

## **Pure Girl 681**

### Episode 681

By this time, Yaoyao was no longer afraid that Feng Chenyi would leave at any time. More, she was holding every minute and every second, saying everything she could say;

Already.

Even ...

The day when I bid farewell came, but the moment Feng Chenyi left this world forever in her arms, she was pained and contented.

Because she was feeling his body temperature slowly diminishing; she was feeling his soul slowly rising.

Even though, she still longed to wake up the sleeping man with her own voice, but when she saw his peaceful and happy departure, she told herself ...

Chen Chenyi just slept, and fell asleep forever.

Yes.....

As Chen Yi said in parting.

Yaoyao, if your tears are about to fall because of my departure, quickly raise your head and look at the sky once belongs to us.

That day is still so blue, Baiyun is still so smart, you should not cry.

Because my departure ... did not take away your world ... you know ...?

,

So, she is ... very happy ... very happy ...

Her most trusted relative in the world is still in the home full of memories, waiting for her return, and one day she will return to that home again and meet the man in heaven!

Every guest, standing neatly in front of Feng Chenyi's tombstone, bowed deeply.

Qi Yaoyao stared at the photos on the tombstone, smiled slightly, and slowly turned to the tombstone next to Feng Chenyi ...

Wu Chenyi, didn't you say, have you never met your mother?

So now, in heaven, you can foresee mother-in-law, please say hello to my mother-in-law.

Tell her she's so pretty ...

"Yaoyao ..." Most of them left after making a final farewell with Feng Chenyi.

Xiaoman Gong came to her in tears and cried, "I'm sorry ..."

The guilty tears blurred Gong Xiaoman's sight. When she learned of Feng Chenyi's death, her first reaction was ... What did she do to Yaoyao during this time!?

"Xiao Man, don't do this, you're not sorry for me."

"No! What did I do when you were most helpless. I kept cursing you and cursing Feng Chenyi, but I didn't know that you and your husband were doing such great things.

"

"Yao Yao, I'm your friend, I'm your best friend, I deserve to know you, you obviously aren't such a stubborn woman, but why didn't I think at the time ... that you have a problem?

Obviously I also felt that Feng Chenyi loved you that way, but I still didn't feel that he also had a hardship. I'm sorry, sorry ... "Gong Xiaoman tightly held Yao Yao's hand, sobbing in pain.

With.

Wu Yaoyao smiled helplessly: "Xiao Man, everything you do is reflected, you are my good friend. Besides, I didn't explain it clearly to you."

"No! Now when you think about it carefully, you obviously want to explain to me several times, it's me! It's me, I didn't give you a chance. It's me! It's been so hard, so painful, I don't

Stop cursing you, you must have suffered a lot of grievances? Really, Yaoyao ... I'm sorry, I'm sorry! "

"Little ..." Yaoyao knew that if he didn't accept Xiao Man's apology, maybe Xiao Man would be uneasy in his life.

"Xiao Man, I accept your apology, don't cry, shall you?"

"Well, I don't cry anymore." Then Gong Xiaoman hugged Yaoyao tightly.

At this moment, she felt so happy.

This is my friend .

..

Even if there is a misunderstanding, even if there is a quarrel, if each other is really a friend, after each quarrel, it will increase a relationship, let alone parting ways because of something ...

"Aotian, do you know that Feng Chenyi had blood cancer?" Long Yan, who was not far away, looked sadly at Yao Yao's figure and exhaled deeply.

Wu Yuaotian shook his head thoughtfully: "I just ... guessed that Chen Yi should be hiding something, but I didn't expect that ... it would be this kind of thing!"

I don't know why, the moment the Aotian heard the news of Feng Chenyi's death, the heart of this determined man was completely shaken.

Finally, I finally understood the reason why she decided not to divorce Feng Chenyi that night when he broke up with Yao Yao completely.

"Oh ... Chen Yi is a great man, and it is because of his greatness that the same kind of righteousness and righteousness has been exchanged for them, they ..." Yu Aotian did not continue to say anything.

At this moment, he was really filled with emotion.

One admires Feng Chenyi's move; the other admires Yao's affection.

It seems that the immature little guy in his heart has already grown up unknowingly!

Looking at Yu Aotian's slightly sad side face, Long Yu smiled helplessly: "Is your greatness and effort ... worse than Fengchen Yi? It's just Yaoyao, I don't know yet!"

"Oh. There is nothing to pay." Yu Aotian inserted it into his pocket with one hand, and patted Long Mao's shoulder with the other hand: "Promise me, no matter what, Yao Yao should not be told that!"

"Aotian! Yao Yao is only one person now!"

"The dead is big, respect Feng Chenyi!" Yu Aotian has paid great attention to Feng Chenyi's opponent from now on. Until now, it is still increasing!

"Don't forget, even you said that Feng Chenyi was trying to match you with Yaoyao before he died. You should understand why Feng Chenyi did this?"

"Because of his behavior, it also made me calm down a lot. What can I .

.. give Yao Yao now?"

Ji Longzheng is very clear what Yu Aotian's words represent. He knows what their status is, whether it's Han Liyu or he, Yu Aotian, and he can't have a home yet.

But ... "Aren't you afraid that Yaoyao will be with other people during this time ?!"

"If this is the case, it proves that she loves that person; that person also loves her. She has found happiness from the beginning, and Feng Chenyi and I will be very happy."

Suddenly, Long Yan suddenly felt that it was incredible to say such words from Yu Aotian. Yu Aotian was not such a man before. As long as he wanted it, he would get it at all costs.

But now ...

Is this fraternity and the greatest respect?

"Proud ..."

When Long Yan still wanted to say something, Yu Aotian stopped his words with a smile, turned, and quietly left the cold graveyard ...

Bian Feng Chenyi's dedication and greatness were manifested after his death.

However, after this incident, Yu Aotian made deep reflections.

In the past, he did not respect Yaoyao too much, which caused Yaoyao to be scared whenever he saw him; he felt lowered.

However, Yaoyao and Feng Chenyi never did this. Yu Aotian witnessed the feeling of being together, at least the atmosphere surrounding the two was equal.

He is also because of this ...

He dropped Yao Yao and picked it up again because of Feng Chenyi's derailment.

Now, Yu Aotian has completely calmed down, Zeng Kairui will not die for a day; he cannot relax himself for a day, which means that he has no time to distract, let alone take care of the little guy and give her happiness.

.

## Episode 682

What does Feng Fengchenyi do today, according to her inner desire and sadness, and silently paying for Yao's future?

Gradually, in the cold cemetery, only Yao Yao, Feng Xiao and Hei Yanlong were left.

At this moment, Hei Yanlong and other people who participated in the funeral seemed so out of place. He stood so straightly in front of the tombstone, he didn't speak, and he didn't have any expression on his face. It took him several hours to stand.

"Mr. Hei." Yaoyao walked to Hei Yanlong with a smile.

Suddenly his dark eyes turned to Yao Yao.

"Oh, this is Chen Yi ... I will give it to you." In the hand was a letter.

The black expressionless face of Hei Yanyan finally reacted. He quickly snatched it and just opened it ...

"Go home and see again." But was stopped by Yao Yao.

"Hmm." Hei Yanlong nodded coldly, took a deep breath, and said lightly, "I believe, Chen Yi, married you ... I have been very satisfied in my life."

In this sentence, he brought his endless admiration and appreciation for Yaoyao.

When everyone was complaining and blaming Feng Chenyi, she pressed down all the grievances and sorrows, and chose to accompany him to the end resolutely.

This is courage; it is also a responsibility.

For a woman less than 20 years old, it is really admirable to have such courage and responsibility.

"Oh, I can marry Chen Yi, and I'm very satisfied." Then she smiled and said goodbye to Hei Yanlong, and walked slowly to Feng Xiao: "Dad, shall we go home, okay?"

"What do you ... call me?" Feng Xiao passed away the tears in his eyes and looked at Yao Yao puzzledly.

"If you don't like it, I will continue to call your father-in-law. I thought, Chen Yi is now gone, and I should take over Chen Yi like a biological father and take care of you. So, I called your father."

