I am a quadrillionaire chapter 2674-"I want to continue to torture you and watch you struggle in despair and fear, of course. You can die when I feel that it's enough," Lucia sneered.

"You devil!" Spencer was furious.

He did not want to die, but he did not want to be tortured by the curse either. Moreover, it was also the kind of torture where he could see no hope.

Spencer knew very well that there was a genocide hatred between him and this woman from the Darling family which was impossible to alleviate.

Judging by the opponent's strength, he could not resist and could only be led by the nose.

"Devil? Hahaha!" Lucia suddenly burst into laughter when she heard that.

Although she was laughing crazily regardless of her image, her voice was still pleasant to the ears.

After she had enough, she continued, "Your Majesty, isn't the word devil a more appropriate word to describe you? Do you know how many people you have sacrificed for power? You killed dozens of families and millions of people just because you wanted merit, wanted to perform, and wanted to be qualified to compete for the throne. You killed them all with such ruthless means. Also, I think you also harmed your brother in secret, right? And you still have the nerve to call

others devils? How ridiculous!"

Spencer was thinking about how to resolve the immediate crisis.

When he glanced at David, he had a sudden idea.

If there could be a conflict between this boy and the master and disciple, there might be a glimmer of hope for him.

It would be best if both sides were of equal strength so both sides would be injured in the fight. It would be even better if they were seriously injured so that he could rule once again.

Spencer kept calculating this possibility in his mind.

Yet, it was very low.

It was so low that it was negligible.

However, he did not want to accept his fate like this.

So, he yelled at David, "Sir, I've attracted the enemies over. If you don't take action now, when are you going to do so? Go ahead and subdue them. I will never go back on my promise!"

David did not expect Spencer would turn the focus onto an onlooker like him.

After he thought about it, he understood.

He wanted to take advantage of the fact that the master and apprentice had just arrived and did not know what was going on. Then, they would have a misunderstanding and then take action against him.

Judging from the hatred that the woman had for Spencer just now, she would definitely take action as soon as she heard what Spencer said.

Now that she had taken action, of course, he would be forced to fight back.

The result would be a war between the two sides.

Spencer probably hoped that they could fight until both sides suffered.

This was not a bad idea.

Even if the possibility was low, it was still a chance.

Yet, what a pity!

A mere Eternal Realm Beginner Ruler Ranker would not even have the qualifications to get close to him, so how could both sides suffer disadvantages?
