I am a quadrillionaire chapter 2503-After Fabiola and Perry died, dozens of red eyes stared at David.

And the owners of these eyes were the guards around Fabiola and Perry.

The moment their masters died, they knew how miserable their fate would be.

“What? Do you want to follow your masters?” David stopped and looked at the guards of the two major families calmly.

He was not scared of facing the cannibalistic eyes of these people at all.

No matter how many ants there were, they were still ants and would not become elephants.

None of the guards Perry replied, their eyes still fixed on David.

“I haven’t pursued the matter of you taking the side of the evil-doer. After all, you’re just a subordinate and you can’t help it. I planned to spare you all, but if you want to pursue death, I can think of this as doing a good deed and fulfilling your wishes.”

After David finished speaking, he emitted some of his murderous intent.

The cold murderous intent was like a sharp knife resting on the necks of the guards of the two major families.

They came to their senses instantly.

All would be afraid when the crisis of death was right in front of them.

They realized that as long as there was life, there was hope.

Even if they would be severely punished by the family when they went back, they would just die at worst.

In short, they could still live a little longer.

Many people claimed they did not care about death, but how many of them were truly unafraid if they were dying?

The guards, who had come to their senses, slowly averted their gazes. They were not as hot-blooded anymore. After they had calmed down, they did not dare to continue looking at David, the bringer of bad luck.

“Go back and tell your master that the person who killed them is named David Lifell. If they want revenge, they can come at any time. I will be waiting.”

After saying this, David’s tone changed.

“Now, get lost!”

Boom!

A clap of thunder rang in the minds of Marche and Campbell family guards, making them dizzy.

The murderous intent went to their hearts directly and they were scared out of their wits.

Then, they fled the scene one after another.

David continued to walk to the entrance of Jumbo Court.

“M-Master David, you... You...”

Arian stuttered and could not get a full sentence out.

At this time, David interrupted, “Captain Longer, come, are you interested in going in and having a drink with me? Let’s wait and see the reactions of the Marche and Campbell families.”

“Uh... Oh! O-Okay!” Arian nodded repeatedly.

How could he let go of the opportunity to better his relationship with David?

When David walked up to Thor, he said, “Rivers, get someone to tidy up the entrance and prepare a table of good food. I want to have drinks with Captain Longer.”

“Yes, Master David, I’ll do it right away!” Thor replied respectfully.

Thor expected this.

David walked into the Jumbo Court with Arian behind him.

Perry and Fabiola's deaths soon caused an uproar in Amber City.

Fabiola's death was just neglected. Although the Marche family was powerful, probably even surpassing the Campbell family, their jurisdiction was not in Amber City after all.

Therefore, not a lot of people knew the Marche family.

However, Perry was the direct descendant of the Campbell family, one of the three major families in Amber City.

With this identity, he could walk sideways in Amber City and do whatever he wanted without anyone daring to go against him.

However, Perry died.

This was so serious.

The Campbell family would surely cause a huge sensation in Amber City.
