I am a quadrillionaire chapter 2151-Early the next morning, David and Beanie set off to Sole, the nearest second-tier city.

Apart from some guards, Nivia from the younger generation of the Nacht family also joined them.

The whole team was much smaller than the team from Crow City to Nightingale City. It was not even one-twentieth the size of the original team.

The main reason was that David was there, so they did not have a security problem. Hence, there was no need for so many people to escort them.

Not only would it require more people, but the bigger the team, the slower the speed.

Nas, the heir of the Nacht family, was not on the team.

It was not that Nas did not want to go, but that Beanie did not want to take him.

Nas probably had no idea that because he did not like David and scolded him a few times, he almost lost his position as heir, let alone the privilege of going to Sole.

When he learned that Beanie was going to bring someone to Sole the night before, he thought that as the first-in-line heir of the Nacht family, he would have a chance to follow along and go to the second-tier city to gain experience.

However, no one called him when they were leaving.

Nas woke up in the morning and immediately felt something was wrong.

He only found out the truth when he asked,

The Nacht family's team to Sole has already left.

Without any hesitation, Nas, who was burning with anger and felt abandoned, chased after the team.

Finally, he caught up with the team not far from Nightingale City.

This time the team had only five carriages in total, and David had one all to himself.

Beanie was sharing one with Nivia.

The two were chatting, but Nivia tactfully did not ask about David.

However, she knew that this young man with extraordinary temperament was definitely not as simple as an ordinary adventurer.

The team that was advancing quickly stopped suddenly.

“Peridot, what’s going on?” Beanie asked aloud.

“Milady, Master Nas is blocking the way,” the maid Peridot said outside.

She just saw Nas overtaking the team and stopping in front of them on a Foal Beast.

Moreover, the line of five carriages was not long, so they could see the front at a glance.

‘Nas?’

‘What is he doing here?’

Beanie was puzzled.

Because of David, she did not plan to bring Nas this time.

“Niv, come, let’s go and take a look.”

Beanie got up and got out of the carriage.

Nivia followed behind. She knew in her heart that the reason why Beanie did not take Nas must have something to do with David.

At this time, Nas was standing in front of the Nacht family’s team. He was burning with rage.

He had almost lost his mind.

As the first heir of the Nacht family, he was not even included in the team going to Sole.

Nas refused to accept this reality no matter what.

Beanie walked over with Nivia and Peridot. When she saw Nas riding a Foal Beast and blocking the way, she immediately reprimanded loudly, “Nas, what are you trying to do? Get out of the way! Don’t delay our journey.”

“Aunt Beanie! Why aren’t you taking me to Sole?” Nas asked, holding back his anger.

“Naturally, I have my reasons for not taking you.”
