Chapter 531 Meet Rick

Hearing Georgia's question, Casey shook his head.

'She didn't tell me. I asked her once, but she didn't want to tell me, so I didn't ask her again. I don't live with Emilia, so I'm not sure about it. You can ask Aston. They grew up together. Although their parents are often not at home, children should know more.'

'What you said makes sense. I was going to see Aston. He was still angry with me because of Kayden. I had to explain this to him. The professor also told me that he didn't go to work in MU after returning home, but drank at home every day. I don't know how to cheer him up.'

'Then you can go to see him. He is also your cousin. He is independent and mature, but he has become like this because of love. It's not his fault, because everyone has his own weakness. Don't be too emotional. As long as he doesn't hurt himself, don't fuss too much.'

'I know. I know him well after so many things happened.'

After talking about Aston, Casey continued to talk about Margie.

'Since there is something wrong with Margie, you have to figure out the reason. In addition to asking Aston, you can ask Aston's parents. They are actually good people, and they may know something.'

'I even forgot this.'

Georgia smiled at her mother.

‘I’ve asked someone to investigate it, but I forgot that I can ask Uncle Carr and Aunt Laurie. They have been living in the Powell family, so maybe they know more things than us. I didn’t think of this that yesterday. I even forgot to talk about it with Uncle Carr and Laurie.’

‘You can talk to them when you meet Aston.’

Georgia nodded. She would do it because Uncle Carr and Aunt Laurie must also care about Aston. When she visited Aston, she could have a talk with them about what had happened to Uncle Oscar’s family.

After that, Casey asked about the two children and Robert. She asked.

‘Does Robert’s mother live with you? Did you see her? Is there any conflict between you two?’

‘She has become very peaceful now, probably because she has forgotten the memory after marriage. Her memory stayed in the past more than 20 years ago. At that time, she was a literary girl who liked drawing. She lives in her own house, draws, and raises flowers every day. She also took the initiative to meet me and the children. She is very kind to the children and polite to me. It’s now comfortable to get well with her.’

Casey felt guilty.

Chapter 532 Invite Professor Lee

It was just two o’clock in the afternoon when Robert and Maisie arrived at the cemetery.

It snowed all of a sudden, but it didn't snow heavily. It didn't affect the people on the road and was a beautiful and interesting scene.

'Wendy's birthday is also in winter. If she were still alive, maybe she were also married now.'

Maisie said to Robert with a smile. She didn't look sad but just felt regret and pity.

Robert no longer had any memory of Wendy, but as long as he called the name or saw Wendy's photo, he would feel sad.

When Wendy was twenty years old, which was the best age for a girl, she left the world. Sometimes, God was unfair.

'Wendy, I'm too busy this year to talk to you. Do you feel lonely? I apologize to you.'

Robert squatted down and put the flowers in front of the tombstone.

They stood in front of Wendy's tombstone, silent for a long time.

They all had their own thoughts and felt sorry for Wendy.

In front of Wendy's tombstone, no words could express their sadness.

After a long time, Maisie squatted down and gently touched the photo of Wendy on the tombstone.

'I must love you very much because you are my daughter. I must be very sad when you passed away, but now I have forgotten too many things. Please don't blame me.'

‘Your brother told me that those who hurt you have already been punished. If you still want to do something, just tell me in my dream and I will do it for you.’

Chapter 533 Drunk Aston

Professor Lee kept silent for a long time. Georgia finally sighed.

In fact, she had plan B. She could hire Professor Lee’s group to study her project.

But if so, Professor Lee had to sign a strict confidentiality agreement. At the same time, they had to strictly select the people who could participate in the research.

‘I have tried my best to find everyone in the team, and I work with them well. I have never thought of joining another team to study other projects. I can help you study something, but I won’t quit.’

Georgia chose to take plan B.

She would hire MU to study some specific projects, but she hadn’t decided on the details.

Therefore, she could only roughly tell Professor Lee about it.

‘Prof, my project may be different from yours, but if you join my team, you will also make a lot of progress.’

‘I agree with your plan B, but I need more details.’

Georgia had no choice but to leave. She was not particularly disappointed, because she had thought of this result.

When Georgia left, she saw a person unexpectedly.

She was far away from that man, but she knew who he was.

That was Darren from The Ace Group. She saw Darren and a group of people in MU.

Was The Ace Group and MU working on a project ?

She was curious, but she didn't ask Darren.

After Georgia got in the car, she called Wilson.

She asked him to investigate why Darren visited MU and find out if Darren had cooperation with MU.

Chapter 534 Angry Anaya

Aston looked angry, but Georgia could understand him. They did irritate him this time.

But no decision could always satisfy everyone.

‘You should know that it was Kayden who wanted to leave, because she didn’t want to see you. She saved Emilia, so I have to help her.’

‘I’m not a despotic man. I didn’t stop her from leaving at that time, so even if you told me the truth, I wouldn’t do anything. But you knocked me out and let me know the truth after she left. What kind of person do you think I am? Do you think I’m unreasonable?’

