I am a quadrillionaire chapter 2016-‘This strange old man who suddenly appeared is so strong.

‘How many old monsters are still hiding in Star Kingdom?’

‘Is he from the last golden age?’

‘I guess I have to hurry up and get everything done before all these old monsters come out from hiding.

‘Otherwise, things will become difficult.’

Suddenly, something crept into Zenon’s mind.

Someone in the family had crushed the keepsake.

He thought the battle out there had ended and the Palmore family had wiped out the Fellowes family.

Tgerefire, he laughed out loud on the spot.

“Hahaha!”

The annihilation of the Fellowes family would completely kick off the prelude to the chaos in Star Kingdom.

Not only were they trying to get Treasure Trove by killing the Fellowes family, but they were also doing this to show their power to the outside world.

The real goal was to kick off the chaos by breaking the rules set by Sid.

He wanted to expose the ambitions of all the forces in Star Kingdom.

The more chaotic Star Kingdom became, the better it would be for the Palmore family.

Sid was right.

Zenon was not satisfied with the strength of a peak Sacred Saint. He wanted to go one step further, step into the legendary Divine Realm, ignite the Divine Fire, and become an immortal god.

If he wanted to make it this far, he could not succeed just by relying on his hard work and talent.

He also needed a special tool to assist him, and that was the power of faith. 1

If he wanted to gain the power of faith, he had to become the god in the hearts of all humans in Star Kingdom.

Divine Realm, as the name suggested, was to be the god in every human's heart.

After defeating Sid, the late Sacred Saint, Zenon felt proud and confident.

For a moment, he thought he was the only peak Sacred Saint in Star Kingdom.

However, expectedly, his arrogance and confidence did not last for too long before they were crushed by the strange old man in front of him.

Zenon burst into laughter during the fight, which confused David a little.

"Old man, the Fellowes family you've been guarding has been exterminated. Do you still want to fight with me? We are similar in strength, and if we continue to fight, the final result will be a draw. You should go out and have a look! Hahaha!" Zenon said with a loud laugh.

David was speechless after he heard that.

'Is this guy crazy?

'My main form is still outside.

'With the appearance of the former head of the Saints Association, Sid, the situation is obviously not good for the Palmore family.

'So, where did Zenon get the news that the Fellowes family has been exterminated?'

"Isn't it a little too early to be happy? Are you sure the news you got is true? Why is the news you got different from mine?" David asked Zenon three questions in a row.

Zenon was stumped by the questions.

He just remembered.

The keepsake he left could only be used when the family was facing a huge crisis.

If they won, there would be no need to crush the keepsake.

'Is the family in trouble?'

Zenon's eyes widened and he exerted his maximum energy.

After that, he waved his daggers at David at full force.

The clone was of course not scared.

He used the Evil-Splitting Sword Technique and waved the sword. 2

Ding!

The daggers and sword collided, creating an ear-piercing sound.

The dazzling light turned the dark eight-dimensional space as bright as day.

Where the daggers and sword collided, a grain-sized black hole appeared.

Their collision broke the barrier of the eight-dimensional space.

Even though it was small, it was enough to prove the power of this attack.
