Chapter 1810

“Selena, what’s wrong with David? Tell us!”

Sandy quickly asked as well.

“Selena, Master David is omnipotent so nothing will happen to him, right?” Mia also asked as she sobbed.

The rest of them did not say anything.

However, they were all looking at Selena worriedly, waiting for her answer.

Everyone knew that it would be useless no matter how they asked. If Selena knew the truth, she would tell them.

Selena recomposed herself and answered hoarsely, “When I was on my way here just now, I heard some disciples talking about David. He’s being pursued by a big family now and it’s unknown if he’s dead or alive.”

‘What?’

‘David is being pursued by a big family now and it’s unknown if he’s dead or alive?’

Celia felt her world was spinning and she almost passed out.

The rest of the women were no better.

Pearl, Sandy, Mia, Astrid, and the other women all felt dizzy.

They could only stand upright after supporting each other.

David was their hope, and if their hope collapsed, they would also collapse.

“Selena, what happened? Can you tell us in detail?” Astrid was the first one to pull herself together.

After all, she was the princess that was beloved by the Milky Way Empire.

Thus, she could see the bigger picture better than the rest of them.

The most important thing right now was not to stand here and cry.

Instead, they should find out what happened so they could deal with it as best as they could.

“To be honest, I have no idea what happened. I only have a warrant for David. See for yourself.”

After Selena said that, she showed the women the warrant the disciple gave her just now.

A screen appeared and David's face was in the portrait along with the content of the warrant. Everyone started to read through it carefully, including Selena. She only took a glimpse of the portrait just now, and she did not look at it carefully.

Now, she had to read carefully.

A few minutes later, everyone looked through the content repeatedly before Selena put it away.

"Selena, what kind of family is the Lightfoot family?" Astrid asked.

"I have no idea. However, the disciple said they are a very powerful family, and they are not inferior to the Iridescent Sect,"

Selena answered.

The women's faces turned pale when Selena said the Lightfoot family was not inferior to the Iridescent Sect.

'David will not be able to handle such a powerful force himself, so what should we do?

'How can we help him?

'Should we sit idly by and watch the Lightfoot family take David away?

‘Will he be able to survive once the Lightfoot family catches him?’

‘What will happen to us if David dies?’

‘We don’t have to be too worried. We need to have confidence in David. He has encountered so much trouble throughout his

journey and when has he ever let us down?

Didn’t he take care of all the troubles?’ Astrid looked at the pale women and said.

‘This time is different. The enemy is too strong. Plus, Star Kingdom is not the same as the Milky Way. David won’t have the power to fight back with his current strength.’

‘How is it not the same? David came from Earth, which is from the Solar System, and then he went to the Milky Way. After that, he came to Star Kingdom from the Milky Way. Isn’t it the same thing? He took a very short time to stand on top of the Milky Way, and now, I believe he can also stand on the top of Star Kingdom,’ Astrid said affirmatively.

She was very confident in David.

Back then, not only did David save her, but he also saved the entire Milky Way Empire.

Without David, the Milky Way Empire would be overthrown by the Sangruil Sinners.

Back then, he was like a god descending from heaven.

This time, Astrid believed he would be able to do it again.
