I am a quadrillionaire chapter 2478-“Let’s keep in touch!” Valentin and Drogo said at the same time.

Lufian left.

After making sure he was gone, Drogo suddenly asked,” Sylvio, are you telling the truth? Will Elora really have an opportunity?”

“What’s wrong? Do you also not believe me?” Sylvio asked.

“I’m not doubting you, but I just think that Elora is our buddy. The five Leila rulers have been together for so many epochs and we’re originally a unit. If something has happened to her, you shouldn’t hide it from us.”

“I feel the same way too. As long as Elora needs it, we will do our best to help her,” Valentin chimed in.

“Don’t worry, I will not spew nonsense on such big matters. The hexagram on Zwei Arithmetics states that Elora has indeed met an opportunity tailored for her. I believe she will recover soon and it will be much better than looking for her.”

In a dark corner in Amber City of The Spirit Cage.

A little girl was looking pitifully at the people coming and going on the street in the distance.

The little girl’s face was a little dirty, but it did not affect her delicate face which looked like a porcelain doll.

This was Elora who failed to restore her body and used her last soul power to forcibly open the passage between the two worlds and enter The Spirit Cage.

At this time, Elora was younger than when David first met her. She was only about four or five years old now.

When David first met Elora, she was about six or seven years old.

It meant that the injury Elora’s soul suffered this time was even more serious than the last time she self-detonated.

Her soul was severely injured so Elora almost forgot everything.

Her mind went blank.

She only knew that she needed to come here to find someone, as long as she found them, she could live a happy life.

However, she had no idea who she was looking for, their name, what they looked like, or whether they were male or female.

She wandered around in Amber City for half a month but did not find the person she was looking for.

The little girl was about to cry.

Several times, she ran into perverted men who wanted to take her back with them, but luckily she ran fast enough.

Even though she lost her memory and her soul was severely injured, she was an Overlord after all. Even if only one in a billion percent of her soul remained, she was much stronger than ordinary people.

As she was walking in the dark corner, the little girl smelled something that she liked.

It was not far away and was just in a building that was separated by a wall.

She wanted to eat it. As long as she ate it, it would be good for her body.

She instinctively licked her chapped lips.

The little girl felt that with her speed, she could steal it without being caught.

Just as she was about to act, a voice suddenly appeared in her mind.

“Pebbles, you can’t steal! This is wrong. You are still so young and you’re stealing. What will happen to you when you grow up? Follow me from now on! Tell me what you want to eat and I’ll buy them for you. However, you have to make sure you don’t steal anything anymore or I won’t like you anymore.”

The little girl quickly looked up and looked around, but she did not see the person she wanted to see.

It turned out to be just an illusion, i

Tears welled up in her eyes in an instant and she said in a childish voice, "Big brother, where are you? Pebbles misses you so much."
