

## Pure Girl 762

Episode 762

"what??"

"This matter is caused by your inadequate Japanese protection. I want you to take full responsibility!"  
The gloomy words fell, and Yuotian hurriedly left.

"Well...Yu Director? Yu Director..." Mr. Kiyano also wanted to explain something, but he didn't give the opportunity to explain at all.

This time, although Ms. Aotian was not injured, it was indeed caused by the inadequate protection of the Japanese side, so the price to be paid by Japan is incalculable!

"Mr. Yu."

As soon as Yuao Tian walked out of the airport, Chiba had opened the car door to greet him.

"Quick! Drive." After getting in the car, there was no stopping, and the car started quickly...

the other side...

A premium RV slowly drove out of the airport's underground parking garage.

In the car, Yaoyao looked at several black people in the car with anxiety: "Who are you, who are you? Doesn't it mean... Are you going to take someone to find Aotian?"

"Yes, little sister, we took you to find Mr. Yu." One of the men smiled softly.

Yao Yao swallowed nervously: "Really? But... this direction is not to Aotian's house." She stared blankly at the scenery outside the car and could confirm that this road was not the road when she came.

"The Lord said, isn't this chick an idiot? How can I know the way?" The man smiled undoubtedly.

Yaoyao blinked, idiot...?

Grieved frowns: "People, they are not idiots. Aotian said, they are very smart..."

"Obviously you are a little idiot." The man rolled his eyes in contempt.

She glared, her nerves seemed to fist up: "I..

. I want to find Aotian! I... I want to find Aotian!!! I am not an idiot!!!"

Several men listened to her noise and frowned unpleasantly: "Little idiot, if you are in trouble, we will kill you, believe it or not?"

"Woo...you are bad people." Frightened by this, Yao Yao cried in fear.

"It's annoying!!!" The man bit his back molar bitterly and turned to look at other people: "Will she give her some tranquilizer?"

Another man looked at the time: "It is estimated that there is still an hour away. If she keeps crying, it's really annoying. Get a sedative."

"Well." As he said, the man took a tranquilizer from the box and walked towards Yaoyao.

"Yaoyao don't get injections, don't get injections. Yaoyao stopped crying...not crying..." She shrunk nervously in the corner of the car, trembling uncontrollably, and quickly covered her small mouth with her hand.

Tell yourself not to make any more sounds.

"Huh? Are you sure you won't cry or make trouble?"

nodded affirmatively.

Several men looked at each other, and they were willing to stop.

The car has been driving for almost half an hour.

The people in the car are playing poker.

Yaoyao shrank all over the corner to see them from time to time, lowered his head from time to time, muttered alone.

"Aotian, where are you..."

Yaoyao is so afraid..."

Although she is only 2 years old, she can't even take care of herself in life, but she will never forget who is really good to herself, nor will she forget the feeling of being cared for and loved.

finally arrived at his destination.

A man grabbed Yaoyao's collar and dragged her off the car.

When the full of blue roses came into her eyes, the fear that filled her heart disappeared as if all at once:  
"Wow, so beautiful."

"Well, idiots are idiots." The man smiled disdainfully and grabbed Yao Yao directly into the two-story wooden house of the manor.

"The Lord."

As soon as he entered, Leo had been waiting for a long time, he smiled and ticked his finger: "Yaoyao, remember me?"

She blinked blankly, and the big water eyes turned: "You, you are chocolate...brother..." The white face suddenly filled with fear: "You, you... are bad guys!!"

"Yaoyao, how can you say this to me?" Leiou got up and walked in front of her: "I'm so good to you, how can you call me a bad person?"

"Bull... All the bullies who bully Aotian are bad guys!!!" After stammering out this sentence, she threw a small fist and thumped Leo: "Let me go! Let me go! Let me go

I am looking for Aotian!!!"

"Little idiot, are you tired of living?!" Leo stared angrily, clenching her little fist: "I don't have the patience to play with you like Yuatian."

Push hard...

Yaoyao stumbled and fell to the ground: "You big villain!!! Aotian will never let you go!!!"

"Oh. Yu Aotian doesn't even know where you are now, how can he not let me go?" Leo embraced his hands in front of him and smiled strangely.

at this time..

.

'boom!

Bang!

Outside the wooden house, there were several gunshots.

Then one of his men rushed in anxiously: "Lord, it's not good! Yu Aotian broke into our manor with the people of Yu Long She."

"What?!" Leo's eyes widened incredulously. This manor is extremely secretive and could not be found by Yu Aotian so easily.

His shining eyes looked at the men who brought Yaoyao and suddenly pulled out his gun: "Who are you traitors??"

"Master! Master! Please trust us, we can't betray you. Moreover, when we came this way, we checked, and there was indeed no trace of being tracked by the car!!!" The few people were scared to kneel

On the ground.

Leo's two beauties quickly stepped forward: "Lord, I believe they will not betray you."

"That..." Leo gradually turned his gaze to Yaoyao, he stepped forward, his hands constantly groping on her body, and finally!

A tracker was found in the hat of her dress: "Damn it! We are obscured by Yuaotian!!" The fingers easily crushed the tracker.

"Lord, what shall we do now?"

"It's okay!" Leiou narrowed his eyes coldly, holding Yaoyao in his arms with one hand: "With this little idiot, Yu Aotian can't dare to do anything!!" The words fell, he took a few men

Quickly left from the back door of the cabin...

☒Boom...'

Leo's forefoot had just left, and the people of Yulongshe directly slammed into the wooden house.

"Your boss, no one is here." Everyone gave way.

Yu Aotian walked in slowly, looking at the empty wooden house, and the deep eyes finally settled on the open back door: "It should be just a short walk. You follow the back door to chase." The quiet words fell.

Everyone nodded respectfully and hurriedly chased past the back door.

"Your elder boss, your decision was really well thought out. We should be able to get Miss Luo's antidote soon?" Chiba Zhenshou said with a smile.
