I am a quadrillionaire chapter 2221-“David, the Macee family doesn’t want to be your enemy, but Conway is also our eldest descendant. Since you killed him, you must give me a reasonable explanation,” Basil looked at David and said.

“Explanation? What explanation do you want? Your descendant broke into my place without saying anything and killed my people. I just wanted him to be my people’s burial offering and I didn’t touch other people. As the saying goes, an eye for an eye and a tooth for a tooth. What explanation do you want from me?” David sneered.

“The people who died are just a few guards, but a direct descendant of mine died. How can they be the same?”

“Are their lives not worthy? Do they not have families? How is it different? In my eyes, Conway is no more noble than those dead guards. I only killed one in exchange for the lives of many. At the end of the day, you are the ones who have gotten an advantage.”

“David, it seems that you are determined to go against my family, huh?” Basil stared at David for a while and sighed slightly.

Basil genuinely did not want to fight with this young man of unknown origin.

The unknown was the most unpredictable, and the result was also unexpected.

Basil hoped David would just use the force behind him to scare him.

If the Macee family could not afford to offend them, then Basil would just apologize obediently.

However, David not only did not tell him, but he was also so disrespectful.

He was openly challenging the Macee family.

As the head of the Macee family at The Spirit Cage, Basil was also in a difficult position.

The news about Conway's death last night had spread since the emergency meeting with the seniors of the Macee family.

All of the forces in Sole were paying attention to the Macee family's actions and the situation here.

IF Basil did not handle this well, the Macee family would be the joke of Sole.

The Macee family had been in Sole for so many years and they could not afford to embarrass themselves.

"Hehe! Basil, what you said is really interesting!" David suddenly laughed and gave Basil a thumbs-up.

He continued, "I have been a victim from the beginning to the end of this incident. You, the mayor, and Conway brought so many powerhouses with you while I only have women and a child with me. Now, you're even trying to shift the blame on me and say that I want to go against your

Macee family. I seriously wonder how your family dares to do so."

"David, I don't want to continue talking nonsense with you. You have to explain Conway's death to me and the Macee family today. At the same time, you also need to explain to all of Sole. Who sent you here? Why are you here? If not, don't blame me for bullying you because I have more people with me," Basil said loudly.

Facing an extremely stubborn David, Basil had already made up his mind.

No matter what, he had to ask David for an explanation.

He was Sole's mayor, but other forces in Sole were also looking at this position.

It would be nice to know the background behind David.

If the Macee family could not afford to offend them, then neither could the other forces.

It was very troublesome now that David was refusing to tell him. If the Macee family backed away even after their direct descendant died, someone would disseminate this news wantonly.

They would say that outsiders could do whatever they wanted in Sole and the mayor would do nothing.

Coupled with the help of other major forces of Sole, the Macee family would be utterly disgraced and become a joke.

At that time, he, the mayor, would not be able to explain to the people of Sole.

It was very likely that he would be forced to step down early because of this.

“What if I don’t give this so-called explanation? Will you beat me up?” David smiled.

“Yes!” Basil replied affirmatively.

He added, “So I advise you to tell us who you are obediently and then follow me to the Macee Residence to kowtow to the dead Conway to admit your mistake! If you do this, then we can spare your life.”

Naturally, David would not believe this.

The other party just wanted to find out who he was.

If the Macee family could not afford to provoke him, then this matter would end right here.

However, if the Macee family could provoke him, then the result was self-evident. Things would end badly for David.