"Oh ... boy, I like you calling me like this. Because Chen Yi never called me a dad, he just called my father! Call my father. I know, this is what I asked him to call him like this since childhood. But ...

... when I longed for him to call my dad, but because of hate, he never fulfilled ... my wish. "

On this point, Yao Yao talked to Feng Chenyi in these three months.

The Feng Feng family has always been strict in tutoring, so Feng Xiao's sons must call him father since childhood.

"Dad, you are wrong.

Chenyi ... has no longer hated you."

I heard Yao Yao's words, Feng Xiao looked up in puzzlement.

"It's true. Chen Yi really doesn't hate you anymore. He knows that when you married your mother-in-law, you didn't like your mother-in-law. That's why you got Lan Nipei, but slowly, you fell in love.

When she got her mother-in-law, she couldn't get rid of Lan Nipei. All these Chenyi understood. "

Yes!

The feeling between Feng Xiao and Fang Yashi is as Yao Yao said.

It is a union without love. After having love, his big mistake has been made.

As for the reason why he listened to Lan Nipei's provocation and suspected that Fang Yashi's red apricot came out of the wall, it was precisely because he cared about Fang Yashi that he was lost.

"Why then Chen Yi never ... Expressed to me, he has forgiven me ?!"

"Dad, don't you know Chen Yi? He always doesn't like to use too many words to express what he always likes to be alone in his heart. If it weren't for the three months when we face each other day and night, I do n't have many of his thoughts.

know."

"Heh ... hehe ..." Feng Xiao smiled helplessly.

Turning around, facing Feng Chenyi's tombstone, he murmured silently: "Son, I almost missed such a good daughter.

It is your perseverance that will leave Yaoyao completely at Fengjia.

In heaven, please take good care of Estee for me. I believe that our family should be reunited soon ... '

Black Heilong Residence ...

In the cold room, Hei Yanlong leaned on the bedside and slowly opened the letter left by Feng Chenyi.

Yan Yanlong ...

When you received this letter, I had left the world.

Please tell me to say sorry first.

I was told that I was sick three months ago, and I told him to stop telling you.

Because I know your character too well. Although you are very mature, but you are too emotional, I can't look directly into your sight, just like ... I'm afraid to face Yao Yao.

Please forgive me and tell you by letter that my death.

As for ...

I never blame you for the things between you and Xie Yiqing.

Yaoyao also told me the truth of the day.

After I heard it, I just smiled lightly, because ... I trust you from beginning to end, everything you trust.

After that happened that day, the reason I didn't show any attitude was because ...

I know that if I react that way, you will be completely disappointed in me.

I will not be thinking about matching me and Yao Yao.

In fact, in many cases, I really hate you and Yu Aotian. You two kept trying to make up for me and Yao Yao, causing me ... I was so sad in my heart that I could n't help but want to give up

plan.

I can't ...

It turns out that I still failed in the end.

And, it hurts you deeply and hurts Yaoyao.

Sorry, Yan Long.

Please forgive my selfishness; forgive my stubbornness; forgive me without saying goodbye.

Although I am ashamed of you, I still want to ask you ...

I take care of Yaoyao for me!

And, take care of yourself!

My best friend, Yan Long ... Farewell.

Feng Feng Chen Yi, come on!

The light letter paper fell on Hei Yanlong's body, but it was as heavy as a mountain.

He pulled up the quilt and covered his head, but the painful wailing still came out wantonly ...

This resolute man has only cried twice in these 20 years.

The first time was the bad news of the parents' death; and the second time ... this time, Feng Chenyi left.

His tears didn't flow because of Feng Chenyi's departure, but because of their friendship.

Actually, he really wanted to tell Feng Chenyi in heaven that he never had any blame and complaint about that.

The reason why, after that incident, he had never taken the initiative to find Feng Chenyi and had not explained it, because he didn't know how to face him!

Facing their friendship for nearly two decades!

Even if it was Xie Yiqing's frame, the perfect black dragon could not accept his own chess move.

At the moment he heard the news of Feng Chenyi's death, God knew how painful Hei Yanlong was.

Even without this explanatory letter,

He also guessed why Feng Chenyi was derailed.

No one will know why Hei Yanlong was standing in front of Feng Chenyi's tombstone for a few hours.

He just said sorry to his friends who were already in heaven, and told them their friendship for many years.

If ... he had noticed that Feng Chenyi was wrong, maybe he would not blame him or blame him.

But after that happened, to face Feng Chenyi and continue their friendship.

And now, in the months of the death of his most important friend in his life, he has been in the blind, leading them to meet for the last time, forever ... forever in the misunderstanding!

This will be the regret of Hei Yanlong's life!

.

Episode 683

Grasping the hand of the horn, the harder he was, the black Yanlong murmured: "Chen Yi, you asked me to do something ... I will do it well. Please be in heaven, rest in peace. Hope, next life, we

Can be a good brother ... "

The unfortunate news of Chen Feng's sudden death has undoubtedly affected the mood of many people. The cold, handsome man seems to be in front of everyone yesterday, and today he has disappeared and never left the world forever.

However, the gears of time are still turning, and everything cannot be stopped because of Feng Chenyi's departure.

Today, while more than 10,000 employees of Feng's are indulging in pain, they are also curious about who will take over the new position of president.

Members of the board of directors, management and employees of the company's largest conference room were present.

On the long round conference table of the main chair, there are Feng Xiao, Yao Yao, and some important members of the Feng's Group.

Today is the day when the lawyer reads Feng Chenyi's will and the day when the new president of the Feng Group is elected.

No fewer than fifty people gathered in the conference room, and the atmosphere was extremely quiet, with a dignified look on everyone's face.

"Father!" Suddenly, a familiar voice came from outside the conference room.

Everyone looked at the gate.

I saw, Feng Chenrui, who had disappeared for more than 2 months, quickly walked into the conference room ...

"I didn't expect Chen Yi ... Chen Yi him ... I'm sorry, father! I'm late!" Feng Chenrui said intermittently, covering his face with both hands, and wept bitterly.

Yao Yao, who was sitting on the main seat, followed Xiao Xiao's subconscious glance.

None of the people present here knew that Feng Chenrui was just a wild species of the Feng family, but Yaoyao followed Xiao Xiao extremely well.

If not then Lan Nipei saved Feng Chenrui with death, maybe Feng Chenrui is in the prison today.

He disappeared for so long, he didn't show up early, didn't show up late, but he just appeared at this time, oh ... Sima Zhao's heart knows everyone!

Wu Yaoyao smiled sarcastically, too lazy to watch Feng Chenrui's cat crying and the false mercy, and rushed his head to the other side.

"Chen Rui, aren't you recuperating abroad? How come back?"

"Father, such a big thing happened in our family. Now that I am your only son, I will definitely come back!" Feng Chenrui looked impassioned.

How could Yao Keyao not hear, what does this sentence imply?

Although Feng Chenrui understands that father-in-law cannot accept his 'son', but...

the person who does not know the company does not think so.

"Yes, Chairman Feng, this time Master Feng Da returned just right. After all, Master Da worked in the company for ten years and can say that he knows the company very well."

"Also. The wind has just left. The company is in crisis at this time. It seems best to ask the young master to replace the wind."

As expected, this meeting has not yet begun, and those who did not know it have begun to support Feng Chenrui.

"This matter, I'm talking for a while, look at Chen Yi's will first. Chen Rui, find a place to sit down first."

"Yes, father." Feng Chenrui pretended to be sad and sat down in a corner, but at the moment he took his seat ...

Wu Yaoyao clearly saw the gangster smile flowing through the corner of Feng Chenrui's mouth.

The smile on his face hurt her eyes like that!

Wu Chenyi had just left, and if Feng Chenrui was sad from the bottom of her heart, she would look at Feng Chenrui high.

But now ... heh ...

Villain is a villain!

"Everyone, I'm sorry, because I'm sorting out Mr. Feng's will, so I'm a bit late." After a while, Qilian Aoyun rushed into the meeting with some colleagues in the Legal Department, holding dozens of documents.

indoor.

