

Pure Girl 641

Episode 641

For that...

She knew he was joking;Of course, he knew she was joking...

He swung the club high and slammed it out.Although it is a beautiful ball, but yaoyao's yingzi looks so funny, like a schoolboy playing golf, there is no aura.

Royal proud day is different, he just holds the club, can bring out that innate sense of nobility.

"Wow, royal director, your ball skill is really not cover, a hole in one!"Yaoyao stood in front of the hole and clapped her hands admiringly.

Standing not far from the royal proud day evil evil smile, slowly walked to her behind, bent over, softly said: "baby.How can I get a hole in one, like a golf ball?"

"Shua" of the moment, yaoyao's face turned into a red apple, exaggerated step forward, looking at him.

This bastard royal proud day, really as long as seize the opportunity will be bad!

"Miss law, why are you in such good spirits today? Running out to play ball with me? You don't want to learn from those vulgar people and get authorization by sucking up to them, do you?" They played for a little while and then sat down on the bench.

Yaoyao turned her eyes and smiled at the king sitting beside her, saying, "I can kiss ass. Do you want to eat this?"

"No one else does. If it's you, I can think about it."

Cut...

Royal pride day bickering ability, is really comparable to the world first. "Royal director, I just idle boring, want to seek inspiration, change the plan." Her expression grew serious.

"There's no need to change. Even if you change, I will not give you the wind!"

Listening to the royal proud day that determined tone, yaoyao subconsciously looked at his face: "why?! Royal director, you are not really going to authorize this manor to trans group, are you?"

Oh, my love, I find you know me better and better! Do you know why I gave it to trans?"

"Is not because of the cold is always the driving force behind the creation group to seize the villa authorization?"

Suddenly, royal proud day looked at her little face gradually double eyes on a layer of fascinated luster.

The intelligence of the little creature was really beyond his control. But unfortunately... "That's one thing."

"What's the second?"

"The other is..." Royal proud day pulled the chair under the body, gradually close to her side: "because this time the representative of the wind is you!"

Because I'm representing the wind family, right?! "You, what do you mean?!"

"Forget what I had with you before?"

'from now on, I only allow you to be happy for me; Grieve for me. Even if you luo yaoyao cry, also should be made by my royal proud day!' the words flashed into my mind.

She can think narcissistic, royal proud day is not want her to make any contribution to the wind, will say such a word?!

The watery eyes stared into his deep eyes.

To tell the truth, she has been a little fed up with the royal proud day this from time to time ambiguous language, always get her to the wild speculation; A state of ecstasy.

"No...With your royal proud day of the heart, will not really mind I still for the wind's effect!"

"Ah..." Royal proud day charming smile, he will not because of the yao yao for the wind effect, and deliberately do not give the authorization of the mountain. But...He really CARES. Yaoyao is still working for the wind family!

"Royal director, the time is getting late, I have to go back to summarize the plan." Getting up, yaoyao pressed her lips, and her face gradually darkened. "besides..

.Actually, I came to play with you today for another reason..." The small hand heavy clap patted the royal proud day's shoulder: "you around the eye too many, do everything, should be careful. Although, I know...With your ability, must be to make sure there is nothing wrong to start, but I always believe that there is no real.....It's safe..."

She believes, royal proud day can understand the meaning of his words.

Although do not know why will run over to remind him to be careful, clearly he as long as there is any disclosure, she can almost do not need to deal with the mother of the enemy.

But she just don't want to royal proud day planted in the hands of others, and, she clearly know.....

Royal proud day will execute that person, because of their own.....

Yaoyao smiled faintly, withdrew her hand and turned to leave...

Royal proud day suddenly pulled her wrist, a embrace her into the arms, kiss.

.....It was on her lips.

My god!

You know, this is the stadium, there may be people passing by at any time, as long as see them like this, then on the royal pride of today's political career will be a huge impact.

"Well...Well..."Small hands beat at him.Royal proud day must be crazy!It must be!

Yes!Even the royal proud day himself think he may be crazy, but at this moment, he really want to kiss her.....Because no woman's intelligence had ever fascinated him so far; No woman had ever known him so well.

For a long time...The sudden kiss was over.

Yaoyao panted at his expression, looked around him nervously, and growled, "are you crazy? Are too few people aware of our affairs?"

"Huh? Miss law, between us...What's the matter?" Royal proud day pretense puzzled smile.

Yaoyao's face turned red and turned to leave.

Can royal proud day but tightly clenched her small hand.

"Let go! After a while someone really pass by see, trouble!" Yaoyao is as anxious as an ant on a hot pot.

The more worried she was, the more calm royal pride day. Sitting on a chair, he pulled up her slender white hand.

He looked at her with a smile and slowly raised his head. "where's the ring? Didn't find it?"

"Got it. Don't want to...Just..." After yesterday's royal pride day left, she found the ring that was discarded by him, carefully thought and thought, since all choose to divorce, there is no need to take this ring.

"Oh, I'll go back in a couple of days and buy you a new one." Can see, at the moment, royal proud day's mood is very good.

"I, I'm divorced. What's the ring?!"

"Huh? You just ended your marriage with another man, and we... It's just the beginning..."

'plop, plop'

Looking at the soft smile on the man's face, yaoyao's heart began to throb uncontrollably.

No, no...

She was afraid of the feeling, the feeling of blushing and beating her heart at the man's ambiguous words.

He killed my mother! Right! He's the murderer who killed my mother. He's my enemy! They can not be together in this life, can not be together!

Yaoyao again and again with the reality to anesthetize themselves, to defeat the heart should not be jidong.

She bite after bad teeth, a shake off the man's hand, the head did not return to leave.....

.

Episode 642

"Ah..."Looking at the back of yaoyao gradually leave, royal proud day mood big good smile, slowly took out the phone: "long ye, to help me order a ring."

On the other end, the long ye that receives a phone call hears this words, can not help leng god: "why, you want to get married?"

"HMM...Sort of..."Without waiting for Mr. Long to speak, he quickly added, "but I also know this isn't the time.Make a reservation in advance, head office?Go and make it for me."

"Custom can, you must give me a size?"

"Size..."The palm of his hand, raised above his head, a ray of sunlight came in through his fingers.Vaguely remember yesterday in the table under the hand holding that little thing, the thickness of her fingers should be..."About three centimeters..."

"Ok, it seems that I have to give my sister to choose a bit more beautiful appearance!"

"Huh?How did you know I was going to give it to her?"Royal proud day pretending to be silly asked.

On the other side of the telephone ye despise roll up a white eye: "can make you so careful, in addition to my sister, who can have?"

O...Does it seem that he has now degenerated to the point where he cannot control his emotions?You can guess who it is by guessing.

But come on, at least he's happy right now.

Helplessly shook his head, royal proud day slowly hung up the phone.....

On the other side.

'well? You just ended your marriage with another man, and we...It's just the beginning...'

'just the beginning...'

Back to the villa, yaoyao is full of brain echoed the royal proud day of this sentence, at that time his expression; The tone of his voice, everything, everything, seemed to be in her ear all the time.

"Cool! Calm! Royal proud day just want to tease me, yes, he is teasing people! Anyway, he is always like this, say a word also need not be responsible, return to make me of dizzy, damn man, true irresponsible!"