‘That’s not what we mean.’

Georgia sighed.

‘After Kayden woke up, she told me the reason why she approached you. You asked me to tell you the truth once I knew it. Now I come to see you in order to tell you the truth.’

‘What is the truth?’

Aston finally calmed down. He closed his eyes and asked.

‘As you know, she has been working for Eric this year because of what happened a year ago. On that day, too many things happened on the island, not only affecting Robert and me, but also her. After that incident, she went to Eric’s laboratory by accident...’

Chapter 535 Make Snowmen

Georgia held Aston’s hand subconsciously and said to him in a panic.

‘Run. Anaya looks terrible!’

After she finished her words, Aston was still in a daze.

Georgia held Aston’s hand and ran away. She felt that Anaya was going to hurt them with a knife.

She still remembered Anaya’s curse before she left.

Anaya looked crazy, so she might do something terrible.

Their escape enraged Anaya even more. She chased after them with a knife.

Fortunately, they rushed into the elevator and closed the door. Georgia was finally relieved.

‘When she left just now, she said she wanted to go to hell with you. She must want to hurt you. Let’s find the car and then leave here. You can’t live here recently.’

‘Sorry, I got you into trouble.’

Aston apologized to Georgia. He looked guilty.

‘Remember this lesson. Don’t easily promise anyone in the future. Since you know whom you love, don’t get entangled with other women. Look, now Anaya has become a trouble. Don’t think you can negotiate with her, at least you can’t do it today. So don’t let her find you recently.’

‘I did do something stupid.’

Aston lowered his head and said guiltily.

Georgia didn't know what to say, because Aston was indeed wrong.

When they arrived at the parking lot, Anaya was still following them.

Fortunately, the car was not far from them, and there were bodyguards of Georgia there. She started the car quickly and left with Aston.

After they got in the car, they could see Anaya chasing after them with a knife.

Georgia said to her assistant.

'Take a video of her behavior and ask the lawyer if it can prove that Anaya has a propensity for violence. At least we have to send her to the police station for a period of time. She can't calm herself down now.'

After saying that, Georgia drove to her mother's home.

Chapter 536 Something Happened To Emilia

'My mother didn't tell me the reason clearly, but she said there seemed to be someone between them. I didn't ask my mother this question. If you want to know the answer, you can ask my mother.'

Aston said to Georgia.

Georgia smiled.

‘I was going to ask your mother, but I think I’d better ask you first to see if you know anything. Since you don’t know it, let’s ask your mother.’

Aston nodded and made a video call to his mother. Her mother answered the video call immediately.

‘My son, what’s up?’

Laurie asked with a smile. As soon as she finished her words, she saw Georgia and her son sitting together.

She was surprised.

‘Georgia, you are here too. What happened?’

She also knew that her son had been very depressed recently.

But even as his mother, she couldn’t help him. Adults had their own decisions.

She couldn’t even stop him from leaving the family before.

So Laurie asked Professor Lee to take care of her son. She knew that her son was in a bad mood and liked drinking. Although Laurie was worried, she wouldn’t keep calling her son, because it might annoy him.

So she was surprised at the video call from her son. Her son shouldn't be in the mood to contact her.

She was very happy. When she answered the phone, she immediately realized that something had happened because she saw Georgia was also there.

'Aunt Laurie, I want to ask you a question.'

Georgia asked directly.

'I want to know why Uncle Oscar and Aunt Margie are so alienated from each other. What happened to them when they were young? And why Aunt Margie has never been intimate with Emilia?'

Chapter 537 Margie's Past

In the video, Emilia was playing with toys in the room like a child. Because of her mental instability, there were cameras everywhere in the room. All the scenes could be recorded.

After a while, a woman came to the ward.

It was Margie. She came to visit her daughter every day, so it was not strange.

In the video, Margie approached Emilia step by step.

Suddenly, she stabbed Emilia with a knife.

The knife hurt Emilia's belly, but the bodyguards outside rushed in and grabbed Margie.

There was a minor wound on Emilia's body, and the doctor had already bandaged it. Now Emilia was transferred to another ward. She was frightened, so her mental condition was extremely unstable.

Fortunately, she fell asleep after the tranquilizer, so Ivan had time to deal with Margie's matter now.

He invited everyone from the Powell family here. Thanks to Georgia's warning, he was able to guard against Margie in advance.

After all, Margie was Emilia's mother. Since she came to visit his daughter, he wouldn't let his bodyguards guard against her. But because of the news from Georgia, Ivan told the bodyguards that once Margie came, they must pay attention to her every move, and they must catch her in time if she did anything to Emilia.

He was lucky because he had been prepared in advance, or Emilia would have been killed.

'Margie, Emilia is your daughter, but you want to kill her with a knife. Are you crazy?'

Chapter 538 You Deserved This

Oscar suddenly asked Margie this question. Margie answered with crazy laughter.

‘You finally asked me this question. Let me tell you the truth. Yes, it was me!’

