I am a quadrillionaire chapter 2105-David turned away from the void and went back to the forbidden area of the Iridescent Sect.

Sid, Zenon, and others were still waiting for him.

Lorraine remained where she was.

When they saw that the battle was over, Nova and the rest of the Iridescent Sect seniors came over and stood next to Lorraine.

The two did not see each other very often, but the women got along with each other well.

Moreover, they were now the pillars of the Iridescent Sect.

The four reputable elders were dead.

So, the ones with the highest status in the Iridescent Sect now were Lorraine the Saint and the head of the sect, Nova.

When they saw David return, everyone gathered around.

“Master David!” Sid clasped his fists together, bent down, and greeted David respectfully.novel.xo

“Master David!”

Zenon, who was with the several Sacred Saints, and Nova, who was with the seniors, echoed.

Everyone understood that Star Kingdom would honor David from now on.

They understood from the conversation between Azul and David that David was the only partial Pre-Deity in Star Kingdom.

David’s so-called master was just a puppet controlled by him, meaning that David was a partial Pre-Deity who could also split up into four partial Pre-Deities.

Besides feeling shocked, they no longer knew how to express their feelings.

Only Lorraine stayed quiet at the scene.

She felt that since David and her were from Earth, she did not need to observe these formalities.

Plus, David not only hugged her, but he also looked at her injured chest, so he should be responsible for her.

“You don’t need to be so polite with me.” David nodded in response.

His strength had been exposed, so there was no need for him to hide anymore.

He still needed to put on the airs of a powerhouse.

David understood that the more modest he was, the more terrified others would become.

Hence, it would be better to be a little colder.

“Master David, may I know what happened when you chased that blue light just now?” Sid asked cautiously.

This was what he cared most about.

Once Azul was allowed to pass the news back to Leila, Star Kingdom would soon be destroyed.

A big force from the level 9 civilization was coming and Star Kingdom did not have any resistance against them.

Sid, who had always been responsible for protecting Star Kingdom, absolutely did not want this to happen.

It took David very little time to chase Azul, but a partial PreDeity was very fast even if the distance was great.

Sid and others had no idea about the result, and they did not hear what Azul said when he was dying.

David shook his head helplessly.

The hearts of the people present sank and they got a bad premonition.

Sure enough, he went on to say, “It’s really hard to guard against the tricks of someone from a level 9 civilization. Azul has already planned this, and I wasn’t able to catch up with the signal he sent back.”

“Y-You didn’t?” Sid’s eyes went wide and he was in disbelief.

It meant that it would not be long before the Feather family from Leila would send someone to Star Kingdom for revenge.
