I am a quadrillionaire chapter 2146-David shook his head helplessly.

After thinking for a while, he decided to go to Beanie to ask about the situation.

She knew his identity, so he would not need to hide anything.

He wanted to see if he could get her help and first spend 20 billion to break through to Deity Rank. After that, he would take it slowly.

In any case, there were still three hundred years before the Feather family's attack, so it was enough for David to make preparations.

After inquiring along the way, David arrived at the place where the Nacht family lived after a short while.

It was a very nice building.

The words 'the Nacht Residence' were written on top of it.

There were two guards at the door.

As soon as David stepped forward, he was stopped by one of the guards.

The guard looked David up and down.

Perhaps he also felt that David was not an ordinary person, so he did not drive him away immediately.

Instead, he asked politely, "This is the Nacht Residence.

May I know what's your business here?"

"I'm looking for Beanie Nacht. Please go and tell her," David replied.

"Sir, if you want to see our lady, please also tell us your identity and name so we can inform her. Or else, we'll get punished as there are too many people who want to see our lady," the guard explained.

"You can just tell her David is here to see her. She will know."

"Okay! Master David, please wait a moment, I will go inform Milady right away."

After the guard finished speaking, he turned and entered the Nacht Residence.

The other stood in the middle of the gate and watched David, preventing him from entering.

Beanie was sitting inside in her boudoir deep in the Nacht Residence while sulking.

She was very happy after getting to know David the bigwig.

However, he went missing the moment they returned to the Nacht Residence.

After asking the adventurers who were in the same carriage with David, she learned that David left the moment they entered Nightingale City.

In other words, he did not even plan to tell her.

'Well then.'

Beanie sighed, feeling depressed.

She thought she had found huge support, but who would have known that David was not serious about it?

At that moment, even the Silver Flood Dragon and the Beast Crystal were not as exciting anymore.

'Whatever!'

Beanie figured that the person next to David who secretly protected him was so powerful that he might be able to easily destroy all the forces in Nightingale City.

A powerful person like this would not be in the third-tier city of Nightingale City in the first place.

It was already great luck to meet one by chance, and she still dreamed of having a relationship with them.

How naive of her!

She had already sent someone to the descending point to return to the real world, so they could inform the head of the Nacht family about the Silver Flood Dragon and the Beast Crystal.

After the Nacht family's head arrived, they could discuss whether to keep the Beast Crystal for the Nacht family's own use or go to a second-tier city to find a buyer and sell it for a large sum of money.

Regardless, no matter what one they choose, the Nacht family would be making a fortune.

After they settled the matter with the Beast Crystal, they would then seek revenge on those b\*stards of the Chez family.

Knock knock knock!

Someone knocked on the door.

“Who is it?” Beanie asked.

“Milady, it’s me!” A female voice said.

“What is it?”

“Milady, someone is asking to see you.”

“No!” Beanie rejected the request immediately.

She thought it was one of her pursuers who came to visit her after they learned she was back.

“Are you sure, milady?”

“Yes! Peridot, are you still talking? Are you itching to be punished?”

“Milady, you have to think twice. The person coming to see you is Master David. He says he needs to talk to you.”

“Master David? Which Master David?” Beanie was confused. ‘The one you asked me to get that day. Did you forget?’