‘How did I know that Emilia is the daughter of that woman? Eric Wimbledon showed me the evidence. I saw the photo of that woman and the evidence of what you did in the past, so I decided to take revenge from that moment on. Emilia is smart and capable. She has never been hurt or cheated, but she was taken away by Eric this time because I asked her specifically where she is going recently. I know where she is at any time.’

‘Emilia is not close to me, but I have never done anything to hurt her, so she would tell me the schedule. Then I told Eric her location so that Eric could easily catch her. I knew that Eric must have used a lot of methods to torture Emilia, which was what I wanted to see. If I hurt you, maybe you don’t care, but I am torturing your daughter now. Oscar, even if you take revenge on me, I don’t care. I’ve already succeeded in it. I have hurt the daughter of the woman you love most!’

After saying that, Margie burst into wild laughter.

‘What a lunatic!’

Ivan, who had been silent all the time, said to Margie.

He couldn’t tell who was right and who was wrong, because, in fact, Margie was indeed someone who had also been hurt.

But he didn't care about these things. He only cared about Emilia's health and Emilia's mental condition. Margie just ruined everything.

'Ivan, why did you suddenly suspect me? Your men must have been watching me all the time, or I would have killed Emilia. Why did you suspect me? Did I behave weirdly? I've been caring about Emilia these days, like the most loving mother in the world. Is it because I haven't played the role well? I want to know what I did wrong.'

'It's because you have cared too much about Emilia. Your unusual behavior made me suspicious. Most importantly, I know something about the past. There was once a time when you saw Emilia get hurt but left and ignored her. That was not a mother's attitude towards her daughter. I just didn't expect that the reason why Emilia was taken away by Eric this time was that you revealed her location.'

Chapter 539 Riley's Laboratory

'I have contacted Jasper and Jason. Jason told me a piece of good news that Miranda is pregnant. They have decided to get married, but according to their decision, they still need to prepare for a few months. Don't tell anyone about it.'

'As for Jasper, he is still worried about Selena. They still haven't given up looking for the child, but they still haven't got any news.'

Selena's depression is temporarily suppressed, but it hasn't become better. We should go to visit Selena. People with depression need to see more people. Ask Jasper to find a time, and then we go to find them.'

'I see. There is finally the good news. By the way, last time you told Travis and Sarah that you were going to have a wedding with me again. Is that true?'

'Yes, I'm serious. Something happened at the wedding last time. We are just nominal couples now, so we need a wedding. I'm preparing it, so you don't have to worry about it. I'll make it great, and you will like it.'

'Well, I'll wait for this surprise.'

The next morning, when Georgia woke up, she received a video call from Laurie.

It should be late at night in America, so why did Laurie call her at such a moment?

Georgia was confused, but she still answered the video call.

'Aunt Laurie, what happened? Is there anything wrong with Emilia?'

Georgia asked worriedly, but Laurie shook her head with a smile.

'Nothing happened to Emilia. Ivan is taking care of Emilia, so she is fine. I want to ask you another question. I didn't have time to ask you that because of Emilia's matter yesterday, so I want to ask you now.'

'What question?'

Georgia asked curiously.

‘I know my son very well. He is emotional. Because of Kayden, he went back home sadly. He has been drinking painfully at home all these days. Professor Lee told me this. I thought he would indulge himself for a few days, but yesterday when we talked, he looked not as depressed as before. I want to know what had happened to him.’”

Chapter 540 Vanessa Disappeared

‘Georgia, something happened.’

Elsie said in a hurry as soon as the phone was connected.

‘Don’t worry. What happened?’

Georgia stood still and listened to Elsie patiently.

‘Vanessa and Sam are missing. Last night, Vanessa and I took Sam out for a walk, but after we went back and went to sleep, I woke up again this afternoon.’

‘And I should have lived in Alfred and Vanessa’s house, but when I woke up, I found that I was in a hotel. I couldn’t find Alfred, and when I went to Vanessa’s house again, I found that Vanessa and Sam had disappeared.’

‘Why did Vanessa and her son disappear?’

Georgia murmured worriedly.

‘Elsie, calm down. Have you called Wilson? I’ll ask him to come to you and help you to find them.’

‘I just called you. I’m so flustered now, and I can’t find them everywhere.’

‘Wait patiently. I’ll ask someone to investigate it. Maybe you’re also in danger now. I’ll send you an address. That’s the shelter Wilson found before. Vanessa has disappeared, so you must go to a safe place. I’ll find someone to investigate it and find them.’

After hanging up the phone, she sent the address to Elsie and then called her subordinates in G City. She asked them to send Elsie to the safe place as soon as possible.

Then she called Wilson and told him about it.

‘If you are not busy now, go to G City as soon as possible. Elsie is impulsive. I’m afraid that she will cause trouble when she is too flustered. You should go to protect her.’

‘I see. I’ll be there soon.’

Wilson agreed. Georgia then called Robert and told him about it.
