I am a quadrillionaire chapter 2691-The red giant ax appeared in the air, exuding a powerful aura.

The eyes of Madam Nubia and all the disciples of the Divine Snow Mountain looked fanatical.

“Master, is that the Divine Snow Mountain’s divine treasure?” Lucia asked, looking up at the red giant ax in the sky.

“Yes, the Divine Ax is indispensable to the Divine Snow Mountain’s achievements and scale today. Ever since we got it, the Divine Snow Mountain has been smooth sailing and strong disciples have also emerged in large numbers. We went from being unknown to becoming the second-to-none holy place in the Boundless Galaxy,” Reva replied with a burning gaze.

“Master, since the Divine Ax is so powerful, how did we end up in this situation? Can’t it suppress luck?” Lucia asked in confusion.

“There was a vibration in the Divine Ax a few decades ago. Since then, the Divine Snow Mountain has started to go downhill. First, the disciples continued to have accidents outside, and even the Eternal seniors of the Divine Snow Mountain died and got injured for various reasons. That is why we end up in the current situation and no one knows the specific reasons.”

“Then can Grandmaster beat Diablo with the Divine Ax?”

“If Diablo only has the strength of a partial Sovereign Ranker, there is no doubt about that. I’m just worried that...”

Before Reva finished speaking, new changes had taken place on the battlefield.

Madam Nubia transformed into a giant holding a bloody giant ax in her hand. At the same time, she slashed at Diablo with overwhelming power.

Everyone on the top of the mountain stared nervously at the figure and the bloody giant ax in the sky.

Seeing Madam Nubia using her Eternal Golden Body and the Divine Ax to attack him, Diablo's expression suddenly changed and he burst into deafening laughter.

"Hahaha! Madam Nubia, you have indeed fallen into my trap. I am trying to get you to take out the Divine Ax! The Divine Ax is certainly a divine object and its power is unmatched, but unfortunately, with your strength, you still can't exert its true power. You'd better give it to me! I will take it and make it become known far and wide. Hahaha!"

Obviously, Diablo had already prepared for the emergence of the Divine Ax.

In other words, he had been showing mercy just to wait for Madam Nubia to take out the Divine Ax.

Now that his goal had been achieved, there was no need for him to hide his strength.

Boom!

A stronger and more domineering energy suddenly burst out from Diablo's body.

It was many times stronger than just partial Sovereign Rank.

Everyone present was stunned.

They thought that partial Sovereign Rank was Diablo's full strength, but they never thought that Diablo was a real Sovereign Ranker.

A Sovereign Ranker and a partial Sovereign Ranker seemed to be only half a step apart, but in reality, they were worlds apart.

Everyone in the Divine Snow Mountain was confused.

That rascal Diablo was actually hiding his strength! Could Grandmaster cope?

If not, today might be the end of the Divine Snow Mountain.

Even the Divine Snow Mountain's Grandmaster Nubia who was on the battlefield was shocked.

No one had time to think too much.

The bloody giant ax had struck Diablo's head.

Diablo did not dare to be careless with the Divine Ax even if he had exposed his strength as a Sovereign Ranker.

Fortunately, the person controlling the Divine Ax was only a partial Sovereign Ranker, otherwise, he would have no chance of winning.

Diablo raised his hands above his head, preparing to take the blow head-on.

Bang!

There was a loud bang.

Diablo's small body was directly driven into the ground by the giant ax. At the same time, countless dust was stirred up-

While everyone was waiting for the dust to clear so they could see Diablo's condition, someone yelled.