"Before announcing President Feng's will, let me introduce myself.

I am the attorney responsible for managing President Feng's will. My name is Qilian Aoyun."

The lawyer who was in charge of Chen Yi 's will this time was Qilian Senior?

Yaoyao was a little weird. She thought it would be the lawyer who had been to her house last time.

Why ... Chen Yi asked Qilian to read his will?!!

"After collation and verification by colleagues in the Legal Department, there are 9 real estates under the general name of Feng, 4 of which are villas, 2 are apartments, and 3 are commercial office buildings, with a total value of 1.04 billion."

"A total of 4 cars are produced with a total value of 40 million."

"In addition, Feng also owns 40% of the Fengs Group; a Central Department Store; 5% of the Genesis Group; 5% of the Bolly Group; and 100% of the Bosen Group

The fifth share is Huanyu Group's 60% stake. The total value is estimated at 8287 billion. "

"Wow ..."

After Qilian Aoyun announced all this, everyone present was shocked!

The department store that Fengfeng Chenyi sits on, as well as the shares of Bolly and Feng's, are transparent.

But ... the shares of the Bosen Group, the Genesis Group, and the Huanyu Group really made everyone surprised.

This undoubtedly proves that Feng Chenyi's investment potential and hidden commercial strength have been hidden in these 2 years!

"Below, I will formally read Mr. Feng Chenyi's will."

With this opening by Qi Qilian Aoyun, the meeting room suddenly fell into a dead silence. Everyone was very curious. How would Feng Chenyi divide such a large amount of property?

"According to Mr. Feng's personal wishes before his death, all the deposits, cars, and houses in his name were donated to the Social Welfare Institute for good deeds.

As for the 5 percent of the shares of Baolai Group, they will be given to the directors of Baolai Group for free

Mr. Chang Hei Yanlong; the other three listed companies' shares and that department store ... "The gloomy eyes cast on the main Yao Yao:" All will be divided into Mrs. Feng's personal name! "

At the moment of 'wow ...', the meeting room was once again in a state of uproar.

"Mrs. Feng? Roughly calculate, how can there be more than 80 billion."

"Yeah, isn't that why Mrs. Feng suddenly jumped to the position of China's richest man?"

"It 's the Aotian of the Bosen Group and the chairman of the Ouyang Group. This time, Mrs. Feng has no money, right?" Everyone couldn't imagine it, just in a blink of an eye, Luo Yaoyao 's value jumped from '0'.

What a jump to the richest man?

"Mrs. Feng, please confirm your will, and then sign your name on the will." Qilian Aoyun put the will in front of Yao Yao with a clear eye.

She didn't even look at it, just to sign it ...

"Isn't my brother always divorcing you before dying? Why did you transfer all the shares to you?" Feng Chenrui said suddenly.

Pulled everyone into reality all at once.

Undeniably, the divorce Luo Shengmen of Feng Chenyi and Yaoyao some time ago, everyone still remembers it!

"Yeah, what's going on?"

Feng Chenrui quickly walked to Qilian Aoyun: "Attorney Qilian, as far as I know, you have had a personal relationship with my brother and sister for a long time, haven't you? Moreover, you have never served as my brother's exclusive lawyer

Why, my younger brother, will give you such an important thing as a will suddenly ?! "

Episode 684

"Mr. Feng." Qi Lian Aoyun looked at Feng Chenrui expressionlessly: "If you have any questions about this will, you can sue separately and freeze all assets in this will. But now, I must follow

Processes work! "

"Wait! When did my brother make this will?"

"Four months ago!"

Four months ago?

Yaoyao opened his eyes inconceivably, that is to say ... the first person who knew that Chen Yi had advanced blood cancer should be ...

Qi Qilian ... Senior?!!

No wonder, during the period of Chen Yi's derailment scandal, the senior Qilian never comforted her.

Feelings, Qilian Xuelong knew all this long ago!?

"Four months ago. At that time, my brother should have not divorced my sister. Can I understand that this will was made before the divorce, and then my brother discovered that my brother and sister were wrong, and this will be invalid.

Isn't it right ?! "Feng Chenrui seized this gap and began to make troubles.

Feng Xiao, who was sitting in the position, had already been mad at Tieqing. It is estimated that if there were no outsiders here, he had already slapped it.

"Mr. Feng, according to the " Wills Succession Law ", whenever Mr. Feng Chenyi makes a will, no matter what happens after the will is made, as long as the person making the will has not proposed to modify the will, it will be performed in accordance with the last will.

Again, Mr. Feng, if you have any doubts, you can sue in court. Now ... "Qilian Aoyun smiled at Yao Yao:" Please ask Mrs. Feng to sign. "

Wu Yaoyao picked up his pen and quickly signed his name on the will.

Feng Chenrui, who was watching all this, was not talking, but the expression on his face had already been written, and he still had 'high hopes' for this will.

"Okay, everyone. My second son's will has been read out. Now, we will formally hold our meeting." Feng Xiao glanced expressionlessly: "I have the best candidate for the position of the new president.

In the afternoon yesterday, I also discussed briefly with Director Sun, Director Guo and Director Zhao of the Board of Directors. We unanimously decided ...

"

When Feng Xiao said this, everyone widened his eyes, held his breath, and quietly waited for the name of the new president.

Wu Fengchen Rui's forehead slowly dripped a sweat, although he knew that Feng Xiao would not give this position to himself, but he was extremely nervous.

"We unanimously decided that my daughter-in-law, Luo Yaoyao will take over the position of President of the Wind Group!"

All of a sudden, everyone present was stunned.

Wu Yaoyao also looked at Feng Xiao inconceivably. She didn't expect her father to give herself such an important position?!!

After all, I don't have any management experience, which is too ... sloppy, right?

"Chairman Feng. Although Mrs. Feng is herself, we have all witnessed Mrs. Feng's ability, but ability and management experience are two different things after all. I think it is so important to choose Mrs. Feng as CEO of Feng's

Too much drama? "

"Yes, Chairman Feng, think twice." There was a voice of opposition from all sides in the conference room.

At this time, Feng Chenrui, who has been long on the position of president, sat in the position without saying a word. He thought that Feng Xiao would choose someone capable to take office. If he chose Luo Yaoyao, he wouldn't have to speak.

Others will naturally object!

"Do you think my decision was impulsive? As we all know, Chen Yi was intermittently out of management company four months ago. It was Yao Yao and I who took the place of him and took over Feng's. I

In time, I witnessed Luo Yaoyao's management ability, judgment of things and keen sense of smell. "

"In addition ... I believe that everyone will certainly not forget that not long ago, the individual ranking competition of the Chamber of Commerce Association. Luo Yaoyao ranked first in the comprehensive strength and the top in Japan."

"Finally, my son Feng Chenyi just stated in his will that he would transfer 40% of the shares of Feng's group to Luo Yaoyao.

Now, the largest shareholder of Feng's group is my daughter-in-law Luo Yao.

Yao. Combining these three points and asking her to take over as president, I believe there will be no doubts outside! "

Listening to Feng Xiao one by one saying his reasons, Yaoyao's braised brain suddenly became extremely clear!

Ji Chenyi ... What kind of "chess" did you play in these four months?!!

Somehow told me to join the Chamber of Commerce; somehow instructed Hei Yanlong and Yu Aotian to call themselves first place in the ranking; after the exposure of the bed photos, somehow they were not in the management company and chose

disappear.

She always thought that Feng Chenyi chose to disappear after the incident in order to avoid herself.

But until this moment ...

Only Yao Yaoyao understood that it was just an excuse for Feng Chenyi to train his management skills!

Combined with the Chamber of Commerce League individual competition ranked first; during the integration period of his own management of Feng's, then it seems that the position to take over as president is not outrageous at all.

Yun Chenyi, how many years did you arrange for my life before you left?!!

At this moment, Yaoyao can't describe whether he was touched or sad after learning about all the good intentions of Feng Chenyi.

... he really thought ... too thoughtful!

"This ... Chairman Feng, if you say so, it is enough to be ranked first by the Mrs. Feng Chamber of Commerce League Individual Competition. It is enough to be a president. Hey .

