I am a quadrillionaire chapter 2677-David smiled and did not say anything.

She was just an Eternal Realm Beginner Ruler Ranker, so there was no need to argue with the other party because of the heat of the moment.

That would lower his status.

At this time, Spencer had enough of this.

He could not give them a chance to calm down and talk.

He had to make them fight each other so that he could have the slightest chance of escaping.

Otherwise, he would not have a chance.

“Please capture the thieves as soon as possible and don’t give them any chance to catch their breaths. I think these two are in line with your beauty standards for women. When the time comes, you can imprison them like slaves and then you can have fun with them every night. Wouldn’t that be nice? You won’t have a chance to find someone as stunning as them if they escape. Don’t miss this chance, Sir!” Spencer shouted.

His purpose, of course, was to break up the calm conversation between the two parties and cause a misunderstanding between the master and the apprentice and David.

Sure enough, when Lucia and Reva heard what Spencer

said, their eyes on David instantly became sharp.

They thought to themselves, ‘We can’t judge a book by its cover indeed. How can he do such a thing when he looks like this?’

They would never doubt the authenticity of what Spencer said.

After all, this was the palace of the Great Quinn Empire.

Since David was here, it meant that he had an inseparable relationship with Emperor Spencer of the Great Quinn Empire.

“You pervert! Today, I am going to eliminate evil for the people and kill you right here to prevent you from harming other women again,” Reva said through gritted teeth.

At this time, David was too lazy to defend himself.

The more he explained this, the more likely the other party would misunderstand him.

So, it would be better not to explain, but to take action directly as it would be more convincing.

After hearing what Reva said and seeing that David did not explain himself, Spencer was excited and a little uneasy at the same time.

He was excited because these two were about to fight.

He was uneasy because David’s reaction felt fishy to him.

Logically speaking, he was misunderstood so he should defend himself, but he said nothing.

So, there must be something fishy here.

“Spencer, you have such a good plan and your timing is just right. It successfully aroused the hostility of these two towards me. However, you misjudged one thing, and that’s my strength. She is only an Eternal Realm Beginner Ruler Ranker so she’s not my opponent. Otherwise, the situation today may really develop in the direction you want,” David looked at Spencer and said with an indifferent smile.

Spencer’s heart skipped a beat when he heard this. At the same time, he was thinking quickly in his mind whether what the other party said was true or just a bluff.

The result was that the probability of it being true was more than 90% and the probability of it being false was less than 10%.

However, he still answered bravely, “Sir, what do you mean by this? Are you afraid of them? Or are you looking for an opportunity to make a sneak attack? I understand, you must want to attack when they’re the least prepared, right? This can save you a lot of effort. Yes, that must be the case.”

David smiled and shook his head.

“Spencer, how you lie so seriously is really in line with your status as the emperor of the Great Quinn Empire. I have finally learned that in the face of life and death, face is truly not important at all.”

After finishing speaking, David ignored the other party and turned to look at Reva.

“Madam, I don’t want to explain anything, but you are an Eternal Realm Beginner Ruler Ranker in the middle stage, so you are no match for me. If you don’t believe me, you can try. I will just stand here and let’s see if you can break through this blockade and touch my body with all your strength. If you can, you win.”

“Who are you? You’re not among the Eternals of Boundless Galaxy. Where did you come from?” Reva asked, staring at David.

She was already inclined to believe David’s words.

Since the opponent could tell at a glance that she was in the middle stage of Eternal Realm Beginner Ruler Rank, it meant that he was not simple.

On the contrary, she could not see the other party’s specific strength.

The battle Spencer expected did not happen, so all his strength seemed to be drained from his body.

He cried internally, ‘It’s over! I’m finished!’