Head down, yaoyao 'shua, shua, shua' on the paper to write down the thought of their new business plan.

Just then...

'knock knock knock'

Knock on the door, yaoyao heart a tight: "is not again royal proud day?" But on second thought, should not be him, with that guy's character, if he had, would have pushed the door in!

Step to run to the door, she opened the door, visible to stand in the door of the figure, her expression immediately cold down: "miss xi, what is it?"

"Mrs. Wind, won't you invite me in?!" Xi yan li smiled.

Yaoyao had to make way.

Yuxi yan li is not polite to sit on the sofa, smiling at her face, also do not speak.

"Evening young lady, have what matter?"

"It's nothing. I just wanted to come and comfort you, Mrs. Leeward."

Oh, here we go again! This evening yan li is really like to take other people's pain for things ah! "Miss xi, I'm fine, I don't need your comfort."

"Of course. I know you are very well now, Mrs. Wind. Well, I was worried, Mrs. Wind, if you were going to get kicked out of the big leagues. But when I saw the master leave your room last night and saw the master kiss you on the golf course, I was relieved. Feelings... Mrs. Wind, have you already found a new home?"

Evening YanLi... See it all?!

What's the purpose of her coming now?! Is want to tell oneself, she saw the thing between oneself and royal proud day? Or... Want to threaten yourself?

"Tut, tut, tut, I was thinking when I got the news that Mrs. Wind was going to marry into a big family. Then, that your friend gong xiaoman, also seems to imitate you, found a rich family.

But....."Xi yan li narrowed her eyes: "your fairy tale is shattered, believe...The fairy tale between your friend and war will soon be dead, won't it?"

"Be at ease good, evening young lady, my friend and cold always between affection good!You don't have to think about it."

"Well, well, with a friend like you, I'm sure the lady's wrist is no worse than yours."The evening yan li irony of a smile, slowly stood up: "the wind Mrs., from today on, I will you see you as an idol, this marriage has not divorced, immediately find a more powerful patron, really admire!Admire ah!Well, I won't keep you..."

Looking at the back of the night yan li left, yaoyao's small hands clenched a fist, early know that when the small man beat her, he also followed the advantage!It was a woman who owed a taxi!

Looked at the wall clock, dizzy, are almost 8 o'clock in the evening, hurry to draw up the plan to write it, while the black dragon should come.

Sitting back on the sofa, yaoyao continued to write the unfinished project completed.

Arrive on time at 8 o'clock in the evening, black dragon, the chairman of the United States group as agreed to gather in yaoyao's room, after three people finally decided to give the draft plan yaoyao.

However, after all, she is not a professional, the final plan by black dragon personally execution.....

Early in the morning, all the people gathered in the meeting room, for all the people here today will be the royal proud day to finally decide which group to authorize the mountain.

We will give the plan to the royal proud day subordinates will patiently stay in the conference room quietly waiting for the results.

One by one, the yawns of the sauroposaurus swished.

Yaoyao patted him on the shoulder, "Mr. Black, why don't you go back and have a rest? You see, you have black circles under your eyes."

"Is it?!" You know, black dragon is a very care - conscious person, his skin can be said to be much better than yaoyao.

"Alas.....Too long did not stay up late, now some are not used to, just stay up all night, there are dark circles under the eyes, really...Yeah..."

In the past, the life of the black dragon was one of play at night and sleep during the day. But two years ago, he completely changed his schedule. I must have rested before 11 o'clock every night. I got up at 8 o'clock in the morning.

"Never mind, I'll stay here with you and wait for the result."

See the black dragon idea has been decided, yaoyao said not in the shirking, can see his listless appearance, her heart is inexpressible sad.

Chen yi, if you can, I really hope you can see now black always how hard, his hard because of the wind, because of you.

Although, I wasn't there when that happened. But I can imagine how sad black always felt after being framed.

But in spite of this, the total black still non-stop, work hard to help you, nothing more than, is he care about the brotherhood between you.

What about you? Do you also like black always care about you, care about him?

Single office, royal proud day one by one of the review of each company sent the plan book.

His handsome face was always gloomy, and he could feel that he was still dissatisfied with the revised plans.

Until opened the wind with the United States group of the program book that moment, his deep eyes suddenly flashed a trace of be amazed to the luster....

A neat plan, all written by hand. Sonorous and powerful font, give a person a bright feeling.

Beautiful words, just the right tone, you know this is from the leadership of the plan book.

"Oh, it must have been written by the black dragon? As expected is young promising, wipe thought agile....." The tone that praises unceasingly falls, at the moment, royal proud day wants to know more, this idea is from whose brain?

Is it that little thing? Or... Black is phlogistic dragon?

Satisfied with the wind group with the United States group's plan book, he slowly opened the last plan, this is the trans group and decca group submitted, but just read two lines, royal proud day's face instantly sank down.....

"Royal director..."

"Royal director..." Meeting room, those wait for the results of the boss quietly see royal proud day, respectful rise to meet.

"Sit down, all of you." He motioned for them to take their seats with a gesture of the hand, and with his deep eyes he scanned the nervous crowd. As for the end result..."

All of a sudden, the atmosphere in the meeting room almost reached freezing point, everyone held their breath, quietly waiting for the outcome.

Who knows...

"Ha ha." At the most critical time, has been a serious attitude of royal proud day suddenly laughed.

All people immediately from the tension into a head of confusion, thinking, royal director suddenly smiled?

"Before announcing the result, I would like to ask the representative of trans group and the President of xi you a few questions." Royal proud day smile will look at the two people sitting not far away.

The two quickly nodded: "royal director, you ask."

"Which one of you came up with this proposal?" He pointed to a program book near his hand.

Xi chairman immediately raised his hand: "back to the royal chairman of the word, this plan book is my idea.

"

"Well..."Body, all of a sudden rely on the back of the chair, royal proud day evil smile of crossed legs: "xi chairman, your idea from what?Why are you proposing to build the villa as you said in your plan?Why are you so bold as to suggest that you assign people the way you do?"

"Er..."In the face of one problem after another, xi chairman of the forehead can not help but shed a few drops of cold sweat, nervous looked at the eyes cast by the doubt, he stuttered answer: "royal director, this is because...Because, I think, it would be a more ingenious use of the value of the estate."

"Value?!"Royal proud day faked puzzled frown: "but your plan did not give me what value ah, but compared with several other competitors, you create the lowest value, this.....What's the matter?"

Listening to the royal proud day that slow voice, the President of the more nervous up, kept wiping the sweat with a handkerchief: "this, this...It's because..."

"Oh, if you can't explain the President, there is no need to explain."Deep eyes to the bottom of the wind with United States representative: "I want to ask, who is the idea of your group?"

What's wrong with that?

There seems to be some...Weird?

Yaoyao raised her hand nervously. "yes.

..I....."

Oh, he knew it was this little thing that came up with the idea!"Please, miss law, explain to me where your idea came from."

"Well, actually I proposed this idea because it came to me on a whim while I was strolling about the heights.This place is so beautiful that I can't bear to turn it into a business.And so I thought, well, it's going to be more valuable to turn this into a family-run place to rent out."

"I counted more than a thousand villas.We can rent it to retired couples over the age of 60.They have done so much for the country that they can no longer stand the hustle and bustle of the city. It is better for them to return to their original nature and enjoy the beauty of nature."

