I am a quadrillionaire chapter 2305-“Blue, I cannot guarantee whether you will let the Star Kingdom go after knowing David’s whereabouts. You must promise me that you will let us live. If not, I will not tell you. Judging from David’s talent, he will definitely become a Divine Realm master with sufficient time and you Feather family will have a headache by then.”

That being said, Sid sighed secretly in his heart.

He could only wrong David to protect their future.

Otherwise, the countless living creatures in the Star Kingdom would die by Blue’s hands.

As the head of the TSA, Sid would never allow such things to happen.

If it was only his own life, he would not say it all at all.

Yet, Blue was using the countless living creatures in the Star Kingdom to threaten him.

He could not just sit still.

“Are you making terms with me and threatening my family? Haha... Old man, you can’t be serious right? So what if he breaks through to Divine Realm? A Pre-Deity is nothing to our Feather family. How pathetic of you!” Blue laughed as he spoke.

The Feather family had been in Leila for many years.

Although their forces were not extraordinarily huge, they weren’t weak either.

A Pre-Deity indeed would not pose them a threat.

They could easily finish the person, provided they managed to get to him.

“David is really talented, everyone knows that. He is definitely not a fool, and he won’t confront the Feather family directly but he can hide in the dark like a venomous snake and keep his eyes on all of you... Cough...”

When Sid said this, he could not help coughing violently, and then continued, "The Feather family is huge, and you will go out often. Being monitored by an individual man, even if he can't cause a disaster, won't make things easy for you. By then, it will be your fault and responsibility for not handling it well as he will be a hidden danger left by you.

After that, Sid tried to catch his breath.

He was enduring the overwhelming violence in his body.

The Divine Power was still damaging his body.

Blue kept quiet.

He looked at Sid and thought about what he said earlier.

In reality, Sid was not totally wrong.

The Feather family was definitely not afraid of David, even if he managed to advance into the Divine Realm.

However, if Sid ran away, it would be difficult for him to explain as well and he could potentially be a trouble.

He had nothing to lose anyways.

His homeland was destroyed, and he would definitely seek revenge against the Feather family.

It would be really hard to deal with if he hid away and secretly attacked the direct descendants of the family who went out to cultivate. This would be his fault as well, so he could not let David go.

"Great! Old man, you got me. I promise you as long as you tell me David's whereabouts and help me to find him, I will not touch the Star Kingdom anymore." Blue casually answered.

However, no one knew about the credibility of his words.

Sid did not dare to ask for much.

If he actually provoked Blue, it was not just David who would not be able to escape, even the Star Kingdom would be affected.

'I hope he sticks to his word!'

After all, he was a Divine Realm master, he should not be a liar.

"Blue, the Star Kingdom is not a strong civilization, and we can't ask for anything. But, as a Divine Realm master, I hope that you can keep your promise."

"Of course! I, Blue Feather, keep my promises at all times. I'll do as I say."

"Fine! If that's the case, please retrieve your Divine Power. I will bring you to David, he is probably cultivating now, hoping to break through to Divine Realm." Sid said with a painful expression.

The feeling of the Divine Power damaging his body ruthlessly was beyond painful.

His own Saint Power could not resist by even a bit.

Without any movements from Blue, Sid felt the disappearance of the Divine Power in his body.

He took a quick look.
