I am a quadrillionaire chapter 2132-At the same time, the powerful force carried by the small stones knocked the two into the air.

“Pfft!”

Linus and the masked man in black spit out a mouthful of blood one after another.

While they were flying upside down, their faces were full of horror.

‘There’s someone powerful here!

‘And they are terrifyingly powerful!’

They did not even notice who attacked them before they were seriously injured.

‘How scary!’

Beanie stopped moving and looked inexplicably at Linus and the masked man in black who vomited blood and retreated.

She was also confused by this sudden change.

‘What happened?’

‘What happened to those two?’

With her strength, Beanie also did not notice David’s sudden attack.

She had no idea that two stones the size of rice grains had flown past her.

Bang! Bang! Bang!

Linus and the man in black collided with a carriage. Their tremendous momentum smashed the carriage to pieces.

After crashing into the carriage, they did not stop and continued to crash through several other carriages before barely stopping.

This showed how hard the attack was.

Nas and Nivia, who were running, turned their heads to see what was going on with Aunt Beanie, but after taking a look, they stopped in their tracks and froze in place.

Aunt Beanie was fine.

On the contrary, Linus and the hateful man in black who had attacked Aunt Beanie were wounded and vomited blood.

The two were puzzled.

'When did Aunt Beanie become so strong?'

According to their understanding, even if Aunt Beanie was a little stronger than Linus, it was not that much as well.

In addition to that, Linus was not the only enemy now. The man in black was no worse than Aunt Beanie in strength too, and Aunt Beanie was injured by a sneak attack. Therefore, it was even more impossible for her to be his opponent.

That was why she sacrificed herself and desperately bought time for them.

'But what's happening right now?'

'Aunt Beanie is fine, but the enemies are wounded?'

Nas and Nivia could not believe what they saw.

The Nacht family guards, adventurers, and the men in black could not believe this scene.

Originally, they thought that the next battle would be one-sided.

It was indeed one-sided, but not for the side everyone had imagined.

All eyes were on where Linus and the man in black finally stopped.

They wanted to see how the two had been knocked into the air.

The smoke from the impact slowly dissipated and Linus and the man in black appeared before everyone's eyes.

The two of them clutched their left chests with their right hands as blood continued to flow from their mouths. Obviously, they were seriously injured.

They were a lot more wounded than Beanie.

Even the two parties involved had no idea what kind of hidden weapon had hurt them, not to mention the other people.

They only knew that if the hidden weapon had shifted a little further, it could directly shoot through their hearts, causing them to die in The Spirit Cage.

With the strength of Linus and the man in black, this kind of injury to the heart was unbearable.

Apart from the horror, there was also a trace of gladness on their faces.

Fortunately, this person did not intend to kill them.

Otherwise, they would have died just now