.. But ... forget it. I have no opinion.

"One of the board members nodded by default.

When other people saw this, they would no longer be silent, because they are very clear that the Feng Group is an industry of the Feng family, and it is impossible for Feng Xiao to leave the position of president to an outsider to manage it.

"Father!" At this time, Feng Chenrui, who had been hoping for hope to others, opened his mouth suddenly. He suddenly felt that how could these members of the board of directors be so useless that even one Luo Yaoyao could not pull it down?

"Although everyone's ability is obvious to everyone, but the first place in the Chamber of Commerce Alliance individual ranking competition and corporate management experience are still two different things. I feel that temporarily asking my brother to sit up from the position of department manager.

Is it too late to inherit the position of CEO? "

"His ... It seems that what Master said is also a solution." Everyone who didn't know why, nodded blindly.

Xiao Feng Xiao Leng narrowed his eyes and slowly looked at Feng Chenrui: "Then in your opinion, who is better to take over the position of president in these years ?!"

Wu Fengchen Rui didn't say a word, but his face was obviously full, and Mao then recommended himself.

"Chairman Feng, have you ever thought of temporarily taking Chen Rui's position as the president? Although Chen Rui has happened to damage the company's image before, but I believe that after that, he will be sad.

With one heart in mind for the future of the company. "

"Yes, after all, Master Da has 10 years of management experience and knows the company better. Mrs. Feng can sit up from the position of vice president temporarily, first understand and understand the company, and consider the issue of future job changes." These

Human words are for the sake of the company.

.

Episode 685

At first, Yaoyao was only 19 years old and not mature enough. Secondly, her background in law was completely different from that of business management. Calling her to take over the position of president would not be reassuring.

"Oh, everyone has a good idea."

Seeing Feng Xiao's approval, Feng Chenrui was dumbfounded. He didn't expect that he would get the position of president as simple as that?!!

But the next second ...

Feng Xiao's speech turned: "In fact, I also considered that Yao Yao was inexperienced after all, and it was a bit far-fetched to ask her to take over as president. So ... I specially invited a senior manager to cooperate with Yao Yao.

Manage the Feng's Group! "'Pap, Pap' he smiled and clapped his hands.

I saw, Hei Yanlong quickly walked into the conference room with some outstanding assistants of the Bolly Group.

"Mr. Black ?!"

"Hei Yanlong ?!" Everyone looked at Hei Yanlong in shock: "Chairman Feng, have you specially invited the manager who assists Mrs. Feng to be Hei Yanlong, the chairman of Baolai Group?"

"Yes! From this moment on, I formally hire Hei Yanlong as the vice president of Feng's Group. I believe in the future ... With the support of Vice President Hei, Luo will definitely push ... My Feng's group to a more

High field! "

Dad?!!

Qi Yaoyao watched the smile hanging on Feng Xiao's face intently. She really witnessed the father and son of Feng Family ... forethought!

Bian Feng Chenyi paved the way for her; did not expect that the father-in-law also had a hand?!!

It is estimated that the father-in-law had long thought that everyone would oppose himself, so he invited Feng Yan, who has rich management experience, to Feng's vice president in advance to assist himself, so that everyone naturally dispelled their doubts?!!

I'm too ... cruel!

Suddenly, everyone closed their mouths.

I stood there with a look of high hope Feng Chenrui was completely dumbfounded. He didn't expect Feng Xiao to make such a fierce move and brought Hei Yanlong over?

!!

"Father, President Hei is the chairman of Baolai Group after all. It seems there is a conflict when he comes to take over the vice president of Fengshi?"

"About this ..

." Feng Xiao smiled and looked at Hei Yanlong who was standing there coldly: "Mr. Hei, let you explain everything to you."

"Hmm ..." Hei Yanlong nodded expressionlessly, and those dark-colored eyes glanced at the people present: "You may not know my style very well, and I don't like to talk too much nonsense. This

The share is ... "He pulled out an envelope from his pocket and fell heavily on the table:" The alliance book of the five major enterprises of Baolai Group, Ouyang Group, Genesis Group, Landu Group and Bosen Group! "

"Union Book ?!" Everyone was shocked. You must know that these five companies have respectively ranked the second to sixth place of the chamber of commerce alliance, which shows that this alliance book should be of great significance!

"Yes. Since yesterday, the representatives of these five companies have held temporary emergency meetings and formally formed an alliance. We unanimously recommend Miss Luo Yaoyao to take over as president of the Wind Group. If others take over this position, these five companies

The enterprise will co-sponsor ...

Hei Yanyanlong's domineering words are undoubtedly announcing to everyone that Feng will not be handed over to Yaoyao and will face the joint siege of the five major enterprises. That situation can be imagined.

To be honest, Yao Yao really didn't know anything about all this. She believed that this alliance book must have been made by the father-in-law and Hei Yanlong.

It seems that even if she does not want to accept the position of president, she will not do it!

"Mr. Hei, are you threatening the Wind Group?" Feng Chenrui walked slowly to Hei Yanlong.

He narrowed his eyes coldly: "Yeah! It's a threat!" To him who kept talking straight, he still maintained such a style at this moment.

"Oh, good. That's how it is ..." "Pop, pop" Feng Chenrui seemed to be prepared. He patted his hands, and several men in military uniforms quickly walked into the conference room.

"Let me introduce to you, these are the generals of the country of Aslan."

"Hello everyone." The men in military uniforms bowed politely to everyone: "We belong to the 25th Division of Aslan. This time, I want to make a special announcement to the chairman of the Wind Group.

.If Feng's group is managed by Miss Luo Yaoyao, then all trading ships of the Feng's group will be forcibly intercepted once they drift into the waters of my country of Aslan! "

"Wind! Chen! Rui ?!" Suddenly, Feng Xiao's face was white and white with anger, his hands clenched into a fist.

You must know that the sea area of 22the Assyrian Sea encompasses two sections of Asia and Europe. The area is large and wide.

All of the Fengs Group's trade vessels with the world must pass through the waters of Aslan. Nowadays, the words released by Aslan have undoubtedly cut off the development of Feng's, and its influence is almost comparable to that.

The Union Book is also broad.

"Father, don't be angry. This is also for Feng's sake. After all, my brother and sister's management experience is too light. Even with the assistant of Hei Zong, I can't do everything, isn't it?"

All for the sake of Fengshi.

Xiao Feng Xiao angrily grinds his bad teeth and slowly stands up: "Okay. I don't choose Yao Yao as president.

Then Chen Rui, tell me, who should I give the position of president to ?!"

"Chairman Feng ..."

"Stop it for me, I want Feng Chenrui to say it!" When someone was about to speak, he was scared by the word of Feng Xiao, and he stared at Feng Chenrui in a cold look.

"Oh, father, if you really want to hear the truth, I ... always thought that I had the ability to manage the Feng's Group!"

"Oh, ha ha ha, Feng Chenrui, you have disappeared for so long, but you chose to come here at this time, and I know that you are running in this CEO position! Do you think you are ..."

"Father." Feng Chenrui cut off Feng Xiao's unfinished words, took a step forward, and whispered, "Do you really want to let everyone know in front of everyone that I am not the son of your own son? So,

Is it good for you? You are already in your 60s and you don't expect to be ridiculed in your old age? "

He just caught the pulse of Feng Xiao's good face, so he dared to enter the room today, and rushed to the position of president!

Xiao Feng Xiao's face was iron-blue and he fisted up. His body was shaking with anger.

"Daddy ..." Yao Yao, who remained silent all the time, finally opened her mouth, and she patted Feng Xiao's shoulder calmly: "This matter, you leave it to me to handle it."

"Dad? Brother and sister, I didn't expect this time, you coaxed the old man so well? You know, Feng Chenyi never called the old man's father." Feng Chenrui said with ironic words.

Qi Yaoyao gave him a cold look, and then those cold eyes gradually turned to the men in military uniforms: "What qualifications do you dare to block the ships of the Wind Group ?!"

