

Read I Am A Quadrillionaire Chapter 1926

I am a quadrillionaire chapter 1926-Now, David was the only hope for the Fellowes family.

“I, David Lidell, have seen everything the Fellowes family has done for me, and I have promised Miss Fellowes, so I will definitely help you.”

Upon hearing David’s words, the Fellowes family collectively heaved a sigh of relief.

“But...”

David stopped just in time.

However, he did not continue.

This made the Fellowes family anxious, and their hearts rose to their throats again.

Roald asked eagerly, “But what? Are you in trouble, David?”

“Sigh... Cedar, you also know that I just killed a Saint, which attracted the attention of TSA and the head of TSA, who is not only a Sacred Saint but also the number one in Star Kingdom. My master is not happy, but he will definitely not let me be bullied by the Saints Association. I’m afraid if I want to ask him to come out to deal with the Sacred Saint grandmaster of the Palmore family...” After David finished speaking, he glanced at the four members of the Fellowes family with a look of embarrassment on his face.

This was also an idea that came to his mind at the last minute.

His master had already solved a problem for him.

It would be a little unreasonable to ask him to help again.

A Sacred Saint also needed to protect this reputation, right?

David would talk about his difficulties first and then make the Fellowes family feel like they were in despair before making a request.

They might be more likely to accept if their emotions turned from despair to hope.

Otherwise, if David raised the conditions directly, the Fellowes family would definitely get mad and accuse him of asking for something unjustly, profiting from their misfortune, and indulging in a fantasy.

The Fellowes family members were dumbfounded.

Four pairs of eyes stared straight at David.

David could not be more clear.

Basically, if David's master had already helped him with the Saints Association, he would no longer help the Fellowes family deal with the Palmore family.

They had done so much so that they could have a Sacred Saint's help to deal with the grandmaster of the Palmore family.

Now, David was saying that he could not get his Sacred Saint master to come here.

Was this a scam?

Without the help of a Sacred Saint, how would the Fellowes family fight against the Palmore family?

Even if David was willing to help and he was so strong that he could fight against two, or even three people at once, what was the use?

Who would deal with the Sacred Saint grandmaster of the Palmore family?

The four looked at David with aggrieved eyes, especially Alba.

Tears were welling up in her eyes.

She looked like she was about to cry.

'You could kill Nek at any time, but why now?

'You could kill him after you helped us out of the predicament. Do you think your master will allow TSA to bully you?

'Great, you had a great time, but what about my family?'

David felt a little awkward after being stared at.

He patted his chest and promised, "Don't worry, Cedar. Even if my master doesn't come, I will do my best to help you. No matter if it's the Palmore family or someone else, just tell me whenever you need me, and I will never say no."