"First, people will think our country is humane;Second, those 60 years old old husband and wife experienced the baptism of the years, will certainly cherish the beauty of here, will take better care of the environment here."

"I want to..."Yaoyao smiled faintly, and her eyes, which seemed to know everything, slowly turned to the royal pride. "the country has been reluctant to open the park to the outside world," she said.Well, the best thing to do is to make your home your own, and let each family take care of it. I've always believed that no one would make their home dirty, would they?"

"And...Has not the state always advocated saving?If it does turn this place into a commercial space, it's for tourists."

We will waste a lot of human resources in disguise. Now, to the family to use, invisible in we reduce a lot of manpower, material resources. It doesn't look like it's profitable, but if you do the math, it's more cost-effective to rent out these villas."

"The main thing... Hehe, you specially invited all the competitors to come here to experience the beauty of the manor. The purpose is to make everyone feel the beauty and the soul of the manor, right? I believe that the most perfect plan in the mind of chairman Yu is to not only protect the environment, but also show the scenery here to the world. Is that right?"

Yaoyao's elegant and innocent smile was reflected in the eyes of everyone in the conference room.

From her simple description, they all seemed to think of the future.

B: yeah, why should it be used for commercial purposes when the natural scenery here is so beautiful? Wouldn't it be more beautiful to turn it into a home?

I have to say that all of us admire yaoyao's way of thinking.

She is really thinking for the beautiful manor, and guessed the intention of the government, royal proud day's heart, and the rest of the people are standing in the money and interests to think, they lose the heart!

"Miss law..." Royal proud day body forward a little, holding a chin evil smile looking at Yao Yao.

"What, what?The royal director..."

"Will you live here with me when you are old?"

Suddenly, all the people in the meeting room turned their eyes to yaoyao.

She leng leng of open wide eyes, surprised looking at the royal proud day that evil handsome face, 'plop, plop' heart seems to be more than 200 speed crazy jump.If she hadn't kept her mouth shut, her heart would have popped out of her throat.

Damn it, here we go again!

Small face a burst of red, a burst of white secretly aimed at all that surprised vision, how to do?What should they think?!

"Ha ha, I am joking."At this time, the royal proud language front a turn.

Everyone just a long sigh of relief: "ha ha ha, I thought the royal director is a very serious person, I did not expect the royal director is so humorous."

.

Episode 644

"Yes. I have always seen on TV that the royal director is always very serious about receiving foreign guests, this private contact, only to find that the original royal director would also like to tease the little girl ah.

Call.....

Hearing everyone's tone, yaoyao almost collapsed on the chair. This bastard!

"Will you or won't you?" At this time, the black dragon and do not forget to throw a stone, looking at her smile.

"....." She gave the dragon a vicious look and quickly turned her head to the other side.

"Okay, guys, now I'm going to officially announce the results!" Royal proud day's face suddenly became serious down.

All people immediately picked up the face should not expression, quietly listening to the results, although they have basically guessed the royal proud day will authorize the manor to the wind.

"As a result, as you might expect, the estate was officially managed by the wind family and the United States. Another....." "I will inform the chairman of the federation of Chambers of commerce in a moment that the trading of decca group has been suspended for a month. Dismissed!" Cold words fall, royal proud day out of the meeting room.

But everyone seemed to be caught up in a new mystery: "what's going on? Old xi, where did you offend to royal director? Why did the chairman decide to punish your company?"

"Yes. What's going on?"

Hearing everyone's questions, decca chairman sat there with a face of embarrassment, not knowing how to explain.

At this time, yaoyao seems to react to what, a lunge quickly rushed to just the royal proud day to do the position, panic opened the decca group submitted the plan. The lo...

The plan submitted by decca group is exactly the same as the plan conceived by yaoyao!

Feelings yesterday night yan li is not to find their own trouble, but want to peek at their own plan!?

Oh, no wonder the royal proud day today's behavior is something wrong? With his determination and sagacity, he could not have asked questions before announcing the result.

However, if today's royal proud day did not use this trick, only afraid... She jumped into the Yellow River and could not prove that the idea was really her own.

Royal proud day is really...A wily fox!

This moment, yaoyao once again witnessed the royal proud day that deep bottomless city, and resourceful thinking. Of course...What she admires more is the fair and just of royal proud day.

If he really wanted to favor trans, he could have just declared trans authorized. In the end, there was no way to prove that trans had copied the idea.

But he did not do so, but with the most fair and just means to verify all the truth!

Obviously, he could kill without blinking an eye and take the lives of others at will. But still can do just law enforcement, keep everything fair.

Well, he is really a good and evil, and people do not know...The bad man!

Gradually, to participate in the competition of a few group representatives have gradually left this beautiful mountain village.

Before she left, yaoyao was so reluctant to leave here that she kept taking photos as a souvenir.

Until she got on the high-speed train, she still wore that reluctant look on her face.

"Woman, after this manor is the wind family, you since so like, call....."In the middle of his speech, the fact that their marriage was about to collapse was immediately apparent."Sorry..."

"Ha ha, black total have no matter of, this matter happening so long, I already.....Think it over."At least, not to just know this thing, so helpless;I don't just want to run away from it, or be afraid of it being mentioned.

Maybe, this is a kind of release...

"Think it over?With Chen yi divorce?"

Looking at her black eyes, which seemed to see through everything, she nodded her head positively:
"HMM.

.."

"Good.This decision...Not bad for you or for Chen yi." In the black dragon aware that he has been unable to make the wind Chen yi back, he has given the wind Chen yi advice, called him to divorce with yaoyao.At the very least, it was a relief for both of them.

The high-speed train is running fast on the track. Yaoyao, who is sitting near the window, gradually falls asleep...

In the dream, she once again returned to the beautiful garden near the mountains and waters.

There, she lived a happy and comfortable life with her beloved partner, without troubles, without cheating, without hatred.

However, she tried to get a good look at her partner, but she couldn't.

Who is he?

Slowly opened the hazy eyes, the high-speed train has begun to slow down.

Aware that her head seemed to have been resting on the shoulders of the black dragon beside her, she sat up and wiped the saliva at the corners of her mouth. 'I'm sorry, black...A proud imperial days?!"

What's going on here? Isn't the person sitting next to her supposed to be the black dragon? How can I wake up and become a king?!

"Baby, what a dream, always giggling?" Royal proud day a hand to support the chin, evil smile asked.

"What, what are you doing here?"

"Don't you know I'm on the same train as you? I changed seats with Mr. Black."

Black dragon is also really, how he really with royal proud day to sit? Luckily, the train will arrive at the station soon anyway.

"Honey, I made a reservation at the pearl asia-pacific hotel at 8:00 tonight." Royal proud day said will get up and leave.

Yaoyao immediately grabbed him by the cuff. "wait! What do you mean?"

"Would you like to invite me to dinner?"

Of course not! She is hiding from the royal proud day is not as good as it, how can run to eat with him? "Thank you, Sir, for your kindness, but I don't have time!"

"Well..."

"Royal proud day that deep eyes a turn, sexy lips slowly provoke a wipe of evil smile: "that look, only by me to visit miss law home."

Er...

In person? Or... Go to home?!

Ha, ha, ha, what? If really call royal proud day to come home, can have what 'result'?! "Royal, royal director, I...! I'll think about it..."

