I am a quadrillionaire chapter 2214-“Are you done laughing?”

David stared at Conway, a murderous look in his eyes.

Conway looked at David after he had been interrupted.

When he saw the murderous look in David’s eyes, he scoffed in disdain, “Why? Do you want to kill me?”

“I don’t want to, but I will.”

“Let’s not debate whether you can kill me. Even if you can, do you have the guts to do so?” Conway mocked.

“I don’t have the guts?”

David laughed.

There was nothing he dared not to do in this world.

However, he just did not want to.

After he said that, he disappeared from where he stood.

When he reappeared, he was in front of Conway. He had one hand on Conway’s neck and lifted him into the air.

Before Conway could react, he felt suffocated and his feet had left the ground.

With his strength, he was unable to fight David.

Conway wanted to make some noise but since he was being choked, he could only make grunting sounds.

He flailed around and wanted to use his hands to remove David’s hand from his neck, but he could not.

David’s hand did not budge.

As long as David tightened his grip a little, Conway would be dead and that would be the end of him.

The men in black around them came back to their senses and rushed David immediately.

It would be bad if Master Conway was caught.

If they were unable to protect Master Conway and something happened to him, none of them would get out of this alive.

When David saw this, he lifted his right leg slightly and stomped down.

Thud!

A terrifying wind swept toward the surrounding men in black with David as the center and sent them flying.

“Ah!”

“pfftr

Everyone at the scene was in a pitiful state.

The men in black wailed in pain after they were hit by the wind. Then, they vomited blood and fell to the ground suffering serious injuries.

The entire courtyard was in a mess.

When Beanie was in Demon Ridge, she saw David's tricks so she was not surprised. Instead, she acted like it was a matter of course.

On the other hand, Evie and the elf women were looking at David with astonishment in their eyes.

‘Master David is so powerful!’ the four elf women thought to themselves.

It did not seem so bad to follow Master David.

He was nice and he was also powerful.

Their fate was much better than the other women who were sent out.

The leader of the men in black stood up and he had a look of terror on his face.

'This person is so powerful!

'I think he's not inferior to Lord Basil.

'Master Conway is in trouble now.'

"So, do you think I have the guts to kill you now?" David asked with a smile.

Conway looked at David in front of him.

David's smile was spine-chilling.

Conway was in despair and he was being choked.

He could not breathe and felt as if his energy was being drained from him.

As he was being enveloped by the aura of death, he knew he was going to die.

However, he did not want to die!

"Ugh!" Conway wanted to beg for mercy.

"What? Do you want me to spare you?"

"Uh-huh!" Conway nodded and showed a pleading look in his eyes.

"If I spare you, who's going to spare the people you killed?"

As David said that, he tightened his grip slowly.

He wanted Conway to die in despair.

As he felt the grip on his neck tightening, Conway started crying in fear.

A pungent liquid started flowing down from below.

This was the first time he got so close to death.

Once David tightened his grip more, everything would be over.

If Conway died in The Spirit Cage, he would also die in Leila.