"Miss Luo, we are affiliated with Asram, we don't need to explain anything to China or you!"

"Really ?! Since you belong to the country of Aslan, then I will ask the people of Aslan to deal with your arbitrary behavior." Slowly, I walked in front of Hei Yanlong: "Give me his phone number

Right. "

.

Episode 686

Hei Heiyanlong knows who 'he' refers to in her mouth, but also knows the delicate relationship between Bing Ye and Yao Yao.

"Let me call him."

"Oh, let's fight ..." Some things are so wonderful, even if they do everything possible to avoid them, they will fall to their own heads and they will have to face them.

She has a hunch. If it wasn't for her going to Bing Ye, Bing Ye would sit idly by and ignore it!

Black Heilong gave Bing Ye's phone number to Yaoyao.

"Please wait for a few minutes, please." She nodded with a smile and walked out of the conference room.

Stinging his body, leaning against the icy walls, he looked at the phone number on the screen in embarrassment.

Qi Yaoyao took a deep breath and pressed the broadcast button hard ...

"Beep ..."

The phone was quickly picked up after just one ring.

"What's the matter?" Bing Ye, on the other side of the phone, seemed to know who was calling.

"I'm having some trouble here and need your ... help!"

"Reason!" The cold words fell down.

Wu Yaoyao frowned in pain, with a small hand, slowly raised his fist, and said coldly: "Ice night! I want you, as my guard, immediately! Come and help me!"

I still say it, huh ... probably speaking with Bing Ye like Lan Duo's former condescending attitude, right?

How to do?

If Bing Ye really comes, what should I do to bring myself back to Aslan?!!

But she didn't want to disappoint her father-in-law, Chen Yi, and Hei Yanlong, and she could only ask Bing Ye to help ...

Lost in spirit, he returned to the conference room.

"Well, now my siblings are back. I think everyone can consider the candidate for the new president of Feng's!" Feng Chenrui didn't know he was about to face a big disaster, and greeted the result with a smile.

Everyone, look at me, I look at you, and set your sights on the wind.

"Yao Yao?"

"Dad, delay for a few minutes."

Looking at Yaoyao's distressed appearance, Feng Xiao nodded slightly.

"Feng Chenrui, no matter what you say, I will still hand over to Yaoyao as the president."

"Father, why are you doing this? You need to know that you will not have good results when you are against Asram. Besides, now I have a 5% stake in Feng's shares on my body.

My mother 's 5 percent share is the third largest shareholder of Feng 's, right? Even if you give me the position of president, it 's not a loss. "

"No matter what you say, I definitely ... will not give you this position!"

Seeing that Feng Xiao was still reluctant to change his mind, Feng Chenrui raised his fist in an atmosphere: "Father, are you trying to force me? Don't blame me for not telling you, now! I can mobilize the army of the country of Aslan!"

"Who gives you this power!" Suddenly, a voice from near hell came.

Even though Yao Yaoyao turned his back to the door, he heard who made the sound.

I saw, Bing Ye, dressed in a navy uniform, walked into the conference room with a heroic attitude.

The few generals called by Feng Chenrui, when they saw the appearance of Bing Ye, they knelt down on one knee nervously: "Ice ... General Bing Ye!"

Amber's ice eyes glanced at those people: "Who gave you the courage to dare to obey a Chinese man's assignment without my order?"

"Bing ..

. General Bing Ye ... you, you can't help but know ... Wind ... Master Feng Chenrui, is ... the son of Prince Lan Nipei."

"So what? I ask you, who will all the forces of Aslan obey?"

"Yes ... it's you ... General Bing Ye!"

"Very well ... then, what do you do next, you know well?" With the temperatureless words of Bing Ye falling.

The generals, who were kneeling down on one knee, slap their palms.

"Ummm..." Suddenly, everyone who saw this scene took a breath of air.

They didn't expect that the management of Aslan's army would be so strict.

Just a word from the general, those people ... have started talking?

It seems that if the generals didn't stop, they would never dare to stop.

One of them had bleeding from the corners of his mouth and was still hitting himself.

"Chairman Feng." Bing Ye put one hand on his chest and made a courteous gesture to the wind.

"General Ice Night."

"Although I personally do not like the Chinese. However, as for any trade with the Wind Group, I still welcome the Aslan country."

"Oh, General Bing Ye, I can rest assured that you have this sentence." Feng Xiao was finally relieved.

At this moment, Bing Ye's hand rested on Yaoyao's shoulders, who were always facing away from him, stooped and whispered, "I'll wait for you at the Feng's door."

With a small body, she shivered inexplicably, she lowered her head and closed her eyes in pain.

At the moment when he looked back, Bing Ye had left the conference room silently.

The few people who kept talking about themselves dared to stop: "Wind, Master Wind. Let's ... let's go."

"Damn!" Feng Chenrui knew that he had no drama to sing, but he didn't understand why Bing Ye, who always hated the Chinese, would obey Luo Yaoyao's words?!!

Unwillingly glared at Xiao Feng and Yao Yao, he led the generals of Aslan quickly out of the conference room.

"Okay, everything has been resolved. I hope ..." Feng Xiao stood up and nodded and smiled at everyone: "Future Wind Group, under the leadership of President Luo and Vice President He, can go one step further.

Floor. Let's meet up! "

"Mr. Luo!" As soon as the meeting was over, Qilian Aoyun shouted at Yao Yao who was about to leave.

"Hehe, Senior Qilian, don't call me that."

Qi Qilian Aoyun waved his hand with a smile: "We are public and private, and private is private. Now ... I will read to you Mr. Feng Chenyi's hidden will."

"Hidden a will?" Yao Yao looked at the black Yanlong beside him inconceivably.

He nodded apprehensively: "Don't bother you, I'll go back to the office first." Turned around and disappeared in front of the two of them.

Qi Qilian Aoyun followed Yaoyao to the president's office.

At this time, he opened an envelope: "According to Mr. Feng's will to hide his will, 5 percent of the shares of the Bosen Group, although divided into Mrs. Feng's name, ... you have no control for the time being.

that power."

"Ah?" Yaoyao looked at Qilian Aoyun in puzzlement, Chen Yi left 5% of the shares of the Bosen Group to himself, didn't he ask himself to deal with Yuao Tian?

Why did he give this frozen legacy to himself?

"Mrs. Feng, don't worry. I haven't finished reading. Hehe."

"Oh ... Dean Qilian, go ahead."

Qi Lian Aoyun's expression suddenly became serious, and his gloomy eyes turned to the letter again:  
"According to Mr. Feng's wishes during his lifetime. Mrs. Ruofeng, you will marry in the future ...  
Chairman of the Bosen Group Yu Ao

Mr. Tian is his wife. The 5% of the Bosen Group shares will be donated to Mr. Yu in the form of your dowry; if you marry someone else, the 5% of the shares, you can ... dominate yourself! "

Episode 687

What is this will of Chen Chenyi?!!

Dowry?!!

Does he give him a dowry for future marriage?!!

It's so funny, isn't it?

Your husband, give your dowry?!!

Hehe, Chen Yi, how many things have you arranged for me in the future?!!

The expression hanging on Yao's face couldn't tell if it was painful or uncomfortable.

Regarding Feng Chenyi's death, she has tried her best to restrain her emotions. According to his dying orders, she no longer shed tears, looks up, and looks at the sky that belongs to them.

But at this moment, her tears couldn't stop flowing, because ...

Wu Fengchenyi arranged for her future ... really his wife is thoughtful!

It's as if he didn't leave, but unfortunately ... she never saw him forever!

"Yaoyao ..." Qi Lian Aoyun removed her identity as an attorney and sat helplessly in front of her: "In fact, I was ... unacceptable to the general arrangement of Feng. But ... he was

The explanation to me is ... Yu Aotian ... is the one who can give you happiness! "

"Qi Lian ... Qi Lian, what did Chen Yi explain to you? What did you say? You are the first person to know him ... he has terminal illness?"

"Yes ..." Qilian Aoyun's gloomy eyes gradually dimmed: "The first time that President Feng made a will was four months ago, and the time to make this secret will was three and a half months.

before....."