"Well, honey, tonight at eight o'clock, if I don't see you, you know the consequences!" With threatening words fell, royal proud day got up and went out of the compartment.

Yaoyao bit his mouth and looked at his back fiercely. Hum, she today big deal not to go home, do not believe you royal proud day can nai I what, anyway the hotel have to go to more, big deal to find a hotel to hide all night.....

"Father-in-law, here is the government approval contract and the cooperation letter with United States. Here you are." Yaoyao once a high-speed train on the non-stop back to the wind to report the results of the battle.

"Oh, yaoyao, yanlong told me on the phone. The reason why the feng family has won the authorization of the villa this time is entirely due to your efforts." Halfway through, the wind rose and bowed to her: "thank you for fulfilling my wish."

"Father-in-law, father-in-law, you don't say so, in fact this time the wind will get the authorization, is black total credit, I just gave an idea, is black always write a new plan..

Episode 645

"Alas.....Phrynychus or you.Chen yi can know you is really a kind of happiness, just say..."About to speak but not to speak, the wind xiao a face sad sitting on the office chair.

From his godless eyes, it is not difficult to see that the missing father-in-law for the wind Chen yi should be disappointed, these days, father-in-law seems to have aged a lot.

However, she can do nothing, perhaps the only thing to do, is to temporarily hide the decision to divorce with Chen yi."Father-in-law, my wife...I'm going back to my office."

"Well, go back."

Yaoyao quit the chairman's office and took the elevator all the way back to her office.

"Lo...Director lu, are you back from a business trip?"< / p > < p > legal department colleagues, see the appearance of yaoyao, face are covered with an unnatural smile.They really don't know whether to laugh at this time?Or should we be serious?

Yao yao smiled and nodded to them, then hurried back to the office...

"Ah...Ah...You say, this time the wind with Luo Director will divorce?"

"See this meaning, must leave. The wind has not appeared for so long, probably waiting for Mrs. Wind to take the initiative to divorce it."

"Can Luo Director know husband to be cheated on clearly, still work for Wind family, whether to represent she does not mind this matter?"

"Who knows, but...If true divorce, Luo Director is very pitiful actually, just so young be about to become abandoned wife.....Alas....."

Although she has entered the office, but Yaoyao still faintly heard the voice of colleagues outside the door.

Ha ha, she grew up, has not been so high 'treatment'. Remember 2 years ago Wind Chen Yi derailed, the students also laughed at her was dumped.

It seems...

This society has a really low tolerance for mistress. Even in the face of people they don't like, as long as they meet mistress, they can immediately point the finger at mistress and sympathize with those they don't like.

This also not bad, at least, everyone guessed that she and feng Chen yi will end up with a divorce, then really from, you will not feel surprised.

Forget it..

.

Think about which hotel to stay in tonight, at the very least, have to live in a royal proud day can not find a place to be safe...

"Tut, where's a good place to stay?"

'the bell...The bell bell...The phone suddenly rang, and yaoyao looked at the caller id curiously...

The number is...

White little face suddenly gloomy down!"Hello?"

"How do you do, miss law? We've been working on what you told us to look into these days. Based on questioning witnesses and asking around, we can now prove that Mr. Feng and Ms. Xie met in a bar about half a month ago. The party also has ouyang group's big young master, ouyang zixuan."

Make this call is the detective hired by yaoyao, she has been holding the trust of the wind Chen yi, so did not take any action.

Until xie zhiqing will wind Chen yi coat to her that day, she was determined to check the wind Chen yi. However, in the evening the media exposed the wind Chen yi with xie zhiqing bed.

She had largely ignored the detective.

Who knows, they called out of the blue today.

That's not bad. At least, yaoyao knows exactly when her husband started cheating. Ah, the feeling is that day the wind Chen yi said ouyang zixuan lovelorn began ah...

How stupid to...I've been kept in the dark for so long, and I've been acting like a fool...Believe the wind Chen yi! Believe the wind Chen yi!

But what's the point of complaining when you've already decided to get a divorce?

"Ok, I see. Where is Mr. Wind now?"

"Miss Luo, Mr. Feng has been staying with Miss Xie since the relationship between them was exposed.

They went to New Zealand for a holiday and just arrived in China two days ago. We have pictures here. Do you want them?"

Oh, photographs? She will only see more heart.

Really did not expect, the wind Chen yi is clearly a very responsible man, but after this thing happened, he can actually ignore the run to go out with xie zhiqing holiday?!

Maybe.....

He is really too like xie zhiqing. For love, can leave all all.

In fact, I should have known this truth. By rights, feng Chen yi has missed a 2 years ago, in the wrong, must be he very, very love that woman.

It's just...

Yaoyao really did not think, the wind Chen yi for xie zhiqing feelings will be so deep.

I was so calm that I thought I should be able to face it all. But... After learning the truth, yaoyao's heart is still a faint pain.

Perhaps, more is a kind of sense of loss.

Count up, now know the whereabouts of the wind Chen yi is good, at least can find him to sign the divorce agreement."Anything else to report?"

"One more thing, miss law, when we were gathering evidence of Mr. Wind's infidelity, we stumbled upon a secret..."

The secret?!Yaoyao frowned slightly. "what's the secret?"

"Well, miss law...Well, I'd better send it to your mailbox.Just check for yourself."

"Well, all right."After hanging up the phone, yaoyao logged into her email address.

After about two minutes of waiting, the detective sent an email.

Receive mail, open...

Read the email carefully and gradually...

Gradually...

Yaoyao's face turned white and white, and her pupils dilated several times. The next second, the dry eyes imperceptibly filled with tears.....

Patter, patter, like a kuangshi pearl general rolling down the corner of his eyes.

"How did that happen? How did that happen?!" The look in the eyes is so vacant and incredible, perhaps more is the pain and suffering.

"Ah..." Afraid that her cry was too big to alarm colleagues outside the office, she covered her mouth with one hand, two lines of clear tears down her eyes. Sobs of grief filled the office...

Perhaps it was too much to watch, yaoyao quickly closed the mailbox, biting the corner of her lips, covering her cheeks with her hands, and crying.

Her mind was blank at the moment, nothing but grief.

How long...

The wailing sound seemed to be suppressed by a light laugh, and yaoyao was crying and laughing at the corner of her eyes, as if she could never wipe away the tears of grief and joy.

At this moment, she just know, the original people can cry happy can also laugh tears.....

The revolving restaurant on the top floor of the pearl asia-pacific hotel in the city center is empty.

Every now and then, customers would come in, but they were all stopped at the door by the manager:
"Sir, miss, I'm sorry, this is all covered up, so I'm sorry.Come again tomorrow."

"Wow, all of this?"The women's eyes glint with incredible brightness, you know, this is a high-cost restaurant, including the whole restaurant is not a small amount of money."To propose?"The woman looked curiously into the restaurant.

Episode 646

The manager smiled: "excuse me, miss, this...Please forgive me for not being able to reveal..."

"My dear!My dear!Look!Look!Is that person in there the sovereign of the state council?!"Through the glass of the doorway, the woman saw the royal pride day sitting in the middle of the restaurant.

The man beside him also hurriedly looked over: "yes, that is the royal director."

