I am a quadrillionaire chapter 2485-“Rivers, who is this?”  
Beanie looked at Thor and the child.

“Ms. Nacht, I can’t explain this so I can only tell you this is Pebbles. She must have encountered an accident and suffered a great trauma to her soul, resulting in her returning to this young age. Moreover, she seemed to have forgotten everything except Master David. She was wandering in front of my shop and I ran into her coincidentally so I brought her back. Please clean her up and change her into some clean clothes to wait for Master David to come back,” Thor explained briefly.

“What? She’s Pebbles?” Beanie turned pale with fright.

Who was Pebbles?

The princess whom Master David spoiled rotten.

He even spent at least ten trillion L Dollars on her.

No one knew why she suddenly disappeared.

Now she has reappeared but turned into a four or five-year-old little beggar.

If Master David found out about this, he would be furious.

“I also find it a bit unbelievable but she is the Pebbles whom Master David spoiled rotten,” Thor said with certainty.

“H-How is this possible?” Beanie still had a look of disbelief.

Why did a girl in her teens suddenly turn into a little girl of four or five years old?

What happened to Pebbles after she disappeared?

"I think Pebbles should have returned to the real world where her soul was severely injured again, so that's why she became what she is now. We will have to wait until she recovers her memory to find out what happened, but these are not the things we should think about. Don't worry, Master David will handle this when the time comes. Now, we just need to accompany her and wait for Master David to come out," Thor said what he was thinking.

Though he was also curious as to how Pebbles became like this, as someone who had experience in the business circle, Thor knew that some things should not be asked and that it would be best not to ask.

"I see!" Beanie said after she calmed herself down.

Then, she looked at the small figure next to Thor and asked softly, "Pebbles, let's go take a bath, okay?"

"Miss, are you also Davey's good friend?" The little girl asked Beanie.

'Yes! Davey and I are very good friends, and he will visit me every once in a while, so you should just follow me from now on and we will wait for Davey to come back, okay?"

"Okay! Thank you!" The little girl beamed happily.

She was finally going to meet Davey.

Yet, at the same time, the little girl could not stop herself from feeling a little nervous.

Would Davey forget her?

Would he still treat her as well as before?

As for how long ago that was, Pebbles could not remember a thing.

After Beanie got Pebbles' consent, she took her for a bath and then helped the little girl change into clean clothes.

The little beggar transformed into a princess who looked like a porcelain doll.

She was so adorable.

Anyone who saw her would want to pinch those fair and tender cheeks.

At this time, Beanie and Thor took her to a closed room.

As soon as she entered the door, the little girl's eyes widened.

Everything in the room were the things she liked to eat and they were also of great benefit to her body.

"Sir, Miss, can I eat them?" The little girl asked innocently.

Beanie knelt and said distressedly, "Pebbles, you can eat everything here. You can take whatever you want, don't be shy."

"Really?" The little girl felt like she was in a dream.

She had not had a good meal for so long.

She only remembered eating them when she was with

Davey.

"Of course!" Beanie laughed.

"If I eat them, it doesn't count as stealing, right? I promised Davey that I won't steal anything. So, I must do what I promised, otherwise, Davey won't like me anymore." The little girl looked as if she was in a dilemma.

"Pebbles, Master David, or Davey prepared all these treasures for you. They are yours so of course, you won't be stealing!"

"Davey prepared all these for me?"

'Yeah!' Beanie nodded.

'Yay!'

The little girl exclaimed and could not hold herself back anymore. She left the two and ran to the middle of the room. Then, she took out one of the priceless Beast Crystals and popped it into her mouth. She had a look of enjoyment on her face.