Remember ...

Four months ago.

Wu Fengchenyi learned the next day after learning about his illness.

Aoyun, are you busy?'

No, Mr. Feng, what's up?'

☞Oh, I want to make a will, and I hope that you can become a lawyer to execute my will.

,

"Feng Zong?

'At that time, Qi Lian Aoyun thought it was incredible. Feng Chenyi Mingming was just under 23 years old and thought of making a will?!!

☹️ 'I'm not telling you, I 'm ... I have been diagnosed with blood cancer in the last two days, and I have less than three months of life.'

'what?!!

Does this matter ... Yaoyao know?'

Wu Fengchenyi shook her head with a smile: ☹️'She does n't know, I do n't plan to tell her to know either.'

'Why do you call me your lawyer? You know that I 'm friends with Yao Yao.'

'In the first place, because you are a friend of Yaoyao, I believe that you will definitely execute this will for me, at least it will not make any changes to this will and false traces. Second, I believe

With your professional ethics, you will never tell Yu Yaoyao about my illness.'

Yes!

The professional conduct of an attorney is to be secretive about his own agent and never to disclose any information about the agent to others.

☒I see, let 's say ...'

Next, what Feng Chenyi said was what Qilian Aoyun promulgated to everyone.

Three and a half months ago, Feng Chenyi found Qilian Aoyun again and made this secret will to Qilian Aoyun.

At the time, he was incredible. Why would Feng Chenyi think about Yaoyao marrying Yuao Tian?

The only explanation for Bian Feng Chenyi is that he believes that Yu Aotian is a man who can give Yao Yao a future and happiness ...

However, the day before Feng Chenyi made this secret will, formal Aotian told him that he had not killed Yaoyao 's mother!

"Oh, I really can't understand, Chen Yi ... why there is such an idea." After listening to the details told by Qi Lian Aoyun, Yao Yao smiled helplessly.

In fact, in the months they lived together, Feng Chenyi had hinted several times that he wanted her to be with Yu Aotian, but she just avoided this topic.

I did not expect that Feng Chenyi also showed his will in his will.

Yun Chenyi should know, how can she and Yu Aotian be together, isn't it?

So why does Chen Yi make such a will?

Qi Yaoyao was in deep confusion.

"Yaoyao, your choice is in your hands. No matter what, I ...

I don't want to be with Yuotian at all!" Qilian Aoyun showed strong words when he said this.

Dislike.

I can see that until now, when he mentioned Yu Aotian, he had a hatred in his heart.

"Oh, I won't be with Yu Aotian. Besides, Yu Aotian won't choose me. He knows very well that I will be his stumbling block ..."

Yaoyao is sober about this; she also believes that Yuotian knows this very well.

If they were just in private, it wouldn't matter.

Once it involves open or deeper exchanges, it means that Yu Aotian's career will plummet.

As we all know, the image of national leaders is very important, and their mate selection conditions are also very strict, and they are more valued by the entire country.

From the moment she married Feng Chenyi, she and Yu Aotian were destined to be two parallel lines that could never intersect.

Because...

The country will not allow or accept it. A leader as important as Yu Aotian will marry a ... married wife!

Moreover, the purpose of Royal Sky is still the prime minister's position over 10,000 people!

Wu gradually arrived at work. When everyone left the company, Yaoyao still refused to step out of the office.

She didn't forget ...

The words when Bing Ye was leaving ...

☒ 'I'll wait for you at the door of Feng 's!'

What should I do!

Lying weakly on the table, she stared blindly.

"Did you hide from me for a while, or from my life?"

Furiously, the familiar and fearsome ethereal voice came from directly in front of Yao Yao, and she sat up nervously: "Ice ... Ice Night .

.."

"Come with me!"

This is why she was afraid of seeing Bingye. After knowing this, he will be more sure that he is Lando.

"No ... I ... I won't go back!"

"Feng Chenyi is dead, what else can make you nostalgic here?"

Have...

There are too many things. There are Xiaoman, father-in-law, black Yanlong, brother Longlong, senior Qilian, Nanlu and so on. There are many reasons why she is unwilling to leave.

She won't return to that gorgeous bird cage!

"Bing, General Bing Ye, I don't know you ... what are you talking about? I'm Chinese, I must stay in China, why should I go back to Aslan with you ?!"

"Lando, are you still running away?" Bing Ye stepped forward in front of her.

Wu Yaoyao stood up nervously, and stepped back tremblingly: "I am not Lando!"

"Don't you order me to do something as Lando on the phone? Don't deny it, you are Lando! Follow me ... Go back!" Bing Ye's big hand grabbed her wrist.

"Let me go!" Yao Yao growled, and his fearful eyes turned ... "General Bing Ye, the reason I will order you to help me as a guard is because ... I am in Aslan

When the kingdom fell, did n't you confess in the presence of His Royal Highness Lan Nuo, will you be my guard in the future? So, I will order you to do things for me! It is two different things from His Royal Highness Lando. "

"You!" Bing Ye's grim face sank, gloomily staring at Yao Yao with a strange smile.

.

Episode 688

"Isn't it? So you should do it for me!"

"Lando!"

"I repeat, I'm not Lando, my name is Luo Yaoyao!" She shook away Bing Ye and grabbed her hand in anger.

"I don't care who you are. But, now that you choose to stay in China, it will not do you any good ..."

"Ice ... Bing Ye ..." The angry face gradually softened. She pursed her lips and said in a pleading tone: "I ... like here; I ... want to stay."

When Bing Ye's amber ice eyes met her nostalgic eyes, his expressionless face slammed a painful expression.

The next second, he said coldly, "You will regret it!" Turning around, he disappeared in front of Yao Yao.

Hehe, though, she didn't know what Bing Ye's phrase "you will regret" was suggesting.

But even if she really regrets staying in China, she ... doesn't matter!

In the stately and splendid State Council building, the office of the chairman of the top floor is still on.

Wu Yuaotian sat at his desk and carefully reviewed every document.

At that moment, his deep eyes flashed, and he looked at the file, and said coldly, "Oh, Bing Ye, you are omnipotent, even dare to break through the guarded State Department?"

I do not know when, only Yu Aotian's office alone, there is more Bing Ye figure.

He leaned expressionlessly at the window: "Your guards are too weak, so he will let me come and go freely."

Raising his eyes, he glanced coldly at Bing Ye, who was standing in the window, and lowered his eyes again: "Don't underestimate the guards here, be careful, Zeng Kairui has played a question again. I listen to the old gang of Zhengyuan

The guys said that someone has always been "harassing" Zeng Kairui recently. That person ... is you, right? "He closed the papers in his hands, leaning on his office chair, and looked at him with a wicked smile.

Ice night.

"Ok..."

"Why don't you kill Zeng Kairui's old guy at this time? It also solved my future problems. Oh ..."  
Obviously, Yu Aotian's sentence is purely a joke, if Bing Ye really does

Zeng Kai was killed, he will hate Bing Ye.

"It's yours to kill him. I'm only responsible for ..

. protecting the people I want to protect."

"Hmm? Did the old guy Zeng Kairui point his finger at Yaoyao? Hiss ... I didn't receive the news."

"His men, that woman named Xie Yanqing has always been by Yaoyao."

It turned out so!

Wu Yuaotian said that he had been looking for someone to monitor Zeng Kairui's every move, but he did not find out what he wanted to do with Yaoyao.

"Bing Ye, you suddenly came to me at night, should there be something important?"

"I hope you protect me ... Luo Yaoyao."

"Huh? That's strange ..." Yu Aotian smiled with his hands in front of him, "Did you not protect her secretly? Why did you suddenly give me this job?"

"I will also be helpless."

His deep, bottomless eyes flashed, and he tilted his head playfully: "I really want to know, what will make you the Ice Night General above the 10,000 people in Asland alone powerless."

"That's what happened to my Aslan country!" Bing Ye went to Yuaotian with no expression: "You know, Feng Chenrui is the son of my current Queen's niece of Aslan Kingdom, according to my reports.

