

Read I Am A Quadrillionaire Chapter 2058

I am a quadrillionaire chapter 2058-‘What are these nine chains? How can they be so powerful?’

Lorraine was soon back above the forbidden area.

The four sisters had already left as they knew that their master would definitely absorb the alluring body next.

Indeed, when Lorraine felt the chains on her body loosen, before she could move, the other eight chains immediately bound her.

They were binding her hands, feet, and neck.

Just now, only her body was bound, and she could still move her hands and feet.

Now, her hands, feet, and neck were tied, and she was unable to move an inch. Hence, she could only look up at the sky, helpless tears falling from the corners of her eyes.

At this time, Lorraine was like a woman tied to a bed, giving evildoers access to do whatever they wanted with her.

She could do nothing but cry.

Although was not sure what would happen next, according to what her four teachers said about dedicating her life, Lorraine already had the answer in her mind.

She would die, but she did not know how.

No one would come to her rescue, and no one could save her.

Since she could still talk, she wanted to reveal what she knew.

Even if she died, she wanted to let others know the goal of her four teachers.

It was still unknown what impact a person from a high-level civilization would have on Star Kingdom after he recovered from his injury, but the people here had to prepare to guard against it.

There was only so much Lorraine could do.

“Lady Dream, did you see that? This is the secret in the forbidden area. The Iridescent Sect itself is just a cover. Its purpose is to cultivate Saints with special physiques, and then sacrifice them to help the person in the forbidden area to recover from his injuries. These people are not from Star Kingdom, but from a higher civilization. Once he

recovers from his injuries, I don't know what he will do. You must escape from this place. Tell everyone in Star Kingdom and ask them to be prepared.”

Lorraine's words shocked Nova and the others.

Then, they turned their gaze to the four sisters in disbelief.

‘The four reputable elders are not from Star Kingdom?’

‘The purpose of the establishment of the Iridescent Sect is to cultivate Saints of various physiques so they can be sacrificed to heal the wounded person hidden in the forbidden area?’

Only Nova believed what Lorraine said.

It suddenly made sense why so many seniors who became Saints never came out after entering the forbidden area since the establishment of the sect.

It all made sense.

Even so, Eira and the others no longer cared, about how others viewed them and they did not give any explanations, let alone stop Lorraine.

They were in very bad condition now.

They did not have the energy to take care of these matters, so they instead focused on the nine chains.

As long as their master absorbed Lorraine, he could fully wake up.

When that happened, who else in Star Kingdom could stand in their way?

“Lady Dream, take everyone away now and rescue Celeste. She will die if she stays here,” Lorraine said again.

Lorraine was still very grateful to Celeste, the senior who gave her a new life.

It was a pity that Celeste was also a pawn, just like her.

Of course, even though Celeste was a pawn, she was much luckier than herself.

At least she found her own happiness, enjoyed that moment, and escaped this catastrophe.

“Lori, don't worry! David has rescued her,” Nova could not stop herself from replying.

Lorraine was taken aback when she heard this.

'David rescued Celeste?

'When did this happen?

'How?

'Can David do that?

'Did the four not stop him?'

A series of questions appeared in her mind.

Since David dared to take such a big risk to save Celeste, it seemed that he was indeed the one who damaged her alluring body.

He was pretty responsible.

Lorraine wanted to continue talking.

"Hiss!"

A piercing pain swept through her body.

It turned out that a chain had pierced into her chest and her heart. After that, it began to suck on Lorraine's blood essence.

At the same time, several other chains also pierced into Lorraine's body from various parts.