"Ha, so here is the royal director to pack? I used to see the director of the royal on TV, handsome but very serious, did not expect to make such a romantic move. Let's go to another restaurant, my dear, so as not to spoil the romance."

"Well." The gossip girl finally left.

The manager in charge of the guard sighed helplessly and went into the restaurant. I hope you enjoy your dinner with your friends later."

"Thanks." Royal proud day refined smile, slowly from the pocket of a box.....

Open this beautiful box...

Inside is a very shiny and unique diamond ring...

'proud day, the ring has taken back. Let's see. Are you satisfied?'

Royal proud of the world after the high-speed rail, the first time came to bosen, to find the dragon ye take the ring customized in advance. It looks good. You have a good taste.'

'it was. I asked my girlfriend and ex-girlfriend and ex-girlfriend to go with me. That's eight million, please pay into my account.'

'eight million?'

'of course! The diamond on it is three carats. You once in a blue moon give a woman a ring, and this woman is still my sister, of course I want to beat you a brushstroke bamboo stick, remember to return money!'

'come, come, stop writing. Pay you \$10 million, okay?!'

'well? You give it to me, I'll take it!'

Dragon ye will not always with royal proud day polite, their brother two people's money, no matter how to spend, in the final analysis, are not divided between you and me.

Memory pull back, royal proud day smile rub that shining diamond ring, also do not know little thing will like this design?

"Royal director, your honored guest is here."

Hear the restaurant manager's words, royal proud day quickly received the ring in the pocket: "please let her in."

"Is....

.. "The manager walked quickly to the door, bent over with a smile, and struck a greeting pose: "miss law, please..."

Standing at the door of the restaurant, yaoyao took a breath without expression.

Actually, I didn't really plan on coming over today, but...

'something' has to be completely resolved before 'the next thing' can happen, right?

Step into this fine restaurant.

Looking at the empty restaurant, as well as the melodious music, yaoyao inexplicably become nervous, royal proud day bag here?

The eye light that glint locked to sit in the middle of the restaurant that the figure that fix eyes on.

What royal proud day is wearing today is a suit of navy blue, that black hair silk is apparent to pass special do, neat and fashionable.

Although his usual clothes and hairstyle were always meticulous and orderly, today was a little too grand.

Compared to myself...

I looked at the clothes on my back, and they looked more like dishwashers than the dishwashers here. Alas.....

Look up, she forced out a smile, hurried to the table: "yo, royal director, do not make so grand?" Try to greet him with humor.

Royal proud day slightly frowned, obviously aware of the voice of yaoyao some far-fetched. But still to suppress the heart of doubt, the very gentleman pulled out of the chair she sat in.

O...

Ha ha...

They have known each other for so long, this is the first time that the royal proud day to treat a real woman like to pull out a chair for her.

Sitting on the chair, yaoyao suddenly felt like she was on pins and needles: "director of the royal family, you have done so much work, are you not afraid of the independent commission against corruption investigating you?"

"How are you today, little one?" Royal proud day cold a face, as if can see all the eyes straight at her face.

"Good, good. The authorization of the heights has been taken, can it not be good? Actually, it's my treat today, but I don't have the money to pay for all that. This time, please."

He was in a good mood, but when he saw the hypocrisy of yaoyao, his mood suddenly darkened.

"Yes, Sir."

Before the dish, dinner, the waiter put the whole table one by one.

Royal proud day elegant open table cloth, draped in the legs, just to start, but see yaoyao sitting there without any meaning to start. "No?"

"I came after eating. Not hungry."

Put down the knife and fork in the hand, royal proud day cold stare at her low small face: "what happened?!"

A pair of small hands on her lap were tightly squeezed together. Yaoyao looked up, pretending to have nothing to do. "What is it..."

Silence.

The atmosphere of romance sank into dead ash in an instant, the dining-room that empty appears a bit bleak.

Royal proud day face expressionless sitting there, yaoyao thoughtfully playing with their hands, the atmosphere seems to be so discordant.

She knows, oneself now every move has been royal proud day see through.

This man's insight is really too strong, in addition to how well he knows himself.

But it's all right...Some words, also save yourself to say.

"F..."

The voice of the royal proud day suddenly came from the side of the position, not waiting for yaoyao to return to god, behind a pair of arms gently wrapped around her neck.

"After all, what happened...What's the matter?"A deep, intoxicating voice, accompanied by warm breath, blew through her ears.

It itches a little, but more often it makes you sink into this deep, charming voice, unable to extricate yourself...

'f...'

Oh, she really rarely heard royal proud day to call themselves by name, many times she really want to ask, royal proud day is not know what their name?!It's always baby, little thing, that kind of thing, and she's not happy about it.

At least now can prove, royal proud day is to know oneself call what.

"Royal...The royal director..."Yaoyao looked around the restaurant nervously. "is this good?"Restless twist oneself, want to get rid of his embrace.

Royal proud day released his arms, took advantage of the opportunity to pull out of her side of the chair, sat down: "today I called you to eat, is to hope that we can be able to have a harmonious dinner together, not you have been absent-minded to accompany me to eat!"

Can feel, royal proud day today is particularly patient, if changed before, he would have been impatient to leave.

However, she really does not need this man to be so patient with her now!

The cold eye light slowly toward his handsome face: "royal director, do you think we can really coexist peacefully to eat a meal? I think, I can now use this attitude to face you, has been infected by the way you get along with Chen yi. That is why, for the time being, I have been able to let go of my hatred of you."

.

Episode 647

"Yaoyao! Royal proud day both helpless and embarrassed sigh tone: "you temporarily give me a break time, ok? During this time, you don't have to think about anything. When the time comes, I will give you a satisfactory account."

Satisfactory account? O... Now there is no such thing as satisfaction or dissatisfaction for yaoyao. With a bitter smile, she pretended to condense: "no! Some facts can not be changed, even if it does change, royal pride..... All this means nothing to me now!"

Listen to her that refuse tone, royal proud day more feel this little thing today is very wrong. Big hand took her small hand: "you..." The slender finger suddenly touched something, his handsome face gradually some dark, slowly turned the back of her hand, bowed his head...

The ring, which had been discarded by him and found by her, appeared again on the ring finger of yaoyao's left hand.

The ring looks so sharp, like a sharp sword stabbing the royal proud day's eyeball: "what do you mean?!" The grim words fell, and he slowly raised her small hand with the diamond ring.

Yaoyao looked him straight in the eye, expressionless. "I decided...Don't divorce with Chen yi!"

That's why she's here today! I do not know why, she felt it was necessary to inform the royal proud day, his decision!

"Ah..." A sarcasm of cold hum, royal proud day that deep eye son a sink, cold cast off her small hand: "can you accept the wind Chen yi derailment?!"

"He cheated on me two years ago. Can't I still marry him? So, two years later, he cheated on me again. What's wrong with me?!"

"Little thing, do you think there's a comparison?!" Royal proud day a buckle her neck, hard to pull her face to their own.

Looking at the gloomy face up close, yaoyao clearly knows that the result of her persistence will immediately anger the royal proud day!"This is my marriage. I can handle it!"

"If you can control, his wind Chen yi won't derailment!You must divorce him now, at once!"The grim imperative words fell.

Without a moment's retreat, yaoyao asked, "who are you to dictate my marriage?"

"Because he can't give you happiness!"