According to the news, he suddenly returned to Asland and formed an alliance with Prince Xiao Huaishan a few months ago. "

"Xiao Huaishan?" Yu Aotian vaguely knew such a character: "Is it the Prime Minister of your country?"

"Yes!"

The position of the Tatar State is completely different from that of the Chinese side. Her biggest leader is Her Majesty the Queen, followed by the general in charge of the military post; the prime minister of the Israeli post.

In other words, Xiao Huaishan is the second leader of Aslan!

"Bing Ye, aren't you trying to tell me that Feng Chenrui intends to launch the army of Aslan ... to snatch the position of President Yao Yaofeng? If this is the case, it is impossible to stop in your position !?"

"Yaslan 's army is indeed under my command, but ... Xiao Huaishan has assassination troops in his hands. Luo Yaoyao refused to follow me back to Aslan, and I ca n't transfer the army

China protects her, so ... "Bing Ye said that, and he believed that Yu Aotian was absolutely understandable.

"Okay ... I know. It's up to me ... to handle it."

"sorry to bother you."

I waited for Bingye to leave, Yu Aotian's face sank instantly.

He knew very well that if the other party actually sent an assassination force to assassinate Yaoyao, then this matter ... would be really tricky!

Picking up the landline on the table, he quickly pressed a few numbers.

"Mr. Yu, what is the order?"

"Let our people go to Feng's house and protect Luo Yaoyao secretly at 24 o'clock."

"Yes....."

The moment the phone was about to hang up ... "Wait!"

"Mr. Yu, please."

Qi Shen's bottomless eyes gradually darkened. He almost forgot about Feng Chenyi's death, and those touches brought to him: "Action ...

cancel it."

"what?"

The words of the "Cancel!" Command dropped, he hung up the phone quickly, and then broadcast a number.

"Hello? This is the Security Bureau." An extremely official voice came from the phone.

"I'm Royal Sky, and ask your chief to answer the phone!"

The person at the other end of the phone heard: "Ah? Chairman, okay, okay. Wait a minute, I will connect you right away."

After a while, the phone switched to the director's office: "Chairman, what can I do for you?"

"Director Liu, I want to apply for asylum for Mrs. Feng's wife."

"Ah? Chairman, has anything important happened?" Director Liu asked inconceivably.

Wu Yu'ao's face sank instantly and he commanded sharply: "It has nothing to do with you, just do it!"

"Yes! Yes! Yes! I will send someone to pick up Mrs. Feng tomorrow to the embassy."

"Hmm. Also ..." A bottomless eye blinked: "Don't tell Mrs. Feng that this asylum I applied for."

"Yes! Yes! Your subordinates know. Rest assured."

The news of the new president of the Fengfeng Group was known to the whole city the next day.

Almost every headline in the media is reporting on things the size of Feng's.

'Ladies and gentlemen, due to the death of Feng Chenyi, the current president of Feng's Group, and her widow, Ms. Luo Yaoyao inherited all of Feng's heritage, and topped the list of China's richest people overnight with a value of more than 80 billion yuan;

Position on the top of the rich list; position on the top of the global rich list.

Can be described as overnight, refreshed the ranking of the global rich list.'

☒It is reported that at 10 am today, Feng 's Group officially announced the new CEO, which was officially taken over by former president Feng Chenyi and his wife Ms. Luo Yaoyao.

The chairman of Baolai Group Hei Yanlong was temporarily transferred to the position of vice president of Feng's Group to assist.'

☒According to information from insiders of the Feng 's Group, the reason why the position of President of the Feng 's Group will be taken over by Ms. Luo Yaoyao is due to the joint name of the five major groups in China.

.

Episode 689

☒The five major groups are Baolai Group, Ouyang Group, Genesis Group, Lando International, and Bosen Group.

Undoubtedly, through this alliance book, it seems that China's business market will be dominated by these six groups.

I wonder if the government will regulate such a market monopoly phenomenon? '

On television and in newspapers, the entire length of the discussion is about the six business alliances, and this issue has become a topic for Chinese people after dinner.

Inside the Fengfeng Group, the press conference that can accommodate more than a thousand people was also full.

Qi Yaoyao and Hei Yanlong kept announcing to the media their reform and development of Feng's after their succession.

Can be described as busy.

After the financial turmoil 30 years ago, the stock market has once again appeared in an unprecedented cycle.

The stock prices of the six major alliance companies skyrocketed by thousands of points overnight, and the rest of the companies fell by more than a thousand points overnight; at least they fell by more than a hundred points. Many small businesses have faced bankruptcy crises, which is a rare phenomenon.

"Vice President Hei, the stock market has become so confusing overnight, shouldn't it be a good phenomenon?" In the president's office, Yao Yao looked sadly at the stock market quotes displayed on the TV on the wall.

Very nervous.

"Well ... I didn't expect that the alliance of the five major companies this time will have such a big impact on the stock market." Hei Yanlong couldn't help showing a look of worry.

"What will happen if we continue to do this?"

"The government will definitely put pressure on these five companies, and other companies will form new alliances to restore market balance!"

If it really follows the consequences of Hei Yanlong, then ... Does it mean that these alliance companies will become the public enemy of the country?

"What to do? Is there any way to regulate it yourself? If we really wait for the government to come forward, it should be very unfavorable to us."

"Oh, you, don't be nervous. Don't forget, the Bosen Group is also with us in this muddy water. May Aotian be watching his own company being forcibly crowded out by the government?"

Huh ... Khan ...

Just follow this, after pulling down Yumu Tian from this muddy water, he said to him ... "Hey buddy, climb up yourself, and when you climb up, by the way, save us.'

"Mr. Hei, let's do this ... Isn't it a bit too ... not authentic. Isn't this deliberately difficult for Yuaotian?"

"Do you think that when you signed this alliance, everyone did not think that this would happen? Without Royal Aotin guaranteeing it, who would dare to sign this alliance agreement?"

After all, they are the top six corporate CEOs in China. They must have predicted this result. It can be said that when Hei Yanlong and Feng Xiao jointly signed this agreement, everyone basically looked at the presence of Bosen.

I agreed to sign it.

But ...

Saying Hei Yanyan this way, Yao Yao felt more uncomfortable with Yu Aotian. After all, the main role of this alliance book is to protect her superiority.

Seeing how much guilt Yao Yaoyao hangs on his face, Hei Yanlong smiled calmly: "You can rest assured that with Yu Aotian's current status and ability, since he dare to play this game, he must have

Think of a way out. "

"Hmm ..." She also believes that there must be a perfect strategy for Yu Aotian to travel to this muddy water, but because of their stand, Yao Yao still can't accept Yu Aotian's free help.

The sudden knock on the door pulled back Yao Yao's thoughts: "Please come in."

"Mr. Luo, someone from the Security Bureau wants to see you."

After waiting for Lisa's report, Yao Yao subconsciously stared at the opposite Hei Yanlong.

"Please ... invite them in."

"Yes..."

"Person of the Security Bureau? See me?" She couldn't think of how the government department that couldn't hit her with eight poles suddenly wanted to see herself.

"Wait for them to come and see what they say."

"Hmm ..." I had no choice but to do so.

After a short while, Lisa walked into Yaoyao's office with a few men and women in official suits.

"Miss Luo, Hello, we are agents of the Security Agency and are ordered to take refuge with you. From today, we will stay by your side 24 hours until this refuge is lifted."

"!?" Yaoyao was stunned when he heard the man.

Asylum is generally not applied by government personnel with a very high status?

She is at best just a merchant now. What qualifications do she have to apply for asylum?

Besides ...

Besides ... "I, I have never applied for asylum at all? And, no one has threatened me."

"Oh, Miss Luo, as for your asylum, it was an order given by our director personally. We are only responsible for implementing it. As for the reason ... you can ask our director personally."

She also wanted to ask, the question ... "Can you give me your chief's phone number?"

"Miss Luo, don't you know our director?"

"I ... I don't know!"

Those members of the Security Bureau were dumbfounded when they heard this. After receiving the order, they always thought that Luo Yaoyao should know their director before they could issue a protection order. Who knows ...

