I am a quadrillionaire chapter 1943-Alba approached the room which she had just left moments ago.

After listening carefully, there seemed to be no movement inside.

'Has Master David finished contacting his master?

She hastily knocked on the door.

Knock knock knock!

"Come in!" David's voice came from inside.

Alba pushed the door open and entered the room.

She saw David sitting on a chair, his face seemed a little unwell.

This surprised her.

'Did Master David just get scolded by his master?

'Am I too late?

'What should I do?

'Master David will surely be unhappy with the family and me if he found out that we have been deceiving him.

'How should I explain this to him?'

Alba was in a state of disarray for a moment.

She did not know how to start.

David had just broken through to Sacred Saint level 1 for his Body and his combat power had reached the beginner Sacred Saint Rank. He was about to make persistent efforts and upgrade his Mind in one go when Alba arrived.

It felt like he had been interrupted halfway through urinating. The feeling of having to forcefully hold back felt horrible.

It was no wonder that he looked off-colored.

If the person coming in was not Alba, the person who had done him a great favor, David would have had a fallout with them.

'Why are you coming back right after you left?

'Can't you tell me everything in one go or wait for me to finish breaking through?

'Who would feel good about this?'

When he saw Alba in a dilemma and did not know how to start, he asked, "Miss Fellowes, you came back right after leaving. Is there anything urgent?" "M-Master David, I... I..." Alba stuttered and could not speak.

She was so anxious that she was about to cry.

The fate of the Fellowes family could not be changed, and she did not want David to feel that she had been using him and deceiving him.

However, it was too late to say anything now.

Master David already knew the truth of the matter, so he definitely would not believe what she said anymore.

Alba's performance aroused David's curiosity.

'What's going on here?

'Could it be that the Fellowes family situation has been compromised?

'Is the Palmore family so quick to act?

'How long has it been?

'I haven't even broken through yet!

'If the Fellowes family is really experiencing a life or death situation, then I can only temporarily put aside this opportunity for a breakthrough and do it when I have time.

'I should be able to temporarily solve the troubles of the Fellowes family as a beginner Sacred Saint with my clone. That will be two beginner Sacred Saints in battle.

'After that, I will continue to break through.' "Miss Fellowes, just say what you have to say! Don't be burdened, as long as I can help, I will try my best to do so. Did something happen to the Fellowes family?" David asked again.

His words directly broke Alba's defense.

She was very moved inside.

'Master David is so nice.

'Even though he already knows the truth and was scolded by his master, he's still willing to help us.'

Alba said apologetically, "Master David, my family has let you down. I hope you don't blame us. The grandmaster did something like that because he was also at a dead end. The moment I found out that the Palmore family's grandmaster became the head of the Saints Association, I came here right away, but it turns out I was too late. I'm sorry that I was the reason you got yelled at. With the current strength and power of the Palmore family's grandmaster, the Fellowes family is completely doomed. So, please leave. We cannot implicate you." David was confused.
