I am a quadrillionaire chapter 2379-Looking at David, Nova smiled, unbothered.

After getting along for so long, she knew David's character very well.

This was a person who wanted nothing but had invincible talent.

If others had David's talent and strength, they would have dominated the Star Kingdom long ago.

It was not that David did not have any desires. His goal was very simple: to protect himself and those around him from harm.

"By the way, David, why did you come to see me so late at night?" Nova asked.

"It's nothing serious. I just want to give you something for self-defense," David replied casually.

"Give me something? For self-defense? What is it?"

'This!'

He stood and handed two exquisite small wooden boxes to Nova.

Nova took a closer look and found that they were just small wooden boxes, nothing seemingly special about them. So, she asked curiously, "What are these? How can I use them for self-defense?"

"Nova, there is a clone of me sealed in those small wooden boxes. When you encounter danger, you can summon my clone to help you fight and resolve any crisis you encounter," David explained.

"Oh? Your clone? How powerful are they?"

Nova's eyes lit up. She looked at the boxes in her hand as if they were treasures.

"I dare not say for other places, but in Star Kingdom, there is nothing that my clones can't take care of."

Nova had no doubts about David's words.

This guy could even kill the Deity from the Feather family in seconds. Needless to say, his strength must be higher than Divine Realm.

Apart from him, the strongest people in Star Kingdom were the Sacred Saints.

They would not be able to defeat David's clone.

'Then, if the Feather family sends over someone more powerful, can your clone defeat them?' Nova continued to ask.

'Of course! No matter who from the Feather family, even if their grandmasters come with the entire family, my clone can easily take them down.' David looked confident.

What a joke.

The grandmaster of the Feather family was nothing more than a mere Ancestral Deity.

On the other hand, his clone had the strength of a beginner Supreme Overlord.

There were several levels between them.

No amount of Ancestral Deities could pose a threat to a Supreme Overlord.

'Is it really that powerful?' Nova asked with her eyes wide open and in disbelief.

'Of course! Otherwise, why do you think I give this to you? To treat this as garbage? I spent so much time and energy researching it so that I can prevent the Feather family from coming. What's the use if my clones can't stop them?' David said disapprovingly.

It was as if the Feather family was just a simple matter.

For David who had stepped into Overlord Realm, the Feather family was just a nest of ants.

However, he had not found the nest of the ants yet. If he had, he would have kicked it to bits to prevent further trouble.

‘Thank you, David! Then, how do you break the seal on this thing?’

“It’s very simple! Come, let me teach you. With your strength and intelligence, you will be able to learn very quickly.”

Then, David began to teach Nova how to unlock the seal.

Nova’s strength had reached peak Sovereign Rank and she was about to step into partial Saint Realm, one step ahead of Celeste. So, it did not take long for her to master the method of breaking the seal of the box.

Of course, she could not open it now. Otherwise, the clone would come out.
