I am a quadrillionaire chapter 2545-Sylvio put away the nebula map in front of him. Then, he stood up and stood opposite Lufian.

Their eyes met, causing the surrounding void to vibrate violently.

“What if I don’t tell you?”

“Sylvio, I respect you since you are my senior, but I hope you know what’s good for you and tell me the whereabouts of Elora. You are still my senior, otherwise... Don’t blame me for being cruel,” Lufian said in a deep voice.

Elora was the only thing in his heart now.

Other people or things, including Sylvio and the others, as well as Leila, no longer held importance in his mind.

If Sylvio did not intend to reveal Elora’s whereabouts, Lufian would force him to do so.

Sylvio could not wrap his head around this blatant threat for a while.

Mainly because it had been too long since he heard such words.

As the only Overlord who survived the Great Ancient War, he had always been revered by all Leila’s beings.

He watched Lufian grow up and he did not expect that there would be a day when he would be threatened by the other

party.

Sylvio shook his head with a bitter smile.

This was why he did not pass on Zwei Arithmetics to Lufian.

Once his other personality dominated his body, Lufian would become violent.

As long as someone dared to disobey Lufian, he would be capable of doing anything.

It was too dangerous for this kind of person to gain the ability to seek good luck and avoid bad luck.

“Are you threatening me? Did you forget how I drove you back? If I can do it once, I can do it the second time “

“Sylvio, I really don’t want to fight you! I just want to know the whereabouts of Elora. Why won’t you tell me?” Lufian’s tone suddenly softened again.

Although the fusion of two personalities had led to a drastic change in his temperament, Lufian’s former personality was still the one dominating his body.

Sylvio was his half-teacher who had taught him a lot.

Lufian still had some qualms about attacking Sylvio.

“Because the current you are not worthy to know where Elora is!”

Sylvio did not give Lufian a chance at all.

He was sure that Lufian was possessed by another personality, so there was no need for him to be polite.

“Are you going to stop me?” Lufian clenched his fists tightly and his eyes were burning.

At this moment, he was feeling maniacal on the inside, and he was almost unable to control himself.

He just wanted to tear everything in front of him and find Elora.

“I will not only stop you, but I will also drive you back.”

After Sylvio finished speaking, he waved his hand and a weapon flew out from his sleeve.

When it got into the air, it instantly became so huge that it almost covered the sky and Lufian immediately.

Upon closer inspection, it turned out to be a tortoiseshell engraved with various mysterious runes.

Countless mysterious runes flew out and formed a closed space.

This tortoiseshell had an extraordinary origin.

Sylvio discovered it among the remains of the God Tier Civilization, along with Zwei Arithmetics.

This tortoiseshell had no offensive power, but its defense capabilities were astonishingly terrifying.

At the critical moment, it could not only trap the enemy but also refine them.

No matter how powerful one was, they would not be able to escape.

After trapping Lufian, Sylvio also breathed a sigh of relief. He had finally succeeded.A
