I am a quadrillionaire chapter 2294

Yet, he chose Simmons Continent.

“Where do the six Sacred Saints live?” Blue thought for a while and decided to meet the six strongest in Star Kingdoms first.

Since the head of the family asked him to come, then the direct descendants of the Feather family must have died here.

However, he had disappeared for millions of years, so no one knew his specific situation.

The secret of civilization was surely in the hands of the strongest.

“My Lord, it’s your first time in Star Kingdom and you’re very unfamiliar with it. I’ve lived in Star Kingdom since I was a child, so I’m very familiar with it. Please allow me to lead you and do what I can,” Sahar suggested in a low voice.

He was also thinking nervously, ‘This is the moment I will know if I succeed or fail.

‘As long as he agrees, with his strength beyond Saint Realm, I will be under one person above hundreds of millions of people in Star Kingdom in the future.’

“Okay, you should follow me then! Take me to find the so- called six Sacred Saints first. If you do well and satisfy me, you will be the spokesperson of the Feather family in Star

Kingdom from now on,” Blue agreed.

It would definitely be more convenient if he had guidance.

Besides, when the Feather family came to occupy Star Kingdom, they would also need the cooperation of the locals and it would save a lot of trouble.

“Yes, my Lord. Thank you, my Lord. From now on, I will work for you and the Feather family until the day I die,” Sahar said loudly.

At the same time, he lay down by Blue's feet and performed the highest form of courtesy to show his loyalty.

He was beyond excited.

From now on, Sahar had a backer and he was the most powerful backer of Star Kingdom.

From now on, the six Sacred Saints would have to act depending on his mood.

Just thinking about this excited Sahar.

"Okay, don't do these useless things. Do the first thing well."

"Yes, my Lord! The six Sacred Saints of the Star Kingdom represent the six major forces of Star Kingdom, but they all belong to the same force and it was the Saints Association. Our first stop is the Saint Association. We can ask Sid, the head of the Saints Association, to summon the other five so that we can save a lot of travel time."

'Then let's go there. Lead the way!' Blue ordered.

'Yes, my Lord.'

Sahar tore apart the space and rushed towards the Saints Association.

Blue followed in a leisurely manner.

After a while, he felt that this was too slow.

So, he stepped forward and grabbed Sahar.

"You are too slow. Just point the way and I will take you."

After finishing speaking, he tore apart the space and dragged Sahar into a higher-dimensional space before he could answer.

Just when Blue and Sahar were rushing to the Saints Association.

In the Saints Association headquarters at this time.

The head Sid was discussing important matters with the other five deputy heads of Sacred Saint Rank.

With David, behind him, no one dared to disobey Sid.

Even Zenon, who was stronger, could only follow orders.

During this period, Sid frequently called everyone to meetings.

The purpose was simple.

With the Feather family's incoming attack, they could not pin all their hopes on David.

They also had to prepare accordingly.

Zenon and others wanted to get the whole family to temporarily leave the center of Star Kingdom and hide in the most remote places.

They would only come back after hundreds or thousands of years to see how it was going.

Of course, they could only think about it in their hearts and not say it.

Otherwise, they would definitely be condemned and cast aside.