"Funny, funny..."She don't understand of shake a head, sarcastically way: "that you royal proud day can give me happiness?If you could give me happiness, you wouldn't kill my mother!I ask you, royal proud day, you always take me when what?!"

Angry questioning voice down, yaoyao's small hands clenched a fist, no, should not say these, their purpose here today is not to mention the past with the royal proud days of those things.

But.....

She just couldn't control her words!

"Royal proud day, at that time you saw the wind Chen yi off the rails, can selfless do cover for him, I know...You are for my good, for our marriage good.I thank you.

"

"And now? Now, you command me with the wind? Chen yi divorce is for what? Because sure, he can't give me happiness? So, you can't watch me jump into the fire? Ha... You're so good to me. You're so good to me. But!" The little hand pushed away the hand that held his neck.

"I am not your pet, Lord! It doesn't mean that you can give me away if you want to, and you can rest assured that people will treat your pet well. Then, when you find that your pet is not treated well, you have to bring it back with a strong chain around its neck, even if your pet is reluctant to come back!"

Listening to her roar, the royal proud day of the big hand slowly clenched a fist, one word choked: "I have never, you, as my pet... Look at it."

I know... I know...

Royal proud day, but I don't think so, don't so anesthetize their words, how can I hate you? To hate you?!

A sour taste came to my heart, yaoyao was afraid that she would shed tears, small hands clenched a fist, that sharp nails firmly buttoned his palm. "That's how you feel, but I feel like you're treating me like a pet. If you really respect me, you should support me and Chen yi to continue this marriage!"

"Support? Ha....." The royal proud day since sneer up, the sexy lip horn lightly pressed once, he face expressionless way: "when one day, you stand in my position, you try, you will not choose... Support!?"

Looking at the royal proud day hanging on the face with a slightly painful look, yaoyao's heart 'stomp' once, heavy sink down.

Enough is enough! Royal proud day, you don't so, don't show such an expression, don't say so call a person daydreaming. It's not your style. It's not your style.

Your anger and anger do not form in color, your secret do not reveal, why in this moment not good show?!

The original.

..

Does the man have 'lapses'? It's a pity that... He really shouldn't have been 'careless' at this time!

Endure the heart of the difficult, yaoyao staggered the line of sight with the royal proud day, try not to look at the moment in this cold-blooded man's face that love side, pretending to be relaxed way:
"anyway, no matter how I will not divorce with Chen yi!"

"Are you sure?!"

"Well..."

"Answer me directly!" Royal proud day sullen turned her head.

The moment the eyes met, yaoyao's clasped fingernails sank deep into the flesh, and she could feel the blood flowing out. "Yes, I am sure! No matter how sorry Chen yi did to me, I can forgive him, this life will not divorce with him!"

"Good.....Very good." Royal proud day slowly released the hand that fixed her body: "don't you say I don't respect you? Now, I respect your choice. Since you must follow wind Chen yi to continue this marriage, so...From today on, everything you have is with me...It doesn't matter anymore." In an instant, all the emotion that should not have been on his face disappeared.

Get up to leave that moment, the past between them seemed to become a passing cloud.

His resolute figure gradually disappeared in the line of sight of yaoyao, the long-suffering tears slowly began to roll in her eyes. "Call...."

..Such an ending...It's nice to be....."

"Little, miss...Where is the royal director?" The manager's voice was in my ears.

Yaoyao quickly swallowed the tears in her eyes and turned her head with a smile. "he left. What's the matter?"

"Well, the royal director told us to prepare flowers and cakes. Look at those things..."Say, that manager awkwardly point to not far.

See, a hand violin of the man next to a large bunch of roses, at least more than 900, the sea of flowers next to a three-layer cake...

Suddenly, that hidden in the heart of the sour finally close to the edge of the outbreak, afraid that he could not help crying out, she quickly stood up: "give it to others."Quickly disappeared into the hotel restaurant....

Episode 648

Underground parking garage.

Into the car, the royal proud day that expressionless handsome face gradually, gradually covered with a look of pain.

The palms of his hands hit the steering wheel hard, he bit the corner of his lower lip hard, and he propped his head against the door frame with one hand. Deep sorrow hangs between his eyes...

'then you can give me happiness? If you could give me happiness, you wouldn't kill my mother! '

If she could give him a chance to answer her question, perhaps...

He will say...

I can give you happiness; I didn't kill your mother.

But she wouldn't give him a chance to prove himself!

Her attitude is so firm, her determination is so firm, as if in her world in addition to the wind Chen yi, in also can not hold any man!

But fortunately...

She did not give him a chance to reply, otherwise he really could not imagine what would happen after telling the truth. !

Gradually close up that pair of full is painful double pupil, narrow inside the car moment was full of painful taste.

Luo yaoyao's smiling face, her tears, her happiness, her sorrow, her loveliness, her cuteness are all deleted from the mind of the royal proud day. Until.....

All the memories between them disappear...

On the other side.

"A little... Where, miss?" Parked on the roadside of the taxi, the driver gawked at standing on the roadside of the guests.

While crying, yaoyao wiped her tears and tried to keep her words clear. Guangning, big... Street." Pulling the door open, he quickly slid into the back of the taxi.

"Ah..." Sobs of tears filled her whole face, curled up against the door frame, a pair of small hands tightly covered his face, but still can reveal the pain of the heart of the lament.

Really did not expect, originally oneself also can be a natural actor, act the appearance of bastard, stir bogeyman, also can play incisively and vividly.

No matter what the royal proud day said, as long as he caught his mother this can be 'unimpeded'.

Ha, what a great excuse. copy right hot novel pub

What a good excuse!

Can be...

If do not grasp this point, with just such a scene, how can she not associate royal proud day to what? !

A man who has never had a heart for a woman; A romantic package; His dress, his toilet; What do the roses and the cakes represent? What does it imply?

Fortunately,...

Fortunately, he had the early opportunity, from a into there, put a pair of bastard appearance, resulting in things not according to royal pride day prearranged evolution.

Otherwise, she really dare not imagine, the result will be what!

Good pain...

Very suffered!

My chest seemed to be suffocating under the pressure of something.

Obviously such a choice, he has been fully prepared, but why in the rejection of the royal proud day, in the choice to tell the royal proud day, his heart is so painful?

Sobbed looked at the palm of the hand...

Above, a line of fingernail traces, are she afraid she will cry, will change her mind to pinch out. There was no pain at all.

Perhaps, because the pain of the heart, covered the pain of the body?

I...

Do you like him already?

Has that feeling sublimated into love? !

Really should not, clearly know, oneself should not like this man. But in the end, or did not control that should not be the emotion.

It is said that meeting the wrong person at the right time is a kind of sorrow;

It's a pity to meet the right person at the wrong time;

So, what is between her and royal pride?

Met the wrong person at the wrong time? !

Oh, that's a pity and a sorrow, that's funny...

"Ah..." The wail of pain grew louder and louder.

The driver in the front seat looked back worriedly: "miss, you, all right?"

"I..."

"Just said a word, she found that she could not communicate with people in a normal tone, so she waved her hand to the driver, trying to cry less, but she was so helpless, so painful..."

But...

No matter how painful; No matter how sad, but for today's choices, and today's results. Her...

Not a moment of regret!

All that needs to be done now is...

Slowly... Slowly...

