I am a quadrillionaire chapter 2500-If the two joined forces, how would Arian stop them?

In any case, he planned to kill Arian first and then pin the blame on Fabiola.

He wanted to see who had the guts to do anything to the granddaughter of the Marche family.

Perry was overjoyed.

Arian was just a captain of a small law enforcement team in the main city. How dare he not show Perry respect so many times? He was simply asking for it.

“Come on! Go and kill those law enforcers. I will take responsibility for any accidents,” Perry shouted excitedly.

However, when he tilted his head and saw Fabiola beside him.

His excitement was instantly extinguished.

It would not be long before he married this ball-shaped woman in front of him and lived with her for the rest of his life.

Perry thought to himself, ‘Is this my destiny?’

‘Why can’t Fabiola look like the young mistresses from other rich families?’

‘Why can’t she be thin, better-looking, and more educated?’

What he did not know was that if Fabiola looked more normal, would he, an undervalued direct descendant of the Campbell family, be worthy of her, the granddaughter of the head of the Marche family?

It was precisely because of Fabiola’s appearance that caused the direct descendants of genuinely prestigious big families to look down on her. That was why Perry was the one who got this arranged marriage.

Otherwise, Perry would not even have a chance.

Upon hearing the order from their master, the guards of the Campbell family quickly followed behind the guards of the Marche family.

When the two parties were about to collide, Arian panicked on the inside.

He wondered, 'Why is David not doing anything? I can't afford to provoke these two forces.'

'I stepped forward only to curry favor with David so that we can be closer.'

'If he doesn't do anything, then I won't know how to end this.'

The people from the Campbell and Marche families dared to kill the law enforcement team but the team did not dare to kill them.

Otherwise, the law enforcement team would be dealt a devastating blow if the two major families started to fight them.

"C-Captain, s-should we take action?" A team captain of the law enforcement team next to Arian asked.

He knew who Perry was.

He was the direct descendant of the Campbell family, one of the three major families in Amber City.

The Campbell family would become the mayor of Amber City next term.

So, it would be unwise to offend the Campbell family at this time!

Meanwhile, Fabiola was so ugly but she could still marry into the Campbell family. Moreover, Perry could not even resist so clearly, she was on the same level as the Campbell family, or even more powerful.

If the two major families joined forces, not even the Birch family in Amber City would get any benefits if they joined forces with the Vidales family, let alone the law enforcement team.

The rest of the seniors of the law enforcement team cast questioning glances at Arian.

They certainly did not want to meddle in this kind of thing.

Because the law enforcement team would not be able to bear the consequences, regardless of the result.

Arian gritted his teeth and clenched his fists. He was under tremendous pressure.

On one hand was David whom he had already befriended.

On the other hand, was the collaboration of the two major families, the Campbell and Marche families.

What should he do?

If he chose to stand by and do nothing after offending the two big families, wouldn't he be offending both sides?

At this time, Arian regretted everything.

If he had known earlier, he would not have brought his people over.

Now, he caught himself in a dilemma.

“Huff!”

Arian let out a long sigh.

There was no other way. Since it had escalated to this, he could only gamble with everything he got.

“Go on! I'm here, so what are you afraid of?”
