of the villa United States group chairman and black dragon dialogue; In front of the eyes, also constantly flashing one after another picture, finally freeze in the gong xiaoman with her to catch the cold war with the evening yan li club.

The daughter of decca group chairman is xi yan li;Yuanyanli and cold from war these days have been in contact;Trands group is the predecessor of the cold group.

Thus it can be seen that...

The chairman of United States really guessed right, this time the creation group and decca group together to compete behind the mountain must be bosen group from the cold war!

So...

In a pile of mediocre plans, royal proud day will choose to give the authorization of the mountain to the creation group and decca group!

No wonder the royal proud day last night will say that the mountain will not be authorized to their feelings, is his heart has a certain candidate.

But.

..It doesn't matter, she believes royal proud day is a gentleman in business, if the plan that the wind does is better than creation group, so royal proud day certainly won't favor who, is it?!

To ensure the quality of the plan, yaoyao got up and walked out of the room.

Once again, she stepped into the sacred territory and looked forward to the beautiful scene.

"Did you hear that master qian accidentally fell into the lake and drowned last night?"

'well, yes, the body was cleared out of the heights this morning.It's so sad that a murder happened before the heights were authorized."

"Alas....."

Listening to the whispers of several people passing by, yaoyao suddenly stood still.

The total cost?

The total cost?!

The man who insulted her yesterday?He went overboard last night?!How could it happen that, just after she was insulted, the man was punished?!

Cut...

She could not believe that god was so partial to her.

Capable of such things...Only...

Looking at the nearby golf course, yaoyao walked slowly past...

Wearing a casual suit and a white hat, he is standing on the grass and waving his golf club.

O...

She really rarely see royal proud day wear casual clothes, generally, he is wearing a suit, and.....Without clothes.

Sweat...

Not to mention, this guy seems to be a lot, much, much younger when he's dressed casually. From the temperament, the first glance will give people a rich second generation of feeling, there is no that pair of high on the feeling of a big leader.

"Miss law, did you come to see me play golf?" At this time, standing not far from the royal proud day suddenly looked at her head.

Yaoyao smiled and said, "yes, I want to see how you are."

"Is that satisfactory, in your opinion?" Royal proud day evil smile came to her in front.

"Well..." His big, watery eyes rolled from side to side. "still not close to Tiger Woods."

"Don't compare me to him. I have none of his' idiosyncrasies'!"

If it weren't for yaoyao's fear of 'kindling', I would like to ask yu ao, do you really think you don't have the Tiger Woods habit? Seems to be more serious than him?

"Miss law, do you want two strokes?"

Hearing the invitation of the royal proud day, her eyes flashed and she put her hands in front of her body with a bad smile: "if I win, will you give me the authorization of the heights?"

"Ah..."The royal proud day of evil appearance of a smile, glanced at a few caddies standing not far away, bent over and said: "darling, if you come to my room tonight, I will give you the authority of the heights."

"Royal director, with this word, if I record the sound, your political career, probably also end!"Yaoyao smiled and selected a small golf club from the caddy's hand. With royal proud day to the site.