"Miss Luo,

Wait a minute, I'll check with our chief. "

"Well, you are confirming, it may be the wrong person."

After repeated confirmation by the agents of the security bureaus, the instructions given by the superiors are still the order of Luo Yaoyao, the current president of the Wind Group.

"What's the situation? This ..." Yao Yao looked at Hei Yanlong with a weeping smile.

He stood up with a smile, put one hand into the pocket, and patted her shoulder with the other hand: "You should ask for a few bodyguards for free, it's pretty good. I don't think I will get this treatment in my life. Go back to the office. "

Sweating, why did she think Hei Yanlong's tone was a bit ironic?

Alas, it is true that this privilege is not enjoyed by anyone in the Security Council.

Hiss ...

The problem is, no matter why the director of the Security Bureau personally granted asylum to himself, but ... From this we can see that there should be any political issues related to the country's asylum?

What is it about politics that the country suddenly protects itself?

She Yaoyao couldn't think of anything, she always felt that this asylum seemed inexplicable!

A five-star hotel presidential suite.

Four or five men in suits pushed in the door: "Master Feng."

On the sofa, Feng Chenrui sucked the cigarette in his hand, and coldly glanced at the few people who came in: "How is the preparation?"

"Master Wind, ready. Just ..."

"Just what?" extinguished the cigarette in his hand.

A few men stared at each other: "It's just that I don't know why China has granted asylum to Luo Yaoyao. Now the agents of the Security Bureau are protecting her personally for 24 hours."

"Huh?" Feng Chenrui frowned gloomily, Bing Ye's protection of her was over, how could China suddenly protect her?!!

"It's okay, keep moving!"

.

Episode 690

"But ... Master Feng, once we take a shot, this problem will become bigger!"

"What are you afraid of?" Feng Chenrui swept off the ashtray on the table: "Here is China, you are the people of Aslan, and if you are caught, you will be sent back to Aslan for trial

. Rest assured, my godfather stood on top of the sky and told you to continue, just continue! "

The godfather in Fengfeng Chenrui's mouth is the Prime Minister of Aslan, Xiao Huaishan, and his biological father!

At that time, Lan Nipei ordered Feng Chenrui to look for his biological father before he died. As soon as he arrived in Aslan, he found his mother's personal servant to inquire about his biological father's identity.

At that time, when Xiao Huaishan and Lan Nipeigou were together, he was just an ordinary minister. Now he has a wife and daughter, and his status in the country of Aslan is second only to the ice night.

.

I was afraid that Xiao Huaishan would not recognize his own son and would kill him, so he went to interview and inquire several times.

In the end, it was found that Xiao Huaishan was still affectionate for Lan Nipei, and he had only one daughter under his knees and no children.

Desire to have a son.

In this way, the personal waiter told the truth to Xiao Huaishan and introduced Feng Chenrui to his biological father.

When Xiao Huaishan knew he had a son, let alone be happy, but after all, he was a political figure and had to declare that he had recognized Feng Chenrui as his son.

But everyone who knows the appearance of these two people knows that they are the biological father and son.

Therefore, Xiao Huaishan's men are obliged to obey Feng Chenrui!

"Yes! Master. We are ready to act now." Then, the men in suits left the hotel room.

"Huh! No matter what the price is, I will take back what I lost! Feng Chenyi, you are not kind to me, I can't be unrighteous to you. Just wait for your wife in heaven to go up with you

"The words with resentment fell, Feng Chenrui smiled grimly ...

Chinese Consulate.

This is the first time Yaoyao has stepped into this area that symbolizes political authority.

Enter a three-story Chinese-style white building, enter the inside, and the first floor is the office area. Everyone's staff members have a serious expression on their faces, and no one dares to wear heavy makeup.

This is quite different from white-collar workers who work in business.

In the business world, the focus is on the facade, so every company generally requires female employees to wear makeup, because they represent the company's image, not beautiful, so how can the company be beautiful?

And the employees who traveled through the various offices had to smile on their faces, symbolizing the image of being affable.

But in politics ...

What a gap between heaven and earth.

Wu Yaoyao walked here, and really did not dare to show any smile, otherwise he would definitely be considered strange.

I went upstairs to the second floor, where the data and files were stored.

The third floor is the place to live.

"Miss Luo, this is a room for you, please go in and rest." The staff of the Security Bureau pushed open a room at the end of the corridor.

Qi Yaoyao nodded politely to them, "Today, you have worked hard." Slowly, walked into the room.

"Alas!" Upon entering, she sighed and fell weakly on a single bed.

I honestly say that today is just the first day of the security agency's agents to protect, but how can they feel a sense of being monitored?

Fortunately tomorrow is Saturday and Sunday, so you don't need to go to work.

Lie on his back, lying on the bed, staring blankly at the ceiling. gradually...

The image of Wu Feng Chenyi unknowingly appeared before her eyes, and her watery eyes were covered with a mist of water.

"No!" You can't be quiet. Once you're quiet, you can't help thinking of Chen Yi.

In the past few days, Yaoyao anesthetized herself by relying on her busy life during the day.

At night, she would take sleeping pills to make her fall asleep as soon as possible.

Only in this way, she would not remember the fact that Feng Chenyi died, and she would not cry because of it.

Hurry up and took out the phone ...

"Hello? Dear ... ummm ... darling, what ... thing?" On the phone, there was a breathless voice from Gong Xiaoman.

Wu Yaoyao frowned curiously: "Xiao Man, are you exercising?"

"No ... No ..." Gong Xiaoman answered nervously.

"Huh? Not in motion? Then how do you ..." Vigorously reacted to what happened, Yaoya's little face Lima covered with a layer of red glow: "I ... I ... I'm fine, ha, haha,

Hang up first. "

Sweat .

..

Why didn't she come over? Why should Xiaoman be asthmatic? Bacheng should be talking to President Han?!!

I am so embarrassed.

I embarrassed and covered his head in the quilt.

It seems that Xiaoman's relationship with President Han should be good during this time, right?

After all, Han is so many years older than Xiao Man, and Xiao Man should be left in all respects, really happy.

Wu Yaoyao vaguely remembers that after the plane drifted to the island, she rescued her and told her that she was very happy to find a man older than her.

It's no wonder that so many little loli like to find an uncle now.

Ugh.....

Who should I chat with now?

'Bell ... Bell Bell ...' While Yaoyao didn't know who to accompany himself through this lonely night, the phone suddenly rang.

I glanced at the caller ID, and she sat up excitedly: "Hey! What's up?"

"Huh? The response was so enthusiastic? Shouldn't it be boring?"

"Well, you're right, I'm ... very boring." Mainly, I can't help thinking of Feng Chenyi when I calm down, so I can only find someone to chat with myself.

"I'm boring too." It seems that when you calm down, you will think of Feng Chenyi more than Yao Yao alone!

"Where are you now?"

"Hah, I can scare you out!" Yao Yao looked around this room, pretending to be mysterious: "I, here, big! Ambassador! The museum!"

"Oh? Come, let's video chat and show me where you live."

"Okay." The call was hung up, and the two connected the video with their phones.

On the screen, Hei Yanlong is wearing a pajamas, leaning on the bedside.

On all sides are white walls, and the whole picture gives a lonely feeling.

"Mr.

Hei, do you see where I live?" Yaoyao turned his mobile phone, then rushed the camera to his face.

"Well, see. How's there?"

"Hey, don't mention it, it's boring anyway." Yaoyao was too lazy to describe the feeling here. When he first entered, the first reaction was that he was a good X, and then ... it became a silly X!

"Mr. Hei, do you just go home after work every day?"

"if not?"

"Well, your life ... is really boring. Why don't you find a boyfriend or girlfriend?"

Looking at the screen, Yaoyao's big curious eyes, Hei Yanlong smiled helplessly: "I'll look for you when you get married."

I marry someone ...

When he heard this word, Yao Yao's expression gradually became lonely.

"To be honest ... Mr. Hei ... I ... never thought of remarrying ..."

This plan, she did not tell anyone; this idea also came when she learned that Feng Chenyi had blood cancer..