Learn to forget, learn to hide, learn to abandon...

On the other side.

In the dark room, the cold wind blowing the man's black hair, royal proud day body rely on the balcony, face expressionless staring at the car to the car to the road.

'bell bell bell... '

He slowly took out the phone in his pocket and brought out a beautiful box.

The box fell on the ground rolled down two, royal proud day slowly picked up, took in the hands.
"Hello?"

"Proud day, how?" On the other side of the phone came the voice of Mr.

Long.

He turned his back on the balcony, fiddling with his fancy box, and breezily replied, "dumped."

"Oh?" Long ye leng descend a god: "this what circumstance?"

"What's the matter? Your brother me, was your sister mercilessly dumped bai, ah..."

Listening to the royal proud day that play tone, how to listen to the dragon ye feel like a fake.

Where does the royal pride look like being dumped now?

Moreover, since they know, which is not the royal proud day jilt, this is the first he heard royal proud day was jilt, also can't really distinguish, royal proud day is now attitude is normal or abnormal.

"That proud day, you all right?"

"Good. What's wrong with that?" Relaxed, he opened the delicate box with one hand. The diamond ring that was to be given to yaoyao was reflected in his eyes again.

Fingers, obsessively rubbing the beautiful ring.

On the other side of the phone in silence after a long time, slowly way: "you have nothing to do. I'll hang up."

"Well." Hang up the phone at that moment, the royal proud day turned to face the balcony with a smile: "goodbye, little thing." Infatuated with the light kiss under the meaning of the ring, his eyes flash, hands, forced to throw out...

At night, a limousine stopped by the side of the road.

The man cuddled the bosom but person, infatuated embrace kiss each other, the air inside the car as if gradually become thin, the woman's small face also diffuses on a shallow red glow.

See the arms of the little girl some sad, cold war quickly ended the kiss.

Gong xiaoman kept on the back of the gas, also thought he wanted to suffocate it. "Uncle, you have good lung capacity."

Has been feeling to thick atmosphere, because of the small man of this sentence instantly broken, cold from war helpless smile: "I send you back to school." Just about to start.

Gong xiaoman hooked his arm. "why don't you invite me to visit your home?" She pointed mysteriously to a detached apartment in front of her.

Although, they have their own residence, but small man know, here is to belong to the cold war home.

Episode 649

"Next time." Cold from war prevarication opened the mouth.

She is not happy of puffed up a mouth: "this won't you hide other woman here?"

"Oh, you girl, are you starting a fight again? My cell phone, you check every day; Where am I going, you know, and think I have another woman?"

"That can not be prepared for oh, I also thought that the wind Chen yi will be with yaoyao forever, the result of the fact that the wind Chen yi is not a Wolf, cut, this is the man!"

"Girl..." Cold war very patient to pull her hands: "others are others, I am me. I repeat, when I'm with you, I'm not with anyone else!"

"I don't believe it, I don't believe it, I don't believe it. Take me to your house." Gong xiaoman used his ability to mix and tangle.

Cold war that cold face gradually sank down, he is not to take gong xiaoman to there, but... Several of them had a prior agreement not to bring any outsiders to the apartment.

Of course, the first to break the agreement is the royal proud day, yaoyao also undoubtedly became the first to enter their apartment 'outsiders'.

"A little man..."

'pa... Pa... Pa... '

In the cold war just about to open his mouth, they obviously heard a loud impact on the roof of the car.

Cold war with gong xiaoman looked at each other.

'what things? Said, small man will get off to check.

"Alas! Wench!" Cold from war to stop, she had run down the car.

Dark apartment district, small man by the weak street light from the road to look around the cold from the war car, finally found a beautiful box on the roof, she opened the look.....

It's a beautiful diamond ring.

"Uncle! Uncle! Are you gonna surprise me? !" Gong xiaoman a face excited to sit back in the car.

Cold from war a confused look at her face: "what?"

"Cut, less." At once she took the ring out of the box and said, "didn't you give it to me? Otherwise how so coincidentally, just still on the roof of our car?"

Cold from the war look, cold cold eyes subconsciously to the front of the independent apartment, according to the location, this ring should be...

Is it still proud? Or Mr. Lung's? Or... Is snow pupil? !

"Girl, this ring is not really my preparation."

"Why are you so uninteresting? Do I know you didn't get this ring? You don't just say you prepared it. I don't care. It landed on the roof of our car and smashed yours.

"Said, Gong Xiaoman set in his middle finger: "well, just as the god gave us the ring. Look at the shining diamond: "wow, it's really big, but I also know it should be fake. Otherwise, who would be so generous, random still."

Looking at the small man that pair of rascal appearance, cold from war helplessly shook his head, only to find the girl is how unreasonable ah?

Above all...

The diamond on that ring, it must be real! "Girl, if you like it, I'll buy you a real one. Now, give me the fake one first."

"No! Gong Xiaoman suddenly put his hands behind his back: "this is god gave us, wear it, will be blessed. Besides, I don't like rings, and if you want to give me something that bad.

.. Hee hee, discount it."

Helpless, cold war is really deal with the girl. Forget it, it seems that can only ask the ring is royal proud day or still long ye, after the money to them.....

The next morning.

The day is just bright, black dragon arrived at yaoyao's mother's house.

"Mr. Black, I'm really sorry to call you over so early." Y ao yao with a cry swollen bell eye, helpless to the black dragon smiled.

"Never mind. Sit down in this chair."

At her command, she settled herself into a four-legged chair.

After that, the black dragon opened the cosmetic box she had brought with her and drew out every detail of her face.

Yes!

Today, yaoyao specially called the black dragon over the purpose, is to ask him to give their makeup.

Before six o 'clock, she had already got up, looked at the bloated face in the mirror and the eyes like bells, and was fighting the crucial battle of the day in such a manner that she was afraid she would lose it by force.

So we had to call the black dragon, hope to use his magic hands, to cover the last night that a bitter pear with rain.....

"Cried last night?" The sauropod asked coldly as he trimmed her eyebrows.

"Well."

'what's the matter?

"Ha ha, was with the royal director to do a..... 'closing arguments.'"

"Closing arguments?" The black yan dragon's inked eyes a turn, a look of contempt swept the eye of the yao yao's small face: "woman, the lawsuit is much right?"

"No. Ha ha, actually want to tell the royal director, I decided to...

... Don't divorce with Chen yi!" Slowly, I raised my eyes and smiled at the black eyes of the dragon.

Suddenly, his face a heavy, holding the eyebrow pencil in the hand naturally fell on the ground.....

"Black, black total?" Yaoyao was about to bend over to pick up the eyebrow pencil.

He bowed his head and picked up the eyebrow pencil that had fallen to the ground. "is this your deliberate decision, yaoyao?"

"HMM... Yes."

Squatting on the ground to pick up the eyebrow pencil of the black inflammation dragon facial expression more and more gloomy, he tightly clenched the eyebrow pencil in the hand, suddenly stand up, smile way: "oh, whatever you."

"Black total, I....."

"Hold your tongue. I'm putting on your foundation." Black dragon stopped yaoyao's words, focusing on her face, carefully for her foundation.

But his mind was already in the clouds.

If...

Yaoyao is his friend, he will definitely deny her this idea;

If...

Wind Chen yi is not his friend, he will certainly stop the yaoyao to wind Chen yi compound heart.

But.....

.

Life is not if, feng Chen yi is his friend, yaoyao is just his friend's wife, what can he say? Besides...

He believes, last night, the royal proud day must have done all the efforts, so far today yaoyao did not give up the idea to compound. It can be seen that this woman has been iron heart.

But...

Everyone is a man, very clear between the man's heart, the wind Chen yi can derailment, can derailment the second time, so this woman even if do again big effort, also cannot change the heart of this man. In the end, will only be forever addicted to the pain...

"It's all right. In addition, I have brought you a suit of clothes, you can change it. I'll go first." With these words, the black phrynchus packed up everything and turned to leave.

"Alas..... Mr. Black, have you had your breakfast yet? Shall I buy you breakfast?"

Stand in the position of the doorway, black inflammation dragon back to her, took a deep breath, if stay, he must not help but stop this woman with the wind Chen yi compound! That is better than... "I have to go to work early today. Goodbye..."

Watching the back of the black dragon leave, yaoyao hanging on the face of the smile gradually disappeared.....

Episode 650

She exhaled heavily and slowly said, "Mr. Hei, are you looking down on me right now? Even you don't think I should be compounded with Chen Yi, right? You just care about the friendship between Chen Yi, so

Inconvenience tell me more, I understand these. But ... I believe in my choice ... "

After she said she decided not to divorce Feng Chenyi, she saw some unnatural expressions on the face of Hei Yanlong.

I was just afraid of each other's embarrassment, so she could only pretend that she didn't see anything. She sat quietly there, pretending to look like she should be compounded with Feng Chenyi.

I picked up an extremely beautiful professional outfit left by Hei Yanlong, and Yao Yao slowly wore it on her body.

He walked to the big mirror and made a circle: "Hehe, Mr. Hei has great control over fashion!"

When she woke up, she looked like a little girl who didn't wake up and had no energy; but after the creation of Hei Yanlong, she was instantly full of energy.

Not only that, but the immature temperament on her body also became mature and charming, and also retained her unique innocence.

"Luo Yaoyao, from now on, those who should not belong to you, you should choose to forget right away. Just remember that the position between you is good! However ..."

"The one who should belong to you should be captured anyway! Today, this turnaround battle must be beautiful."

"Feng Chenyi! You left from my Luo Yaoyao; today, Luoyao Yao personally invited you home!" Then she put on her high heels and walked out of the room with her head raised ...

A large number of journalists were blocked at the door of the Fengfeng Group.

When a Koenigsegg CCXR came slowly away, the reporters were all shocked.

"Yes ... is the wind coming back?"

"It seems like that car, I remember that Feng always bought it at the auto show." While doubting whether Feng Chenyi appeared, they were obsessed looking at the world's number one supercar.

The roar of the engine; the appearance of the car, even those who do not understand the car can be deeply attracted by the charm of the car.

Just when the sports car was about a few centimeters near the door, a large number of security guards stepped out of Feng's interior and blocked the reporters who were under siege.

When the car stopped, the reporters raised the cameras in their hands.

When the door opened, I saw Yao Yao, who was sitting in the driving position, walked down slowly.

Suddenly, reporters holding cameras had such a moment of shaking.

They have met Mrs. Feng. All the media's evaluations of Mrs.

Feng are beautiful, pure, and cute, and that's all.

But the wind in front of her clearly gave people a sense of oppression and intimacy, and she also exuded femininity and even faint domineering.

They ca n't tell why the Mrs. Feng today is so different from the Mrs. Feng they saw before.

"Mrs. Wind ?!"

"Mrs. Feng, was that car given to you by your husband?"

"We have calculated that so far the wind has disappeared for nearly half a month, how will Feng's interior plan?"

Faced with questions from reporters, Yao Yao smiled elegantly in the face of the camera: "Dear media, I have released the specific time of our Feng's press conference to the media through Feng's public relations department. It is probably 2

After an hour, I will solve all the questions of everyone!" She said, carrying her purse in her hand, quickly walked into the Feng's group ...

Board meeting room.

At 9 o'clock, all members of the board of directors and all senior management of the company arrived.

The large conference room accommodated more than 50 people on the inner third and outer three floors.

"Director Sun, I heard that this meeting was convened by Mrs. Feng. Should we take this opportunity to propose to replace Feng Chenyi?"

"Yes. It disappeared for half a month, it was really irresponsible. It had to be replaced!"

"But you should also know that although Feng is always derailed, Mrs. Feng may not be protecting her husband. What if the chairman of the board is not slack with the wind?"

"Then we will preemptive and not give them a chance to speak!"

"Okay. I see. When you start your business, we will follow the chairman and the wife of Fanfan together."

"Hmm." Some board members seem to have reached a private agreement.

At this moment .

..

"Chairman Feng is following Mrs. Feng." As one person in the crowd reminded.

Everyone's gazes turned towards the entrance of the conference room.

I saw, Yaoyao helped Feng Xiao walk into the conference room expressionlessly.

"Chairman Feng." Everyone got up and greeted Feng Xiao.

He slowly sat on the main seat, while Yao Yao sat beside him.

Xiao Feng Xiao stared at Yao Yao and waited for her to speak ... "Everyone ..."

"Mrs. Feng, we have already thought about it. When things first came out, everyone had never said anything with a general attitude of tolerance for the wind, but now the wind has disappeared for half a month.

We are already intolerable and must give us an account today anyway. "

"Yes, change the president, change it now, change it immediately!"

"Yes, I also agree to change the CEO of Feng." With one person picking their heads, everyone echoed and began to pressure Feng Xiao and Yao Yao.

For such a scene, when Feng Chenyi's derailment was just exposed, she had already experienced it.

At that time, this incident had just happened, and she couldn't face it herself, let alone face these pressures, and finally ended in fainting.

But now she won't be as weak as last time .

..

Qiu Yaoyao sat expressionlessly listening to everyone's questioning and pressure.

Feng Xiao, who was next to him, was about to speak. Yao Yao patted his father's hand under the table, signalling that he didn't need to bother them.

That 's it. Everyone quarreled for about 5 minutes. When they saw Yaoyao following Xiao, they looked coldly at all this, and they gradually felt boring and stopped talking.

"Everyone finished ?!" Yao Yao asked everyone coldly.

"Chairman Feng, Mrs. Feng, you two haven't spoken or expressed their opinions. What do you mean?"

"Hey ... don't say that. My father-in-law is too old to argue with you; and I, a junior, are not qualified to argue with you, so of course I have to listen to you first. I will

Ask you once and say, Finish, are you ?! "The cold eyes glanced at the silent crowd.

Seeing that no one answered for a long time, she smiled with satisfaction: "Very well, now that everyone is done, it's my turn. But if anyone speaks halfway, this meeting will be terminated immediately!"
Overbearing words

After falling, she stood up expressionless: "Don't you say to change the president? OK! Let's change!"

Sharp eyes turned to Director Sun who took the lead: "Now, I ask Director Sun you, you were the happiest you were just now. Then, may I ask, you have been making substitutions! Making substitutions! Presumably there should be new

The president's successor was selected. If not, just ask Director Sun to introduce it to you. It happened that Chairman Feng was also present, and he was also good at checking, no. "After that, Yaoyao sat back with a strange smile.
